Sir

My young man having returned
I am sorry to hear that your shantels did
not suit you for place, but it was no fault
of ours as I did not know there was more
than one place on the side but notwithstanding
this I still think they can be made to answer
but if not I think they can easily be disposed
of and as we are much in want of money we
will draw on you at 4 P.M. for our bill in
charging two boxes from the owner which we hope
you will accept and if there is any thing that
does not give you entire satisfaction by
writing to us we will endeavour to do so

Your Obedient Servants

Dear Sir I wished to
beg a favor of you to day but on account
of the presence of your Lady I feared it
would not be agreeable & Business calling me
away this evening I thought of addressing
you these few lines begging you to offer your
Note at the Northern Bank this evening for
about five hundred Dollars payable four
Months hence you may not be owing me that
amount but I shall need about that amount very
much to pay some calls on some notes in your
Bank & I shall certainly be in funds before
that time & would refund the same which I may
have overdrawn by so doing you will confer a
great favor on one who does & will feel grateful
for all the favors received at your hands
with the greatest Respect
Yr M^t Country

N.B. one of my Notes payable to Grant P. Wilson is
in this evening for a renewal for Part of it
