Washington 11 Sept. 1832

Dear Sir

If nothing in Providence prevent, I
will be at your house one day next week, -
when I ascertain with certainty the day, I will write
Mr. Keenrigham to meet me there or at Lexington
I shall bring with me the Books of Manuscripts for
the purpose of exhibiting the register of the names
secured by him & their character, as well as to render
very satisfaction, and explanation of our progress
in the management of the interest of his owners
There has been paid in, for seasons of years,
which have been taken away nearly fifteen hundred
dollars. - I mention this now, so that you can
in the making of your arrangements for your de-
parture for Washington know how much you can
depend upon from this source.

Respectfully
with kind regards
yours
W. H. Payne
