**Professor returning** 

By Zoya Tereshkova Staff Writer

Sara Schneider, a professor of directing, teaches her last class at UK today.

Next week she will grade her students' papers once more and then attend their graduation ceremony before returning home to New York to direct her own theater company.

New York to direct her own the-ater company.

When she leaves Lexington, she will be leaving more than just a city, She also will be leaving a time in her life that was filled with new experiences and challenges.

Schneider said she gained an experience during her year in Kentucky that she couldn't get anywhere else — especially in New York.

She explained that she had-

New York.

She explained that she hadtaught before, but this year was
the first time she was a faculty
member and participated in the
academic life of school. However, she said that the most important experience she got in Kentucky is its lifestyle.
"I was among recoile who be-

tucky is its lifestyle.
"I was among people who be-lieved that nothing important was going on between New York and California," she re-called of her life before coming to UK.

"When I moved to New York er graduating from school, I

after graduating from school, I did not expect to move some-where else ever in my life. I thought I would spend my whole

Checking guests of the opposite sex out of the building at midnight is not a policy unique to Blanding IV. In fact, all residence halls at UK must abide by the visitation guidelines set up by the Office of Residence Life.

Currently, guests of the opposite sex can check in at 2 p.m. Monday through Friday. On Saturday and Sunday, guests may check in at

Sunday through Thursday, oppo-site-sex guests must leave by mid-night, but on Friday and Saturday nights, they are allowed to stay un-til 2 am. These check-in and check-out policies do not pertain to guests of the same sex.

However, the guidelines may soon change.

The Office of Residence Life has

established a committee to review all practices, including the visita-tion policy, for residence halls.

Residence Hall Association Presi-Residence Hall Association President Bryan Pryor said the committee issued a survey to all residents to find out if the visitation policy needs to be changed. The results of the survey have not been completed yet, Pryor said.

The first option would allow guests to check in at noon Monday through Friday instead of at 2 p.m.

The second option would permit guests to stay 24 hours, seven days a week.

Although the results of the survey day of the week will probably not

pass through the committee because it would definitely not make it past the administration," Pryor said.

The third option would allow residents to have guests over for 24 hours on Fridays and Saturdays. Pryor said this option "has a good chance of being recommended to Residence Life Director Bob Clay." If Residence Life thaned its Life Residence if the Chapter of the Property of

#### Fair helps students take first step to job

Contributing Writer

People tired of pounding the payement for jobs tried their hands yesterday at actually meeting employers during a UK job fair.

The fair, held in Memorial Coliseum as part of the Kentucky Employment Conference, allowed job seekers, employers and employment agencies to make proper connections, said Drema Howard, associate director of the University Career Center.

Howard said this was the first job fair of its kind. It featured more than 100 employers from across Kentucky and drew close to 800 job seekers who arrived ready to fill out applications and turn in resumés.

She said this kind of activity helps promote the Career Center and street word about the numer.

helps promote the Career Center and spread word about the numer-ous services it offers to students and ous services it offers to students and graduates. Among the Career Cen-ter's offerings are job placement programs, employee referrals and resumé-writing workshops. The fair also introduced employ-ers to the Career Center, she said, and will increase the number of em-ployers who seek employees through the facility.

urrough the facility.

Janie Conly, a health administration senior, attended the fair with

#### Female athletes happy with UK opportunities

By John Kelly Senior Staff Writer

If almost all of the nation's major universities live in violation of Title IX, as a 1991 NCAA-sponsored study suggests, why aren't more female athletes taking action against their schools?

when I lived in a place with clean air."

Schneider said she was surprised at how tied Kentuckians are to their homes.

"They don't want to leave and, if they have to, they do everything to come back. In New York, people go where business goes. In California, people like the state very much but they don't feel they belong to it.

"Stability. belongingness, sense of family, sense of history—that's something that I haven't seen before in my life." Schneider said.

She also was surprised at how friendly Kentuckians are and how respectful their attitudes are toward women. At the same time, Schneider said, women lave to pay a price by playing certain roles.

"Women censor themselves a lot, Personally, I don't like it." their schools?

"Schools are always relying upon the fact that their female athletes will not sue or will not file a complaint," said Katheryn Reith, assistant executive director of the Women's Sports Foundation. "So they think they can get away with things like this. Not only is it wrong, it's illegal."

Still, IIIX's female athletes deep."

certain roles.
"Women censor themselves a
lot. Personally, I don't like it —
it's very distractive. Often time
in my class women have a hard
time saying something critical."
The professor from New York
found her Kentucky students to

"We don't have a bunch of girls beating down Kathy DeBoer's door saying 'Hey, we got rights,' said Micki Hogue, who is conducting an See DIRECTOR, Page 2

internal study of gender equity in the UKAA for athletics director C.M. Newton. "They get so much other good stuff that they say 'Hey, we can manage."

That does seem to be the perception among UK's female athletes. Most point out that the football arem's basketball teams are the ones that make it possible for UK to field 9 non-revenue sports, 10 of which are for women.

are for women.

"I feel thankful to even be given any money at all," senior volleyball player Angela Salvatore said. "There's a lot of schools that don't get anything and so, to me, I'm grateful to those sports because they make enough money to provide scholarships for non-revenue athletes."

Hogue said there is a certain de-ree of acceptance among today's emale athletes.

"College sports is there for girls now," said Hogue, who wasn't al-lowed to compete as a college stu-dent at Michigan because it only of-fered men's athletics. The men's

swimming coach, against the wishso of the university administration,
tutored Hogue and she went on to
win an Olympic gold medal. That's
a story she tells today's female athletes sometimes.

"They give me that blank stare,
like 'Nosooo,' 'Hogue said. 'It's
already grown to where today's
worn doesn't even know the history of it.'

They are more interested in to-day, she said. And despite a few grumbles, they seem to accept the current situation with UKAA.

current stuation with UKAA.
"It's true," soccer player Leslie
Meacham said. "Women's sports
don't get as much recognition as the
men, but it's going to be like that
for a while."
Volleyball player Jane Belanger
agreed.

"When you really think about it, we're really privileged with what we have," Belanger said. "We're being kind of greedy if you look at it like 'We want what men's basketball gets.' The thing with me is that I don't come in expecting the

Salvatore said, "Sometimes it gets frustrating when you hear stories about the football team gets to go out and see a movie before their

go out and see a movie before their game and they get to eat like steak and shrimp and lobster and then we have to settle for the Wendy's Su-perbar or something.
"We know they make a lot of money for the school and every-thing, but it's depressing. If we ever see a Shoney's again we're gonna puke."

But Salvatore said she believed her four years at UK were better, from a gender-equity standpoint, than they might have been else-where. She gives the UK higher-ups credit for that.

credit for that.

"You can see that through the coaches we have — Bill Curry, C.M. Newton, Kathy (DeBoer)."
Salvatore said. "You can see that they are people with good values which they instill in their athletes, and that's why we don't have a significant sexism problem here at all.

#### INSIDE: Harry Enoch heading up environmental safety program

Prepare yourself for the Kentucky Kernel's annual stab at the people who have annoyed us all year. Golden Forks, Page 10.

WEATHER:

WEATHER:
Partly sunny today with a 30 percent chance of morning showers; high in the lower 70s. Partly cloudy tonight; low between 50 and 55. Partly sunny Derby Day; high around 75.

By Brian Bennett Senior Staff Writer

When UK administrators were searching for a director for the new Office of Environmental Safety, they wanted a person who had experience in the field and strong academic credentials.

They didn't have to look far to find the one they wanted. No farther, in fact, than the University faculty.

The man administrators chose was Harry Enoch, a UK graduate and an adjunct faculty member in the Graduate Center for Toxicolo-

"Harry Enoch was the clear choice of all of us," said Donald Clapp, vice president for adminis-tration. "He comes with a Ph.D. and some 20 years of experience in the field."

been working on getting the pro-gram up and running, he said.

"I've been trying to get my arms around the University environmen-tal health and safety program," Enoch said. "It's kept me quite

busy."

Enoch's duties will include dealing with on-campus radiation safety, hazardous materials disposal after prevention. The office also will deal with maintaining and assuring safe workplaces and complying with federal occupational safety resulations.

with tederal occupational safety regulations.
Clapp said Enoch's hiring culmi-nates a "process which was started several years ago." The creation of the environmental safety office was recommended by a group of faculty members, he said.
"We looked at what we needed to do to enhance the whole environ-

mental health and safety program at the University," Clapp said. "Most institutions either are doing this or have already done it."

Enoch received his bachelor's de-ree in chemistry from UK in 1967 Enoch received his bancher's se-gree in chemistry from UK in 1967 and his doctorate in biochemistry from UK eight years later. He has served as a professor at the University of Connecticut, director of en-vironmental and technology assess-ment for the Kentucky Center for Energy Research and commissioner of energy research for the Ken-tucky Energy Cabinet.

Before being named director of the UK department, Enoch was manager of research and develop-ment for the East Kentucky Power Cooperative in Winchester, Ky, He has been a faculty member at UK since 1981.

said the salary needed to be that high to be competitive.

"We looked at salaries around the country and did not find that out of line with other positions," he said. "We don't set out with a particular salary in mind. We look at the job and then look at the job amarket to see what kinds of salaries these people are getting."

Clapp also pointed to the importance of the job.

"It's an important position with a

tion."

Enoch said the money is similar to the salary he was making at East Kentucky Power Cooperative.

"It didn't represent much of an increase from where I was," he said. "I suppose it was the amount required to get me out of that job. It's always possible to hire some-life same and the said." The suppossible to hire some-life same and the same and th

one cheaper, but I guess you get something less. With me, they're getting a faculty member and some-one with a lot of experience."

"He seems to be an extremely in-telligent person," said Garry Beach, manager of the UK fire and acci-dent prevention program.

Clapp said he thinks the University has made an excellent choice.

"I'm really glad we created this position, which is of critical impor-tance to the University," he said.

"I'm extremely pleased to be able to recruit somebody of Harry Enoch's experience and quality for the job. And the fact that he has al-ready had experience here at UK makes him even more valuable to us."

#### **TODAY'S CROSSWORD PUZZLE**

Visitation

icy from restricted visitation he to 24-hour visitation, RAs we see an increase in their responsi-ties, Pryor said.

Valerie McGaughey, a secondary English education senior and an RA in all-female Donovan Hall, said she is against 24-hour visitation of any kind because behavior would be difficult to monitor.

"As an RA, my job would be-ome more difficult," she said. "It vill be even more difficult to con-rol noise and ensure that the hall is

Karessa Knight, a communica-tions junior and an RA in another women's hall, Blanding IV, disa-grees. She wants 24-hour visitation in residence halls.

"I think 24-hour visitation is long overdue," Knight said. "I realize that it may be monstrous and chaot ic for the first year, but I would take the extra responsibility as an RA to give the residents a chance at this extra freedom."

#### Poll quizzes locals on Yugoslavian problem

A majority of central Kentucki-ans believe America is doing enough in warring Yugoslavian re-publics by simply suppling food and medicine, a Lexington Commu-nity College poll found.

The poll, released this week, was conducted by students of LCC po-litical science professor Tim Can-trell.

trell.

Among its findings, 49 percent of those surveyed said supplying food and medicine to warring replaces in the former Yugoslavia was an adequate response. Seventeen percent said the U.S. should withdraw entrely, while 21 percent believed more military involvement was needed. The rest of the respondents were undecided.

Some congressional leaders

were undecided.

Some congressional leaders called this week for increased military action in the republics, including bombing missions. The sentiments touched off a firestorm of debate and polarized the military and political communities in Washington, D.C.

cantrell said that while his stu-dents may complain while working on the poll, which is a regular class project, they look back on the expe-rience as helpful.

"(The survey) teaches them a lot about public opinion and how pub-lic opinion surveys are done," he said, "They feel better about them-selves, about how better informed they are on the issues than the gen-eral public."

Each student calls people chosen randomly from the phone book until he or she gets 20 responses from registered voters.

Slightly less than 2,500 registered voters were polled in Fayette, Woodford, Jessamine, Clark, Bourbon and Scott counties, among oth-

ers.

On the topic of President Clinton's popularity, 6 percent of poll respondents said he is doing an outstanding job: 28 percent rated his performance "good." A full 24 percent said Clinton was doing a poor job, while 34 percent said he was doing a fair job.

The suppress also geted questions.

# Become More

Assembly ethics bill and health

Cantrell said the survey showed Cantrell said the survey showed that a majority of people — about 70 percent — want mandatory health insurance and controlled health care costs.

Only 24 percent of the population was satisfied with the ethics bill, while 26 percent said they were not satisfied.

In other findings, Pam Miller is the front-runner in Lexington's mayoral race by a wide margin: 55 percent said they would vote for Miller in the three-way race.

The poll also showed that eco-nomic development and city financ-es are the major issues in the mayor

#### Director

be bright, talented and very receptive.

"One of the best things about this year (was) communication with these students who are so eager to learn. You tell them what you think; they go home and tomorrow they do better.

"I had a different teaching experience in past. In New York, talented young people became aware of their talents very early. They've been told that they are good so long that it is hard to make them better. A teacher is not an authority for them, and they are too self-confident to accept something new, learn something new."

Schneider had a lot to share with her students. In addition to practical experience, she earned an undergaduate degree from Yale, and a master's and a doctorate from New York University.

She became involved in the thearter as a child, then studied ballet in high school. In college she jumped into drama and also studied sing-ing.
"My negrents asked me. 'You.

don't take it seriously — you un-derstand that it's just a hobby for you, don't you?' I agreed, but I did take it very seriously."

After graduating from Yale, she moved to New York to make her career in theater.

New York turned out to be pretty tough place to conquer. Schneider took part in one audition after another with very little success. She decided to switch to directing and sent thousands of letters to the-

and sent thousands of letters to the-ater companies offering herself as a director and teacher of singing and dancing. She was persistent and, as a result, got some temporary and freelance jobs, which brought her valuable experience, she said. Finally, Schneider decided that she was not interested in interpret-ing somebody else's plays—she

she was not interested in interpreting somebody else's plays — she wanted to do everything by herself from the very beginning, including writing.

She founded her own theater, called the Chaparral Company, which performed in New York.

Schneider did not give up working with her company while studying at graduate school.

Now, she says. she will continue with the company after returning to New York.

## Proof that a college education can open doors.

#### ROTC chief says cadets will have tougher year

By Rob Thorne

The commander of UK's Army ROTC detachment told cadets Wednesday that things will get tough-

er next year.

Lt. Col. Michael Connors, who took over ROTC this year after 22 years of active duty, emphasized to the young cadets that the program was going to change under his leadership.

"I'm sorry this year wasn't more of a challenge," Connors said to his first-year cadets. "Next year will be challenging. It will be interesting. And, hopefully, it will be fun."

And, noperuity, it will be run.

Connors' comments came from his speech at the ROTC annual spring awards presentation in the Old Student Center Theater.

In the past, freshman and sophomore cadets haven't been expected to participate as actively as he would have liked, Connors said.

have liked, Connors said.

"The attitude has been 'just keep them interested' — which is important — but it didn't have them moving into advanced training," he said. They were going in cold into their junior year. The program should be more progressive.

Connors also stressed the importance of academics to the ROTC members. He said that with the troubled economy, grades could decide their futures — whether in the military or not.

Connors' speech was only a small part of the hourlong presentation that celebrated the accomplishments of UK's ROTC and its members.

A trophy was presented to the unit's Pershing Rifle Squad, which took one first-place victory and two second-place titles during a regional competition held in St. Louis.

The Ranger Challenge team also was recognized for placing first in a six-school competition and second in a 25-school matchup earlier this se-

Six cadets were inducted into the Kentucky Rangers at the ceremony: Todd Barnes, Terry Gesle, John Heil-man, George Imorde, Brian Rosen-krantz and Seth Knazovich.

krantz and Seth Knazovich.

Dozens of individual awards also were given to cadets, including The Department of the Army Superior Cadet Award. This award generally is considered the most prestigious and is given to a cadet in each grade lev-

This year's recipients were: Loretta Shelton, freshman cadet; Heather Harrison, sophomore cadet; Johna-than Ragan, junior cadet; and Marc Cummins, senior cadet.

#### Nobel laureate to speak at UK

Nobel prize laurente Dr. Joseph E. Murray will present the annual Andrew M. Moore M.D. lecture at 9 a.m. temorrow in MN203 Albert B. Chandler Medical Center.

Murray, professor emeritus of surgery and chief emeritus of plastic surgery at Harvard Modical School, won the 1990 Nobel Prize in Physiciogy or Medicine for his pioneering work in organ and cell transplantation. The speech will be titled "Snapshots of a Surgical Career."

Murray is known for his discovery of how to overcome tissue rejection following organ transplants. He successfully transplanted a kidney between identical twins for the first time in 1954. Murray also pioneered transplantation from corpes.

This opened the field for transplantation of other organs, like livers and hearts.

UK's 126th commencement ceremony, which will honor 5.768 graduates, is scheduled for 11 and 12 Memorial Coliseum.

UK President Chaires Wethington will deliver the commencement address, and Diane L. Fredwest, a Lexington resident who is earning a bachelor's degree in electrical engineering, will speak as the representative of the Class of 1973.

In addition, three honorary degrees will be awarded. Lexington businessman William T. Young and James E. Bassett III, chairman of the UK Equine Research Foundation Board, will receive binorary decree of law degrees.

William Augustus Jones Pr., a native Kentuckian and pastar of Bethany Baptist Church in Bedford-Sunyessan, N.Y., will receive the degree of humanities degree.

The Class of 1973 includes 3,473 bachelor degree graduates and 1,967 graduate degree students; 328 professional degrees also will be awarded.

A long-time agriculture leader, an up-and-coming agriculture leader and a non-traditional student are the 1993 Algemon Systaey Stillivan Medalilon award winners.

The Sullivan Medalilons are among the highest honors bestowed by UK and will be awarded at UK's 1993 commencement overmony.

The Sullivan Medalilons are presented to a community leader and two graduating UK students — one man and one woman.

commencement exernsion.

The Sollivan McAullions are presented to a community leader and two graduating UK students — one man and one woman.

The community winner this year is Garland M. Bastin of Larkington. Susan, Kim Dupree of Harrodsburg and David W. Pace of Wockburn are the student recipients.

Sullivan Mcdallico winners are chosen for their "characteristics of heart, mind and conduct as evince a spirit of love for and helpfulness to tother men and women," according to the normanisto form.

The sward is given annually by UK through an agreement with the New York Southern Society that funds the Algermos Spirity Sqillivan foundation. The award is given a several institutions in the South.

Bastin grew up on a small farm in Konticky and was an active participant in 4-H. After graduating from UK in 1945, he wooked for the Cooperative Extonsion Service until his retirement in 1978. During those years, he was an extension district leader, program specialist in 4-H, acea extension director and extension specialist in suntial solence.

"Many were convisioned by Garland to stretch beyond the status quo, to got the extra mile and to be productive and carning human beings," his normanity seals. "By example, Garland set the standard in work ethic, honessy, integrity and clean living for others to emalate."

After retirement, Bastin become Governor's Advocate for Agriculture and spent four years as executive director for the Knutcky Beef Cattle Association.

Garland bolds many honors, among them as scholarship in his name for a College of Agriculture student, He also was inducted into the Animal Science Hall of Farne and was named Man of the Year in Kentucky Agriculture by the Agriculture Control of the Animal Science Hall of Farne and was named Man of the Year in Kentucky Japiculture by the Agriculture Control of the Animal Science Hall of Farne and was named Man of the Year in Kentucky Japiculture by the Agriculture Control of Agriculture Student, A mother of two teenagers, she drove about 100 miles each day to atten

center.

Another nominator wrote, "Her willingness to volunteer her time is refreshing, her ability to lead and organite is invaluable, and her kindness and cencern for young people is rue."

Of her involvement in church, one nominator wrote, "Kim was able to develop a rapport with several of the eneragers in orchurch, and, as a result, was able to counsel several of them with various problems later during difficult times in their lives. ... Volunteers with the commitment and concern for others that Kim Dupree has are difficult to find."

The third winner, Pacc, is a sentior in agricultural economics. The son of Mr. and Mrs. Wilton Pace, he plans to complete a master's degree in the same field of study by 1994.

#### Patterson Office Tower coffee house being considered

Administrators, faculty and food

Administrators, faculty and food services want a common ground — a place where they can meet and mingle over a cup o' joe.

Robert Braun, director of UK Food Services, is working with administrators on a plan to develop a coffee house in the north wing of the Patterson Office Tower mezzanine.

"This whole area of coffee shops is becoming very popular. A place with espresso, coffees, pastries, maybe sandwiches. That was the concept about which we've been talking," he said.

said.

Jack Blanton, vice chancellor for administration, said the project stems from the desire for a common meeting place for those people hidden away in the offices of POT — an idea suggested by College of Arts and Sciences Dean Richard Edwards.

"What Dean Edwards has in mind is to offer faculty an opportunity to come down from their offices and do something to ameliorate the isola-

tion," Blanton said.

Although nothing is definite, Braun said he is hopeful that the idea will be

Although nothing is definite, Braun said he is hopeful that the idea will be approved.

"A good design will make it work," but it is not imperative that his in on a food service area, and is not designed for a coffee house, the basics of getting approval are different. If it were already a food service area, then we could go in and get started," he said.

Blanton said the idea is great, but finding money and working out the logistics are obstacles that must be overcome.

When the final decision will be "("Cdwards), rightfully so, would Arts and Sciences," said James Kuder sate filter that was the foot that I don't think we can (finish started," he said.

Blanton said the idea is great, but finding money and working out the logistics are obstacles that must be overcome.

When that happens will de-pend on money and availability of space.

Blanton said the idea is great, but finding money and working out the logistics are obstacles that must be overcome.

When that happens will definish that kapens will de-pend on money and availability of space.

Blanton said the idea will be added to "Circums," when that happens will de-pend on money and availability of space.

Kuder said the offices for Minority Affairs and Student Affairs would be moved, probably to the W.D. Funkford the pend on money and availability of space.

"A good design will make it "(Edwards), rightfully so, would Arts and Sciences.

"Kate to have a building dedicated to Arts and Sciences," said James Kuder service can be defined. Arts and Sciences, said that so in the total that the total work, but it is that work. The total work, but it is not imperative that the total work, but it is not imperative that the total work. The total work, but it is not imperative that the total work, but it is not imperative that the total work. The total work, but it is not imperative that the total work. The total work, but it is not imperative that the total work. The total work, but it is the total work. The total work. The total work is the total work. The total wo

indung money and working out the overcome.

"It's getting underway," he said.
"We're trying to cost it out and see if we can find the money."

Blanton said most or all of the money would come from dining revenue, but the idea will be approved only if UK can determine that the coffee house will make money.
"It's a great idea, but if we can't make money at it, then it's not a good idea because students would be subsidizing it," he said.

Braun said UK currently is trying to get cost estimates for remodeling,

designing and start up, but doesn't make the building entirely Arts and know when the final decision will be made.

"If dwards rightfully so would

the plan is approved, work could begin immediately.

Whether registration and Add/Dro hould be easily resolved.

"With telephone registration, it is going to eliminate those long lines, we hope. So maybe we won't have to move it," he set still trying to do in the other side, or move it to the Student Center, that's one on the problems we still have to work out."

Other changes that POT might see in the not-so-immediate future include moving two departments to

#### U. of Alaska-Fairbanks takes precautions after shooting

By Jack Clarke Associated Press

FAIRBANKS, Alaska — Students at the University of Alaska Fairbanks didn't even bother to lock their dormitory doors before this week.

Then, the bloodied body of a woman was found in a dormitory bathtub in the first campus killing in two decides.

ades.
"You don't have to be in a big city
for this to happen," said Bennie Wil-liams, a graduate student from Washington, D.C.

Williams, a resident assistant in the dormitory complex, called the slaying "a wake-up call," especially for students from Alaska's remote villages.

Rose Pedi chose Fairbanks for her son, Eric, because she wanted him far away from the violence in the Boston area.

Slain. She had planned to go home Monday, the day her body was found by a jaintor in Bartlett Hall.

"I think the main thing is people have to learn that you have to be careful," he said.

Sophie A. Sergie was killed by a find warbam, Mass. "So what do single gunshot. The killer was still at large yesterfay and the movie for the attack was unknown, police said.

Crimes like that weren't yenged prise and birch forests of Alaska's Interior.

The salaying occurred just as students began studying for finals, about 69 students living in Bartlett allal moved out earlier this week.

Police said Fairbanks is slightly above the national average for violent crimes per capits. But with only 1,000 residents, actual numbers still are low.

The city had two murders in 1992. This incident was the second on-ampus slaying since 1972.

#### **DIVERSIONS**

#### **Eclectic banjoist** fills new album with Vivaldi, Bach

By Dave Lavender Arts Editor

"Only on a Lake" should be the title of multi-instrumentalist Tim Lake's new album. It would seem only fitting for a recording that tears through jazz classics, Vivaldi, Earl Scruggs, "On, On UK," slide banjo, finger-picked blues, a Christmas song and The Lord's Prayer all on the same album.

While I ake's album; in called.

While Lake's album is called Only in the Movies, it is doubtful that even a film score could run the universal gamut that Lake does in 14 tracks.

14 tracks.

Lake, who holds a doctorate from the UK School of Music (1988) for his dissertation "An American Concerto for the Five-String Banjo and Orchestra," performed his concerto Monday with the Emory Symphony Orchestra in Atlanta with multi-instrumentalist Ken Holbrook, who plays on the album and who will accompany Lake at his hometomshow on Sunday May 22 at the Third Annual Red Mile Bluegrass Festival.

"I thought I might have some success in an area like Atlanta," said Lake, who gives private lessons at Fred Moore Music Co.

sons at Fred Moore Music Co.

"It's Southern but a real eye for the future kind of place. Sometimes I've not had very good luck. Sometimes I've had rather negative responses to a banjo concerto for orchestra."

Lake, who has talked to Lexing-ton Philharmonic conductor George Zach about his concerto, said that he hopes someday he will get to perform the concerto in the area al-though the odds may be against him.

"It's so difficult as a young com-poser to get material performed with the information age when you are dealing with every composer that's ever been; whereas, Bach in his day would have had to compete

with the local composers but he didn't have to compete generally with people outside a 200-mile radi-

Lake said it is also tough with the tindset of many people today.

"Also, this society, in general, it likes to hear things they've heard before whereas during the classic era of music that was not the case. You played one piece once, and they wanted to hear something else."

One of the highlights of Lake's One of the nightinghis of Lake's performing career, which has been an on-again off-again pursuit because of his quest for a higher education, was getting to represent the United States in 1988 and 1990 at the Begegnung International Music Festival held in Graz. Austria, the land of Beethoven and Mozart.

"I guess I have always played dif-ferent," Lake said. "I never played what you would call straight blue-grass music. I was playing different things, rock influenced things, eve-ry influence."

ry intuence.

The diversity of Lake's music and his musical abilities, which encompass not only being one of the more sharp-edged, new frontier-roaming banjo players alive, but also a supple, potignant songwriter and singer, have made Lake accessand singer, have made Lake access-ible to almost any audience, includ-ing those in concert halls from

However, in today's world of musical segregation, it is nearly impossible for record companies to promote him in just one genre.

promote him in just one genre.

Thus, Lake, who recorded his first album for one of the country's top acoustic labels, Rounder Records, has put out his new album on his own label so he could have full hold of the reins,

"It's the best product recording and graphics and everything that I have ever had-anything to do with," said Lake of Only in the Movies, which is also the last work that bassist Ed Dietz played on. Lake dedi-

on your jobs anyway."

Lake, who grew up in the heyday of bluegrass music in Lexington in the 1970s when J.D. Crowe and his New South band had the Holiday Inns and Jefferson Davis Inn hopping, learned his craft from Crowe, as did many other five-string players such as Beld Fleck.

cated the album to Dietz, a UK public relations officer who died in a car wreck on October 16.
"I'm sort of the CEO and janitor of my company," Lake said of Padraig Records, his mostly mail-

Although Lake became immersed in Scruggs-style three-finger pick-ing, it wasn't long before he was weaving other musical elements into his repertoire.

His initial baptism into classical music on the five string banjo was Musio Clementi's "Opus 36" in 1976. The classical tune sits nicely in a medley of ragtime banjo, Holywood banjo on Only in the Movies alongside two ballads that show the sincer/knonewirer side of

#### **Grateful Dead influence** Hornsby's home jams

By David Bauder Associated Press

ALBANY, N.Y. — Bruce Horns-by, who gave himself 10 years to make it in Los Angeles and hit pay-dirt in six, now preaches the virtues of recording back home in Wil-liamsburg, Va.

"I don't think I could ever go back," the 38-year-old pianist said. "I'm a walking endorsement for home recording."

Hornsby's fourth album, "Harbor Lights," was recorded in a studio he built with profits from his first three successful records.

But it is not the solitary musical experience that many stay-at-home projects tend to be.

projects tend to be.

Despite a three-year break between albums, Hornsby has been
one of the music business' busiest
networkers. The self-described
"gun for hire" played on about 40
other albums and filled in on keyboards for the Grateful Dead.

Hornsby invited such friends as Jerry Garcia, Bonnie Raitt, Branford Marsalis, Phil Collins and Pat Metheny to augment his basic trio. Many of his fellow musicians made it a working vacation by staying at Hornsby's house near the Virginia coast.

During the break from his own music, Hornsby played in sessions with Bob Dylan and wrote a song with ex-Band member Robbie Robertson, recording it in New Orleans with the Meters.

Another highlight was recording a version of his "Valley Road" song with the Nitty Gritty Dirt Band.

"My horizons were broadened and I was able to get a glimpse into other people's worlds," he said. "It was inspiring to see how other peo-ple worked."

ple worked."

There was time, too, to move from California to Williamsburg and to have twin boys with his wife. Hornsby named his new sons Russell and Keith, after two of his piano-playing heroes, Leon Russell and Keith Jarrett.

Hornsby, who played Grateful Dead songs as a member of his older brother's rock band while growing up, got to experience the real thing when the band needed a keyboardist after Brent Mydland died

boardist after Brent Mydland died in 1990.

"Where else can you get to play one song for an hour?" he quipped. one song for an hour?" he quipped.

Actually, his tenure in the Grateful Dead is reflected in the more improvisational feel of his new al-

tional in concert, we had less of a set list than the Dead," he said. "That's always been part of the pro-cess, it just never came out as much on the records. It sounds looser and

"Harbor Lights" marked other changes for Hornsby. His backing band, the Range, is abandoned and Hornsby explores more fully the jazz styles hinted at during his piano solo for his signature song, "The Way It Is."

"This record is obviously more influenced by the jazz idiom, harmonically especially, and also rhythmically," he said. "A lot of it is very swing-oriented. My guys in the band, they don't know that. That's not their strength at all."

Hornsby worked with two old friends, bass player Jimmy Haslip of the Yellowjackets and former Range drummer John Molo.

Beyond those two, Hornsby said he wanted to "cast the record the way a director would."

The director's casting choices in-clude Phil Collins on bongos on the song, "Talk of the Town."

That song, with a video directed by Spike Lee, hearkens back to the racial themes Hornsby first ex-plored on "The Way It is." But the new song's swing-oriented piano and dance-style percussion make the song sound miles away musical-to

It's a story about the first interra-cial couple in his hometown more than 20 years ago.

He doesn't remember their names anymore. But Hornsby said others will be checking; there's a certain segment of Williamsburg that al-ways combs his lyrics for referenc-es to people and places they know.

"All of our records have been an-other version of 'Our Town,' " he said. "I've always wanted the songs to have collectively a sense of place, like it was all coming from one area — sort of like Southern fiction."

The album's cover art, Edward Hopper's "Rooms by the Sea," and title reflect Hornsby's ancestry among the watermen of the Virginia coast.

Through liner notes, Hornsby ex-plains the genesis of his songs in more detail than most musicians, even noting when he's been in-spired by other songs.

He said he's not worried about

"I'm just trying to do good work and do it better," he said. "I don't have control over this other thing. To live and die by the charts is real-ly a bad thing. It's unhealthy. Obvi-ously, if you listen to this new record, you know I'm not doing that."

UK graduate Tim Lake, singer/songwriter and banjoist, has recently released Only in the Movies, an eclectic banjo album.

"I'm sort of the CEO and janitor of my company," Lake said of Padraig Records, his mostly mail-order company, "It's a lot more work of course to control every-thing, but it's worth it in this kind of music where you sell a lot of stuff on your jobs anyway."

"I begged J.D. to teach me," Lake said. "That's when I first try to learn to play the banjo and he had first stopped teaching. He said he wasn't a good teacher anyway, but he said you can come out here any-

film. Imagine Bill Murray's Carl from "Caddyshack" played by Buster Keaton or Charlie Chaplin.

#### Raimi highlight of otherwise silly picture

Pollak Touchstone Pictures

By Greg Laber StaffCritic

One summer, when my brother and I were young, my mom sent us away to a summer camp. It was pretty unevenful stuff, but I guess we had fun.

Writer-director Mike Binder, on the other hand, must have had an incredible time in summer camp. His new film, "Indian Summer' is about eight grown-ups who return to their summer camp after 20 years. They do all the things they did as kids and somehow come away from it all better for the experience. It's like "The Big Chill' meets "Meatballs."

The story begins when Uncle

meets "Meatballs."

The story begins when Uncle Lou, played by Alan Arkin ("The Rocketeer," "Edward Scissor-ands"), invites his favorite kids to come back for one final summer, the tells them he is relinquishing control of the camp after 43 years.

There's no single story line to "Indian Summer," Like other ensemble pictures, it's a collection of subplots, some of which are more satisfying than others. While this gives the film an uneven feel, it also provides a comfortably relaxed pace.

MOVIE REVIEW .....

The plot line that gets the most attention involves Matt, played by Vincent Spano ("Alive"). Matt has come to camp to sort things out with his wife, Kelly, but finds himself rekindling a relationship with his childhood crush, Jennifer.

his childhood crush, Jennifer.
Meanwhile, Matt's cousin, Bradley, is annoying everyone. Played
by Kevin Pollak ("A Few Good
Men"), Bradley was the kid who always pulled pranks on the other
kids. Now, he finds himself the butt
of all his old pranks.

Also present are Beth and her long-lost beau, Jack. Everyone is astonished when Jack shows up because he was mysteriously kicked out of camp 20 years ago and never heard from again.

heard from again.

Rounding out the list of campers are Jamie and his young fiancée, Gwen. They are fitness buffs who are sickeningly in love until it becomes obvious that Jamie has very little respect for his attractive wife-to-be.

The highlight of the film, howev-

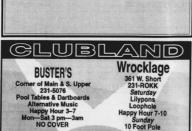

Buster Keaton or Charlic Chaplin.

The acting is good all the way around. Arkin, in particular, is interesting as the patriarchal camp leader who realizes that his days are coming to an end. Unfortunately, all the characters find themselves competing for screen time, and it often is difficult to tell them

In the end, however, I was great-ly entertained by "Indian Summer." It's silly, easy-going fun was more enjoyable than my real-life summer camp experience. And best of all, it was only two hours long.

"Indian Summer," rated PG-13, is showing at Man O' War and South Park cinemas.

#### Plaid-clad ska-core band has mighty, mighty sound

Ska-Core, the Devil and more

By Will Burchard Contributing Critic

The Mighty Mighty Bosstones are the baddest plaid-wearing, ska-core, eight-piece band on the East Coast. And the group's new Mercu-ry records EP, Ska-Core, the Devil and more, proves this beyond a shadow of a doubt.

spadow of a doubt.

The Bosstones have built up a nationwide following, thanks to a pair of indie releases, Devil's Night Out and More Noise and Other Disturbances, and an EP featuring the band's biggest single to date, "Where' d'Ya Go?," as well as covers of songs by Aerosmith, Metallica and Van Halen.

on the band's new seven-song EP, a preview of the group's full-length release in stores May 18, the Bosstones prove to be one of the funkiest ska-core bands around. Their music blends elements of hard-core punk and reggae-ish ska into a musical genre to which few other bands belong.

The EP opens with "Someday I Suppose," a hard-hitting, loud guitar and horn-driven piece that will be on the new album. If the whole album is half of what the single is,

Music Review

Next is a dip into the customary array of Bosstone covers. The first three, "Think Again" by Minor Threat, "Lights Out" by Angry Samoans and "Police Beat" by Boston straight-deel jeegned SSDcontrol, are all hardcore classics that present the Bosstones at their hard-est edge.

The fourth cover, "Simmer Down" by Bob Marley, presents the Bosstones at their mellowest and proves that they can span the spectrum.

The EP closes with a live cut from a December '92 show, "Drugs and Kittens/"Il drink to that." This medley showcases the Bostones at their finest — in live performance, for what the group is really known. But the band wasn't always this good.

The core of the Bosstones —
bassist Joe Gittleman, guitarist
Nate Albert and backing vocalist
Ben Carr — has been playing together on and off since high school.
Those members recruited Dicky
Barrett's Tom Waits/Lemmy Kilmister/Shane Macgowan voice and

Only three performances into their career, the group played a show with ska-greats Fishbone and were blown off the stage, conse-quently breaking up for a few years.

But the band members decided to give it a second try by adding Joe Sirlois on drums and the "Hurtin' for Certain" horn section — Dennis Prockenborough on trombone and Kevin Lenear on sax. With "Mighty" added to the band's name, it signed to the Boston-based Tanagl rocords and released Devil's Night Out.

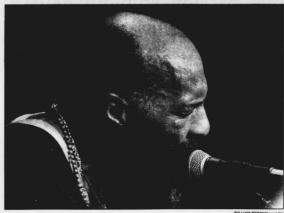

After releasing its second album, More Noises and Other Disturbanc-es, the group nabbed a commercial for Converse sneakers. It highlight-ed the band in a live show dressed in its trademark all plaid, but this time donning fresh Chuck Taylors.

The album single "Where'd Ya Go?" collected honors for the best single along with awards for the best album and best rock band at the 1992 Boston Music Awards.

Judging by honors like these and a strong new EP, the forthcoming album may just help the Mighty Mighty Bosstones' dream of living in a "plaid, plaid, plaid, plaid world" come true.

Sherman's Alley by Gibbs & Voigt

#### Woodstock legend lives life close to environment, kids

By William Perry Staff Writer

Richie Havens, a legendary musician who recently appeared at the Kentucky Theatre, has be-come active in trying to preserve the environment. In 1990, Ha-vens formed a group called the Natural Guard to educate chil-dren about the necessity of pro-tecting the environment.

"The most important environ-mentalists are people under four feet tall," Havens said. "My main concern is children; I call them 'planet-tiers.' They are vic-tims of our mistakes in the envi-ronment."

"I formed the Natural Guard as a way to get kids in the com-munity interested in and in touch with their environment," Havens

"I became interested in the an-imal rights movement and opened a museum in the Bronx

19 years ago called the Northwind Undersea Institute," he said. "The museum allows kids a chance to see what goes on in the water that surrounds their city.

"Through the museum experience, I learned that kids have all the answers; they are aware of the missides (society has made) and concerned about the planet. That's why I call them planet-tiers," Havens recounted a story of when the Northwind Undersea Institute became interested in the plight of a sperm whale that had beached itself on Brightno Beach and was left to die. "The whale was diagnosed with pneumonia," Havens explained. "Sperm whales eat seals whole, and as a consequence no one wanten to get near it to give the medicine." I'll have a buddy, Michael Sandloader, who believes in natural communication and/was not afraid to try in the whale its medicine. Michael bought some squid, stuffed

#### Local bands search for wiregrass, neverland on new CD releases

By Matt Harrison Staff Critic

As a fan of local music, I nearly had a coronary last week from ex-

Two of my favorite bands re-leased long-awaited albums just about a week apart. After waiting nearly a year for either the new

Groovezilla or Stranglmartin, I suddenly had to get both of them
ASAP.

Released under the Bored and
Dangerous label, Search for Neverland is the first album from Groovezilla. The album lives up to the
group's live shows, and if you have
ever seen the band live (I suspect
most of you have) then that is

The only fault I could find with

The only fault I could find with

ardiand.

The only fault I could find with the album was the mix on the song "Our Time." The chorus scemed out of place with the rest of the source of the rest of the album. That one fault is fleeting and minor when held up to the grandeur of the rest of the album. St. Jarrod's vocals hold intense emotion true to proper Zilla form. However, the fuel that drives Zilla into that trademark groove is the bass mastery of Scott McEwen.

T've had the good fortune to witness the bass taping of Billy Sheenan and Flea first hand, but for that funky sound 1 still prefer McEwen over both of them.

Search for Neverland will get you dancing while preaching social oneness. Groovezilla has focused its lyrics on correcting the ills of society. Songs such as "Everything all the Time," "Negative Posse" and "Stop the Drama" mention problems like money and people who just don't get what the heck is going on.

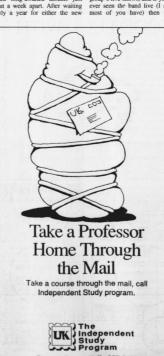

You can catch the Zilla fever at Lynagh's tonight.

You can catch the Zilla fever at Lynagh's tonight.

Wiregrass is the first release of Wrocklage Wreckords, the newest local music label. After nearly a year of sitting on a completed album without a record company. Stranglmartin members David Butler and Martin Shearer decided to release the album themselves.

Wiregrass is 15 tracks of pure Stranglmartin. From the first time I heard this band, I searched for the best way to describe it.

Awesome is the only way I can explain the sound. Stranglmartin is a three-piece ball of energy. A connucopia of musical influences and inspirations abound on Wiregrass.

Room 1 Frazee Hall - 257-3466

#### Love, passion, stupidity grace film about college relationships

**Associated Press** 

"Three of Hearts" is a movie dedicated to the kind of love that makes you dumb; the kind of passion that renders you speechless and — when it's over — it'll have you stupidly calling your lover's answering machine just to hear that voice once more.

It's that maddening mystical id.

It's that maddening, mystical, id-iotic attachment that knows no log-ic and no reasoning. And when the person who induces this dementia dumps you, it's absolute agony. "Three of Hearts," however, is a nure pleasure.

Like love itself, this movie is not perfect. But, also like a good romance, it is genuinely affecting and sweetly beguiling.

sweetly beguiling.

Set in New York, it's the story of a slick male escort, Joe Casella (William Baldwin), a shyster who makes rich Park Avenue matrons feel sexy again in a job that's part prostitute, part therapist. In his beautiful Gianni Versace suits, he's a smooth operator; still, he's little more than a high-class hustler.

len "needs more space." Ellen, who is bisexual, breaks the news to Connie at Washington Square Park in a scene that seems as real as it does poignant. Connie reacts by shouting to passers-by to make way for Ellen ... because she needs more space. Besides her heartache, Connie has a problem: She needs a date for a big family wedding where she had planned to "come out" with Ellen She hires Joe to escort her only to find out at the end of the evening that he has a problem, too, Joe's got a ex-con after him looking for revenge for getting him sent off to prison.

prison.

Connie takes him in and when she hears Joe brag that he can get "any woman, any time, guaranteed," she wheedles a favor from him. The deal is that he will seduce Ellen and then dump her. "You can break her heart and then send her back to me!" Connie gleefully exclaims.

But now all three have a problem. Joe has presented himself to Ellen as a completely fictitious character. Connie bears responsibility for setting this cruel prank into motion and Ellen is being duped by them both.

This unusual triangle squirms and wiggles as each heart comes to terms with a predicament that founded on lying, duplicity and mean-spirited sneakiness. And it's the soul searching that really is the core of "Three of Hearts."

On a lofty level, "Three of Hearts" speaks to the power of love and its ability to deliver us from wretched lives into something sub-lime. But at its heart, it's a refreshing romp, as sparkling and as sexy as a spring day.

Guitarist Brady Sharp, drummer Ruy Ferrington, vocalist Jeremy Holt and bassist lan Chai make up the band Onion Boy, which is playing Saturday at a Derby party/cookout at N Campus Courtyard. Also playing at the cookout is Shade Tree Mechanic. The Mechanics, prised of bassist Will Luttrell, guitarist Drew Hanratty and Bob Cardin are playing at 1 p.m.

# makes rich Park Avenue matrons feel sexy again in a job that's part prostitute, part therapist. In his beautiful Gianni Versace suits, be's a smooth operator; still, he's as mooth operator; still, he's level to consider the consequences of sending a both-blooded, handsome as all get upto man in pursuit of her luminous beautiful griffriend, because Ellen (Sherilyn Fenn), because Ellen (Sherilyn Fenn),

Chris Kidwell Staff Critic

Perry Farrell has given us music junkies a great deal to cheer about since he and his band, Jane's Ad-diction, exploded on to the music scene back in 1987.

Aside from three of the best rock'n'roll albums ever made, with Jane's Addiction, Farrell has given us the precious Lollapalooza tours, and he even has a film due out soon called *Gift*.

For most individuals, the above seems to be a great deal of responsibility. For Farrell, these aren't even his top priorities.

When Jane's Addiction broke up after 1991's Lollapalooza tour, at the band's peak, Farrell gathered a new entourage for another journey deep into the world of creative rock'n'roll.

Porno For Pyros is Farrell's new band, and he hasn't lost any of the uniqueness and creativity that graced the trio of releases from Jane's Addiction.

Like Jane's, this band is a quartet. In fact, only half of the members are actually new.

Drummer Stephen Perkins was the one pounding out the beats for the powerful Jane's Addiction. The remainder of the lineup is rounded out by newcomers Peter DiStefano and Martyn LeNoble.

DiStefano lacks some of the creativity of Jane's guitarist, Dave Nativity of Jane's guitarist, Dave Nativity has remains a very solice

player and blends well with the band. If anything is lost in the gui-tarist's slot, bassist Martyn LeNo-ble fills any holes with his funky bass lines. At times, LeNoble lays down rhythms comparable to the one and only Flea.

The debut by Porno For Pyros is 11 tracks of raw energy and pure creativity. Anyone who adored Jane's Addiction should be equally content with this release.

If there is anything missing, it's the hypnotic classics that were on Jane's releases, such as "Jane Says" and "Three Days."

Not to worry! Porno For Pyros kicks off with "Sadness," which is a killer track and ruly captures the band's sound. This song shows off Farrell's unique vocal tones. He's either singing softly or reaching his audiences with his bone-chilling shrieks.

Regardless of his choice and style of vocals, Perry Farrell sounds as

Probably the best track on Porno For Pyros, however, is "Meija." This song showcases the talent of bassist Martyn LeNoble and creates vibes that are eerily as good or bet-ter than anything Jane's Addiction ever did.

The remainder of Porno For Py-

ros is equally as good as "Sadness" and "Meija." However, I don't want to ruin anything for you planning on adding this one to your collection.

Besides, a release this good deserves to be discovered by each fan individually.

#### REQUEST FOR PROPOSALS

#### Prairie Bayou draws 5 hole for start of 119th Derby

LOUISVILLE, Ky. — A pill with the No. 5 on it was just what the doctor ordered for Kentucky Derby favorite Prairie Bayou. At least, it was a tonic as far as trainer Tom Bohannan was concerned.

trainer Tom Bohannan was concerned.

"It gives me peace of mind, but
I'm sure Prairie Bayou doesn't
know the difference," Bohannan after Prairie Bayou drew No. 5
post in a field of 19 3-year-olds for
the 1 1/4-mile Derby tomorrow at
Churchiil Downs.

Prairie Bayou likes to come from
off the pace, and Mike Smith now
will be able to take the gelding back
without any jockeying or jostling in
the long run to the first turn.

Prairie Bayou, the only horse in
the field with consecutive victories,
was made the early 5-2 pick. In his
last two starts, the Loblotly Stable
gelding won the Jim Beam and the
Blue Grass. He also won twice at
Churchill Downs as a 2-year-old.

Blue Grass. He aiso won twice at Churchill Downs as a 2-year-old. The last gelding to go off the fa-vorite in the Derby was Rockhill Native, fifth in 1980. Seven geld-ings have won the race, but none since Clyde Van Dusen in 1929.

who don't run well after the race."
Bohannan and owner John Ed
Anthony considered running a Lob-lolly Stable entry of Prairie Bayou and Marked Tree.
They decided, however, to hold
Marked Tree for either the Illinois berby May 8 or the Preakness May
15.

1979.  Personal Hope, the Santa Anita Derby winner, was the early second choice at 7-2, followed by Storm	119th Ker	ntucky	y Derby
Tower, Wood Memorial winner, at 9-2. Both colts like to run on or near the pace.  Personal Hope, ridden by Gary Stevens, drew No. 7, also a favorable post, but Storm Tower drew the rail.  That means the speedy colt will have to stand in the gate while the 18 other starters are loaded and that Rick Wilson will have to gun the colt at the break so he won't be shuffled back.  Asked what horses might have been hurt by the draw, Bohannan said, "You'll have to ask the people who don't run well after the race." Bohannan and owner John Ed Anthony considered running a Lob-lolly Stable entry of Prairie Bayou	1. Storm Tower 2. Kissin Kris 3. 1-Truth of it All 4. Union City 5. Prairie Bayou 6. Sea Hero 7. "I would rather have a better post, but there's not much I can do about that," he said. "That's what we got."

#### GOP sends George Bush; Dems send Clinton's mom

Associated Press

LOUISVILLE, Ky. — The game for politics continues tomorrow at

LOUISVIILLE, Ky. — The game of politics continues tomorrow at the Kentucky Derby.

The Republicans will be represented by former President George Bush; the Democrats are countering with their top horseplayer, Virginia Kelley. She's the mother of President Clinton.

For years, Kelley has been a reg-ular at Oaklawn Park in her home-

ular at Oaklawn Park in her home-town of Hot Springs, Ark. Loblolly Stable, based in Hot Springs, will have the Derby favor-ite, Prairie Bayou. Sheila Day, wife of jockey Pat Day, designed Kelley's gown for her son's inauguration in January. Four-Leaf Clover: Tossothtecoin, who has not been out of the money in his last eight starts, is certain to be a longshot Saturday, but trainer T.R. Bell II says his colt just needs a little luck.

a little luck.

"He's never run poorly," Bell said. "He always tries. If he doesn't have any bad luck, I reckon that

he's going to run very, very well.
"All you need in this race is an
amount of good luck. Something he
has never had is good luck. In all
his races, there's always been a litthe problem. Getting through, too
slow of a pace, traffic problems in
he race, getting bumped and going
wide.
"He's never had things all his
way. That's what you need in a race
like the Derby. The sea has to open
up for you."
Jockey Offers: Trainer Howie
Tesher had several phone calls from
jockey agents on the weekend of
March 20. After all, the Teshertrained Bull Inthe Heather had just
won the Florida Derby by two
lengths with 25-year-old Wigherto
Ramos in the saddle.
Tesher said he wanted to stick
with Ramos, but he presented the
options to owner Arthur Klein.
"About a day and a half later, he

with Kamos, but he presented the options to owner Arthur Klein.

"About a day and a half later, he called me at four in the morning and said, 'I want to ride him (Ramos).' "

Tesher said Ramos is full of confidence.

#### Track announcer looking for sunny skies, fast track or a nightmare

LOUISVILLE, Ky. — If tomorrow you're lost in the middle of the Churchill Downs infield and you haven't seen a horse all day, you may need not worry about missing the 119th Kentucky Derby.

With any luck, above the crowd, you'll hear the voice of track announcer Mike Battaglia calling his 16th Run for the Roses.

carted away by one of Louisville's finest can be difficult, imagine memorizing 20 sets of silks and having to pick them out one by one as you call the two-minute cavalry charge for the more than 100,000 people at the Downs.

"It is tough." Battaglia said. "I guess if you called 20 horses every day, you could probably get used to it."

While your lot may be hed if it.

ouncer Mike Battaglia calling his fixed Run for the Roses.

Although enjoying the day as nuch as possible without getting a Derby on a muddy track makes it ways look forward to the Derby.

"If you've got bright sunshine and a fast track, that's what you're looking for if you're an announcer,"

hange for the more than 100,000 becopie at the Downs.

"It is tough." Battaglia said. "I tuess if you called 20 horses every that, you could probably get used to the While your lot may be bad if it aims and you're unprotected in the field, it could be weenful.

Some renewals are more memorable than others, he said, like last year when Li IE. Tee came home in front with Pat Day aboard, giving the winningest jockey at Churchill Downs his first Derby.

"I was real happy for Pat Day last year." Battaglia said.

year," Battaglia said.

The emotion of the Derby is easy to get caught up in. "I don't think you call it like any other race," Bat-

taglia said.
Pat Day's winning at the Downs Pat Day's winning at the Downs is nothing uncommon, not worth mentioning during the stretch call. But when Day was about to win the

Derby, Battaglia said he called it Lil E. Tee with Pat Day in the sad-"I don't think it's a faked excite-

"I don't think it's a faked excite-ment," he said.

Battaglia said he also was happy for trainer Carl Nafzger whose colt Unbridled took the roses in 1990, but "not as happy as I was for my exacta."

Other calls are less memorable, like in the 1980 Derby when Batta-glia said he was surprised to see the filly Genuine Risk leading the way. He said the call sounded something like "and it's Genuine Risk?"

winner's circle tomorrow. Battaglia, who also sets the morning line,
makes the Loblolly Stable horse a
52 favorite.

Battaglia said he saw the gelding
nun a Charchill in November, and
the horse impressed everyone. After
the win in the Beam, Prairie Bayou
was considered second fiddle of the
Loblolly comenders, Battaglia said
he wrote in his program: "This was
the best Loblolly 3-year-old and
their Detry hope."

#### Svoboda's three, Hansen's national title highlights of school year

The memories of covering a full year of UK sports could fill much more than this page has to offer. Still, with an emotional hybrid of remorse and elation, I present a few random thoughts on a magical year.

Jenny Hansen may have deliv-ered to gymnastics coach Leah Lit-tie what others could not — a full house. Little obsesses over the size of the crowds at the team's meets at Memorial Coliseum, and maybe thansen's national championship will draw enough attention to the

program that someone actually will want to come watch.

•Could UK President Charles Wethington have written a better script to the UK basketball team's trip to the Final Four?

Todd Svoboda, the walk-on sen-ior center who is actually more stu-dent than basketball player, drained a miracle three-pointer that was ab-solutely meaningless to the game but a beautiful way to send a pro-gram to the Final Four just two years off probation.

\*Doug Pelfrey's blocked field goal that would have beat Missis-sippi State was the most disappoint-ing moment of the year. An alert fan would have seen him make one much longer than that during pre-game warmups in Gainesville, Fla., into the wind no less.

But this time, with the game on the line, Pelfrey couldn't deliver a fairy tale ending for the Wildcats like he had so many times before, and it wasn't his fault.

For Pelfrey, there was a fairy tale

ending of sorts last week when he was selected in the eighth and final round of the NFL draft by the Cincinnati Bengals. Perhaps Pelfrey, who grew up in a Cincinnati sub-urb, may get a shot to win a game for the Bengals since no one else seems to be able to.

Remember last summer, when you came to Lexington to rent an apart-

ment and there were none left? Deposits and leases are now being accepted for May & August, 1993. 1,2, & 4 bedroom apartments on Euclid, Transylvania Pk, Woodland, Maxwell and High Streets.

"SUMMER SESSION HEALTH FEE"

The health fee is voluntary in the summer. Registered students at UK and LCC who wish to pay it should do so during the first week of each summer session when tuition is paid. Registered students may also pay the full amount for the entire summer (regardless of which session they are attending) by coming to the cashier's office in the Health Service.

attending) by coming to the cashier's other in the Health Service. Registered summer session students who do not pay the fee may still be seen at the Health Service, but on a fee-for-service basis. The minumum charge for a student is \$25 a visit. Lab and x-ray services are also charged on a fee-for-service basis.

Health fee coverage is available to UK and LCC students not registered for classes in the summer months, if they were registered in the spring semester and expect to be in classes in the fall. The fee is the same as for registered students. This arrangement allows continuity of care for students during the summer months. Payment of the summer health fee by this group of students must be made to the cashier in the Health Sevice during May. Health fee payments will not be accepted by the Student Billing Office in the Student Center from students who are not registered for summer classes.

• Walk Home

tween the UK football and men's basketball programs. The worst ex-ample may be that of the hypocriti-cal UK fandom.

cal UK faindom.

The baskethall gets a parade for having the best record in the Southeastern Conference, even though the program is still on NCAA probation. When it lost to Duke the Final Eight last year and then to Michigan in the Final Four this season, throngs awaited its return to offer condolences and congratulations for a job well done.

seems to be able to.

#### Wildcats finish off K-State 19-4 in marathon game

With UK leading Kentucky State 19-4 in the ninth inning last night at Shively Field, some familiar faces made unfamiliar appearances. Pitcher Lohm Frazier took right field and catcher Billy Thompson went to the mound, each with chances to showcase his before-untapped abilities. Frazier had a pop fly come into his vicinity, but didn't get thers coon enough. Firstbaseman Chad Imel made the catch.

"I was trying. I was going all out," Frazier said of his effort.

"Man, I've got wheels," he said, pointing to his legs. "I should have had it."

Some on the UK bench didn't

had it."

Some on the UK bench didn't have quite as much confidence in Frazier's outfield play.

"I told (centerfielder) Tom Thae-

mert to get to anything he could," UK associate coach John Butler

UK associate coach John Butler said.

Thompson pitched a perfect ninh inning in his only pitching appearance of his Wildcat career.

"Billy Thompson was throwing gas on the mound," UK coach Keith Madison said, "He was one of those guys in high school who played shortstop, he pitched, he caught, He's just a great athlete. I almost wish I could have given in a chance on the mound earlier in his career."

Thompson's position said pitching wasn't too much of a switch from catching.

"Lohrn and I just wanted to have

chance who to be the function of the function of the function of the function of the functions. Smith struck out in both plate

tions. Smith struck out in both plate appearances.

"He's got to do us pitchers up right," Frazier said, laughing. "He's gotta hit the ball. He said the pitch-es were outside. To me, they looked right down the middle. We want to hit too."

hit too."

The game was not much of one after the first inning. The Cats pounced on Kentucky State, scoring seven runs. UK shortstop Jeff Michael went 2-2 in the inning, the first time a Wildcat player has done so.

first time a Wildcat player has done so.

Save a three-run third inning by the Thorobreds, they played like pack mules. Kentucky State made five errors on the night. One was most pronounced as Thorobred diridbaseman Scotty Jones threw a grounder deep into the nighttime sky, somewhere near Commonwealth Stadium.

The Cats' onslaught contained 21 hits against four Kentucky State pitchers. Eleven Wildcats hit safely in the drubbing. UK was not kind to KSU starter Mike Hockinsmit (2-5) as he only managed one out, giving up seven hits and seven runs.

UK's Greg Reid (5-0) pitched five innings giving up only three hits. Reid struck out eight Thorobreds and only walked one.

Sweeping Florida three games the week before has carried over for the Cats, winning seven straight and improving to 28-16.

ALMOST HOME: UK's Chris Gonzales slides into third after a sacrifice fly. He later scored one of 19 Wildcat runs.

of Dreams.

UK built it, but Shoeless Joe
Jackson dcesn't come. And neither
does anybody else, really. Those
who do probably get bored and
leave quickly.

Who can blame them? Games often stretch into the wee hours of the
night, with not a lot of action to
pass the time.

pass the time

pass the time.

Last night's game was the prime example. Of course, the interpretation of the word "game" is a loose one here, as UK's 19-4 destruction of Kentucky State amounted to little more than extended batting practice for the Cats.

A seven of first inping weapend.

the more than extende obtaining practice for the Carts timing wrapped up the game for UK, but there still were eight innings left to play. Eight exercitating innings.

About the only suspense the rest of the game provided was wondering whether the Thorobreds would ever make a good throw to first base, or if the Cats would score 30 runs. Would the game end before the grass grew too high?

Watching laundry spin in a drying machine has been more exciting. The Hundred Year's War was quicker and less painful.

the grass grew too high?

Watching laundry spin in a drying machine has been more excling. The Hundred Year's War was quicker and less painful.

Even the players had to find things to entertain themselves. Before the end of the game, coach Keith Madison had pitcher Lohm Frazier playing right field, pitcher Scott Smith in the designated hitter slot and catcher Billy Thompson pitching the final inning.

Maybe some free giveaways. Free \$100 bills to all who come in the three players had to have a like the properties of the properties. Before the end of the game, coach Keith Madison had pitcher great playing right field, pitcher got great playing right field, pitcher great pla

marathon. Last night's crowd was estimated at 548.

Yeah, right. There were 548 people at Shively last night if you count players, coaches, vendors, peanuts and throw in the number of cars parked in the stadium lot.

When the Cats schedule team only slightly stronger than the Ba News Bears, they're going to light up the scoreboard.

up the scoreboard.

But still, there must be something they can do to attract a crowd. Maybe some promotion is in order—preaching the benefits of a game at Shively. Seriously, what other place can you compile your income taxes, learn a foreign language, enjoy the entire New Testament and still have time to sing "Take Me Out to the Ballgame" during the seventh-inning stretch?

Maybe some free ejivgaways.

Maybe some free giveaways free \$100 bills to all who come

#### **GOLDEN FORKS**

Years ago, so the legend goes, an embittered Kentucky Kernel editor came back to the office upset, hurt and insulted. A prominent campus fig-ure had unfairly harangued the young reporter for an offense that he did not commit-

not commit.

It was that point, in the heat and sweat of tension, that the young editor toword revenge. From those feelings of hate, the Golden Forks were born.

As a testament to that young reporter, we take it upon ourselves to strike back with venomous picasure at those who have wronged the mighty

back with venomous pleasure at mose who have wronged de migony Fourth Estate. Each that's the same crock of bull we have told the cam-pus for that past four years. But it's such a good story, we decided to re-peat it again. Actually, the Golden Forks are our way of venting a bunch of anger in a civilized, mature manner! Jorked, take it up with next year's editors — Lonce Williams in the summer and Tyrone Beason in the fall. Or write us a letter. It may not get published, but you'll feel a lot better. Have a good summer.

The 1-800-Section-Closed award goes to the folks in the University Registrar's Office for devising the soon-to-be implemented phone registration system. No longer will registration workers have to tell students they can't get the one class they need to graduate. Instead the job will fall to the cold voice of a computer recording. So much for the personal touch.

The Better Look Busy award goes to all UK employees. Vice President for Administration Donald Clapp, when describing why eight positions in the design and construction department were being cut, said it was just because there wasn't as much construction to take care of. Better skip that coffee break.

The Clapp-On award to Vice President for Administration Donald Clapp, who every time the word layoff was mentioned on campus came to the administration's defense with a Clappwellian explanation of why it wasn't a layoff.

WETHINGTON

ROSELLE

The Charles-speak Quote of the Year award again goes to UK President Charles Wethington. Wethington showed his penchant for making bold, meaningful statements at January's Board of Trustees meeting. Talking about realignment, Wethington said, "I'm not committed to any specific change, nor am I committed not to change." Way to go out on a limb.

The Caller ID award to UK President Charles Wethington. The University is considering upgrading its phone system to include the identification The cauter ID award to UK resource cancers weight to include the identification service. This comes just a few months after former president David Rosselle called from his new job in Delaware to tell a UK employee — who was told she would lose her job — that he would take care of her. Is it a coincidence, or is Charles trying to stop these prank called.

The With Friends Like You, Students Don't Need Any Enemies award to Charles Wethington and the presidents of the other state universities. Tired of state budget cuts, the presidents went to their most reliable and familiar source of money — helpless students' pocketbooks.

BLANTON

The Front Row award to Vice Chancellor for Administration Jack Blanton, whose reappearance at Board of Trustees meetings this year oddly coincided with former Gov. Wallace Wilkinson's departure from the board and the appointment of Blanton's former boss, ex-Gov. Edward T. "Ned" Breathitt. So much for dodging the hot seat.

The Jane Fonda Steppin' award also goes to Blan-ton, who is finally getting around to the ancient idea of serving franchise fast-food on campus. Maybe Jack has finally grown (around the waist) tired of those taco salads at the Student Center.

The Worthless Piece of Paper award goes to the Student Government Association constitution, since no one in SGA pays any attention to it. We've always suspected it could be put to better use as to let paper, and our suspicions were confirmed this year when supreme court justice Jill Cranston supported a presidential candidate.

The constitution explicitly forbids justices from actively supporting candidates, but that didn't matter to Cranston. Her supreme breach of ethics addidn't seem to bother the court. It elected not to begin impeachment proceedings against her.

gin impeachment proceedings against her.

The Senate ignored the constitution, too, when its members decided the issue was not important enough to call for Cranston to step down. When a government has a constitution that can be ignored for expedience, you have anarchy. You also have

The Back to the Books award to former Gov. Wallace Wilkinson whose being booted from the Board of Trustees last summer took him away from UK and sent him back to his bookstore.

The Team Player award to Chancellor for the Lexington Campus Rob-rt Hemenway for completing only his second of four years in which he as not a finalist for a search at another university.

The Cry Me a Big Blue River award to UK quarterback Pookie Jones tho cried after being booed by UK fans tired of losing. Get the clue, Poo-

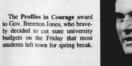

The More Things Change ... award to the UK football team. After months of hype about its top secret, highly-potent Stack-1 offense, the team managed an impressive four-win season. Maybe next season they'll consider doing the basics, like completing passes. That would be revolutionary.

The Blue Light Special award goes to the Kentucky General Assembly, whose money-making skills were legendary throughout the Commonwealth, until an FBI investigation revealed that the state's legislators could be swayed for pocket change.

The Did I Say That award to Ken Walker, the manager of Lance Dowdy's successful campaign for SGA president. Walker's previous presidential intentions got in the way because last year he touted Dowdy's opponent Jeremy Bates as begin "undoubtedly one of the top student leaders on this campus."

this campus."
So, how does your foot taste, Ken?

The If You Can't Beat 'em, Rob 'em award goes to Pi Kappa Alpha so cial fraternity. Apparently still upset over last year's overtime loss to Duke a group of Pike pledges broke into Duke's Cameron Indoor Stadium and stole Christian Laetiner's retired jersey, among other things. Should walert the security guards at Michigan's Crisler Arena to be prepared for the fall Pike nash;

JONES

The COM 181 Public Speaker of the Year award goes to Student Government Association President Pete November. At October's higher education rally in Frankfort, Ky., November used his turn at the podium to utter those now famous words of inspiration: "Co Cats!"

Whooh, the governor was shaking over that one. The statement probably spared UK from another budget cut for all of about five seconds.

Pete, it's called charisma. Look it up.

The Re-Pete award goes to SGA President Pete November who the precedent set by his predecessor Scott Crosbie of trying to cirthe Senate when it didn't agree with him.

The José Can You See award goes to country singer John Michael Montgomery whose butchering of the words to the National Anthem before a UK home basketball game made Roseanne Barr seem closer to a virtuous and reminded many of Frank Drebin in "The Naked Gun."

The Sominex award goes to Vice President for Information System Gene Williams who was among those caught napping during a speech b UK President Charles Wethington at a Board of Trustees meeting this s

mester.

Get this man a pillow. Is this what kind of service we receive for last year's student fee increase? Party on, Gene.

The Butt Out award goes to smokers on the Lexington Campus, who will now have to light up outside all campus buildings, thanks to an order

by Gov. Breeton Jones.

UK officials have been slow to implement the policy. But now that all the leaves on campus have been blown to Paducah, maybe Physical Plant Division workers can remove all the ashtrays.

The Snow Job award goes to spring break-bound UK students who ignored weather reports and common sense to battle the Storm of the Century to try to make it down to Florida. Those who didn't get stuck in Tennessee discovered below-average temperatures in the Sunshine State.

Next year, try cable channel 27. It's called the Weather Channel.

The Four or Five = Nine award to trustees chairman and former Gov. Edward T. "Ned" Breathitt, who lost count of how many trustees attended a strategic plan briefing.
Ten trustees would have constituted a meeting; at least nine were seen present. Mathematician Ned thought there were only about five trustees present. Better let someone else call the roll, Gov.

The Mirror, Mirror on the Wall II award goes to Rick Pitino, who is still his own greatest fan. The award is for a man whose superb coaching abilities are surpassed only by his ego. Despite his large and devoted following, Rick is a perennial favorite for this award and usually wins by a landslide.

The 1+1 = \$1 million award to UK basketball coach Rick Pitino. In November he told us he's "not into graduation rates. I think all that's non-sense. I think the education is the most important thing that a young person can go through." So what you're saying is that because Janal Mashburn has had such an outstanding education in his three years here, you told him

The Big Easy Shaft award goes to the UK Athletics Association. Athletics generously donated a whopping 500 tickets to students for the Final Four, sending about half who showed up for the student lottery home empty-handed. The other 2,500 tickets went to alumni and "friends" who showed their support for the team by sitting on their hands all year in Rupp
