

Minutes of the University Faculty May 13, 1946

Dean W. D. Funkhouser presented a recommendation from the Graduate Faculty that the Graduate School be authorized to offer the degree of Doctor of Education (Ed. D.). The University Faculty approved the recommendation and voted that it be submitted to the Board of Trustees.

President Donovan announced the second Annual Honors Day Convocation to be held on the morning of May 14 and the unveiling of the portrait of Mrs. McVey on the afternoon of the same day, Miss Sarah G. Blanding to be the speaker on both occasions. He also announced the seventy-ninth annual commencement on June 7, at which the Honorable Fred Vinson would be the speaker. He stated also that the place for the commencement exercises had been changed to the North Lawn of the University Library. He urged the members of the Faculty to support each of the functions by their attendance.

A request was presented by a group of graduate students, majoring in business education, to petition Delta Pi Epsilon for a chapter at the University of Kentucky. Delta Pi Epsilon is an honorary graduate fraternity in business education, open to both men and women. The University Faculty approved this request.

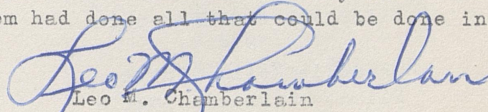

Assistant Dean Horlacher raised a question concerning the rule requiring all freshmen to take physical education and suggested that the Rules Committee study the question and bring a recommendation to the Faculty. President Donovan stated that he would refer the question to the Rules Committee.

President Donovan discussed briefly the prospects for enrollment in the Fall Quarter and stated that inquiries he had received indicated that the general public had gotten the impression that the University had limited its enrollment to 5,000. He stated that he would like to make it clear that the University's enrollment would have to be limited to the number for whom housing facilities were available and that might force a limit of 5,000 or 5,500, the accommodations for women students being more limited than ever before. He indicated that some additional housing might be available for veterans.

President Donovan stated that he had been working on the University's budget for 1946-47 and that the appropriations would permit him to take care of practically all budget requests.

Dean Evans raised a question as to whether there was danger of "fly-by-night" institutions being set up to take care of veterans who could not get in accredited institutions. The general opinion was that was little indication of this at present.

Dean Boyd asked what could be done for new faculty members who could not find living quarters. It was pointed out that the Faculty committee that had been working on this problem had done all that could be done in this respect.

The following report of the Committee on Out-of-State Travel was read by Dean Taylor, Chairman. After some discussion, the report was approved by the faculty:

REPORT OF COMMITTEE TO STUDY
OUT-OF-STATE TRAVEL

On April 5, 1946, a committee of the Faculty of the University of Kentucky was appointed by President Donovan to study the problem of out-of-state travel. The committee met with the President to discuss the problem and to get such instructions as he felt would be helpful.

As a basis for beginning its work the committee felt it should have information concerning policies for out-of-state travel from some of the major institutions of the United States and that it should also have information concerning out-of-state travel at the University of Kentucky. To procure this information two schedules were prepared. The first was sent to some of the Major universities
