My dear Lulu:

Enclosed I am sending you a letter from my Uncle John to his mother written from Edgshill. It is a beautiful letter and for a boy of 15 years <sup>1838</sup> of age quite remarkable in every way. I have frequently heard Aunt Mary Clay speak of what a bright boy he was, and of the sunny disposition he possessed. I am also sending you two copies of The Guardian a religious publication. I know you will enjoy reading your Papa's letter, and Bishop Smith's account of Henry Clay's last years.

With love to you all in which  
I am joining me  
I am affectionately  
Geo. H. Clay.
