Mr. F. M. Shaw

Middlebury
Vt.

Dear Sir.

On asking Dr. Wakefield the
other evening when he thought we should hear from you,
in regard to our Winter Butter, I was a little surprised,
& very much disappointed, to find that I had been left
out in the coll. You will recollect, I said to you in the
winter, when you were here, that you must consider that
the Dr. & I had a life lease on your butter. Please
send us some if you have it to spare, one, two, or more
tubs it makes no difference how many, as there are
enough that would like it. Send by freight & notify
either myself or the Dr. & oblige your friend
