Dear Randall

I returned to this place from New York on Monday last quite unexpectedly, not knowing until an hour before my departure, that I would come. I don't know when, I will return, probably next week, and probably not till the adjournment of Congress, You will please, immediately upon the receipt of this, enclose me the Bill for making the Sleigh I broke while in New Haven and I will enclose you the money. I will come up and see you when I go back to New York, Find out the address of Miss Woff and let me know it. Washington is quite gay Parties & Balls every night. If there ~~are~~ any documents I could send or bring you I will be complimented by your request, I believe there is nothing to interest you going on in this place. I have been offered a thousand dollars and my expenses to go out to California, declined
