

Sept 15 18

France

Dear Folks. —

Received your letter
written Sept 15 enclosing
the pictures. The pictures
were very good, would like
to have the box over here and
be turned loose a while. There
are excellent roads in this country
between all the towns and
villages. Got a letter from
Marrica last week while at
the front. I wish she could
write a letter as witty as
she can talk. It would be
a good thing to dispel gloom
with when a fellow feels that
way. I guess we are a bit that
way occasionally. She asked if
we celebrated Pershing's birthday.
We certainly did. Fireworks and
everything.
