Dear Uncle Hart -

First of all I want to  
thank you for your sweet  
letter - As you can  
probably understand now she  
has been pretty involved.

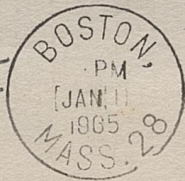

Mother says she's kept  
you all posted on my  
now abortive attempt to  
take the big leap. I don't  
know - once we got  
underway everything just  
seemed to kind of fall  
apart - He's an awfully  
fine person and I'm  
glad you had a chance to  
meet him if only briefly.  
I really appreciated our

talk - just wish we'd  
had a chance to complete

it -  
Much much love -

Danister

Dear Uncle Harv.

Thank you very much for writing to me. And I would like very much to read what you have written about the family - especially I suppose any comments or explanations about Mother. I'm sorry she didn't answer you about Christmas - but then you have known her far longer than I have. She went to Mayfield Ky with Foster and Shug to be with the Gregor's. I stayed here and had Allia Gibson (Randall Lee's daughter) for Christmas dinner. She as you know is about my age and lives just a few blocks away from me.

I never really had known her very well until I came to Boston but I've seen quite a bit of her since I've been here. It really means a lot to me to have her so close by. Especially since I have so little contact with Mother Foster or Bill. I sometimes think if it were not for business matters we would never be in touch at all. The boys I can understand at least somewhat because I know they're involved with their work and their families. But mother - well it seems if one doesn't play the game strictly according to her very own rules - one doesn't play at all.

What is this information which comes from the "Blue"?

There's not much to tell from here. I work - get a paycheck once a week and that's about it. How are you? Do let me hear from you. Much love - Dexter

I'm sorry she didn't answer you about Christmas - but then you have known her far longer than I have. She went to Mayfield Ky with Foster and she stayed to be with the Gregorps. I stayed here and had Ullia Gibson (Randall Lee's daughter) for Christmas dinner. She as you know is about my age and lives just a few blocks away from me.
