My Dearest Mammie -

I rec'd

your letter a few days ago  
and was glad to hear from  
you. Sorry I haven't answered  
sooner but I am getting so  
lazy these days I don't touch  
of any thing. I have started  
two or three letters to you and  
would be interrupted and  
would just quit. I will try  
to get this one thru alright.

It is raining to beat the band  
and has been for the last two  
weeks. I suppose you are wearing  
snow now but it is not that  
cold here. We don't even have  
a fire in the Barracks. It would  
not hurt if we did have one  
once in a while but we haven't.  
The stove would make a very  
nice souvenir as it is pretty  
small. I guess you are  
looking for us back now  
as the papers stated that

the 8<sup>th</sup> was to parade the streets  
of Louisville on the 5<sup>th</sup> of Jan  
but I am afraid we wont get  
to see in the parade but part  
of the Division may get back. I  
dont <sup>know</sup> for sure when we will leave  
we have been expecting to go for  
over a month now and havent  
made any move at all. If we  
dont leave this week I dont think  
we will move till after xmas.  
We havent very much to do to make  
a move. It wouldnt take us over  
a day to be on the way. You rem-  
ember I said before I left there  
that I would be back by xmas  
I dont think I will unless is  
very rare after all. That would  
be nice to get back there in  
time for xmas but I expect we  
would have to leave here in the  
morning to make it in that  
time. I would send you a xmas  
present but think it best to bring  
it to you and then I will know  
you will have it. Of course if we  
should find out that we want  
arriving some even it would

be a little late to call a Xmas  
present but guess you wouldn't  
object for it is better late than  
never. I rec'd a letter from  
Lucia the other day and she  
said she had the pictures that  
we had taken while I was there.  
I thought I sent her those pictures  
before I left. I am afraid I won't  
get to finish this after all for the  
boys are making so much noise.  
We have our little red axes to put  
on our arm and every body  
is sewing but me. I will have  
to get to sewing pretty soon for  
it is nearly time for retreat  
now and they must be on them.  
I am going to take a chance  
and finish this letter before  
I do any thing else. I have  
put this off to many times already.  
What did you think of the letter  
I forgot to say you didn't  
mind reading it for I  
certainly did mean every  
bit of it for you. It is getting  
pretty hard for me to think of  
any thing to write here lately.

I think it is because I have  
been thinking so much of  
home these last few weeks.  
If they had never mentioned  
going home I wouldn't care  
but after they said we were going  
and then not go I have just  
quit. We have a road hike in  
the morning and a review in  
the afternoon and nothing the  
rest of the day but to drill the  
aboard squares and of course  
I like that job. Well I earnest  
it can't be long till we will meet  
again. I think we will leave before  
Sunday. I earnest want it be great  
be together once more. I have  
been longing for the day to come  
for us to return. I am not sure  
that I will get back with the best.  
but of course I hope I can. Well  
I must close for this time with  
love to all and you two  
loving

Hello Mammie how  
are by this time.  
arrived in N. P.M.  
Ya the 15<sup>th</sup> but thought  
I would have been  
in camp Sawyer before  
now so thought I  
would drop you a  
card to let you know  
I was back. Hope to be there  
soon. Perhaps by Sunday

My Dearest Maemie -

Arrived here  
at 7:10 this evening and  
was all in down and out.  
Had one blow out and stopped  
altogether one hour and ten minutes.  
We stopped in Frankfort for  
supper and I got a good look  
at the Capitol. We didn't  
have long to tarry anywhere.  
We will leave here early in  
the morning for Richmond but  
don't know whether we will stop there  
long or not. The Lieut is a  
pretty good scout. He has been  
in the army just 74 years.

We went to a show after  
we washed and found our faces.  
I was the dirtiest looking thing  
you ever saw. Worse than I  
was when I came in there.

I have an awful headache but  
have taken some Jamaica ginger  
and a few other things. The tent  
seems to worry more about  
the trip than I do as he has  
been talking and figuring on  
what he was going to do tomorrow.  
I think we will get in to camp  
late to morrow evening if the  
roads are not too bad. Well  
I guess you can go to see Joe  
now and not have to worry about  
whether I am somewhere as you know  
I will be on the go most of the

time. Of course I will miss you  
an awful lot but will have to  
put up with it just the same.  
It's too bad I couldn't have been  
in to see you last night but I went  
to see Wil and he was on the range  
so of course you said not to come  
in if I couldn't get him so I didn't.  
Well I will be back some of these  
day and then ———! Well if  
I don't stop writing I won't get much  
sleep not that I want to quit writing but  
would like to get rid of the head ache  
Hope this will find you all well  
and happy as ever will close  
with love to all  
As Ever

Please excuse the writing as I can't do any better  
over.

this out I don't think would  
but please try.

My Dear Grandma —

another notice —  
I am just forty miles from  
no where and don't know  
how to get out. When we got  
to this burg they asked us  
how we got there and wanted  
to know if we let our selves  
down with a rope and all kinds  
of things. One of the men said  
we should get a medal for  
coming thru the place we did.  
I didn't know sometimes which  
way I was going right. You can  
say what you want to about  
traveling over Ky for a pleasure  
trip but I say my on that  
stuff I wouldn't do it for  
a fake Buckel. How's that. I was  
just talking to one of the men and he  
said he didn't see how we would

come in unless we flew in but I think we put in a good days work before dinner as we didnt get any till 7:30 and ~~not~~ any too much then. I bought two watermelons on the way and we ate those for water and that was all the water I got all day. I expect we will be here for a day or so ~~at~~ as we stripped the ring gears and wont be able to go for till we get a new one. The Lieut went back to Lexington to night to get a new one and then we (with my mechanical brain) will have to put it in. Leave it to me it will be well done. I wish you could have seen some of the things that I have seen. The people are so far behind the times

They dont know they are living.  
We would ask some one the road  
to a certain town that wasnt  
over ten miles from there if  
that was the right road and  
they didnt know I saw a middle  
aged man that hadnt been  
out of town over ten miles and  
went nothing of the country further  
than that. Well I am feeling fine  
now and hope you are the same  
but I must quit for this time as  
my brain wont work just right  
for writing. I have had a headache  
all day but has gone now. Must  
close with love and best wishes  
to all

As Ever

Father -  
Please write and tel mamma  
where I am and tel her

My Dearest Mamma -

just another notice  
I have been held up here for  
a few days as I haven't gotten  
my repairs yet. I don't know when  
I will get away from here.

I have a very nice place to stay  
and have already made a  
bit so what the odds. I like  
the place very well but don't like  
the idea of being left alone in the  
world with out a soul I know  
the Lieut. is leaving on the night  
train and is not going to wait  
for me. I don't know whether  
the parts will get here tomorrow or  
not but hope they do. I had to  
take the rear end out of the  
machine and put it back and  
I made almost so I feel a little  
better as I didn't think I could

do if. I worked all day and got it  
put back together and it broke  
out before I got the tines off  
the jacks. Ben I took it out again  
and he is going to fix it up in the morning.  
I ate dinner in the restaurant at  
noon and the lady there looked at  
me like she thought I was some  
kind of an animal. I had on  
my overalls and was covered with  
grease and dirt. Well hope every  
body up there are enjoying life  
just the same as ever. Wish I  
could be there to night but I would  
have to grow wings and fly if I ever  
got there. Must close with love  
to all and you too

Sincerely  
Palmer.

*Hello  
I bow everybody  
by this time. I'm  
in Jackson now just  
told Lucia goodbye  
a minute ago. I expected  
to be with her about  
three hrs. but her train  
left at 1:30. Lucia said  
tell you hello for her.  
I expect you think I'm  
starting pretty strong
