Dear Aunt

With the dawn of the  
New Year & the holiday season  
can't we have day after  
day, miked for you - This  
is the first use of the year  
& initial use of 1916 so  
that you must be assured  
that you are first, fore-  
most & always in my  
Mind's eye & the system-  
atic heart beats indicate  
direct action toward you -  
We are comfortably installed  
a good servant in the  
house & a No 1 man to  
drive the mare & back away

At first, he was simply "silly" me. Very nice  
 is cordial & attentive & he has had Charley  
 Anderson here for Christmas & the New Year  
 & just now we are in <sup>the</sup> thick of things, as  
 your Uncle Sam has brought suit for sale of  
 the property - Berryman has made appli-  
 cation to pay privately & if he accepts our  
 long term price of one hundred & fifty thousand  
 no doubt he can have it. otherwise Aunt Lily  
 will make a counter suit for partition -  
 Bud will be here for dinner & discussion &  
 we shall answer the Court summons this  
 week - Our Christmas was all that it should  
 & could be with you at the end of the Earth  
 Bud, Aunt Lily, Charley A. & Mattie were  
 with us. - On the New Year our usual Egg  
 nog was served. Lizzie Skelton made it  
 & a number of the relatives came in, the  
 table was covered with Budd Silver, especially  
 his large punch bowl - your coffee party & glass  
 etc. & I have them on my bureau - The better  
 shell case is not as complete as your father's  
 but a very nice one, I am sending it today as  
 I could not get it off in time before Christmas  
 & was never so unprepared -

entertained as at the theatre  
to see "It pays to advertise"  
which when it comes to sales  
if it has not already been  
there you must see - not  
a moment of weariness or  
boredom - a life giving word  
not all the way through

Mrs Chris Haffin entertained  
with a large luncheon in  
honor of her sister a recent  
ride - Mr Robert Ross - the  
young & contemporary of your  
Uncle Bud who truly gave  
his opinion - I noted out  
with Ella Mackin edge Chelby  
& back with your father &  
Macross - who stays in a  
Whit. Ward from Atlanta, a  
follower of the modern  
school, his mother is a New  
Yorkian by both surnames. The

Your Aunt is in Michigan  
for what length of time I  
don't know. He reports all  
well - Macross will be here  
shortly - he is just leaving  
a free from Huiting, Engineer  
& has his eyes turned in  
your direction - something  
will work out to the benefit  
of all - here is old -  
January 13<sup>th</sup> 1916.

At this juncture your Uncle  
Bud put in an appearance  
& not since that time have  
I had the silent moment to  
complete the sentence or carry  
forward the balance of my  
My Newman's ledger of thoughts  
ideas or fancies. Early in  
the week Uncle Buckinbeye

Stimstone in his system - he is the type  
that has derived the South - He comes next  
Summer to visit us - I know you two will  
not be together, anyone who has not  
met him upon sight asks if he is your  
very eldest of course - I might be C. H. Mays  
Kays Kingman determine us to see the yellow  
jacket - they are making politics out of me  
ha! ha! - Your father is well - most times  
I have not ever known him since our honey  
moon days to be so natural - This morning  
Bud & your father started for the States where houses  
the sales are on - it is a wonderful sight - to see  
the long lines of wagons in the market of the world  
we hope for good prices, about ten acres <sup>more</sup> ~~more~~ just  
planted this season & a fine crop resulted -  
Mrs. H. C. Clibb of Long Edge Iowa has made  
innumerable inquiries for you, these far sighted  
mothers are quite in the line light! So - Please  
tell your grandpa that I have been  
so busy I have not had a moment to write, but  
by found time day shall hope to make all  
thanks - Don't scold me for not writing & remember  
I love you both all my heart - Yours

**G**od bless you!  
So I breathe a charm  
Lest grief's dark night  
oppress you.  
Then how can sorrow  
bring you harm  
If 'tis God's way to  
bless you.

And so, not "all thy

But this alone - God  
bless you, dear!  
So thou art safe

Just being happy  
Is a fine thing  
to do ;  
Looking on the  
bright side  
Rather than the  
blue ;  
Sad or sunny  
musing  
Is largely in the  
choosing ,  
And just being  
happy  
Is brave work  
and true .

My Dear Foster Mother —  
This last visit to  
your home was even  
more Delightful than the  
first, if such a thing is possible.  
Yours is the finest home in  
every way that I have ever had  
the pleasure of visiting.

I am hard at work again,  
and find that I did  
not miss a great deal.

I do hope that I will be able  
to see you all again before you go  
west. Please excuse the brevity  
of this note, but I have five hours  
more of work ahead of me.

My love to Dunster. Affectionately yours  
Stuart.

City early in the week & I am already  
forwarding mail in care of the Aberdeen  
et. Thal. Our Sydney business has  
been long & tedious so many compli-  
cations & influences - & our determi-  
nation to keep silent except with the  
attorney, has been slow but sure - &  
very much needed your father & as  
the estate represents a very real little  
sum & will be incumbent upon him  
to be in support with the details.  
The sale is ordered & doubtless will  
go straight through & Messrs. R. J. is

trying to put something over on a certain  
Marconi system just on, for that  
reason. We are not in a position to  
give utterance to a word concerning the  
affairs, but a slip occurs - It has  
been rather hard to console Aunt  
Lily, who has been at the old place  
since she was twenty eight years old  
& four generations have lived in the  
house - no family has ever possessed  
it as we have - Not even the original  
owner. To sum it up, sub Rosa, of  
course, we are protected to a certain value  
beyond that we could not think of selling  
it so that all now depends upon the

disclaimer" that he has been see

I know you said he kept your share  
in this part of the mold for the opinion  
give he "strader" - but you had any  
in these several bits of rent - I should  
Alden had been paying his bill out of  
he simply advised you & talked  
about you to be one - Old man H. C. Clutter  
is well - truly - I got a ring for you  
love - Charles Anderson is doing splendidly  
& Paul Norcross is like a "key" in a hot place

your treaty for it is where she  
belongs - the tenure of office  
& understood across the years  
As you see we are all of the  
pie here or at high tension - I  
am always in favor of making the  
effort for what is worth while  
if unsuccessful - forget it or turn  
in another direction - one gets  
as a rule profusely  
what they go after - A profus  
of "pig" after - Addison is  
certainly giving himself a lecture  
in the law to go for a degree  
imagine his earnestness &  
determination - He has also  
found the pill & is therefore  
more than ever in line - Means

The word. Signor! So you sealie our  
pages of history are free under rays -  
You are fairly every day in your work &  
interests & I feel that all will be well  
The occasional set back, mis those  
of us who share or practice a certain  
Mistakes to move on when we catch the  
Stroke again. I was so thankful for  
the benefits already enjoyed - I was  
glad that I yielded to the impulse  
to come here - Your father seemed very  
happy & complacent & has taken sealie joy  
in contemplating you & Addison, he has

never been so sympathetic with Addison  
& looks with pride at him when he begins  
to discuss the points of law or their  
direct application upon the daily events  
& subjects. Since success has followed  
& we are soon to think of repairing you  
I am more than eager to have you go on  
to New Haven and since if it is your pleasure  
& you have been such a faithful  
guardian of our common interests  
it is a just reward - Stuart Carrall  
enjoyed his holiday visit so much that  
he turned up a week ago - incidentally -  
Marguerite Smith (Mrs. Jeffards niece)  
is the sister who has lured him to this

In the families to keep him company; - he has  
never returned and when he shall be  
It is hardy season able to explore the

Best of health or that part of the  
This week I am in the best of health  
Love your Grandpa - Providence that  
I am the only one to have been

He show in Thursday or is off  
again today to Chilapa, hoping  
to see before your father -  
While there - that Keule &  
Max Malcom - will be through here  
this week I think will come to  
Virginia for the Golden Wedding  
of the parents - He saw Lucy  
Huffman in Cincinnati  
The same lady, or I suppose  
Elizabeth Huffman telephoned  
the other day, she is in  
Rowden County, or I must be -  
she has kept back for a while  
here - Hudson Thomas is very  
devoted to Cary, I suppose or is  
as young as ever - he would like

to see you - The business is on this week  
we managed to keep out of it - I wish  
could it give the time to it - Can you  
is to be crowned Queen of the Fair of  
the State or all or as many officials  
as can be mustered have been called  
a general council is promised - I  
am going to the ball & take Master  
to the Maline - The Municipal Symphony  
Orchestra plays here twice July 19<sup>th</sup>  
we are hooked for that - By the way  
if you have not seen "It plays to ad-  
vertise" be sure to - it is rich - not

a dull moment from start to finish  
Laska Buckridge invited us to  
a theatre party to see "An Ideal" we  
left for Cincinnati & had to decline  
I understood it was "just fine" as  
everybody says here - Your Public Club  
has expired the season & I can see  
you all in great place & play  
in the Sun - I remember the school  
of the early nineties when Henry Merrill  
D. washed my face for me for Ann

what a stud - It is cruelly to animal

### Clearcut Post.

Nucle Kelly was em-  
signed to flatter earth  
this afternoon. As the rain  
poured in torrents. - Nucle  
the undertaker is such an  
artist that one might have  
thought it a serious day  
as canvas over head of Nucle  
boat gave ample protection  
to old & young to the tiny  
inconspicuous of a possible  
a probable evil result from  
exposure to the elements.  
Was instantly dispelled  
for all comforts & protection  
were amply made. - Aunt  
Ellen, Kessie & Paul. Forties  
& Ida Perkins were with  
their own dead & that was

left in visible form of Uncle W. was hardly  
recognizable - less than a hundred lbs  
in weight - for the work of unexpressible ex-  
haustion suffering by death as a chief or  
solace - so told upon him that the earthly  
body was as nothing - Aunty sees as that  
the blessed ship through suffering came as  
a gift - of God - She shows the magnificent  
courage of your grand mother or Aunt Lily  
that scathed back bone or her daughters bore up  
for her sake - indeed it should be regarded  
at such a time, or under the conditions as  
emancipation from evil or the sufferings of  
the mortal mind - The simple service  
at Bybides where some of the relatives  
attended, or only the flowers from his own  
blood kin, lent the softening influence or  
perfume of peace after life's fitful fever  
made the refinement of an ideal "getting  
away" of all that nature had so generously  
bestowed - recently - four years ago at the  
Voorhis home "Glenport" a part of the old  
Spring Hill tract in Woodford County - As is  
the custom in our family the recast of this  
Act as Peace Bearers - to the simple form of  
service arranged for me by your grand mother  
seemed to be desired on this occasion - Pearl Hoppin

I shall try to learn the ropes  
if successful in Black

the Iron old man, you

Rich your best girl you  
if she is your Mother -  
Remember me to Mr

I love you in the same

God bless you & your

you his eye & throat - as  
pains this winter & no  
deep colds - Aunt Lily  
looks about fifty - or so  
skittish as a Canary -  
the are counting the days  
now until the Ice-plester  
is melted - the first week  
in May bids the issue to a  
close or then if the price is  
over our limit old Dyke  
goes after thirty seven years  
of much history ratchety -  
you are I hope jolly on  
well & contented in your  
Kachelon parkers, I see  
Lena to chase the moth  
at this season - get her a  
vial of Lavender - oil of  
Lavender or scatter the drops  
on Absorbent Cotton in Closets  
or the corners of rooms -

Waverley etc - I hope the 523 household  
continues well - give yr love to them - A  
remembrance was sent your grand ma  
on her birthday, hope she was pleased with  
it - Addison received the telegrams, do thank  
them for him - he is getting busy as indeed  
we all are - I don't know where the time  
goes, I am never idle or am certainly busy  
Spring begins to unfold - Paddy, back to  
wild days - The horse is a pleasure, or  
the lockaway a wonder so often I think  
of Cappa & how he would love to drive  
there is nothing like a horse to enjoy - a  
mate to sit when you are going, what the  
tire breaks, then alas for human patience  
or fortitude - Give Betty a kiss & best  
love her & see you her a talky party when  
I return - Elizabeth Magoffin blew in for  
a week end or he had some fine reminis-  
cences - she is playing with Frank Foley these  
days - has greatly improved or he enjoyed her  
very much - I asked about twenty fine young  
people in or had some music - all quite  
a success - May now or then or again  
send us a copy of the News? Thanks for  
the paper with political disclosures!  
Certainly a fine compliment from the woman

of the best of them - & the down

Washington D.C.

Dear Mother - Yesterday I turned  
up here & I had some papers for a  
fortnight my way - The D. C. R's  
are having a party of I am trying to  
express the Virginia State - &  
later if we just need the Colonial  
I may assemble - & I may as well  
tell the kids with the Governor  
Stone - Addison & I have been  
tried out with Aunt Ellen & Aunt  
Lily at hand - & I feel that a  
vacation is well earned & I would  
to help enhance the work for the  
College - I cannot say or worry they  
at hand should not cause fear or

reproach - Reduced Rates in this  
part of the world where distances are  
not so great make many little tours  
possible - I'm keeping my eyes open  
to many things of present & soon the  
great settlement takes place in fact  
about the middle of May We are hoping  
that a good steam mill come from it  
or if so it shall send you a cheque to  
redeem this piece so put your mind on  
success - Your father is with Currier  
in Chicago or then to St. Paul, possibly  
Saginaw or Detroit to be included -  
Frank Justice told Dad he would take  
a small machine of which he has told you  
& Barney - At the time draws near we are  
growing impatient to see you or to have a  
general Council on what is to be done  
Addison has done splendid work & structure  
also - but we must locate - English  
will undoubtedly go - & that means a  
return to the West - Your father seems  
inclined to St. Paul or I am sick if it  
suits - just let me find a report  
to me where - When Miss Virginia Caesar  
goes away I'll come to tell me how - By  
this mail spring has opened her eyes  
& this morn'g afternoon I hope you have not  
been bored to death with the case of the  
house & that all is well - Do send me  
a line soon or any thing of consequence  
will do - You & Sam not very good as

They show adequate regard - I shall  
reply me on strictly of that is  
what they see today that you  
may feel independent or not it is  
a ~~best~~ ~~of~~ - I say not be much  
by yourself, but it is yours & remember  
it is from your G. F. Grand father & mine  
a lesson in education - you should  
you have not yourself in the way  
father of me - I am like a me with  
you left away from the darkness &  
evil - I understand - the Spunkies sell  
my you to the good, healthful course  
of education - at the moment this is possible  
you must come last - you have entered in an  
take a deep breath & remember God is in the universe  
and all will be well

Monday 16/6 - 19th Street  
Washington D.C.  
My beloved Mother - your letter  
with those of Regina & Sister  
came this morning - It pleased  
that I have known you were  
holding the fortress for only the  
week or two. Now how to do it in  
the impatience of the hour, the  
only spirit of strong, clean &  
Courageous manhood is born  
again - The responsibilities of the  
year have been great, & in turning  
the pages we find, each day,  
bring some pressure which we come  
to realize is the test of our being &

knows the Staff he are made of. You  
are entitled to the best this world gives  
& it will be yours - I shall not forget  
the long period of Control & the splendid  
days for which you have conducted  
yourself - There is no doubt but that  
your father has been paralyzed by  
the blow suffered two years ago - but  
I know it had to come to his faculties  
to a natural fact - he never was  
young until then & of course was  
not ready for the surprise - I do not  
mean that in an unkind sense it  
is the truth - he is pulling himself to  
gether - but has no great courage to  
draw from - We have all paid the price  
in surprise of soul & but the end  
is all laid - just what the outcome  
is with Currier I do not know - You too  
ever shall have the freedom of action  
& initiative which is your birthright  
& so soon as Byfield is sold (a  
delay has been caused until May)  
sometime near the second week of which  
time I believe it will go & I am willing  
that it should - then the days of reckoning  
& when the tide comes in whether in water  
or what not - you get the first return  
as your own - which I consider better yours

Case, then you must direct yourself &  
with your own sense of propriety -  
pursue to your advantage the course  
indicated through your discernment  
& faculties of reason - I have not been  
able to get at anything with intelligent  
results from your father & have absolutely  
determined to select what course I  
think chiefly by - but this much I know that  
he would be of service - In September  
we must pack & fire up the Potter house  
& if your father cannot direct himself - I  
shall put the question to your grandpa  
who has practical sense, put your father in a  
packet or if necessary, must keep him out  
I am inclined to think that your father  
prefers St. Paul - Now I am willing to make  
it St. Paul - Quarter must be considered  
from the standpoint of education & opportunity  
all of which is lacking in Tacoma -  
Tacoma is all right for me, as your  
father but it is a damned bad place for  
you Admission & Quarter - & the prospect  
is or will be some as time goes on -  
Is it good bye to Tacoma in September  
Dear Lord your father will overcome  
the difficulties real or imaginary &  
consent to a decent habitat where we  
may be allowed to make out our lives & the  
peace allowed for activities & enjoyment of  
what ever is ours to have - Now don't be put

Dearest Nest -

Thanks so much for  
your letter & papers  
also telegram which I  
found here - May 2 -  
I am sick & the sister  
is likewise here - your  
father arrived yesterday  
morning in time to celebrate  
Auntie's birthday -  
My respect by way that  
you tender my personal

Thanks & appreciation to Gen.  
Victor West Fletcher & Mr. Deane  
& hope you did to the best &  
promptly, it seemed so fortunate  
for me to have a representative  
in you & I was glad to have  
you fill the office of Surveyor.  
When Victor is again elected if  
such is to be the case he will  
be given the opportunity to put  
you on his staff as Col  
Hart Gibson Victor & hope for  
history will then repeat itself  
as your grandfather was so  
complimented at your age by  
Gen. Magoffin of Ky. Such honors  
have a value of more value  
than me - The enclosed clipping  
states the case for & when  
you receive this the Spirit of Law  
will have been discharged &  
shall give you the result. - The

let it be afraid" - By all  
means entertain the Reddy  
party in Virginia - We have  
here some 700 - I must  
see to it that Aunt Ellen  
in Decatur while your  
father conducts me to  
St. Louis - that obligation  
discharged he returns  
for her - I shall our  
way to Accom - Addison  
go in advance to St.  
Paul where the Love will  
in the summer awaits  
him - Your father is con-

Wish of the magnitude of  
your outlook - & all will be  
well I am sure - You are  
to me the embodiment of Courage  
patience & resolute intelligence  
I do not know your equal in  
strength & firmness of brain  
& heart. I thank God very  
much for you & beloved - My love  
as always -

has now or later they seem glad -  
I shall have a survey on to some  
I should your father be detained  
see enclosed for a quarter - do  
not announce the exact date of  
arrival to my mother - then you will  
come this summer please - if we should  
go to the same but I am not sure of  
republishing the journal & printing of  
appreciation to Mr. Fisher, W. S. Fletcher  
or Mrs. W. S. - though you are my letter -  
I shall be glad to meet at once - if you  
the way I hope method of sending to him

Dearest Mother  
Your letter received  
This morning glad to  
know you are bearing  
up until our return  
which will be at some  
as possible after the  
St. Louis Convention - It  
is safe to send mail  
in case of Typhoid after  
June 6<sup>th</sup> - as we go up  
this time June 10<sup>th</sup> going  
to Typhoid over Sunday

The Cash calling on Saturday  
as you know Monday making  
your father & I leave in Louisville  
for St. Louis taking the train  
through from Lexington arriving Monday  
morning - your father has fallen  
to Amos Becken to get masters  
for the Henry, Rowell & Co. & Co.  
The Beckens are partners of  
Hayette Co. & he was State  
Auditor under W. C. Cray, they  
are quite crazy about your father  
& incidentally Mr. W. C. Cray is  
attractive - I shall be glad to  
have him in such good company  
while I am here - Addison Ch.  
Closes his part this week &  
& I hope will realize that play  
is over these days viz. to Mr.  
Paul at once to take the position  
in the Bank - It is only fair  
that he should seriously be re-  
spected as he has done well in

In the very kind & generous  
treatment of me at their  
hands - What fail to let  
me know as I shall be  
greatly embarrassed if the  
M<sup>r</sup> did not go through  
In the next few weeks I  
shall indeed be hurried  
with the usual "job ready  
to jump" not having anything  
definite of movements or  
intention - Perhaps by  
September you father may  
be able to get his own ship  
out to Chrysalis & to sail  
his purpose & illuminate

plains of the family - The details  
of the Duke's death & the  
Duke's name to you then see you  
in the present be assured there  
has been no sacrifice or your  
made parts which has been  
acquired by the Amour your  
kind - But Ellen left this  
morning for the water - She looks  
pale & seems to have a hold  
on life despite her want of  
karamul - Capt. Love &  
may retrace you your  
Macher

All well

The outlook for you seems to  
be improving or will be - at least  
I hope so. Practically finished his book  
I hope it will put the alarm. I had  
a conversation with each through  
to you. The fact of by election has  
given some impulse to the cause  
here or I had the great good luck  
to get the announcement of our Convention  
in Chicago. Read a paper the State  
of Ohio. Convention - the first Sunday and  
I was to the city to read. At 11 o'clock  
a stroke. The entire delegation from

the railroad Chicago and when to W. L. See

Thursday -  
Dearest Mart -  
Addison made a  
trip to Chicago  
early this week to see some  
of our relatives on both  
sides of the house. He did not  
only take in a party where  
I saw Scott Kullill -  
they recalled the wonderful  
trip of thirteen years ago  
on the C. & O. - He has  
has just started to the  
country to see Laura Tucker  
Sturges or I am feeling fit  
He is reading the Evening Paper

Whitel - I fear this meeting to you -  
Your father had been the last  
week in Cleveland & Detroit -  
Addison Hays of the former city -  
you will remember was a close  
mate in Yale - A telegram on  
yesterday announced Chicago as  
the destination for tomorrow & here  
again Saturday morning - Addison  
had made reservations for Saturday  
evening expecting to go straight through  
to St. Paul arriving Sunday night,  
going at once to the Aberdeen &  
presenting himself Monday morning  
at the North Western Supt. Conference.  
If all goes well he will start in  
to Park Lane a permanent position  
will be the outcome - The Law Journals  
were satisfactory & his interest has  
grown each day - Should this  
venture promise permanency, he  
will specialize & continue the course  
in St. Paul - Very truly yours  
Crystallizing for our immediate family.

to you - As you see we shall  
be in a position to keep on sailing  
We have allowed you to start to the  
Great City to make part their  
salvation - She has confided  
to me that we will make 500  
hardest children on the Mississippi  
As we can afford to be patient in  
view of the satisfaction of remaining  
for a time longer at all - I hope  
I can make the days hold - I beg  
you if you not be long - I should  
your father be detained - I trust

2  
Kentucky is practically  
known to me - but - I see  
no chance for the desired  
plank - Much will depend  
on whether it is settled  
or not in the Rep. Con. in  
Chicago - he will doubtless  
have some mention of  
the paper for the West - We  
as individuals believe  
it should come by States  
- but - I cannot emphasize  
more my impediment there  
over - I can influence against  
the Federal Amendment

It will be a great experience for me  
or I am high grateful to the Women  
of the Men who as lay all fight  
you by advancement or election  
Certainly the "jumble" of Mr. James  
then seems to be no doubt as  
to our going to St. Paul. - Your father  
has taken quite a step forward  
or seems less forward - It is plain  
to me that he is wonderfully bold  
in Lexington or so I am happy in  
the prospect of the Men in the  
family selling their first records  
or proper location in the great  
work in their lives. - Mary's house  
to put "by things" or going on such  
structure to her proper goal is the  
sum total of Mr. Devere. - The stand  
in St. Paul's work has a fine  
field in Minnesota or by ambition  
is to scribble. - This I can do in  
St. Paul or each step has brought  
me nearer the point of recognition  
An opinion today is with another name

his family will spend the summer  
in the country. I shall later come  
back - Aunty his name is as a  
right - mother - what name he is  
right - just but the peace of  
all - he is at the end - the grand  
the more you see "such a dear"  
I am glad you love me & my kind  
I left the church of - certain  
you & me has had a beautiful  
week - I had a fine son - I feel  
about like I do Sunday in the  
egg laying in a hour - Sunday & the  
church & I don't see to you - my mother

3  
Katherine - you will  
soon be married. I wish  
you - I wish the more  
to see her. She is a beautiful  
young girl & I wish you her  
a generous portion of  
life's happiness - Phil &  
I may seem to be late  
kept - both birdies  
leaving the nest -  
Sister & Mary left - Monday  
from the Washington D.C.  
The prospect seems good  
the fact occurred in  
July - should be the

Chairman chief it will mean some  
years or it is dollars to laugh  
kats they will not give up their  
life in the great Capital on  
earth - We understand the ap-  
pointment will be made before  
the Convention in order to include  
this on the loan see with the  
Federal Reserve - a Trade Com.  
More important makings during the  
Wilson Administration - Many Rep.  
oppose Roosevelt's harshness  
him dangerous - They can't see  
afford to come off the Supreme Bench  
to Root Fairbanks, Cummings  
& Borah are picky in the file  
They will be done in St. Louis  
after the debacle in Chicago -  
Many Democrats ex a Progression  
Allyate - support Teddy - too  
much cross influence - all need  
to be sent to work some more - a  
lot of stupid men miserably idlers  
Charles F. Miles to meet the east staff
