My Dear Gibbon-

Your letter
came & I was mighty glad
to know that you are getting
classified & am sure you
will get along all right.

The "Trot" is all right &
gives you an idea of expression
& use of words. I received

a letter from your "Big Auntie"
written from the Holland
House New York. She missed
your mother by two days.
We expect your mother home
about next Thursday & then

will hear of the good times you all had.
Sunset is fine & growing fast. Addison
begins his vacation today or rather yesterday.
Hope to have the willows in shape to move
out about May 1st. Moon will have the launch
put in shape & engine overhauled.

I was mighty glad your mother
went back to Andover & met Mr Lillard -
Mr. Stearns & some of your friends.

You ought to have some of them out to
see you & if any of them so want have
them let you know so you can show them
the citrus etc.

Don't borrow trouble & make yourself
miserable for everything is getting along
first rate here & you will come out
all right & it won't be long before you
are home again all send lots of

you would prefer taking your examinations
 in St Paul. Suit your self in the matter.

You seemed to think you could get better
 recommendations from the St Paul Academy
 why? I thought Andover, being your last
 school, should give the recommendations.

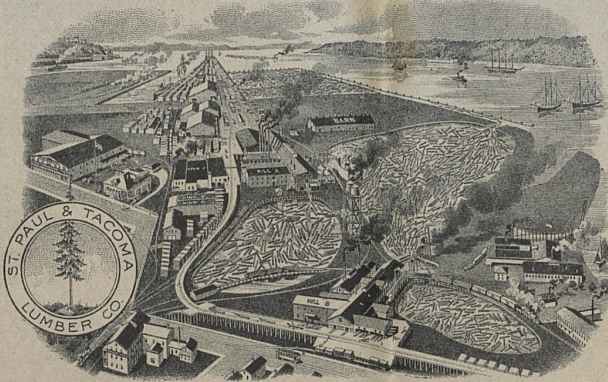

Look into the matter carefully before
 deciding & take the matter up with
 Mr. Lillard & Mr. Stearns. I don't wish

you to get off wrong & do not wish
 you to undertake something you cannot
 accomplish, for it would be better to
 take more time & have it "down pat."

Think it out carefully for yourself it

My dear Gibbon -
Cappa arrived last Saturday - we went
out to the Lake Sunday. Your mother went out today
with Mrs Hammer to do some cleaning - we hope to move
out Saturday for good. Did you receive my draft
for \$500 I sent you? I will send you another
about the 15th. We are all well. Howard Field
left this morning for Peru to work on some
railroad. Don't you think you should
do some tutoring for your exams? I think you should
get hold of some good man & have him come with
you to coach you during the interim between
the time school lets out & the Yale Exams. begin.
Don't delay about it, but take hold for I
would like to have you thoroughly equipped & you
can do more with a good coach than by yourself.
Near mind the expense, but go after it.

Classification of Yachts

CLASS "A"

Yachts not exceeding thirty-eight feet over all length, and limited to five hundred feet total sail area.

CLASS "B"

Yachts not exceeding thirty-two feet over all length, and limited to three hundred and fifty square feet total sail area.

CLASS "C"

Yachts not exceeding twenty feet over all length, and limited to one sail of not over two hundred and twenty-five square feet area.

OPEN CLASSES

Yachts that cannot be classified according to the three above classes may be formed into separate classes upon application to the Regatta Committee, provided at least that three boats are entered.

Yachts to be eligible must be measured twenty-four hours before the time set for a race, unless the Regatta Committee gives written consent to the contrary.

Arrangements to have yachts measured can be made with the Official Measurers.

All owners of Power Boats are requested to send their entries to Chairman Power Boat Committee, so that time allowances may be arranged. Power Boats are to be handicapped on actual performance.

Pennants will be given to Boats finishing first in each class. Second prize pennants will be given provided at least three boats start. The winner of championship in "A" Class receives the Swift Cup, also the Commodore's Cup and a sweepstakes pennant. Winner of championship in "B" Class receives the M. Y. C. Cup and sweepstakes pennant. Winner of championship in "C" Class receives sweepstakes pennant. Championship will be awarded to boat in each Class having received the largest number of points at the season's close: boat finishing first to receive four points; 2nd, three points; 3rd, two points; 4th, one point.

A large turn-out is looked for the opening day, May 30th. The races are open to all boats on the Lake, Club Members and non members, and every one is cordially invited to place his boat in the races.

Season of 1908

TO THE MEMBERS:

Since 1881 the Minnetonka Yacht Club has been recognized as one of the leading yacht clubs in America. It has always been foremost in the development of that type of racing boat which has given to the Inland Lakes of the United States a world-wide reputation.

The coming season will be the most important in the history of the Club, especially as the championship races of the Inland Lake Yachting Association will be held under its auspices.

Every member is urged to assist in every way possible to enable the club to uphold its past reputation, and make the current season one long to be remembered.

The programs prepared by the several committees suggest the extensiveness of the work required.

Yachting

The Regatta Committee has arranged its schedule so that it will be possible to hold two series of trial races before August 1st; in this way it is believed they will be best able to select those boats which will represent the Club in the Inland Lake Championship races, and that the boats thus selected will be placed in better racing trim than during past years. A number of new boats have been added to the Club fleet.

Every boat owner is urged to have his boat in perfect condition for the first race, and for every subsequent race, each of which will be considered of equal importance towards furnishing data for the selection of representatives for the Inland Lake Championship Series.

Challenge Cups

The Swift Cup, contributed by Mr. Lucian Swift, will be awarded for one year to that boat which wins the championship in Class A, the name of the boat to be engraved upon the cup.

The Commodore's Cup, presented by Mr. Carl Puckett, will also be awarded for one year to that boat which wins the championship in Class A.

The M. Y. C. Cup, contributed by Messrs. R. M. Bennett and Fred'k Fayram, will be awarded for one year to the boat winning the championship in Class B, the name of the yacht to be engraved upon the cup.

The Janney Cup, contributed by Mr. T. B. Janney for the crew showing superiority in seamanship (conditions given later).

The Westman Cup, contributed by the Enterprise Machine Co. to the power boat winning the largest number of races during the season, will be held by the winner for one year.

The White Cup, contributed by the Globe Engine Works to the power boat making the fastest time in the races during the season, will be held by the winner for one year.

The Burton Cup will be raced for August 1st, under the following conditions:

First—The race to be open to all sloop rigged boats on Lake Minnetonka, the sail area of which is not less than 300 sq. feet., or does not exceed the maximum sail area permitted under the rules of the Club.

Second—Time allowance to be based on racing length, which length shall be determined by securing the square root of sail area.

Third—The racing length shall not be less than 19 feet.

Fourth—The course to be at least 10 knots in length.

Fifth—The name of the winning yacht, together with that of the owner, to be inscribed upon said cup.

My Dear Gibson -
Your letter to your mother
was received yesterday and we are glad
you are hard at it + hope you will
hear no stone unturned until you
are thoroughly posted for your exams.

Mr. Davis is in Boston now +
I expected to send some Kentucky
Whisky by him for his father, but
before he left, on account of Sumner
being under the weather, I did not
have an opportunity to go to the house
to draw it off, consequently he
left without it. If you should see

either of them please explain + I
will rent it later.

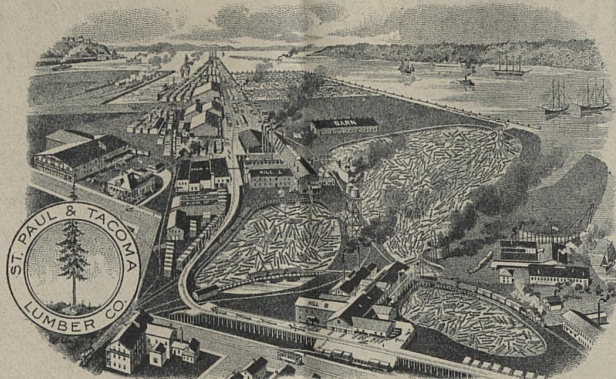

We are having lots of rain + the
lake is very high, in fact the boat
house has about two inches of water
in it. The garden has been doing
mighty well, still we cannot stand
much more rise in the lake -

The launch is in the water at
moors + they are overhauling the
engine. They are mighty slow about
keeping their promises.

John Grandpa + Martha Chapin
have been tied up on the Northern
Pacific then on the Great Northern

+ I have not found out yet whether they have landed in Tacoma or not. I saw Harvey McNamee yesterday + he asked for you.

The dory has been painted + looks first rate. Addison took it out for a sail yesterday + said it worked all right. Smuster is well again + looking first rate.

Your Grandmother will not come up at present consequently you should come right through unless you have something to stop for. According to your letter you will arrive on Tuesday morning June 30th + I

will meet you in Minneapolis. My train is due at 7:55 AM. + you come in at the same station so you can have your luggage rechecked to the lake. Am glad Mudover

won from Exeter + I suppose you all had a great time. You will have a week after commencement to do some good tutoring + do not fail to get some one + plug.

Mr + Mrs Mudge expected to come out on the 6th to celebrate but Mr. Mudge was not feeling well so they did not come. Dudley came out with Addison + caught some fish. We will have lots to talk about when we see you so I will say nothing more except good luck + hope to see you all soon.
