Dear Fritz,

Rec'd the special delivery letter but have not heard since, hope you arrived home O.K. It has been quite lonesome without you, wished for you Sat. night had a real cocktail + high ball, I did not make that promise to break, but Edwards had asked one of the men here and I could not get out of going along, I don't suppose you care but I merely felt as if I should tell you.

Hope the folks are all well
