Rev. Caleb Powers  
Genyeton

My dear Powers:

I don't believe James Richardson  
of this place will do you any good as  
a witness, of course I do not know what  
you want to prove by him, but I believe he  
would do you more harm than good.  
I would have written to him, but I  
understand he is away from home  
& concluded I would write to you -  
Please have James telegraph me when you  
are ready & will come, as I do not  
want to come until you are ready.  
Yours truly  
J. F. Taylor
