Dear Carolyn:

Bob wrote about coming Labor Day weekend sometime. I am tied up then. I will write to him about it. But J, is coming the following weekend and I thought he and I might drive over Saturday the 9th. How would that be for you? Could you let me know? It looks as though I am going to have a few visitors in October, but you probably are going to be away then too, Bob said. We can work all that out later, but please let me know if the 9th is ok. Otherwise Bob ~~xx~~ could bring you over later in this month.

In haste, with all my best,

Tom
