Mr A. S. Erwin

Dear Sir

In behalf
of the Mechanics of the Pacific Mail Steam
Ship Company, I have been requested
to inform you that we have presented
a gold watch (now in the hands of
Captain Isham of the Steamer Northerner)
to you, as a token of our esteem
for the urbanity of manners and willingness
of mind to listen to our requests and
do what was right in keeping our
age for the past twelve months for the
above company.

Respectfully Yours
W. T. Eddy
