Dear Sir,

I see that you are to devote your entire time to the Chairmans duty in Evangelistic work.

I am very glad, and trust the Lord will give you signals tokens of his favor, in making our work the glory of the Church.

I shall be glad if you will come out as soon as you can and form a personal acquaintance with this part of the field.

The work is very incipient to the work here is telling on me somewhat, and I have not been well since Synod.

As soon as I can get the churches

From, I must take a few weeks
rest, and shall be, I trust,
all right again. —

Set me know when you
are coming, and I shall
be sure to meet you. —

I am glad the Com.
appropriated the amount it did
to the building of these churches.

Ellisborough is fast be-
coming a large town, and
the Church will I hope be
for long abundantly repaid this
expenditure.

My work is progressing well,

My dear Dr.,

I enclose you
a copy of a letter recently received from Mr. Arthur, of Knoxville Tenn.
in regard to a lot for church at Middlesborough, Kentucky. This is the
new town at the Cumberland Gap. I was "building more wisely than I
thought"; and instead of a church lot only you see from the letter that
if we will accept the conditions, we may soon have the church, also.
I have taken the liberty of accepting the conditions, and shall depend
upon the liberality of the churches and individuals to help me meet
the obligation. Of course I could accept the lot; and wait for
people to move there, and get up the money to build; but, really, I do not
think we can afford to let such an opportunity pass; and have so acted.
Please bring the subject before any individuals who may help me in
the matter. I want to raise \$1000 for that point, so that we will have
enough money to do the furnishing of the church too, tho it may take
that much to meet the conditions imposed by Mr. Arthur.

With assurance of kind regards, Dr. I remain

Rev. Henry Miller,

Pastor Pres'by Church,

Pineville, Ky.:

My dear Sir,

I beg to refer to your favor of the 1st inst. I am ready to donate to you a lot of the size indicated, at any time. I have also prepared plans for a nice little church. As soon as we hear that you are ready to take the church off our hands and to contribute the labor for the erection of the same, I shall put the work in the hands of a contractor and build the church for you free of cost, except as to labor. I have estimated on a building of about \$2000 cost. We will convey the lot to you on condition that it is used only for church purposes. As to a parsonage lot, that we can not undertake to give. If the church is constructed and ready for occupancy by the 1st of October, we would require the privilege of using it for ^glodging purposes during the time of our auction sales during that month.

Awaiting your early reply, I am

Faithfully yours

Your kind favor

of the 24th was received this evening and its contents noted. I appreciate very kindly, the action of your Committee, in offering me work in our home mission field. I shall take it into consideration, and shall apprise you at the earliest moment of my decision in the matter.

A letter on the same subject, came this afternoon, from Dr. Blanton; and informed me that he and Dr. Guerrant expected to visit the field, the Friday before the first Sunday in May and invited me to go up then, or come on, the following Monday. As my work here closes the second Sunday in May, it will not do for me to be away the first Sunday, but, I shall endeavor to go to Pineville, on Monday, the sixth of May.

Rev. E. W. Bedinger,

Dear Dr.

Your letter of a recent date and also the one of the 30th ult were both received. Absence from home was the occasion of my not answering the former. I thank you very much for your kindness ^{to offer} to send \$100 to help me pay for the foundation; but I have sufficient money to pay for that. I offered to let the contract for that, ~~and~~ a month ago, if Col. Ray would give me the deed for the lot; but he declined to do so. I shall now let it without his giving the deed, with the expectation that he will be compelled to give it, ^{when the house is done} as he has promised it, so many times, before almost "a cloud of witnesses".

I came here May 30th '89.

My report concerning the work is the following: Dr. Guerrant was with me the first week in July, and after preaching, five days we organized the Pineville Presbyterian church, with twelve members; Mr. Frank Marimon was made an elder and Mr. E. H. Patterson a deacon. The church is in a good condition; quite as good as we could expect. I have collected for the building of this church: Money \$235.10-; subscriptions that are perfectly good \$740; total \$975.10. We hope to build a little brick chapel that will cost about \$2500. I explained to you the plan of the building being such that it could be added to in the future without tearing any part of it away. On the fourth of August I organized the ~~First~~ Presbyterian church U. S. at Middlesborough with

with sixteen members. Capt. R. F. Patterson, Dr. W. C. Ketron, and Mr. D. A. McAfee were made elders and Jas. L. Patton was made a deacon. This church is exceedingly promising. God has brought us through the dark waters there, but, indeed seems to smile upon the work and to give abundant returns for all our labor in his behalf. I have collected for the church building at this place: Money \$303.65; good subscriptions \$75; building material to be given by the English company worth \$550; total \$928.65.

Danville, Richmond, and Troy churches promised me in the aggregate \$235. I shall divide this between the two when it comes, and this will make the amount for Pineville, about \$1095; and that for Middlesborough, about \$990. The contract has been let for this church

Memo.

and work is progressing fairly well: amt. of bid \$2668. If I could have spent all my time collecting money of course I could have secured almost double the amount; but it is exceedingly important that I be at these places as much as possible, as strangers are coming all the time and I could do much toward strengthening the churches by my presence there. I shall have to ask that the Committee, either send a man out there to preach while I am collecting the money, or devise some other manner of securing it so that I can be out here preaching.

The Methodists think so much of Middlesborough that they have sent out a man to spend his whole time there. I can well put in my whole time at the two places.

I wish, Dr., to express my gratitude to God; and, my thanks to you and the Com. for the help and encouragement I have received. I think the church will be well paid for the outlay in this part of the State.

Yours ever faithfully

In regard to our collection for the Evangelistic cause, about which you wrote me, I will say you remember our collection was taken last fall, just before Synod & if we take it so soon again, I am sure the collection will be very small, whereas, if I wait until just before Synod I will get a much better collection. Rev. E. W. Bedinger:

Dear Bro.,

Mr. Long, who is still an elder at Pineville is very anxious to have that church secure the services of his old pastor, James McCullough, of New Haven. The recent organization of the church at Corbin makes it all the more necessary that we get a man at work in the field soon. I have been so desirous of getting some one there that I have yielded to Mr. Long's request to write to Mr. McC, on the subject. If we wait for a perfect man for the field we shall never get one; and, tho Mr. McC. may not be exactly what you would like (tho I have no reason to think what your opinion of him is) still I hope you will do what ever is necessary to have him come out and visit the field. Let us give him a trial. He is spoken of as a fine preacher, and his opportunities here in that direction are boundless. As there is no other church organization at Corbin except our own, a quick campaign there, will in my judgment strengthen us there largely. You were very fortunate in securing Bro. Slaymaker; his work is the most permanent that I have ever seen in an evangelist. He had a week left between the time he preached at Pineville and Corbin, and when he must go to Bro. Glass and to other parts of the Presbytery; and I requested him to spend it at the Mingo mines. There are five or six hundred people living thereabouts, mining and running the coke ovens. It is the most important point within 25 miles of here; a few of my members live there, and hence his work there may be considered as work in one part of my field. I am free to tell you that it is over the line, in Tenn. The point can be reached by rail from here by several trains a day. There are two mountain ranges between it and Powell's valley, inaccessible except on foot. Bro. S. will be there only a few days more. If there is a desire for a church organization, of course their petition will be forwarded to the proper Presbytery and they will send their evangelist, or a commission to organize. We are having a struggle here. The town is standing still, and the chs of course suffer in the general depression. I am glad to feel that our church is selfsupporting, - none other in town is. We have reason to be very thankful. I must do all in my power to strengthen the things that remain; and so if you think this work of Bro. S. irregular, why just bear that in mind. If the members are received here it will give us help: if they organize for themselves it will add strength to the general cause, in the community. The general outlook for Presbyterianism in this part of the Pres. is really bright.

May the Lord bless you is my earnest prayer.

Ever sincerely and fraternally,

Henry Miller

Middlesborough, Kentucky. December 18, 1895.

Rev. F. W. Bedinger, D.D.;

Dear Dr.,

I respectfully submit the following report of my work to the Committee of Evangelistic Work in the Synod:

The decision of the Com. to assist the church and the consequent agreement of my church at Middlesborough to allow me to be absent one Sabbath each month, came to me so late on the month ~~of~~ October that I did not begin work at Pineville and Corbin till November.

As to Pineville: I spent November the 18th and 19th at Pineville. Preached Sunday morning and night to small congregations. We took a collection at the morning to get \$15 with which to have the roof ^{of the ch.} painted. ~~When~~ When I returned on last Saturday I found that two coats ^{of paint} had been put on, and that the roof is now in good condition for the winter. The congregations yesterday were quite good. We celebrated the communion at the morning service and the congregation was a large one. Tho the day was very inclement the night congregation was also good. I am gratified at the outlook there; tho as you know the state of discouragement that has existed can be removed only after a time. The class of people who live in Pineville is very much better than when I began work there 4 years ago. It is a promising point.

As to Corbin: I preached there on Thanksgiving day and also on the 9th inst. I shall explain to the Com. that owing to the scarcity of money and the consequently small contributions made for my support during September on, to this time, that during September 1 by the advice and ^{with} concurrence of the officers of my church I consented to teach two and a half hours a day for the public school. This I am doing still, and shall be compelled to continue till the church support and Com's assistance shall be a support. Owing to the way the trains run, I can not preach at Corbin on Friday night as I stated that I could. The best that I can do is to preach at Corbin on Saturday ~~at 11~~ ^{in the} afternoon. I have been there twice; and while the outlook is not so bright as at Pineville, I can by Spring time tell whether we can do any thing there or not.

My work at Middlesborough is very encouraging. I have preached there all the other Sundays of Nov. and Dec. We have persons to join our ch. every few Sundays.

With assurance of regard,

My dear Bro.,

I hereby make my report to you for the first quarter of 1894:—

I have preached regularly at Middleborough, Pineville & Corbin.

The word is progressing satisfactorily at Middleborough; we received one member last Sunday and three to night. Considering the distressing financial state of affairs common in town the church is doing well, in almost every department. At Pineville, the outlook is better than at any former time. I have gone there once each month; and while there have been no additions to the church our congregations are good, we have made good progress in eliciting the good will of the town;

-and, what is better than all there
is desired improvement in the
spiritual growth of the members.
On Monday we raised the money
with which to pay the \$57.75 out
on the Church debt.

Two weeks ago I stopped
teaching so that I could be
at Corbin at night instead
of afternoon. I preached there
once each month except March
when I went twice. Congregations
good & outlook hopeful. If the
Com. will allow Mr. Hooper to
come out to assist me it will
do great good. Corbin & Friends
are ready for a meeting.

My work this winter has been labor-
ious but since Fall I have been
well & have been blessed in it.

Rev. F. W. Bedinger:

My dear Bro.,

I have just received a letter from Rev. R. B. Hodge, Humbolt, Tenn., a class mate of mine, for one year at the Seminary, who has spent most of his time, since, in Texas; and, on account of poor health, there, seeks another field of labor. I wish to put his ~~name~~ name before you, so that you may give him a trial, if occasion require. I never heard him preach, but remember him as a sensible fellow.

When shall I expect to receive some money for the quarter ending with June?

At my last visit to Corbin, I was surprised to find a young man ~~there~~ by the name of Rice, a grand nephew of Nathan L. Rice, preaching for the Congregationalists. They are making a strong pull for that town; and the expected visit of our evangelist Mr. Hopper, ~~will~~ as far as human judgment can go, will decide whether we shall continue there or get out of the field. Unless we shall take hold more aggressively, I shall most certainly advise that we surrender. It pains me to think of doing that as we have a few fine people among our little band ~~there~~. Mr. Hopper does not want to go there and nothing less than a direct command from the Com. will take him there. My plan is to begin a meeting there the last week of August and let him come in the first of September. We can, I think after he comes, decide in ~~advance~~ ^{thereby} what we shall do for the future. Please let him come, and let me have some one to advise with as to what we shall do.

In spite of various discouragements our work here is doing well.

Yours very fraternally,

Henry Miller

Rev. E. W. Bedinger:

My dear Bro.,

Your Circular communicated through me to the Pineville church is received; and I shall do what I can to get a contribution from that church during next month.

My plan now is to begin a meeting at Corbin, the first of next week, and be joined there by Bro. Hopper the first of September. I communicated

my purpose to him and to you the last time I wrote, tho I have heard nothing from him on the subject. But, as I consented for him

to leave me earlier than I expected while he was here, I suppose I may count on him without fail. Please do what you can to have him with me without fail.

Money is so scarce out this way that I would be glad if you will send me a partial payment of the amount due me for the last quarter, if you can. I look with prayerful anxiety to the holding of those meetings,

since the fate of those churches seem to depend upon such a move.)

Unless we can do something definite the Committee may still have the Pineville debt on its hands; because if the church were ever sold no one would give one half the amount required to liquidate the debt.

I pray God's blessing on you and the work. (Pray for us.)

Yours very fraternally,

Rev. E. W. Bedinger:

My dear Bro.,

We closed last Sunday night, a most enjoyable meeting in the church here. Bro. Hopper's preaching was wonderfully blessed. We ~~we~~ added to our role 30 members. We took a collection of about \$70 to the Evangelistic cause. It stirred the town as it has never been moved before. I am sure you will rejoice with me that all the Northern Presbyterians who had not taken their letters away, came in with us. A very interesting question, now, is as to what will be done with their church building. Have you any suggestion to make on the subject? We must proceed most carefully, as this is a delicate question. Pineville and Corbin are as ready for a meeting as was Middlesborough. I regretted so much that Bro. Hopper insisted on going to Frankfort, when these places were awaiting him. Owing to my sickness and the meeting, I have been able to go to Pineville but once. At that time we received into the church two members: the wife of Jas. J. Gibson, and a Miss Cairns; both most excellent women. I have not been to Corbin this quarter. I shall go down twice next month. Please let me have Bro. Hopper's assistance not later than September, first. God has greatly blessed us, and I feel more encouraged in our work than for a long time. My desire is to make this church self-supporting which we can do with God's help in another year. Please let this letter be in the place of a more formal report to the Committee.

Yours most respectfully and kindly,

Henry Miller.
