Approved Dec 12. 1899.

December 12th 1899.

The Scientific Faculty met in the room of Prof. James G. White at 3 P.M.

The minutes of the last three meetings were read and approved. The members present were Professors J. G. White, A. M. Miller, A. S. M^{rs} Kenzie Wernicke, Dr. Pryor and Prof. Mathews.

The standing and work of several students was under discussion and the faculty gave special consideration to the case of Miss Fanny Duncan, who was reported as absent so much as to seriously interfere with her work. Prof. Wernicke reported that Miss Duncan failed to take the recent examination in French.

It was finally agreed that the Dean, Prof. White should confer with the president regarding Miss Duncan.
