UNIVERSITY OF KENTUCKY

VOL. XII

LEXINGTON, KY., MARCH 10, 1922

No. 20

HIGH SCHOOL MEN BATTLING FOR CUP

U. OF K. APPROPRIATION STILL UPHeld BY HOUSE WITHIN A SAFE MARGIN

House Restores \$120,000 Of \$160,000 Clipped From Total By Budget Commission

STUDENTS FILL HOUSE

Assembly Continues The Life of the University

Much enthusiasm and interest was manifested by the delegation of University students who attended the Monday afternoon session of the Kentucky Legislature. About two hundred students were in the body to witness the victory of the University of Kentucky appropriation bill which restored \$120,000 of the \$160,000 sheared from its appropriation by the budget commission report.

The students left Lexington on special cars at 9:50 a. m., arriving in Frankfort about noon. After taking lunch in the Capital Cafeteria, the delegation went to the House where the bill was introduced at 1:30 o'clock. After each favorable speech for the bill, bursts of applause were heard from the students.

Representatives Arch L. Hamilton and Harry Miller of Fayette County, led the fight to save the University allotment. Mr. Hamilton from his wide experience and acquaintance in the House, was an ideal champion of the cause of education and conducted his defense with skill. He receded from some minor amendments in order to win his two main points, which were an increase of \$75,000 in the appropriation proper, and an item of \$45,000 to pay off an indebtedness which has been hanging over the University for about ten years. Mr. Hamilton was ably seconded by Mr. Miller in the handling of the matter.

W. P. Wallen, Joseph F. Bosworth and Mary Elliott Flanery were among others who spoke in favor of the increase for the University. Beryl Boyd of Graves County, a former University student, also spoke in favor of the measure. He was asked by W. M. Boling of Meade County, if evolution were taught in the University. From that point the discussion threatened to degenerate into a debate on that theory of instruction. Wright Kelly, the oldest member of the House, said that he did not regard evolution as a small subject.

Chapter of Sigma Xi Will Be Installed at University

Dr. H. B. Ward, head of the department of zoology at the University of Illinois, president of the national association of Sigma Xi, and Dr. Edward Ellery of Union College, Schenectady, N. Y., secretary, nationally known scientists, probably will be present for the formal installation late in March of the University of Kentucky Sigma Xi, honor society in the field of science.

At a meeting of the Kentucky chapter Wednesday evening in the Science Building, arrangements for the ceremony were made, and a botanical picture of three reels was shown by Dr. F. T. McFarland, Dean Boyd is president of the local chapter, which was granted a charter by the national association in November.

CONCERT IN CHAPEL BY SIGMA TAU PLEASURES

The Sigma Tau musical fraternity under the direction of Prof. Lampert rendered a very delightful and varied program at the chapel hour Tuesday morning. Silas Wilson presided over the concert and introduced the members.

The members of the fraternity are required to be members of some musical organization of recognized merit on the campus and many belong to more than one such organization. The program presented at chapel consisted of a solo by Prof. Lampert, honorary member of Sigma Tau, accompanied by Mrs. Lampert and their daughter, Jeannette, an Hawaiian trio, a saxophone sextet, a stringed instrument quartet, a vocal quartet, a violin duet, and numbers by a large jazz orchestra.

TAG DAY FOR DRIVE OF WOMAN'S LEAGUE IS SET FOR MONDAY

Series of Vocational Lectures Being Given by League

SIX LECTURES REMAIN

Membership Includes All Woman Students

Monday will be tag day on the campus for the Woman's League membership drive in which it is hoped that every University girl will participate by paying the annual membership dues of twenty-five cents. This organization is the only one in the University which includes every woman student in the scope of its enrollment and work.

The membership committee, from whom tags may be secured, is composed of the following: Evelyn Kelley, Betty Barbour, Margaret Lavin, Affie Hammond, Lucile Yungblut, Esther Harris, Brookie Tompkins, Geneva Rice, Mary Snell Ruby, Frances DeLong, Esther Fertig, Elizabeth Brown, Frances Rip, Elizabeth Ellis, Margaret Short, Caryl Miller, Beulah Stillwell, Ruth Hughson, Elizabeth Hopkins, Katherine Elliott, Henrietta Rogers, Ann Riddle, Mary Lyons, Lucile Waggoner, Henrietta Bedford.

While the dues are set at twenty-five cents, more may be given if desired, and contributions will be received gladly from men students.

The outstanding work being done by the Woman's League this year is the bringing of a series of vocational speakers to the University, each of whom is a specialist and authority in his or her phase of work. Questionnaires were given out at a December meeting to determine in what subjects the largest number of girls were interested, and speakers chosen accordingly.

Valuable lectures have been given by Mrs. Mary Love Collins, Miss Helen Bennett, Mrs. Irene Conrad and Dr. E. H. Arnold. These were all well attended. Teas were given for the speakers later, and the privilege of having personal conferences with Miss Bennett and Doctor

(Continued on page 7)

CAST SELECTED FOR "THE THIRTEENTH CHAIR" BY DIRECTOR BURKS

Mary Lyons, Lexington, Has Leadway Roll, As Madame La Grange

PLAY HERE MARCH 30-31

Art Department Begins Painting Scenery

After several weeks of tryouts and shifting of parts, it was announced by John Burks, director of the Stroller Dramatic Club that the leading roles in "The Thirteenth Chair" were decided as follows:

Helen O'Neill Mamie Miller Woods
Will Crosby Dan Morse
Mrs. Crosby Eleanor Morse
Roscoe William Finn
Edward Wales Tom Brooks
Mary Eastwood Mary Peterson
Helen Trent Katherine Conroy
Phillip Mason E. N. Heavrin
Elizabeth Erskine Louise Connell
Grace Standish Elizabeth Hopkins
Pollock Will Moore
Madame Rosaline La Grange. Mary Lyons
There are several minor parts and one man lead that have not been decided upon but will be announced next week.

"The Thirteenth Chair" will be given in Lexington on the evenings of March 30 and 31 and will start on tour during the Easter holidays. Their trip is to include Mt. Sterling, Paris, Frankfort, Maysville, Pineville, Millersboro, Owensboro, Paducah and several other Kentucky towns.

J. W. Owens has been appointed temporary stage manager, because of a vacancy created in that office.

Elaborate preparations are being made in the painting of the scenery by Prof. Carol Sax, assisted by Tom Fimmel, Ed. Gregg, Eleanor Morse, Mary Lyons and other students of the Department of Art.

Daily rehearsals are being held and the play will be in readiness for production within the next few weeks. The remaining time will be devoted to the stage setting during the daily rehearsals.

NOTICE

Dr. Frank L. McVey will speak to the Pre-Medical Club next Wednesday afternoon at 3:30. The entire membership is urged to be present at this meeting.

All former students of the Model High School are requested to meet in the Model High Assembly room on the third floor of the Education building Tuesday, March 14, at 2:45 o'clock.

All seniors and students desiring to teach school next year are asked to stop in the Registrar's Office and leave his name and address.

Lost—S. A. E. Badge. Number on back 22196. If found please return to Kernel Office.—John Whitaker.

Wild does not necessarily mean unable to be petted and held.

SERIES OF CONCERTS TO BEGIN SUNDAY

Sunday afternoon at 2:30 o'clock in the University the first of a series of concerts will be given. These concerts are a continuation of the past two years. Miss Myrtle Kesheimer will be at the piano and among her selections will be "The Minuet, Paderwiski, To a Wild Rose MacDowell, two very beautiful and highly appreciated musical selections.

The orchestra will be heard in a variety program, and they are stronger in classical numbers than ever before. This organization has been rehearsing constantly during past semester and are prepared to offer a concert of high quality.

Every lover of good music should not fail to hear this series of concerts every Sunday afternoon.

U. K. TO MEET HARVARD IN DEBATE APRIL 16 ON ALLIED WAR DEBT

Vanderbilt, Sewanee and University of North Carolina on Schedule

SUBJECTS ANNOUNCED

Regular Team and Alternates Chosen at Tryout

At the final tryouts for the debating team Tuesday the following men were chosen for the regular team: R. T. Johnson, Clay Porter, W. H. Peal, Sydney Neal, L. C. Fielder and R. B. Hayes. The alternates chosen were D. W. Smith, K. H. Tuggle, J. H. Butler and M. A. Daniel. The judges were Prof. E. F. Farquhar, Prof. Harvey Hincks and Prof. George Roberts.

The team will debate with Harvard in Lexington the week of April 16 when the Harvard team is on its spring trip. The Harvard team has never before included a southern University in its schedule and Professor Mikesell has been working more than a year for the honor which has thus come to Kentucky. The subject for this debate will be "The Availability of Cancelling the Allied War Debt," the local team having the privilege of choosing sides. Harvard will send three men and a coach to Kentucky.

Professor Mikesell has also scheduled debates with Vanderbilt, Sewanee and the University of North Carolina on "The Advisability of Retaining the Dillingham Immigration Law."

The Vanderbilt debate will take place in Lexington, April 29, the Kentucky team taking the affirmative; the Sewanee debate will take place at Sewanee April 22, the Kentucky team having the negative. The debate with the University of North Carolina will take place at that institution the first or second week of April.

NOTICE—All Seniors desiring graduation invitations please see, Louise McKee, C. V. Watson or Gerald Griffin at once and give the number desired. Price 50c for leather and 25c for paper.

When a man's married he sees his mistake—sees it every day, in fact.

Eighteen Games to be Played in Gymnasium Today and Saturday

TEAMS ENTERTAINED

Girl Quintets are Also Expecting Close Tourney

Lovers of basketball will have their last opportunity to witness the net game this season here in the University Gymnasium the last of this week March 10 and 11. At the time that this report went to press "Daddy" Boles had not received reports from the various teams that are expected to enter, but it is estimated that about sixteen boys' teams and ten girls' teams will enter the tournament. Hansen of Kentucky and Head of Louisville will referee. The first game will be played at 10 o'clock Friday morning. Two handsome silver loving cups will be offered to the two winning teams, one to the boys' team and one to the girls' team.

The boys teams entered in the tournament are: Adairville, Owensboro, Shepherdsville, Columbia, Carrollton, Frankfort, Flemingsburg, Winchester, Monticello, Union College, Pikeville and Ashland.

The girls teams entered are: Elktion, Glendale, Lindsay-Wilson, Versailles, Sardis, Clark County High, Danville Paintsville and Ashland.

Under the management and direction of the SuKy Circle of the University the players on the teams are being housed and entertained by the fraternities and sororities and at Patterson Hall. Each of the men's fraternities are taking as many boys as they can accommodate and the girls sororities and Patterson Hall are making arrangements to care for the girls.

The 1921 championship team of Louisville Manual Training High School telephoned its entry in the event Wednesday, but Secretary J. L. Fou, of Kentucky High School Athletic Association declared that Manual was ineligible to play in the tournament here because it did not play in any sectional tournament. No tournaments were held at Sebree, in the second district, or Newport, in the eleventh.

Drawings for places in the tournament were held in the athletic director's office at 9 o'clock this morning and play began at 10 o'clock.

Only the semi-finals and finals are to be played Saturday, according to present plans. This will necessitate the elimination of 10 boys' and eight girls' quintets on the first day, or a total of 18 games. The girls' contests on the first day probably will be staged in the Army at the University at the same time the boys are battling in the gymnasium. If the lasses should raise any objections to this system, some of their games may be played in the Lexington High gymnasium.

Play will be continuous today from 10 a. m. to 6 p. m., with three or four games tonight. The semi-finals in both divisions will be played in the gymnasium, beginning Saturday afternoon at 1:30 o'clock. Play in the finals will begin at 7:30 Saturday night.

Most of the 26 teams of eight players each will be entertained at the fraternity and sorority houses and at the dormitories of the University.

Referees will be Head, of Louisville; Hinton, of Georgetown, and Hansen, of Kentucky.

CONSTITUTION OF SU-KY CIRCLE OF U. OF K.

Constitution of the Su-Ky Circle, of the University of Kentucky.

PREAMBLE—We, the selected students of the University of Kentucky, do hereby band ourselves together for the purpose of promoting, and perpetuating, the best interest of all organizations and activities, for the good of the University.

ARTICLE 1.

NAME—The name of this organization shall be known as The Su-Ky Circle of the University of Kentucky.

ARTICLE 2.

MEMBERSHIP—The members of the Su-Ky Circle shall be limited to twenty (20) bonified men students, eight (8) bonified women students, and five (5) faculty members.

ARTICLE 3.

SELECTION OF MEMBERS.—Sec. 1.—The members of the organization shall be elected to membership by a three-fourths (¾) vote of the circle. Any member of the circle may present the name of any prospect, and the name is to be voted on at three consecutive meetings, and at each vote the prospect must receive the majority of votes. If elected the prospect is eligible to become a member of this organization.

Sec. 2.—The members are elected for a period of one year, and they are subject to re-election by three-fourths (¾) vote of the circle.

Sec. 3.—Any member elected to membership, serves as a member during his period, or her period as a student in the University unless by action of the said member proves to be unworthy of membership. Any member who proves to be unworthy of membership, may be removed from the circle, by three-fourths (¾) vote of the entire circle. Notice of expulsion to appear in the recognized college paper.

Sec. 4.—Any member that fails to attend three regular meetings properly convened, during one semester, shall be automatically expelled from membership of the circle.

ARTICLE 4.

QUALIFICATIONS FOR MEMBERSHIP. Sec. 1.—The prospect may come from any of the classes in the University.

Sec. 2.—The prospect must have shown pronounced interest in the welfare of the University.

Sec. 3.—The prospect must have ability for leadership, and capacity for doing work.

Sec. 4.—The prospect must be honorable, and of good standing among the students.

ARTICLE 5.

OFFICERS OF THE CIRCLE. Sec. 1.—The officers of the circle shall be a president, vice-president, secretary, ass't. secretary and treasurer.

Sec. 2.—The officers of the circle shall be elected by majority of votes within the circle.

Sec. 3.—The term of office shall be for one semester, and any officer is eligible for re-election.

Sec. 4.—The election of officers shall be held the second Tuesday, in January, and the second Tuesday in May of each year.

Sec. 5.—If any vacancy should occur, it shall be filled at the next regular meeting.

ARTICLE 6.

POWERS OF THE OFFICERS. Sec. 1.—The president shall preside at all meetings, and perform all the duties of the president. The president shall appoint all committees, unless otherwise provided for.

Sec. 2.—The vice president shall perform all duties of the president, in case of the president's absence.

Sec. 3.—The secretary shall take minutes of each meeting held, and complete minutes of all meetings are to be available at all times.

Sec. 4.—The assistant secretary is to act as secretary in case the secretary is absent.

Sec. 5.—The treasurer is to keep complete record of all money received by him, and all money spent by him. The treasurer is to pay out money only by order of the circle.

ARTICLE 7.

Sec. 1.—Robert's Rule of Order shall govern all the procedure of all meetings, special or regular, except cases wherein such rules conflict with the provisions of this constitution and by-laws.

Sec. 2.—A quorum, consisting of at least three-fourths of the members of the circle shall be necessary for the conducting of any business, at a regular meeting. In case of special called meetings, a majority may conduct business.

Sec. 3.—Meetings shall be held at least twice each month during the school year. Time and place of meeting to be decided by a majority vote of the members of the circle.

Sec. 4.—The Emblem of the circle denoting the meeting, shall be placed in a prescribed place on the morning of the day on which the meeting is to be held.

ARTICLE 8.

AMENDMENTS TO THIS CONSTITUTION.—Amendments to this constitution shall receive a favorable vote of three-fourths (¾) of the members of the entire circle, before the amendment is accepted as such.

Committee on Constitution:

A. J. BRADSHAW, Chairman,
C. W. WATSON,
EDD. R. GREGG.

Adopted February 28, 1922.

Pete: "What's the most you ever got out of that Ford?"

Bo Cat: "Nine times in one mile."

Curses

Between her teeth a Cigarette
Between her arms
Me
Between us both
That damn cigarette.

"Do you know," said the successful merchant pompously, "that I began life as a barefoot boy?"

"Well" said the clerk, "I was not born with shoes on."

Jim: "Here's a snap shot of my girl taken at the beach."

Joe: "A snap shot! Boy, I'd call that an exposure."

A co-ed in the parlor is worth two in the class room.

"BUDDHISM"

One of a Series of Sunday Evening Sermon-Lectures on What the World Believes

CLUB CALENDAR

Philadelphia Club, regular meeting third Saturday in the month. Next meeting March 18, at the Majestic Hotel, Girard Avenue and Broad Street, dinner, 6:30 p. m. C. E. Templin, '19, Secretary.

Lexington Club, regular luncheon, second Saturday in each month. Next meeting Saturday, March 11, at Lafayette Hotel, 12:30 to 1:30. President McVey will be the speaker, subject: "The Present Situation." A violin solo by Professor Lampert is a part of the program. Miss Marie Rodes Barkley, '20, Secretary.

New York Club, regular luncheon-meeting second Monday in each month. Next meeting March 13. J. T. Lowe, '12, Secretary.

Pittsburgh Club will hold its next meeting March 19, seven-thirty p. m., at the home of Mr. and Mrs. H. Lee Moore, 7065 Flacous Road, Ben Avon, Pennsylvania. H. Lee Moore, '11, Secretary.

Carrollton Club, regular luncheon-meeting third Tuesday in each month. Next meeting March 21. Miss Katie C. Becker, '17, Secretary.

Cincinnati Club, next meeting April 4, Highland Country Club, near Newport. Business meeting and dance. Miss Adele Slade, '21, Secretary.

An increase of \$120,000 for the University over the recommendation of the Budget Commission for 1922-23 voted by the House of Representatives Monday is the first tangible result of the campaign that has been waged during the last two months. Members of both houses of the General Assembly have felt the influence of the alumni clubs and individual members of the Alumni Association who have joined hands with the University officials and progressive citizens in asking a more liberal financial policy for education in Kentucky.

The "monkey theory" was introduced into the debate in the House over the University's increased appropriation in a vain attempt to limit that support. The vote on the first increase, the House sitting in Committee of the Whole, was 47 to 33, several members present not voting. This was taken as a vote of confidence in the University, its President and Board of Trustees. The division was not partisan, leaders of both sides of the House championing the cause of the University. Arising as "a Baptist" the Republican floor leader announced his unqualified support to the University program.

Where the Budget Commission allowed \$25,000 a year for an addition to the Chemistry building, the House voted \$100,000 for construction and repairs. An appropriation of \$45,000 a year was made to liquidate the \$90,000 debt overhanging for fourteen years. Representative R. C. Moore, of Lawrence county, tried to reduce the appropriation for Agricultural Extension from \$142,000 to \$100,000 a year. This cut was turned down overwhelmingly. Representative Rory O. Huntsman, of Allen county, fought consistently against all increases for the University. (The budget bill for 1923-24 was being debated in the House at this writing.)

At a joint meeting of the Schenectady Section of the American Institute of Electrical Engineers, the Society of Engineers of Eastern New York, the American Society of Mechanical Engineers and the American Chemical Society, held March 3, in Schenectady, the speakers were A. Thornton Lewis and Dean F. Paul Anderson. Mr. Lewis discussed heating and ventilating, giving particular attention to the application of electricity to this branch of engineering. Mr. Lewis graduated in Mechanical Engineering, in the class of '06. For a period of several years he was sales engineer, with Lewis, Robinson & Gant, heating and ventilating engineers, with offices in Philadelphia.

In October 1921 he accepted the office of vice-president and general manager of the York Heating and Ventilating Corporation, Shubert Theatre Building, 250 South Broad Street, Philadelphia. Dean Anderson described the research work being carried on under his supervision in collaboration with the U. S. Bureau of Mines.

Women May Serve.
A bill making women eligible for appointment to the Board of Trustees has passed the Senate and is now before the House.

The right of eminent domain (power to condemn land for extension of the University grounds) is given in a bill already passed by the Senate.

A pure seed bill sponsored by the Experiment Station and College of Agriculture has been passed in the House and is in the Orders of the Day in the Senate.

President Issues Call.
A call addressed to all alumni for organized effort "to spread the truth" about the University has been issued by President Rodman Wiley of the Alumni Association.

"The rest of the country must learn through alumni clubs and individual members in other states that the University is working for the advancement of Kentucky," he continued.

"It is up to the alumni in Kentucky to let the people here know that the University is all right from top to bottom and that the best of care and training is given the 1500 young men and women enrolled there."

Expansion of the 15 alumni clubs in Kentucky with a fair membership from 50 to 100 per cent enrollment and clear cut program is the recommendation. Work outside the state will be limited to the further building up of "Kentucky centers" already established. Some fine things have been accomplished toward this end in the last few weeks.

Alumni Are Advertising.
Further evidence of the connection of alumni with big national institutions is contained in advertisements placed with THE KERNEL. It is planned to make this one of the outstanding features of the paper. The Carrier Engineering Corporation, a pioneer in "manufactured weather" is the latest to join.

J. Irvine Lyle, '96 vice president and general manager, has always been one of the Alumni Association's ablest leaders. His corps of associates is made up to a considerable extent of "Kentucky" men. The University's first woman engineer was associated with Carrier until recently when she joined Dean F. Paul Anderson at the research laboratories of the American Society of Heating and Ventilating Engineers at Pittsburgh.

Doctor McVey Plans Tour.
At the instance of the alumni clubs and the Association President Frank L. McVey is planning a visit to the alumni centers in the North and East in the latter part of April. Local clubs are communicating now with the Alumni Secretary concerning Doctor McVey's visit. His itinerary will probably be announced in the next ten days.

President McVey has already visited several of the clubs but this will be his first formal tour. Alumni have expressed hearty approval of the plan to aid in bringing together all ex-Kentuckians in the support of the State's Own University and for mutual welfare.

John H. Way, '13, was a visitor at the University Tuesday, looking up old friends on the campus. Mr. Way was a teacher in the Carrollton High School from 1914 to 1917. His is now district agent of the Northwestern Mutual Life Insurance Company at Carrollton. Mr. Way reports that the Carrollton Alumni Club is thriving, doing good work but going to do better because it has the material. This is the sort of thing we like to hear and we believe will become the general spirit of alumni organizations throughout this state and others.

Miss Marie C. Becker, '17, is the wide-awake secretary of the Carrollton Club and we can agree with Mr. Way that if they keep up with the enthusiasm she exhibits and the co-operation she is giv-

ing the alumni office, they will indeed have one of the best organizations in the state. Miss Becker, whose home was in Louisville, has been teaching in Carrollton High School ever since graduating. Her address is Carrollton, Kentucky from September until June; during the summer months she can be reached at 1703 Tyler Parkway, Louisville.

"Attached you will find a check for two dollars for which I wish you to send the kernel to G. C. Faris, 1044 Columbine Street, Denver, Colorado." Mr. Faris attended school at the University in the years of '98 and '99, and he attended our luncheon today. For your information we will say that we have our luncheons on the first Thursday of every month at the Clellan, Secretary, Kentucky Club.

This is good work and is just the way we can hope to get in touch with the men who went out from the University without receiving degrees, and who are now eligible to membership in clubs and the Association. J. E. McClellan, '19, is manager of the Denver office of the American Blower Company, 524 Boston Building. He has been connected with this company ever since graduation, first at Detroit, Michigan, then at Salt Lake City, Utah. Early in 1921 he assumed the management of the office at Denver. J. A. Brittain, '18, is president of the Kentucky Club, Denver. After graduating in 1918, Mr. Brittain went with the United Verde Company, first at Clarksdale, Arizona, and later at Verde, Arizona. In 1920 he accepted a position with the Gates Rubber Company of Denver. In November 1921, Mr. Brittain, became a member of the firm, Holden-Brittain Supply Company, with offices in the Barclay Building, Denver. His residence address is 1060 Emerson Street.

Among the numerous U. K. alumni with the Buffalo Forge Company, two who seem to be keeping pace with each other are Edgar Engman Johnson and Roger Thomas Thornton, both of the class of '14. Immediately after graduation Mr. Johnson was employed with the Security Trust Company, Lexington, but soon got into the engineering game—going with the Buffalo Forge company in 1915. He is now a sales engineer with the company. His residence address is 200 Loring Avenue, Buffalo, N. Y.

Mr. Thornton went with the Buffalo Forge Company immediately after graduation, in the engineering department and is now a sales engineer for the company. His residence address is 108 Claremont Avenue, Buffalo, N. Y.

Paul Ingold Murrill, M. S. '96, and Ph. D. in '09, will, after April 1, reside at 960 West Seventh Street, Plainfield, New Jersey. Dr. Murrill, for a number of years was research chemist with the U. S. Rubber Company, located in New York City. In 1915 he accepted a position with the Tennessee Copper Company at Copper Hill, Tenn. In 1917 he was employed as chemist with Federal Dyeustuff and Chemical Company at Kingsport, Tenn. Since 1920 he has been chemical engineer with the T. Vanderbilt Company, at 50 East 42nd Street, New York City. In 1916 Dr. Murrill became a life member of the Alumni Association.

Work has already begun for the Judging Team to represent the University of Kentucky at the 1922 International Live Stock Exposition. Twenty-two students are meeting twice a week in the class in advanced Live Stock Judging taught by Professor L. J. Horlacher. This is twice as many students as have been out for the work before, so that prospects are bright for a good team next year. Competition which has been lacking in the last few years, is now very keen, especially after the good showing made

Robert L. Acker, '07, writes: "I am sorry I forgot to tell the Association that I have moved. An enclosing card with correct address, also a two-spot for dues. Best wishes for success in your efforts to keep the careless alumni up to the mark." Thanks for the good wishes, Mr. Acker. For a number of years Mr. Acker has been connected with H. L. Stevens & Company, Architects, first as assistant testing engineer Van Couver, B. C. In 1916 superintendent of hotel construction in Dayton, Ohio; 1917, construction of Meadowbrook Hotel, Ocean City, New Jersey; in 1918-19, hotel construction in Billings, Montana; from there, in 1920-21, in the same work at Winston-Salem, North Carolina. Mr. Acker is now with the offices of the company at 522 Fifth Avenue, New York City. Residence address, 2226 Loring Place, The Bronx, New York City.

James Floyd Chambers, '09, is one of our alumni who is making good in the Lone Star State. Mr. Chambers received his B. C. E. in '09 and C. E. in '12. In 1914 he went with Jas. Stewart & Company, Inc., of Houston, Texas. In 1917 he was connected with the Austin office of this Company. In 1920 Mr. Chambers became a member of the firm, Henger & Chambers Company, Contractors, of Dallas, with offices in Southwestern Life Building.

Marcus Jerome Clarke, '16, better known as "Romy," is principal of the high school at Anchorage, Kentucky, and along with his other duties, is enthusiastically promoting athletics. Immediately after graduation Mr. Clarke taught in the Winchester High School, then was in service until 1920. After his return, he accepted the position as principal of high school at Frankfort and while there was president of the Frankfort Alumni Club.

John Thornton Connell, '19, is connected with the Courier-Journal, Louisville, Kentucky. Mr. Connell has been an enthusiastic worker in the University's expansion program, and as one of the leading young newspaper men of the State, the Alma Mater can continue to look to him for support and assistance in the future, we are sure. Mr. Connell was a member of the University Survey Commission, May 1921, representing his paper on that trip, and since making good use of the information gained.

Incident on a Canoe Trip.
1st Hour
Harry tried to kiss me, I refused.
2nd Hour
Harry again tried to kiss me. I again refused.
3rd Hour
Harry says if I don't let him kiss me he'll tip over the canoe.
4th Hour
Saved the canoe, the lunch, and both occupants.

Betwixt Us

THE STEADY SUBSCRIBER

(From the "Liberal News.")
How dear to our heart is the steady subscriber,
Who pays in advance at the birth of each year,
Who lays down the money and does it quite gladly,
And casts round the office a halo of cheer.

He never says: "stop it; I cannot afford it,"
I'm getting more papers now than I can read."
But always says: "Send it; our people all like it—"
In fact we all think it a help and a need."

How welcome his check when it reaches our sanctum,
How it makes our pulse throb; how it makes our heart dance.
We outwardly thank him; we inwardly bless him—
The steady subscriber who pays in advance.

Miss Florence Wilkie, '06, is now Librarian, Forestry School, Yale University New Haven, Conn. Her residence address is 45 Edgewood Avenue. Miss Wilkie has been teaching since graduation and was last connected with the high school at Anniston, Ala. Her sister, Miss Margaret D. E. Wilkie, '04, is located at Asheville, North Carolina, address Binghams Road, R. R. 4.

Robert L. Acker, '07, writes: "I am sorry I forgot to tell the Association that I have moved. An enclosing card with correct address, also a two-spot for dues. Best wishes for success in your efforts to keep the careless alumni up to the mark." Thanks for the good wishes, Mr. Acker. For a number of years Mr. Acker has been connected with H. L. Stevens & Company, Architects, first as assistant testing engineer Van Couver, B. C. In 1916 superintendent of hotel construction in Dayton, Ohio; 1917, construction of Meadowbrook Hotel, Ocean City, New Jersey; in 1918-19, hotel construction in Billings, Montana; from there, in 1920-21, in the same work at Winston-Salem, North Carolina. Mr. Acker is now with the offices of the company at 522 Fifth Avenue, New York City. Residence address, 2226 Loring Place, The Bronx, New York City.

James Floyd Chambers, '09, is one of our alumni who is making good in the Lone Star State. Mr. Chambers received his B. C. E. in '09 and C. E. in '12. In 1914 he went with Jas. Stewart & Company, Inc., of Houston, Texas. In 1917 he was connected with the Austin office of this Company. In 1920 Mr. Chambers became a member of the firm, Henger & Chambers Company, Contractors, of Dallas, with offices in Southwestern Life Building.

Marcus Jerome Clarke, '16, better known as "Romy," is principal of the high school at Anchorage, Kentucky, and along with his other duties, is enthusiastically promoting athletics. Immediately after graduation Mr. Clarke taught in the Winchester High School, then was in service until 1920. After his return, he accepted the position as principal of high school at Frankfort and while there was president of the Frankfort Alumni Club.

John Thornton Connell, '19, is connected with the Courier-Journal, Louisville, Kentucky. Mr. Connell has been an enthusiastic worker in the University's expansion program, and as one of the leading young newspaper men of the State, the Alma Mater can continue to look to him for support and assistance in the future, we are sure. Mr. Connell was a member of the University Survey Commission, May 1921, representing his paper on that trip, and since making good use of the information gained.

by the team last year.
Greater efficiency in raising and feeding live stock should be stressed in all work carried on by the extension departments of mid-west agricultural colleges, according to animal husbandry specialists of those institutions who concluded a three day session at Chicago.

The meeting was of the Extension Workers Live Stock Market Conference held March 2-4. As a result of the conference Professor E. B. Jesness of the Agricultural Experiment Station was appointed a member of the committee for drafting plans. Mr. Richard C. Miller, also of the Kentucky Experiment Station was appointed a member of the Animal Husbandry Committee. Eighteen colleges throughout the country were represented and many phases of the Animal Husbandry Extension were discussed, and recommendations bearing on the future of the work as it relates to other university activities, were sent to various institutions of the country.

MARCH 10, 1922.

OUTLOOK BRIGHTENS.

The action of the Kentucky Legislature Monday upon the budget as it effects appropriations for the University of Kentucky, was not altogether a surprise to the Kernel. Although the Kernel had imbibed to some extent the fear that the General Assembly might not have opportunity to know the facts with reference to the University's struggle and its purposes, it was nevertheless satisfied that if the issue was presented to it properly, with fustian and fury of debate concerning evocation and other confusing issues left out, level-headed Kentuckians in that body would do their duty by the University, to the limit of their ability.

The Kernel is encouraged over the attitude the General Assembly has taken, and cannot but feel that the widespread discussions of University problems that culminated in the inclusion in the bill of a larger appropriation for the forthcoming biennium, will bear fruit in a better understanding of the institution's value and importance to the State, and subsequently in the granting to it of more adequate support.

That Kentuckians interested in higher education and better citizenship have been compelled to go hat in hand humbly and actually to beg, for what seems to us a meager pittance in view of the vast projects of higher education outlined by the University, is a source of profound regret—regret indeed emphasized the more by the fact that sister states on every side of us, inferior to ours in wealth, native intellect, and breadth of vision, should at this time be outclassing us in their efforts to make citizens of their young men and women.

Nevertheless, it must be borne in mind that the University's call upon the General Assembly for funds comes at the most inopportune time in the history of our State. It comes at a time when we are living through the aftermath of the greatest war in the history of our world, with Europe still aflame with revolution and in poverty, and America struggling with her most staggering economic problems. If there be excuse for Kentucky's inability to meet more adequately the University's demand for funds, the Kernel prefers to submit this as such cause. Far be it however, from this spokesman of the students not to feel deeply the debt of gratitude to those forward-looking men and women of the legislature who voted for simpler appropriations, and to those friends throughout the State who brought their influence to bear in

its behalf. Among these none stood out more prominently than did the President of this University, whose dignified, sane, loyal, persistent fight in its behalf brought new friends to him and to the University; or than the Alumni, the student body itself, and Representatives Arch L. Hamilton and Harry Miller, whose skillful handling of the University's case reflected leadership and loyalty.

The Kernel cannot but feel in the midst of conflicting emotions that the University is approaching firmer ground, and that it can look forward hopefully in confident belief that the hour is not far distant when both the people and their representatives in the Legislature will better understand the University's problems, and better help it serve the divine purpose of its mission in Kentucky.

ACKNOWLEDGEMENTS.

The students of the University of Kentucky have reason to congratulate themselves on the splendid spirit they have shown in the fight for a larger appropriation from the Legislature. Of course the amount given to the University is too small to allow for the necessary expansion, but small as it is it represents a great advance over the amount appropriated by the Budget Commission.

When the students made their first trip to Frankfort, the task seemed hopeless. The Governor told them frankly that there could be no increase in appropriation seems that the Legislature chose to increase the revenue in some way. It now seems that the Legislature choose to keep the State a little in debt rather than to ruin the future of the University and the Normal schools. For this change of view the students and the alumni have every reason to be proud. There has been no example of more unselfish and devoted work than the efforts of those who labored for the University when effort seemed in vain. Many students and some alumni made several trips to Frankfort, always at their own expense. When the call came for a delegation, those asked to go dropped their work, and declared themselves willing to do anything possible for the good of the cause.

It is fitting that the Kernel should acknowledge its debt to the members of the Legislature who have been such loyal friends. There have been many who have been active in the fight for higher education. To name them all would be impossible, but we would like to especially acknowledge our debt to a few of our most active leaders. First on the list we might place our own J. W. Stoll who has never ceased to give his time and his influence to the cause of the University and of higher education in general. In the Lower House our list of friends

includes the brilliant young member from the City of Lexington, Harry Miller and his astute Colleague, Arch Hamilton from Fayette County. Another Alumna, Mrs. Flannery, took an unhesitating stand for a larger appropriation, and defended the character of instruction here. To these the students are glad to acknowledge a debt of gratitude, but there is another name that must be added to the list, the name of a Transylvania Graduate, whose son is a Transylvanian Student, and whose interest would naturally be in the Western part of the State,—C. D. McCaw, Representative from Paducah. The Reverend Mr. McCaw is a minister in the Christian Church, but he is broad enough to realize that the University is the friend and not the enemy of the Church. His wit and his logic were invaluable to us in the debate on the budget.

Easy to Answer?

Johnny—Mother, do I have to wash my face?

Mother—Certainly, my dear.
Johnny—Aw, why can't I just powder it, like you do yours?

Customer: "I want some underclothes."

Clerk: "How long?"
Customer: "How long? I don't want to rent 'em. I want to buy them."

ATHLETICS AND SPORTS

COACH BUCHHEIT HAS THIRTY-FIVE TRACK MEN OUT FOR WORK

Indiana, Vandervilt Are Likely To Be Contenders

Along about the ninth hour of an afternoon or 4:30 o'clock to be exact the University Gymnasium takes on a very busy aspect for it is at this time that the University of Kentucky track stars assemble for their daily practice under the capable direction of Coach George Buchheit. Coach Buchheit reports that he has about thirty-five men out for track and that he could use almost that many more.

By mutual arrangement with the weather man, the followers of the cinder path have agreed to stay within doors a few more days until the track over on Stoll Field comes to resemble a place where land sports can be held instead of a place for a water carnival.

On the lower floor of the gymnasium Coach Buchheit has his hurdlers busy at it, the men being ably led by Captain Clair. Upstairs the sprinters are going around the leather cushioned track, while "Red" Hukle, manager of the track squad and erstwhile producer of the yell factory, with watch in hand, watches the men fight against time.

The reason for this activity is the preparation for the annual federation meet which is to be held at Louisville March 18. It is thought that two relay teams will be taken to Louisville for this meet, but no definite information as to just how many events will be entered could be given out this far in advance. Besides Synder, Wilhelm, Adkins, Propps and the rest of last year's men, there is a host of new material out, the freshmen class being well represented. Among the newcomers Ogden and Ferguson loom up as unusually good prospects. Ogden is a half mile performer while Ferguson's specialty is the dash.

The track schedule has not been definitely completed although negotiations are being carried on with the University of Indiana, Tennessee, Vanderbilt and Centre.

UNIVERSITY OF IOWA DOWNS MAT WILDCATS

The Strongest Team of West Gives Wildcats a Trouncing Score 50-0

The last wrestling meet of the season March 4 at Ames, Iowa was marked by a defeat of the University of Kentucky team by one of the strongest mat teams in the West which also defeated Nebraska, West Virginia and the strong University of Indiana Wrestling Team. The wearers of the Blue and White were under a double disadvantage. The first was a long train ride arriving the morning of the day that the match was scheduled and with little or no opportunity to work off the stiffness. The other disadvantage was the fact that the match was carried on under the Western Conference rules system with which the team had very little experience. This system differs from that with which the Wildcats are familiar in that in the Southern Conference rules the matches are carried on in three five-minute bouts, while in the Western Conference system there is only one bout of twelve minutes, an additional five minute period being added in case of a draw. The Wildcats put up a plucky fight in this meeting but under the conditions were not a match for the Ames stars. The summary follows:

115-pound class, Sogard, of Ames, won fall from Waits, Kentucky, in 6:42 by head scissors and arm lock.

In 125-pound class, Loucks, of Ames, won fall from Maddox, Kentucky, in 10:20 with body chancery.

In 135-pound class, Bowen, of Ames,

won fall from Stith, Kentucky, in 4:33 with body chancery.

In 145-pound class, Shepard of Ames, won fall from Neal, of Kentucky, in 6:18 with body chancery.

In 158-pound class, McKibben, of Ames, won a decision from Akin, of Kentucky, with advantage in time of 5:52.

In 175-pound class, Stith of Ames, won by decision from Robertson with 3 minutes advantage of time.

Heavy Swink, of Ames, won by decision over Enlow, of Kentucky, with a time advantage of 5:53.

Total time behind, Ames 29:48, Kentucky 0, Final score, Ames 50, Kentucky 0. Official referee, Clapp, of University of Nebraska.

ADKINS IS NAMED AS ALL-SOUTHERN FORWARD

Bobby Lavin Receives Honorable Mention From Atlanta American

Paul Adkins versatile center of the Wildcat aggregation was named All Southern forward and Bobbie Lavin, guard, was given honorable mention as guard on the All Southern team composed of eight players picked by the Atlanta American. In commenting upon the playing of Adkins, the writer in the American says:

"Adkins, last year a member of this mythical aggregation, if anything, was more of a crack shot this season. There were so many splendid players, Adkins was probably forgotten after the elimination of his team in the second round. However, it was plainly seen during those two games that he once again was the storm center of the Kentucky attack and its most dependable man.

"Speed, shooting ability and rare intelligence were the three factors that won a position for Adkins."

The above report just about sums up the brilliant work of Adkins. Paul may not be as flashy as some players on the floor, but he is a keen consistent worker who makes every play count, as his record clearly shows.

Lavin the captain of the 1922 aggregation, who received honorable mention upon this writer's All Southern is player of great versatility, being equally skillful in breaking up the opponent's pass work or upon the defense. His floor work is fast and sure; he is an excellent goal shot, and easily merits this distinction.

BASEBALL PRACTICE IS IN FULL SWING NOW

Coach Jim Parks Will Select Them Next Week.

Zang! the sound of the old horseshide in the catcher's mit the sweetest music of all to the pitcher and catcher echoed and re-echoed in the old gymnasium as the men warmed up Monday afternoon.

"Daddy" Boles reports that there are thirty men signed up as pitchers and catchers. The men are working at different periods in the day under the direction of Paul Cooper and "Bud" Slomer. Only a few out of the thirty men will make the coveted positions on the team and the prospects are working hard so as to limber up and be in good condition upon the arrival of Coach Jim Parks who will select the men who are to make up the team.

Out of courtesy to the weather man the diamond stars have agreed to continue their practice indoors for another week. Outdoor practice will not begin until the arrival of Coach Parks Thursday, March 16. At the beginning of outdoor practice, the men trying out for the infield and outfield positions will be given an opportunity to show their "stuff." The first game is scheduled April 1, two weeks from the arrival of Coach Parks and the men will have to work hard to be in condition for the curtain raiser with Georgetown.

CO-EDS GET 10-2 SCORE IN GEORGETOWN GAME

Kentucky Freshman Defeated By Georgetown Freshmen In Second Contest.

The University divided honors with the Georgetown outfit in a double-header played on the local floor Saturday night. The Kentucky co-eds defeated the Georgetown girls by a score of 10-2, while the Tiger freshmen won over the Wildcat first year men 23-20.

The Georgetown girls, who had earlier defeat at the hands of Kentucky suffered in the season, fought courageously to turn the tables but could not make the field goals. Only four fouls were called during the entire game. Potter and Black starred for Kentucky.

When the whistle blew at the close of the boys' game the score stood a tie, 20-20. In the five minutes of overtime play the visitors knocked three points while Kentucky's shots went astray.

The Line-up follows:

Girls' Game.
Kentucky—(10)—Black (4), Richardson, forwards; Potter (4), center; Wilson, Smith guards.

Georgetown—(2)—Hall, Gilbert (2) forwards; Coleman, center; Gregory, Ligon, guards.

Substitutes—Kentucky: Stevens for Black, Jameson (2) for Richardson, Felsenthal for Smith; Georgetown: Bridges for Ligon. eferce—Hanson.

Boys' Game.
Kentucky F. (20)—Robs (9), Foust (7), forwards; King (2) center; Jones (2), Ferguson, guards.

Georgetown F. (23)—Bragland (6), Davis, forwards; Offutt (5), center; Shearer (2), Black, guards.

Substitutes—Georgetown: Long (10) for Davis, Robinson for Shearer; Kentucky: Wilkinson for Robs, Terrel for Wilkinson, Netherton for Terrel. Referee—Hanson.

FIVE WILDCATS ARE GIVEN "K"

Bill King and Burnham Only Letter Men to Return Next Season

Varsity "K's" in Wrestling and boys' and girls' basketball were awarded at a meeting of the athletic council of the University of Kentucky at a meeting held at the Phoenix hotel last night. Five girls and five boys were awarded letters in basketball and seven letters were given in wrestling. Numeral sweater winners for the inter-class championship sophomore team were also announced.

The girls who were awarded K sweaters are Misses Potter, Wilson, Smith, Jameson and Felsenthal.

Robert E. "Bobby" Lavin, Basil Hayden, Paul Adkins, William King and Lawrence "Dutch" Burnham were the Wildcats who were awarded letters. Of these only King and Burnham are expected to return next year. Lavin and Adkins are eligible for another season, but both will graduate in June.

Wrestling letters will be given Harold Waits, E. L. Maddox, C. F. Smith, Sid Neal, G. B. Akin W. R. Robertson and Harold Enlow. Of these only Akin and Enlow, middle and heavyweight, respectively, will be lost to the team next year.

Numerals were awarded to the sophomore class champion team, consisting of Carl Riefkin, Ralph Boren, Marshall Barnes, Phil Powell, Gardner Bayless and Cornelius Anderson, manager.

During the meeting a discussion came up as to the standing of the various sports at the university, and it was decided that football, baseball, basketball and track were to be designated as the four major sports and wrestling as a minor sport.

The small boy thinks sister covers her ears to keep from washing them.

SUKY ENTERTAINS FOR BASKETBALL PLAYERS

Impromptu Talks Made By Miss Jewell And Miss McLaughlin

The Su-Ky Circle entertained in honor of the Basketball team, Thursday night at 7:30 in the Y. M. C. A. rooms. After a delicious supper of salad, sandwiches, and coffee, Charles Mohoney president of the Circle called on Dean Jewell and Miss Marguerite McLaughlin faculty members of the SuKy Circle, who made interesting impromptu talks to the guests of honor and hosts.

Snappy responses were made by Coach Buchheit, Basil Hayden, Captain Bobby Lavin, Bill King, Margaret Smith, A. T. Rice, Kittp Conroy, Dutch Burnham, Vall Baldwin, and Freddy Fest. "Daddy" Boles in his customary humorous manner told of the trip to Atlanta and how he was the "Jonah" which kept the bays from bringing home the bacon.

Those present were the guests of honor: Basil Hayden, William King, Robert Lavin, Paul Adkins, Lawrence Burnham, Gilbert Smith, A. T. Rice, Fred Fest, William Poyntz, James Wilhelm, Coach Buchheit and "Dady" Boles, the members of the Suky Circle, including the faculty members and the Sister SuKy.

A freshman saw an ad reading: "Send 10c for a handsome engraved picture of George Washington." So he bit and received a two-cent postage stamp.—Davidsonian.

ENGINEERING NEWS

A paper entitled "An Appreciation to the College of Engineering of the University of Kentucky" was read by Dean Freeman in Dicker Hall last Monday morning to junior and senior engineering students. This paper, an annual work of Mr. William Gibson, has always been read in the past by Mr. Gibson personally, but due to the inability on the part of Mr. Gibson to visit the University this year, it was read by Dean Freeman. The latter part of the paper which is dedicated to former president Patterson tells of the work that Doctor Patterson has done for the University.

Dr. M. E. Cooley, dean of the College of Engineering, University of Michigan, and Dean F. Paul Anderson, of the College of Engineering, University of Kentucky, who is on a year's leave of absence, will speak on Wednesday afternoon at 1:40 o'clock to students and faculty in Dicker Hall. Dr. Cooley is traveling for the Federation of American Engineering Societies, of which he is president. He will speak on matters of interest to engineers. Dean Anderson will be here this week for his regular visit of inspection, as he maintains a close relation with activities in the college during his absence.

Lady: "What is that peculiar odor I get from that field?"
Farmer: "That's fertilizer."
Lady: "Oh, for the lands sake."
Farmer: (Yes, lady.)"

FIELDER REPRESENTS UNIVERSITY IN CONTEST

Kentucky Gets Second Honors In Inter Collegiate Debate At Danville.

Leonard Fielder, representing the University in the annual Intercollegiate Oratorical Contest, held at Danville, Saturday evening, won second place. First honors went to John Welsh of Berea College, who spoke on "The New Conscience." Fielder's subject was "The Debt to the Dead." Nolan Carter of Georgetown made third place. His subject was "There is the East."

Other representatives were: Cyrus Collins of Centre, whose theme was "The Passing of War;" Richard Cumming of Kentucky Wesleyan spoke on "Peace;" and Allen Huber of Transylvania, on "Our Democracy."

The judges were: Mayor Quin of Louisville; Professor George T. Ragsdale and Professor William F. Bradbury, also of Louisville. The judges were out only five minutes in making their decision. Strother T. Hines of Centre presided. Professor Mikesell of the English Department was among those who were present.

ANNUAL BENNETT PRIZE OF \$20 TO BE AWARDED

All Students In University Eligible to Compete in Contest

The Bennett Prize is awarded annually for the best essay on some topic connected with the origin and development of parliamentary government. The amount is \$20 in gold.

The subjects for 1922 are as follows:
 1. The Significance of the German Revolution of 1918.
 2. The Increase in Parliamentary Institutions in various countries since 1910.
 3. The Reconciliation of Authority with Liberty in Progressive States.

Essays ranging from two thousand to ten thousand words in length, from students from any college in the University should be in President McVey's office not later than May 1. Persons who desire to get details of the contest may consult Professor Tuthill at any time.

"Hear Catherine had an accident yesterday."
 "Oh, well, it didn't amount to much."
 "You mean to say that neither she nor the car was hurt?"
 "No, only a little paint knocked off both."

"It's off for the night," she cried, as she wiped her face with the towel.
 —Virginia Reel.

WHITING WILLIAMS TO SPEAK AT UNIVERSITY

Has Valuable Information On Problems of the Working Man

Whiting Williams, authority on the human factor in commerce and industry, author of "What's on the Worker's Mind," and of series of articles in Scribners and Colliers, will address the students of the University Wednesday, March 22. The Tuesday chapel will be changed to Wednesday to give students the advantage of hearing this noted authority on human relations. Mr. Williams will make two addresses while here, the second address to those interested in personal problems from the engineers, economists and psychologists view points. The subject of the chapel address will be "The Worker's Mind at Home and Abroad."

For the past three months Mr. Williams has been speaking to the students of Harvard and other universities. He was vice-president of the Mydraulic Steel Company at Cleveland, where he was in charge of the personnel of the plant, from which position he resigned to live as a common laborer in various concerns to find out what the attitude of the worker was on which industrial life must be built. He followed this plan in this country, England, Scotland, Wales, France, France and Germany. This unique experience makes him in many respects the most interesting man in his field.

Does your P. M. schedule read like this?

If your burning ambition is to excel as an all-around society man, you couldn't have planned your evenings better. Such persistence will win out over the indolence of the rank and file, for as the poet says,

"The heights by great men reached and kept
 Were not attained by sudden flight,
 But they while their companions slept
 Were toiling upward in the night."

But if you intend to make your mark in engineering or business, don't expect that supremacy on the waxed floor will help when you start hunting a job.

Not that you need swing to the other extreme as a "grind" or a hermit. Let's concede it is all right to minor in sociabilities—but certainly it is only common sense to major in the math and sciences and English that will mean bread and butter to you later on.

Remember this—the harder you work right now in getting a grip on fundamentals, the easier things will come to you when you must solve still bigger problems. And if you take it easy now—well, look out for the law of compensation.

It's up to you. While you've got the chance, seize it, dig in, plug hard. It will pay—in cold cash.

Published in the interest of Electrical Development by an Institution that will be helped by whatever helps the Industry.

Western Electric Company

Maybe it's against all campus tradition, but some men who stood in the upper third in their class and who entered this Company years ago have since become its executives.

Dixie Ice Cream must be the best because students eat so much of it. They know that it is nutritious and one taste proves that it is delicious. Prompt attention given to orders for dinner parties—entertainments etc.

7 a. m. to Midnight. First Class, (New Equipment) Being the only tables of this late design in the City. A Game of "Billiards", or "Pocket-Billiards", will be Enjoyed, as we permit nothing but perfect order.

FLAG DAY FOR WOMENS LEAGUE

AVIGNON HOLES (Continued from page 1)

There yet remain six lectures on vocational subjects before the end of the present semester. March 20 and 21 Mrs. Woolman, home economics specialist, will be brought to the University. A lecture on music as a vocation will be given April 25. Dates for journalism, art, business and teaching lectures are to be announced later.

The Woman's League Room on the second floor of White Hall is of service to a large number of girls. Short Y. W. C. A. meetings are held there every Wednesday at 1 o'clock. A committee under chairmanship of Adelaide Longest has charge of the room. Several magazines for general use are placed there by the League. The adjoining kitchenette is used by a number of town girls.

The Woman's League is also planning to put the Atlantic Monthly in the new reading room at Patterson Hall. If there are funds left at the end of the semester they will be used in giving teas for women students here at summer school.

The purpose of the League, which has existed on the campus for three years, is to bring all the girls together in one organization for arousing greater interest and school spirit. The officers for the present year are: Lula Blakey, president; Margaret Smith, vice president; Frances Renick, treasurer; Adalaide Longest, secretary.

Y. W. C. A. NOTES

An Institute for the training of speakers for younger girls will be held at the University of Kentucky next Tuesday, Wednesday and Thursday, March 14-16 under auspices of Y. W. C. A. This is especially for the benefit of Junior and Senior girls who expect to teach but all the girls of the University are invited to attend the lectures.

It has been planned to give two hours a day to this Institute either in the afternoon or evening, the hours together or separate as seems to suit the group best. One purpose of this Institute is definitely to train future volunteer leadership, but girls who would like to be leaders of younger girls in their communities will also derive great benefit from it.

Cards will be given to all girls wishing to attend the Institute and the time of meeting will be selected in accordance with the wishes of this group.

The Alpha Xi Delta sorority will have charge of the meeting of the Y. W. C. A. at Patterson Hall next Sunday evening. An interesting program is being planned and all women students are invited to attend.

ARNOLD ADDRESSES UNIVERSITY GIRLS

Dr. E. H. Arnold, president of the New Haven Normal School of Gymnastics, made a very interesting and inspiring talk in Chapel, Saturday afternoon at 4 o'clock. In speaking of teaching Doctor Arnold said that its greatest reward was the love and esteem which one received from pupils. After the lecture tea was served in the office of President McVey, at which Doctor Arnold and Mrs. Sherwood Eddy were guests of honor. Receiving with them were: Miss Frances Jewell, Sarah Blanding, Miss Maybelle Cornell and Mrs. Robert Stout. Miss Margaret King presided at the tea table. Tea, wafers and mints were served by members of the Woman's League.

Dean Jewell Present at Deans of Women Meeting

Dean Jewell attended the annual meeting of the National Association of Deans

of women at the Blackstone Hotel in Chicago the last of February. Hear she had the opportunity of hearing many attractive lectures and was guest at several luncheons and other social affairs given by the Association.

About 200 women's deans were present. The first day of the meeting was given over to a discussion of vocational guidance, the second to college dormitories, and the third to scholarship. Sectional meetings were held for conferences on individual college problems. Miss Jewell remained in Chicago for the beginning of the National Education Association meeting.

CAMPUS CHATTER

Mr. Evert Mathis, an attorney of West Liberty, Ky., was a visitor on the campus Tuesday March 7. Mr. Mathis was graduated from the college of Law in the class of 1911.

The Henry Clay Law Society has planned to have a general get-together at its next meeting, Thursday March 16, in the form of a social and smoker. A committee on arrangements, consisting of G. W. Meuth, chairman, Phil Powell and Mariam Seegar, under the direction of Paul T. Sahby, president of the society, has a very interesting program. The faculty and students of the College of Law are invited. Refreshments will be served.

The Lexington alumni luncheon will be held Saturday at 12:30 at the Lafayette. President McVey, the principal speaker, will talk on "The Present Situation."

A report of the scholastic standing of the men of the fraternities is being published. Those fraternities which have not yet received the blanks are asked to get them at once from Dean Melcher's office and hand in the enrollment as soon as possible.

Miss Anna Laura Parrish, who graduated in the Department of Botany at the end of last semester, is now teaching in the Lexington Public Schools.

"The Territorial Basis of Education," an informing and instructive article by Professor Edward Weist of the Department of Economics and Sociology of the University, is published in School and Society, March 4.

Professor McFarland, head of the Botany Department, has received notice of his election as Fellow in the American Association for the Advancement of Science. Those eligible for this honor are only those who have done original research work in the scientific field. The eligible members are elected by the executive committee which meets once each year. The only other faculty member who is a Fellow of this Association is Dr. J. H. Hargue of the Experiment Station.

Professor McFarland has received an invitation from Dr. Bruce Fink of Miami University requesting him to deliver a lecture before the Botany Club of that institution sometime next year; on some phase of Mycology.

Mr. J. H. Way of Carrolton, Ky., '13, was a visitor on the campus this week.

Professor T. T. Jones of the History Department, will be one of the judges in an oratorical contest which will be held in Grant county March 10.

Professor J. L. Douglas of Madison, Wisconsin, arrived last week to fill the

place made vacant by the death of Doctor Seis.

Professor Douglas has taught for two years in the University of Wisconsin, and has done research work for the State Board of Education in Wisconsin.

SUMMER QUARTER

First Term—June 19-July 29.
Second Term—July 31-Sept. 2.

The Summer Quarter is an integral part of the University Year, the course being the same in character and credit value as in the other quarters of the year.

Degrees are conferred upon men and women for summer work.
The Master's Degree may be obtained in three Summer Quarters.

It offers opportunities unexcelled in the South and makes a strong appeal to teachers seeking broader scholarship and training and wider social contacts, and to college students desiring to complete degree requirements.

Attendance last quarter, 2429 from twenty-nine states and foreign countries. The most beautiful and unique campus in America.

Accommodations at reasonable rates. Tuition for non-Virginian students \$15 term.

Entertainments, music festival, excursions.

EDDY GIVES STUDENTS CONVINCING LECTURES

Makes Plea For Higher Standards of Character and Religion

Sherwood Eddy, the international student speaker gave a series of lectures at the University last Friday and Saturday. His subject for Friday was "The Challenge of Campus Problems." He said in part: "We are standing at the beginning of a new epoch in history. There is a moral slump over much of the world. There are many world problems to be solved and there are many right here in our own University. There are four great touchstones of character concerning which four questions may be asked: Am I honest? Am I pure? Am I in earnest? Am I right with God and man?" Mr. Eddy enlarged on these four questions and gave many stirring examples. These questions formed the basis of his two lectures on Friday.

The subject for his lecture Saturday morning was "The Challenge of the World Situation." He said: "There is for America if she will take it. There is a new awakening of class leadership of the world if she will take it. There are three great problems left, problem of national and political life, industrial problem, and race problem. In our political life there is the danger of graft and the danger of profiteering. There is need for honest college trained men and women to lead toward better things. The fourteen basic industries of America are controlled by 103 families. In many parts of Europe individual wealth is being eliminated as it should be in this country." In speaking of the race problem he said that a third of the inhabitants of the world are white, one third yellow and one third black. He believes that suppression of any one race will lead to the destruction of civilization.

On Saturday night he talked on "What Shall I Do With My Life." "We must make a choice between a life filled with love and service or a life made up of selfish desires," he said. Mr. Eddy also told of European conditions where 100,000 students and instructors have been forced to discontinue their studies because of economic conditions. He made a plea for strong young men, clean in body and mind to clean up American politics and aid in solving race problems and the problems of international relationships. "If it took us 1800 years to understand that slavery was wrong, it may take us another 1800 years to realize that many things which we now permit are even worse than slavery," he asserted. He made a plea for character and religion in business and compared Woodrow Wilson and Herbert Hoover with others of a more selfish type.

Dr. J. W. Kose, Czecho-Slovakia, spoke briefly at the Saturday morning meeting on the needs of the students of central Europe and their appreciation of relief from fellow students in America. At the close of the Saturday evening meeting additional pledges were made to the Student Friendship Fund amounting to \$182.

Y. M. C. A. AND Y. W. C. A. NOTES

Mr. C. M. Summers, district secretary of the State Y. M. C. A. was the speaker at the joint meeting of the Y. W. C. A. and Y. M. C. A. held at Patterson Hall last Sunday evening. His subject for the evening was "Character Qualities of John the Baptist." Robert Clem sang a solo, accompanied at the piano by John Curry.

Mr. Summers said in part: "We are at a zero hour in our Christian lives. It is a question whether we will go into victory or defeat, success or failure. A real piece of work has been done this last week in the University of Kentucky. "We must have strength of character and nobility of soul to go on to success. If we become indifferent we need not expect success.

"John the Baptist did not place himself in a compromising situation. He was called of God to do a worthwhile work. We should keep our own lives clean, level, foursquare. Will we have the courage of our convictions as John the Baptist did? He had a remarkable

ability to determine values. "To all the other qualities of life that characterized the prophets of old we must add the quality of love which was lacking in them. Until we do this the least in the realm of Heaven will be greater than we are."

FRITZ KREISLER

Fritz Kreisler, master violinist and master musician, who will come to Lexington for a concert at Woodland Auditorium Monday night, March 20, repudiates the charge that the concerto has been doomed because of its properties of display which it is said by some are no longer a successful means of holding modern audiences. The ultra moderns are seeking to cry out of court the older and time-honored forms in music and among these is the concert with its movements, the first long and elaborately developed, the second songful, and the third merry, usually in a dondo form. One reason Kreisler gives for the falling approval is that concert-goers have today grown restless and they do not wish to listen to long compositions.

The Kreisler concert is the fifth and last of the Artist Concert Series for the season of 1921-1922 and season tickets may be used. Tickets are now on sale at the Lexington College of Music, telephone 639-X.

Program.

1. Kreutzer Sonata Beethoven
- Adagio sostenuto—Presto
- Andante con Xariaziono—Presto
2. Concerto in E-minor.... Mendelssohn
- Allegro molto appassionato—Andante
- Allegretto non troppo
- Allegro molto vivace
3. (a) Indian Lament Dvorak
- (b) Ballet Music from "Rosamunde"
- Schubert
- (c) Melody Chas. G. Dawes
- (d) Two Old Vienna Valses;
- Liebeslied, Fair Rosmarin
- Kreisler
- (e) Caprice Viennois
- Carl Lamson, Accompanist

SOUSA'S BAND

John Philip Sousa with his famous band has made twenty-nine years of prodigious travel through Europe and one tour around the globe, lasting more than a year. Having directed his wonderful organization in concert, it might seem that Sousa, who will appear, matinee and night, at Woodland Auditorium Thursday, March 23, would be weary of concert giving and travel of every sort.

So as the concert giving is concerned. Mr. Sousa does not lag or languish in the least. On the contrary, the Sousa concerts which are distinctive the world over, a type apart from all others, are things of his own creation, ever of pride to himself.

The Sousa concerts are not included in the Artist Concert Series and tickets for the band concerts are now on sale at Lexington College of Music, telephone 639-X. Where students wish to attend the matinee and will buy seats in a block of 20 the matinee price will be reduced to 55 cents.

LAST PAYMENT ON 1922 KENTUCKIAN IS DUE

Annuals will Not be Distributed Until Subscriptions are Paid

The business manager of the 1922 Kentuckian has mailed out a statement to every organization on the campus. The balance of all space in the Kentuckian is now due, and the business staff is in need of money to pay the printer and the engraver. This year's annual will be out at least six weeks earlier than any annual previously providing the organizations pay their bills so the work on the annual can proceed.

The Kentuckian staff feels that every student wants the annual out early, and there is only one way to do this, that is, by paying the business manager. No annuals will be distributed until every account is paid. Are you going to hold up the delivery of the annuals?

Cop: "Were you ever pinched for going too fast?"
Stude: "No, but I've been slapped"

In Selecting a University--

For a college education, there are five things to be taken into consideration:

1. The men at the head of the Institution.
2. The Scholastic standing and ability of the Teaching Staff.
3. The location and advantages of environment.
4. Equipment, buildings, laboratories and libraries.
5. Cost.

In all these respects the University of Kentucky Commends itself to those seeking a higher institution in which to carry on their education.

All Departments, including Liberal Arts, Sciences, Agriculture, Law, Education, Mining, Civil, Electrical and Mechanical Engineering.
