Dear Doctor;

Enclosed please find ch. for \$10.00 amt of Col for "Sustentation" from our church; perhaps you may think our collections or not what they should be & I agree with you; it would be nice to see how close the people hold the Lord's money; I would like to make these collections laye myself, but cannot do it from the fact I invariably contribute from 50% & 75% of all collections from our

church; our people say I am  
continually begging; I repudi-  
ate the name beggar; I only ask  
for a part of the Lord's own;  
I am very much in earnest  
about these collections I don't  
believe in omitting a single one;  
for myself, I try to give one tenth  
& contributed \$100 - last year  
I am holding back \$50 - because  
we want to build a church out  
at our mission S-P.

In regard to your circular  
letter, you have overlooked the  
fact, we had our apporportion-  
ment of \$100, I think it would  
be well for you to make ~~an~~ a  
personal appeal to M. C.  
Leathman & P. W. Goose;  
I don't think Leathman does  
his duty by a good deal  
yours &c
