

directing that the farm should be rented for the present year, this Faculty did not know in what relation the labor department ^{stands} stood to the A.M. College, and hence what jurisdiction should be exercised, by the Faculty, over the students in the labor department.

In Mr. Thompson's opinion an attempt to force the boys to work before receiving the money due them would result in an open rebellion, the Faculty therefore thought it prudent to suspend the working department till a meeting of the Executive Committee can be had to define for us our authority, if any, over the labor department. A resolution, suspending the working department till the above mentioned time, was then passed.

The Faculty then adjourned, any further consideration of these matters till Friday ^{Nov. 5th} 5th.

Jas. G. White,

Sec. of Faculty.

November 5th The Faculty met in Pres. Patterson's room, he being in the chair. Messrs Allen & Threlkeld were excused from paying their mess dues till next week. The request of Messrs Lewis & Braunard to board at Deannville was not granted. Mr. Sawyer was required to move from Deannville to Woodlands. Pres. Patterson, Prof. Everett, and Col. Whistler were appointed as a committee to make some effort to procure a room for the use of the Union Literary Society.

Pres. Patterson, Adj. Prof. White and Col. Whistler were appointed as a committee to see the Executive Committee of the University and state to it the circumstances attending the recent trouble with the students in the labor department, and also to ascertain what jurisdiction the Faculty is expected to exercise over the labor department.

On motion the Faculty adjourned.

Jas. G. White,
Sec. of Faculty.
