

New York Oct 5th 1831

Dear Sir

I rec^d your favor of the 19th Sep^r a few days since & have deferred writing to you until I had made the necessary arrangements for sending out our Horse Standout.

I have just returned from Long Island where he has been during the summer. I found him in excellent travelling order & start him for N York in four or five days at furthest.

The impression here is that will prove a fine rate stock horse but I do not think that his general appearance will strike you as any thing remarkably fine - You can

recommend him as a good foal getter, as I permitted two of my friends to put their mares to him free of expense & they will prove with foal over
