

Shelbyville, Ky.

March 10th 1859.

my Dear Sir,

Mr. Bullock has his beds  
for strawberries all in readiness for  
the plants and insists on my writing  
to you, asking for them very firm  
roots, you were kind enough to promise  
in ~~the~~ - supposing that in the mul-  
-tiplicity of your engagements it had  
escaped your memory - we could pro-  
-cure them here, but of inferior  
quality -

Be good enough to make  
my best respects to Mrs. Duncan  
and daughter, & believe me

Truly Yours &c  
J. M. Bullock.

I have learned that you have three or four thousand Bushels of wheat to sell. If you are ready to sell now please give me your price and a description of the wheat as to quality and when you would deliver it.

Let me hear from you

Respectfully yours J. S. Daniel
