

Minutes of the University Faculty - April 24, 1942

MINUTES OF THE UNIVERSITY FACULTY
April 24, 1942

The University Faculty met in the President's Office Friday, April 24, 1942, with President Donovan presiding. Those attending were Paul P. Boyd, C. C. Carpenter, W. E. Freeman, Alvin E. Evans, Henry H. Hill, Frank D. Peterson, and Edward Wiest.

The minutes of April 10 were read and approved.

The revised rules governing all academic matters were again presented to the University Faculty, after having been corrected by the Rules Committee to conform with the change from the semester system to the quarter plan. The rules as amended were adopted, with the provision that they be included in the minutes of the Faculty by reference to the copy in the files of the Registrar's Office.

In this connection, the Faculty instructed the Secretary that the recently made changes in the curricula and courses in the various colleges might also be included in the minutes by reference to the files of the Registrar's Office.

Dean Evans presented to the Faculty the revised courses of the College of Law with the changes made necessary by the adoption of the quarter plan. These law courses were approved by the Faculty and are incorporated in the minutes by reference.

The University Faculty approved the request of the Pershing Rifles and the Confederate Squad to be allowed to make the trip to Ohio State University in order to participate in the annual drill meet. This permission covered Friday and Saturday, April 24-25.

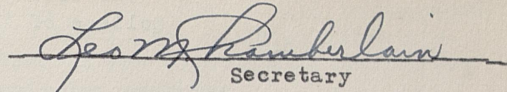

Upon recommendation of the College of Education, R. Douglas Montondo was allowed full credit for courses carried during the present semester. Mr. Montondo left school on April 18, one week prior to the close of the twelve weeks' period set by the Faculty as the minimum requirement for full credit. Half credit would have completed Mr. Montondo's requirements for graduation, but full credit was necessary in order for him to complete his requirements for a certificate.

On motion duly made and seconded, the faculty voted to dismiss classes after the close of the fourth hour on May 6, the date set for the inauguration of President Donovan.

In answer to a question by the Secretary, it was stated that students in military service would be automatically excused from commencement, and that the Dean of the College would include the names of these men in their lists of excused persons sent to the Registrar's Office.

Dean Boyd read to the Faculty a letter from Doctor George H. Ray, in which he requested that he be granted the combined degree in arts-medicine. Doctor Ray had left the University in 1925. Action on this request was postponed until the next meeting of the Faculty.

The next meeting of the Faculty was scheduled for May 8.

Secretary

MINUTES OF THE UNIVERSITY FACULTY
May 8, 1942

The University Faculty met in the President's Office Friday, May 8, 1942, with President Donovan presiding. Those attending were Jesse E. Adams, Paul P. Boyd, Thomas P. Cooper, Alvin E. Evans, J. H. Graham, Henry H. Hill, C. C. Ross, and Edward Wiest.

The minutes of April 24 were read and approved.

Dean Evans presented for the College of Law a revised statement of the courses of this college as they are to be offered under the quarter system. By action of the Faculty, this revised list of courses is substituted for the one submitted at the previous meeting, and is made a part of these minutes by reference to the files of the Registrar's Office.

The petition of Dr. George H. Ray, asking that he be granted the combined degree in arts-medicine, was approved, with the understanding that 10.7 credits in the sciences and mathematics be substituted for a 9 semester hour deficiency in German. Dr. Ray had left the University in 1925. Subsequently he had entered the University of Louisville Medical School and had graduated from that institution.

On recommendation of the College of Arts and Sciences, the petition of Jack B. Baker was approved. This petition asked that he be allowed to substitute a course in English literature for 3 semester hours of deficiency in foreign language. At the close of this semester Mr. Baker will have completed 132.3 semester hours, and will have satisfied all requirements for graduation except the previously mentioned deficiency in foreign language.

Dean Cooper presented to the Faculty the following recommendation from the College of Agriculture and Home Economics:

It is recommended that under Section III on Page 9 of the mimeographed copy of the rules of the University Faculty, paragraph 2, be eliminated and the following substitution made:

College of Agriculture and Home Economics. In addition to meeting the general requirements for admission to the University, the high school units presented by the applicant shall include 1 unit in algebra and 1 unit in plane geometry.

After considerable discussion of this recommendation and its relation to the recently adopted admission regulations, Dean Cooper asked that he be permitted to withdraw the recommendation and return it to the Faculty of the College of Agriculture and Home Economics for further consideration.

The following recommendations from the College of Arts and Sciences were presented by Dean Boyd.
