In Shelby County the probate case papers (in file jackets) are filed in steel file boxes in the county clerk's office. The cases are arranged alphabetically by first letter of surname of principal party, and chronologically thereunder.

Since the transfer of territory from one county to another has affected the venue in probate cases and has therefore determined the county in which the probate case should have been filed, a map and table of territorial changes are included herein. Notations concerning present location and availability of records pertinent to Shelby County follow:

San Augustine County, San Augustine, records extant.

Sabine County, Hemphill, records destroyed by fire, December, 1875.

Nacogdoches County, Nacogdoches, records extant.

Harrison County, Marshall, records extant.

Rusk County, Henderson, records extant.

EXPLANATION OF THE MAP AREAS

- (1) It is assumed that the municipality of Nacogdoches had jurisdiction over all the territory later called the "Department of Nacogdoches" and defined in 1831. (See Gammel I, 281)
- (2) Gammel I, 352.
- (3) Ibid., I, 993.
- (4) Ibid., I, 1390.
- (5) The district of Tenehaw of the municipality of San Augustine was made a separate municipality in 1835, centering around the town of Nashville (present Center), but its boundaries were not then defined (see Gammel I, 532). It is assumed that Tenehaw* which became one of the original counties of The Republic of Texas, included all of San Augustine north of the northern line of the municipality of Sabine, created in 1835 (see Gammel I, 993), and north of the San Augustine-Shelby line as defined in 1837 (see Gammel I, 1394).
