Dear Sister Gibson,

Addison wishes to send you some of the pictures he cuts out. I have to rack my brain to amuse him. As we do all sorts of things, he is as well as can be, & we hope & pray he will not get the quiver. Gibson is getting on very nicely, two weeks today since he was taken ill, & will have to be quarantined four more weeks. Addison is as little trouble as a child of his age could be, & such a dear sweet loving disposition he sends a kiss & love to all the dear ones at Inghside.
Lovingly
Masha W. Foster
