Dear Carolyn:

Thanks for sending the J. Greene material. Glad to have it. And of course I do want to have a talk with you and him-- and a picnic if not too much trouble ! The 27th of April is out, but the 20th is open, and I'd be happy to meet you out in the avenue about 11.15. By that time too I hope the weather will be better than it is today with this blizzard. Thanks for the mouscatcher picture. Maybe I can use it-- it is the kind of thing, exactly. And maybe we'll all have to go on the mouse standard when gold fails us.

Best always,

Tom
