### NEARLY 200 DEGREES TO BE CONFERRED IN JUNE

1915 Graduating Class is the Largest in the History of the School

The largest graduating class in the history of the institution has applied to the university faculty for bachelors' degrees. Last year's graduates numbered one hundred and twenty-five and that was considered an unusually large number, but this year, there are one hundred and sixty-two candidates for degrees.

This number does not include those who will apply for masters' honors and the list of honorary degrees has not been announced. The university is expecting to confer about two hundred degrees at the graduating exercises in June.

These names have been approved by the faculty and only the final examinations will alter the results.

In the College of Arts and Sciences there are forty-two Seniors, and in the College of Agriculture the same number, eight of whom are in the Home Economics Department. The College of Mechanical and Electrical Engineering has thirty-four and the Mining College has four.

These graduates represent every section of the State from the mountains through the Blue Grass to the Purchase, and Florida, Massachusetts, New York, New Jersey, Tennessee, Indiana, Ohio, Missouri and Panama are among other sections represented. The names of the candidates by colleges follow:

**College of Arts and Science.**

### LIEUT. GULLION WINS CUP IN COMPETITION

Clyde Taylor is in receipt of a card from Lieutenant Allen W. Gullion, former commandant of the Cadets Corps at the university. The card was mailed at Fort Bliss, Texas, and says in part: "My company won over the 35 other companies in the Eighth Brigade. Events: drill (close and extended order), wall scaling, tent pitching relay racing. As I was the only officer with the company I was happy. Congratulations on the excellence of the 'IDEA' this year. Regards to all."

On the reverse side of the card appears a photograph of a cup with an inscription stating that it was awarded to Lieutenant Gullion's company in "Company Competition."

The student body joins in congratulating our old commandant.

### ANNUAL I. O. A. CONTEST WILL BE HELD AT BERE A

Julius Wolf Will Represent University on Subject of "Edison"

The annual contest of the Intercollegiate Oratorical Association will be held in Berea, May 15.

The members of the association are Kentucky State University, Transylvania University, Georgetown College, Central University, Berea College and Kentucky Wesleyan College, all of which will enter representatives in the contest.

The winner of the contest will receive a beautiful \$25 gold medal with the coat of arms of all six colleges stamped on it in enamel colors.

Last year's contest was won by John Howard Payne, representing Kentucky State and his clear cut victory over all his opponents gave the university first honors for the first time in fourteen years.

State will be represented this year by Julius Wolf, who recently won the intersociety contest between the Union and Patterson Literary Societies. Wolf's subject will be "The Genius of Edison."

To win this contest will be a timely victory after State's unsuccessful year in debating.

### S. I. A. A. MEDAL IS ACCEPTED BY BOARD

The model for an athletic scholarship medal which was submitted to the executive board of the Southern Intercollegiate Athletic Association by a committee of which Professor Charles Weaver is chairman, was approved and accepted by the board. Professor Weaver was advised of this in a letter from President W. M. Riggs, of the executive board.

Each university is to award one of these medals to the student of its Varsity team having the highest record for scholarship. State University will award one this spring and the honor may fall to any one of several men who have been distinguished for their scholarship.

Professor E. F. Farquhar will deliver the commencement address to fourteen graduates of the Nicholasville High School at the exercises June 3.

### HIGH SCHOOL STUDENTS HERE FOR TOURNAMENT

21 High Schools Enter Representatives in Annual Interscholastic Events

The university this week is host to one hundred high school pupils of the State who are here for the Interscholastic Tournament, which is being held in the chapel and on Stoll Field, under the auspices of the university. Twenty-one high schools are entered and this meet promises to be the most successful of any ever held. Dr. W. L. Anderson is in charge of the athletic events and Professor C. P. Weaver of the music and public speaking events.

The new track on Stoll Field is being used for the first time by the high school contestants. It is a quarter of a mile in length with a 220-yard straight-away in front of the stand.

In addition to the regular events on the program, a relay race for the Sunday Schools of Lexington and one for the fraternities of the university has been arranged. Seven or eight of the Sunday Schools have entered their teams and all of the eight fraternities in the Pan-Hellenic Council will compete in the contest arranged for them.

Medals will be awarded the winners in all events and a silver loving cup will be given the school winning the largest number of points.

Yesterday the visiting students were registered at the Y. M. C. A. rooms. Today the preliminaries in the readings for girls, piano solos, and violin solos are being held in the chapel in the morning and afternoon and the finals at 8 o'clock tonight. The first round in the tennis tournament is also being held today. Tomorrow, the second round in the tennis tournament will be held, and the preliminaries in the morning and afternoon and the finals at night of the declamations for boys, vocal solos and quartettes in the chapel. Saturday morning the tennis finals will be played and in the afternoon at 2 p. m. the trials and finals in track and field events on Stoll Field.

Saturday morning the alumni of State University have made plans to take the visitors around the city in automobiles, and Saturday evening the Choral Club of the university will render a special program in their honor. It is understood that the university authorities will arrange some other special exercises during the stay of the high school contestants.

The high schools who are entered are: Stanton, Springfield, Stanford, West Point, St. Helen's, Maysville, Erlanger, Lexington, Hardinsburg, Somerset, Richmond, Ashland, Bellevue, Cynthiana, Louisville Male, Louisville Manual, Lawrenceburg, Bloomfield, Walton, Catlettsburg, Dry Ridge.

### COMMENCEMENT TO BE HELD JUNE 10TH

At a faculty meeting last week it was decided to hold the annual commencement exercises on June 10th, as previously planned. Some mention had been made of June 3rd, but this met with opposition on the part of some of the members of the faculty and it was thought best to hold the exercises on the date originally announced.

### CHORAL CLUB TO GIVE THE CANTATA "RUTH"

The sacred cantata, "Ruth," will be given in chapel Saturday evening at 8 o'clock by the University Choral Club. Admission will be free and everyone is invited.

On the program for the evening will be soloists, ladies' double quartet, ladies' trio, men's quartette for mixed voices and full chorus. There will be about 60 in the chorus.

The cantata, together with other solos and the special musical features promise to be a delightful treat to all music lovers.

Miss Frances Geisel, of Maysville, will be the accompanist for the evening.

### CITY COMMERCE BOARD VISITS EXPERIMENT FARM

Dinner is Served at the Scoville Residence by the Home "Ecs."

The Board of Commerce took another of its 'Little Journeys' yesterday, going to the Agricultural Experiment Station. The members left the Traction Station on a special car at 12 o'clock and made their first stop at the Scoville residence on the Experiment Station farm at 12:30, when luncheon was served by the young ladies of the Home Economics Department and the Experimental Bakery at the Station. After luncheon the members inspected the various points of interest around the Station farm.

The heads of the departments were hosts for the day and the program included talks by Professors J. J. Hooper, C. W. Mathews, E. S. Good, George Roberts, Harrison Garman, Dr. Robert Graham, Dean J. H. Kastle and others.

### CATS MEET HAWAIIANS TOMORROW IN GAME

Tomorrow afternoon the Wildcats meet the boys from the University of Hawaii, across the sea. This aggregation is usually the strongest that the Kentucky lads stack up against during the season. The Hawaiian team, so far, has lost only a few games and if the home boys support the pitchers in good style, the contest will be well worth seeing. The lineup for the Wildcats will be about as follows: McClelland, p.; C. Park, c.; Tuttle, lb.; Waters, 2b.; Schrader, ss.; J. Park, 3b.; Spalding, lf.; Reed, cf.; Crum, rf.

### ACADEMY OF SCIENCE TO MEET SATURDAY

The Kentucky Academy of Science, which was organized last year with a membership of about fifty prominent scientists and scholars of the State, will meet at State University next Saturday. It is very likely that the membership will be considerably increased at the coming meeting.

A feature that should be of especial interest is the semi-popular lecture, in the afternoon, by Dayton C. Miller, Professor of Physics, Case School of Applied Science, Cleveland, Ohio, on the "Science of Musical Sounds." The afternoon session is open to the public and Mr. Miller's lecture should be of interest to those who are interested in either music or physics.

### ERRORS PROVE COSTLY ON WILDCAT'S ONLY TRIP

Lose Three Out of Six Games on Southern Trip, Win Two, Tie One

The baseball team returned Sunday morning from a six-day trip to Tennessee where they played three games each with the Cumberland University and the Southwestern Presbyterian University. The trip resulted in two game wins, three lost, and one tied.

Coch Brumage attributes the three losses to the fact that errors were numerous on the unfamiliar ground, and the fact that the pitchers encountered were about the best the team has had to buck up against this year. Hard luck was a big factor in the games.

### First Game.

The first game with Cumberland was played Monday afternoon and went eleven innings. The first two batters of C. U. were able to secure hits, which resulted in one score. Not until the eighth was Chestnut able to connect with Thomas' twisters again. Spalding scored in the fifth, bringing the score to a tie. Tuttle drove out a home run in the eighth which was the final scoring for the Wildcats. The features of the game were the hitting of Reed, Tuttle's home run and the ruling of the umpire, who called the game because of previous engagements elsewhere. The score follows:

On the second day another umpire was secured who proved more unsatisfactory than the first. Cumberland scored two runs in the first inning and were able to hold the lead until the seventh, when the score was tied. For four and one-half innings no scores were made. In the last half of the eleventh Thweat, of Cumberland, with one man on third and two out, scored a single, scoring the winning run. Infield errors and the ump's decisions lost the game for the Wildcats.

**THE GIRLS' ISSUE.**

Last week the mighty male stepped down from his throne and turned these columns over to the "female of the species." The result was a most gratifying surprise.

Many of our campus prophets had made bold to predict that the Girls' Issue would be a feeble attempt and a subject for satire among the ranks of the stronger sex. The fall of these "Lords of the Universe" was sure and hard.

The girls' modesty refrained from telling what they did. They wrote the stories, the headlines, edited all stories, read proof, and even superintended the make-up of the paper, all without assistance from any male man. It was strictly a Girls' Issue throughout its entirety and from the standpoint of news, make-up, form and originality, the co-eds put out a sheet which was well nigh perfect. In all fairness it must be admitted that the Girls' Issue was the best of the year.

In view of the remarkable efficiency and ability shown by our fair co-laborers, we should like to suggest to the future management of THE IDEA that certain pages be devoted exclusively to the girls and edited by a "Co-editor" with a staff limited strictly to "women only."

**AWARDING OF SWEATERS.**

Apropos of the agitation for better treatment of visiting athletes, a few remarks are fitting at this time concerning the attitude manifested toward our own men.

It has always been the custom at Kentucky to award sweaters to Varsity men. This is not a paltry payment for labor done, but a token of faithful and conscientious effort for the university.

During the last two years there has been considerable delay in the awarding of these sweaters. We recently endeavored to find out why the 1914 football sweaters had never been given out and were able to get no satisfaction from authentic sources. This much is certain, however, the sweaters have never been ordered. No instructions have been given for their purchase. Is there any excuse for this continuous delay, and if so, is there not a remedy?

The "K" men, many of whom step from our walls for the last time, in June, should get immediately what is only their just due.

\*\*\*\*\*  
**HUM OF THE GADFLY**  
 \*\*\*\*\*

They thought it best to stay at home, Where there was ample need, Because they had their hands quite full The woman's side to plead.

\*\*\*\*\*

With much to say this week, we feel— Our story may seem slim— But adverse to our custom, we Must stay at home with them.

\*\*\*\*\*

We've always thought that the fair 'demoiselles were the sweetest and dearest things on earth and with due respect to them we have, for some thirty-one issues of this paper, failed to use a single "must-be-dashed or it-can't-be-printed" expression to relieve our pent-up feelings, but when we turn the paper over to the gentler sex for the thirty-second issue and they lead the chorus, their first time up at bat, with the phrase that "any old man's a — old fool to chew," somehow d—d—danged if we don't feel that we ought, in self defense, ally ourselves with old Kippie in bewailing the fact that "The female of the species is more deadly than the male."

Realizing that the Girls' Issue of THE IDEA last week was their initial attempt and not wishing to appear to be willing to nip so promising a bloom in the bud, the Gadfly intended merely to give the girl newspaperists a few kind words of commendation for their laudable efforts, but in the face of so belligerent a challenge as is here reprinted from last week's IDEA, the Fly feels it his express duty to discourse, albeit at meager length, on the issue in question since the girls seem to expect an "interpretation," "a criticism" and "explosion." Far be it from us to disappoint our jolly good comrades, but rather permit us to say in response that "They that ask so shall they be given."

"But where's the current 'News in Rime?'"

Some readers ask, no doubt; 'Tis this—the girls passed by such things, And so we left it out,

we won't kick.

The students in the New Dorm who have been accused of carelessness in throwing water from their windows, because of missing people, feel that a grave injustice has been done them and ask that any person who doubts the accuracy of their water-throwing aim, pass under their windows at any time between the hours of 6 a. m. and 1 a. m. and see if they do not get "theirs."

"The sign on the Patterson Hall back fence, 'No chickens allowed,' is to be taken literally." That's the girls' side of the story.

Elsewhere in this issue appears the statement that "from the standpoint of make-up, etc., the co-eds put out a sheet that was well nigh perfect." Considering the average girls' experience in such a matter, what else could have been expected?

**CAN YOU TELL US? SURE!!!**

Q. Why the north entrance to the Main Building is like the "Lexington Drug?"

A. Because the executive committee of the Poultry Fanciers' Association is holding a business meeting.

Q. Why at State dances one-fourth the floor is for the dancers and three-fourths for the stags?

A. The phrase "I'm sorry but I have another engagement," may or may not be partly or wholly responsible for this.

Q. Why, when you try to do that reference work in the library the man across the table exercises his bass voice like a big bumble bee?

A. He doesn't want to hear why Mary won't speak to Bill any more, or whether it was a 1908 or 1910 model dress Miss So-and-So wore to last night's ball.

Q. Why the Department of Home Economics is "The Department?"

A. For woman's two reasons:

1. For.
2. Because.

Q. Why is Lamp and Cross?

A. Nobody knows—unless it is a scheme of the Owensboroans.

Finally, for a brief summary of the Woman's Number, let us say that this is what we expected to find:

An elaborate treatise on Patt. Hall atrocities.

A suffragette speech by Marie Louise Michot.

A faked interview with the "Dear Dean."

The telephone number of Patrick Hall in heavy black type.

A slam on every male animal in the school.

And this is what we found:

The best issue of THE IDEA ever gotten out. Need we say more?

At a meeting of the Mountain Club last week officers for next year were elected as follows: President, F. W. Mayo; Vice President, Miss Carrie Blair; Secretary, Miss Elta Potter.

**STUDENTS' FORUM.**

THE IDEA is just completing one of the most successful years of its history, and we have nothing but praise for the young men and women, who are responsible for its weekly appearance. A comparison shows that it is the equal of any university paper in the country and in some features surpasses them all. It is earnestly to be desired that in the future, THE IDEA will not only maintain the high standards of the past, but will grow in excellence and in power and influence until it will become not only the best university paper in the country, but will be known and read throughout the entire State, thereby serving as an advertisement for the institution and tending to make closer the relations between the university and the people.

But, there is, in the judgment of many, one defect in THE IDEA which should be corrected before it can hope to step into this larger sphere of influence, and that is "THE IDEA." The unmeaning name, which our admirable student publication has to carry around with it, is its worst handicap. Anything that is worth a name, is worth a name which, to a certain extent at least, indicates the nature of that for which it stands. This, certainly, "The Idea" does not do.

The origin of this name is unknown to the students and the most searching investigation can suggest no good reason for it. The general impression seems to be that this title was chosen during the time, when the slang expression, "Why, the idea," was in its palmiest days. Logically, "THE IDEA" indicates that our student publication attempts to interpret the trend of thought and record the ideas of the great thinkers of the age, a most unusual policy for a college newspaper and decidedly not the policy of our publication.

The name should be changed and the sooner the better it will be for the paper. Every year this action is suggested and seems to meet with the approval of the student body, but nothing is done about it and our paper is forced to live another year under a name that is an offense to many thoughtful young men and women.

If it is the will of the students, let us select and adopt a more appropriate and expressive name for our paper. A certain well-wisher has consented to offer a small cash prize to the one who will suggest the best name, which will add to the interest by making it more general.

A STUDENT.

The third game with Cumberland resulted in the first victory on the trip. No errors were made on either side. McClelland pitched an excellent game, allowing only one single in the engagement. Bradshaw was replaced in the sixth by Estes, after several long hits had been made. Only three Cumberland men ever reached first, one on a walk, one hit by pitcher and one single. "Dutch" led the batting with four hits.

Rain prevented the game scheduled for Thursday with S. P. U. at Clarksville, and the first game was played Friday. Thomas pitched superb ball, allowing only two hits, which, with infield errors, and bad fielding, resulted in three scores for S. P. U. The Wildcats' eight hits only netted two runs. "Turkey" Park got three hits out of four times at bat.

Double Plays—Thomas to Schrader to Tuttle. Struck Out—By Thomas, 4; by Stephenson, 10. Three-base Hits—Park, J. Two-base Hits—Stephenson, Morton, Waters.

**Fifth and Sixth Games.**

The second game with S. P. U., and the fifth of the week, was called Saturday at 2:30. McClelland was sent in to oppose Morton. The experiences of the day before were repeated, S. P. U. getting two hits and three runs. Morton struck out 11 of the Wildcats in this engagement. The game was fast and only marred by errors of the infield.

The last game of the series and the second of the double-header, was begun with a changed line-up. James Park returned to the box and pitched in his old-time form. Curtis Park returned to his old position and at no time did S. P. U. have any chance to score. Park permitted only three hits and one of these an infield hit with some doubt as to the safety of the runner. In the three games the total scoring was nine runs. Only a few errors prevented perfect ball playing.

### WEBB LAIL LEAVES GT. SOUTHERN ROAD

Through some of his many friends about the university, word has been received that Webb Lail, formerly of the 1915 class of Mechanical Engineers, was offered a promotion through the Signal Department of the Alabama Great Southern Railroad, carrying with it a substantial increase in salary, but as he had already accepted a better position with the L. & N. Railroad, he was unable to accept.

The position Mr. Lail has accepted with the L. & N. is a very promising one and he will possibly be located in Lexington during the summer months.

### AMONG THE FRATS

The Lambda Lambda chapter of the Sigma Chi fraternity will give their annual banquet Saturday at the Phoenix Hotel. They expect to have with them several of their faculty alumni and a number of other Sigma Chi's from Lexington and Danville.

Kappa Delta Sorority of Kentucky State University entertained with their annual banquet, Saturday evening, in the private dining room of the Phoenix Hotel.

The table was exceedingly pretty with charming decorations and place cards of white and gold, and several delightful courses were served. Miss Elsie Speck was toastmistress, the program being:

"Stop"—Miss Christine Hopkins.  
"Look"—Miss Annette Martin.  
"Listen"—Miss Lois Brown.  
"Watch Your Step"—Miss Elizabeth Byers.

The Delta Chi fraternity entertained last Friday night with a dance at the chapter house on Madison Place. The house was prettily decorated with potted plants and suggestions in the fraternity colors, buff and red. Delicious refreshments were served. A Saxophone Trio furnished the music for the evening.

The members of the chapter, Messrs. Paul Dixon, James E. Byers, Marion McCauley, Robert E. Berkshire, Errol Draffen, W. L. Smith, Warren Eubank, Owen Reynolds, Joseph Emmert, James Farmer, Albert Kraemer, Raymond Hanson, Brooks Taylor and Sewell Combs; alumni members, Messrs. H. B. Miller and E. T. Proctor; pledges, Messrs. Goodson Reynolds, Porter Congleton and Bernen Frost.

The annual banquet of Kappa Pi fraternity was given in a private dining room at the Leonard Hotel Tuesday evening.

The banquet was a very enjoyable affair with Mr. Ralph Morgan presiding at soastmaster. Nearly all present responded with a clever toast. Present were the chapter members: Messrs. Ralph Morgan, Morris Pendleton, James McConnel, W. O. Bruning, Logan Green, Ben Mahoney, Franklin Corn, Lee Moore, Herbert Felix, Paul Gerhard and Keeling Pulliam, Jr.

The Lawyers' Co-operative Company has presented the Law Library a full set of what is known as Ruling Case Law, containing, in all, fifty-two volumes.

### DAN CUPID AGAIN SHOOTS HIS ARROW

Invitations have been issued for the wedding of Miss Marjorie Burton Foster, of Lexington, and Mr. John Thomas Gelder, of Rochester, N. Y. The ceremony will take place at 5 o'clock Thursday afternoon, May 20, at the Park Avenue Methodist Episcopal Church of this city.

Miss Foster is the daughter of Mr. and Mrs. T. G. Foster and Mr. Gelder is a Senior Mechanical. After his graduation in June he will be located in Ohio with the Pennsylvania Railroad.

Seniors, your invitations are at the University Book Store.

### CHALLENGE.

The New Dorm hereby challenges the boys in the Old Dorm to a game of baseball to be played not later than Friday week.

L. B. CAYWOOD, Capt.

Otto Holstein, Superintendent of Transportation of the San Antonio, Fredericksburg & Northern Railway, delivered an interesting address to the Senior Mechanicals Thursday morning. He told of his railroad experience in Central and South America.

### PROFESSOR NOE POPULAR COMMENCEMENT SPEAKER.

Professor J. T. C. Noe, head of the Department of Education at State University, has received many invitations recently to deliver commencements at high schools over the State. Next Thursday, May 12, Professor Noe will speak at Columbia; May 17 at Stampington Ground; May 19 at Vanceburg; May 21 at Hartford, and May 28 at Monticello. In addition to these cities Professor Noe will deliver an address at Morganfield June 10, and he has also arranged tentative dates at Richmond and Midway.—Lexington Herald.

## Need Lumber? Good Lumber?

It is not alone necessary that lumber shall be good in the first place, but good lumber to retain its goodness must have proper care and attention.

Every stick of lumber that enters our yards is carefully handled. Some is stacked on sticks, some piled in open sheds and some put in enclosed buildings, according to the individual needs. So, each piece will reach you in the best possible condition.

You will find, here, lumber for any purpose from the smallest operation to any ordinary undertaking.
