My Dear Wife,

Your two favours are just received through Mr. Smittle - for which accept my thanks - Gibroy can gallop slow as he can gallop, Black Sal behind him if the track is hard - I would bandage Gibroy's & Sal's ^{fore} legs with cold water bandages after galloping every morning & keep them wet till they ~~are~~ ^{are} fed at noon - then take them off, rub legs dry & put a little glycerine in heels. I began my little when the bell came to Vic's race - recommenced after he won easily in 144³/₄ 145¹/₂ - he started 2^d gas behind first heat & Prob who rode him said he could have run faster than 2^d than 1st heat. I was offered \$500 for him after the race but thank him
