Dear Eva

I was glad indeed to get your letter and thought to answer it immediately but I was taken sick about that time and have not been right well since - and today although I am much better than I have been yet I do not feel well enough to do your letter justice. Tommy has not been in very good health since Christmas - He has been out of school for six weeks and I do not intend to send him again till fall - He is now in tolerable health but is not very stout. He takes a great notion to visit you if he keeps well I have concluded to let him go next Saturday on the morning train it will be impossible for me to come with him as I have six boarders and the promise of two more this week - Bro J. P. Hadley will take him as far as Rushville and

I would be glad if some of you
could visit him there - I wrote to ~~George~~
Bro George this afternoon to visit him if
convenient. I write to you also and for
fear he might not get the letter
if you have an opportunity to you
might mention it to him or Bro
Orindy - He will enjoy a visit at your
home with Aaron & Pers. He thinks
a great deal of his Aunt Becca &
Aaron - The girls enjoyed their visit
at your home very much last summer.
I expect we will all have to stay
at home and work this summer.
We are trying to buy us a little home.
Perhaps when you come to the
Exposition this fall you may find
us in our own home - Bro Edwards
till here - He may give you a call
this summer. Bro J P Hackley a Bro of
Mrs Clough's husband is traveling
with us - I was surprised to hear of
Marta's wedding - tell her I wish her
much joy - Give my best love to
your Ma & Pa and Aunt Rhoda
Alice Bros & Aaron and accept a
share your self - Tell you Ma she
must write to me - even you must
write soon - Tell Alice & Rhoda they
must make us a visit soon - Love your
Aunt, Maggie C. Hackley

My niece

Well the time is still
dragging slowly away
I am still in the Drs hands
I get so blue sometimes that I
think I will surely die with them
then I feel better and am so
happy then I am not so well
just now I do not enjoy Friday
out much yet. Well I saw you
Sunday and sure I did not
know you until you spoke
and then I wondered why
it was that you was at the
funeral until I happened to
think it over. We went to the
cemetery and I think Mrs
Patton monuments so handsome
and Kessuths is elegant for the

since looks so neat how I
wish the children lived by him
two. Well I want to tell you sister
Amanda was here two weeks
ago last Sunday for dinner
she never said why she did
~~not come~~ we never said
what was the matter no more
than if we had never thought
anything strange she was at
town today Joe said she asked
how all was and said no more
I reckon that Ross feels lonely
without you for he is so quiet
that he like his own presence
best. You should of come
out before you left I wanted
to come so bad but I never
of got up them steps at all
and I thought best not to try
it. We are planting corn
today girls have cleaned
the dining room and

Kitchen we cant get our
carpet for so long we
will have to put up with the
dirt. Joe and his pro
hull moved over here they
will do fine I reckon Joe said
we saw her making flowerbeds
the same day they moved
that is a good beginning
I suppose they have not
sued you for divorce
yet Ann told Joe a couple
of weeks ago that they would
have two. Joe is trying to
get fix that fence jonnys
you and Joe Amos and
he went up to see you but
you was out some where
so Ann told him to just
take the rails there and
for it would be all right
with you. Soa Joe told me
to tell you he wanted to

almost daily of an
evening your letter.
But I have just
recovered from a
very severe attack
of congestion of
the stomach. I
was down three
weeks. Pa has also
been unable to walk
or sit up for near
five weeks. Until
the last two days
Dr. is enjoying
health. We and God
expect to attend the
