LIST AND TABLE OF CONTENTS  
OF  
BULLETINS ON POLICY AND PROCEDURE  
(Covering Bulletins No. 1 - 25.)

LIBRARY  
UNIVERSITY of KENTUCKY

September 15, 1939

LIST OF BULLETINS ON POLICY AND PROCEDURE

No.	Title	Page of Table
1	- Acquisition of Excess Land.....	1
2	- Room Count and Room Requirements and Sizes.....	1
3	- Equivalent Elimination of Unsafe or Insanitary Dwellings.....	1
4	- Development Cost of a Low-Rent Housing Project.....	1-2
4	- Art Work for USHA-Aided Projects (Addendum No. 1).....	2
5	- Progressive Steps in the Initiation of a Low-Rent Housing Project.....	2-3
5	- Methods for Selection of Architects (Addendum No. 1).....	3
5	- Selection of Architects by Qualifying Competition (Addendum No. 2).....	3
6	- Local Contributions and Other Local Aids in Achieving Low Rents.....	3
7	- Advance Loan.....	4
8	- Acquisition of Sites for Low-Rent Housing Projects.....	4
9	- Construction Contracts.....	4-5
10	- Rehousing Occupants of Areas to be Cleared for Housing Projects.....	6
11	- Planning the Site.....	6-7
12	- Dwelling Unit Planning.....	8
13	- Preparation of Drawings and Specifications.....	8-9
14	- Site Engineering Design.....	9
15	- Steps in the Development of a Low-Rent Housing Project Subsequent to the Execution of the Contracts of Loan and Annual Contributions.....	10
15	- Advertising and Award of Contracts (Addendum No. 1).....	10-11
16	- Planning for Low Rents.....	11
17	- Definition of Terms.....	11-12
17	- Amendment of Definition of "USHA Projects" (Addendum No. 1).....	12
18	- Site Selection.....	12
19	- Planning Utility Services and Rate Negotiations.....	12-13
20	- Design of Low-Rent Housing Projects: Heating.....	13-14
21	- Design of Low-Rent Housing Projects: The Structure.....	14-15
22	- Initial Steps in Tenant Selection.....	15
22	- Personnel for Initial Tenant Selection and Renting (Addendum No. 1).....	16
23	- Personnel Requirements for Supervision and Inspection of Projects During Construction.....	16-17
24	- Establishing Rent Schedules for USHA-Aided Projects.....	17
25	- Sub-Surface Soil Investigation.....	17

TABLE OF CONTENTS

Bulletin No. 1  
Acquisition of Excess Land  
 (Dated January 25, 1938)

	Page
Circumstances in which permissible.....	1
Factors to be considered by local authorities in recommending acquisition.....	1-2

Bulletin No. 2  
Room Count and Room Requirements and Sizes  
 (Revised February 17, 1939)

Room count.....	1
Room requirements and sizes.....	1-2

Bulletin No. 3  
Equivalent Elimination of Unsafe or Insanitary Dwellings  
 (Dated January 31, 1938)

Introduction.....	1
Methods of elimination.....	1
Elimination by police power.....	1
Elimination in connection with public works.....	1-2
Elimination by voluntary action of private owners.....	2
Arrangements necessary to include elimination in a project.....	2
Date from which elimination may be counted.....	2
Deferment of elimination.....	3
Legal assistance by USHA.....	3

Bulletin No. 4  
Development Cost of a Low-Rent Housing Project  
 (Revised June 30, 1939)

Scope and content.....	1
Definition of development cost.....	1
Breakdown of development cost and items eligible for in- clusion in development cost and in estimates thereof.....	2
Acquisition of site.....	2-3
Site improvement.....	3-4
Non-dwelling buildings, spaces and equipment.....	4-5
Dwelling buildings and equipment.....	5
Pre-occupancy charges.....	5-6
Architectural and engineering costs.....	6
Administrative costs.....	6-8
Carrying charges.....	8
Allowance for changes and extras during development.....	8-9
Basis of computing the cost of items included in development cost - conditions as to the use of relief labor and force account work.....	9
Construction by contract.....	9
Relief labor and force account work.....	9

Bulletin No. 4 (Continued)

	Page
Prevailing wages and fees .....	9-10
Assessable improvements .....	10
Participation in development cost .....	10
USHA participation .....	10
Local participation .....	10
Cost of dwelling facilities per room and per family-dwelling-unit - statutory limits on such cost .....	10-11
Construction cost per family-dwelling-unit - statutory limits on such cost .....	11

Bulletin No. 4 - Addendum No. 1  
Art Work for USHA-Aided Projects  
 (Dated September 12, 1939)

Statement of policy .....	1-2
Assistance of other federal agencies .....	2
Section of Fine Arts of the Public Buildings	
Administration, Federal Works Agency .....	2
Advisory .....	2
Supervisory .....	2-3
Work Projects Administration Art Program - Federal Works Agency .....	3-4
Special information to be submitted in connection with art work .....	4

Bulletin No. 5  
Progressive Steps in the Initiation of a  
Low-Rent Housing Project  
 (Revised June 20, 1938)

Scope and content .....	1
Cooperation with the U. S. Housing Authority .....	1
Steps leading to a tentative earmarking of funds .....	2
State legislation .....	2
Organization of a local housing authority .....	2
Necessity for adequate preliminary funds .....	2
Tentative general program .....	2
Compliance with statutory requirements .....	2-3
Request for earmarking of funds .....	3
Earmarking of funds by the USHA .....	3
Steps leading to an application for financial assistance for a specific project .....	3
Determination of need .....	4
Site selection .....	4
Suggested site plan and proposed number of dwelling units ..	5
Determination of proposed development cost of the entire project .....	5
Amounts requested for loan and annual contributions .....	5-6
Specific arrangements for meeting principal statutory requirements .....	6-7
Other arrangements for cooperation with local governments ..	7-8
Submission of the application .....	8

Bulletin No. 5 (Continued)

	Page
Making of a loan contract and a contract for annual contributions for a specific project .....	8
Conditions as to making contracts for financial assistance .....	8-9
Loan contract .....	9-12
Contract for annual contributions .....	12-13
Forms of contracts and proceedings .....	13
Intent of bulletin .....	13-14
Presidential approval .....	14
Execution of contract .....	14

Bulletin No. 5 - Addendum No. 1  
Methods for Selection of Architects  
 (Dated April 7, 1939)

Introduction .....	1
By competition .....	1-2
By direct employment of large groups .....	2
By direct employment of a single firm or a very small group .....	2
By the establishment of an architectural office within the local authority .....	2-3
Additional suggestions as to architectural services .....	3-4

Bulletin No. 5 - Addendum No. 2  
Selection of Architects by Qualifying Competition  
 (Dated July 13, 1939)

Introduction .....	1
Advantages of the method of qualifying competition in selecting architects .....	1-2
Procedure in selecting architects by qualifying competition .....	2-3

Bulletin No. 6  
Local Contributions and Other Local Aids  
in Achieving Low Rents  
 (Revised December 8, 1938)

Statutory requirements of local contributions .....	1
Need for substantial contributions .....	1
Forms of local contributions .....	1
Complete exemption from taxation .....	1-2
Remission of general or special taxes .....	2
Cash contributions .....	2
Tax exemption necessary .....	2
Payments in lieu of taxes .....	2-3
Contracts assuring local contributions .....	3
Time for completing arrangements for local contributions .....	3-4
Additional local aid in achieving low rents .....	4
Capital donations .....	4-5
Contracts for additional local aids .....	5

Bulletin No. 7  
Advance Loan  
 (Revised March 27, 1939)

	Page
Purpose and amount of Advance Loan.....	1
General conditions as to making Advance Loan.....	1
Purpose of Advance Loan.....	1
Items for which the Advance Loan may be used.....	1-2
Loans for statutory projects including more than one project.....	2
Frequency of submitting requisitions for Loans.....	2
Procedure for obtaining Advance Loan.....	2-3
Form letter indicating documents required in support of Advance Loan requisition.....	6
Requisition for Advance Loan form.....	7
Instruction for preparing Certificate of Purposes.....	8
Form of Certificate of Purposes.....	9
Form of Financial Certificate.....	10
Form of No-Litigation Certificate.....	11
Form of Depository Bank Acceptance Letter.....	12

Bulletin No. 8  
Acquisition of Sites for Low-Rent Housing Projects  
 (Dated May 3, 1938)

Scope and Content.....	1
Cooperation with the USHA.....	1
General timing of steps in the acquisition of a site.....	1-2
Preparation of preliminary estimate of the cost of the site.....	2-3
Preparation of preliminary plat of site.....	3
Preparation of survey of site.....	3
Preparation of appraisals of individual parcels.....	4
Types of title information.....	4-5
Negotiations for options.....	6
Acceptance of options.....	7
Acquisition of title by eminent domain proceedings.....	7-8
Payment for site.....	8-9
Availability of funds from USHA.....	9

Bulletin No. 9  
Construction Contracts  
 (Revised September 1, 1939)

Introduction.....	1-2
General.....	2
Construction adviser.....	2
Scope of authority.....	2
Other USHA field forces.....	3
Land acquisition.....	3
Plans and specifications.....	3
Responsibility for project.....	3
Type of contract.....	3-4
Advertisement for bids.....	4
Award of contract.....	4

Bulletin No. 9 (Continued)

	Page
Representative of the local authority.....	4
Local authority's inspection.....	5
Submittals to construction adviser.....	5-6
Contract documents.....	6
Advertisement and bid documents.....	7
Advertisement.....	7
Bid.....	7
Affidavit as to collusive practices.....	7
Bidders' qualifications and bid bonds.....	7-8
Instructions to bidders.....	8
General.....	8
Time for completion.....	8-9
Estimates of cost of dwelling facilities.....	9
Discrimination.....	9
Taxes.....	9
Contract and performance bond.....	10
Contract.....	10
Performance bond.....	10-11
General conditions.....	11
Definitions.....	11
Changes in the work.....	11-12
Permits.....	12
Disputes.....	12
Subcontracts.....	13
Warranty of title.....	13
Payments to contractor.....	13
Office facilities.....	14
Project signs.....	14
Domestic and foreign materials.....	14
Wage rates.....	14-15
Contract security.....	15
Insurance.....	15
Reports to U. S. Department of Labor.....	15-16
Appendix	
Advertisement and bid documents.....	1
Form of advertisement for bids.....	1
Bid documents.....	1
Bid form.....	1-2
Affidavit form.....	3
Form of statement of bidder's qualifica- tions.....	4
Bid bond form.....	5-8
Instructions to bidders.....	1-8
Contract and performance bond.....	1
Contract form.....	1-3
Directions for preparation of contract.....	4
Directions for preparation and execution of bid, performance, and payment bonds.....	5-6
General conditions.....	1-28

Bulletin No. 10  
Rehousing Occupants of Areas to be  
Cleared for Housing Projects  
 (Dated June 30, 1938)

	Page
Scope and content .....	1
Purposes to be achieved in relocation .....	1
Method of remedying unsafe and insanitary housing conditions .....	1
Method of expediting site clearing and avoiding legal difficulties .....	1
Need for and use of factual data concerning occupants of site .....	1
Procedure in relocation .....	2
Establishment of office: personnel: use of map of area .....	2
Study of families on site; information needed with respect thereto .....	2
Preparation of list of available dwellings: information needed with respect thereto .....	2-3
Determination of kind of assistance needed by each family .....	3
Maintenance of reference file on relocated families.	4
Posting of "No Trespass" signs on vacated buildings.	4
Maintenance of watchman service .....	4
Obtaining assistance from USHA .....	4

Bulletin No. 11  
Planning the Site  
 (Revised May, 1939)

Foreword .....	3
Aims of site planning .....	7
Basic design principles .....	9
The superbblock .....	9
Diagram 2 .....	8
Diagram 3 .....	11
Diagram 4 .....	12
Organization of open space for use .....	9
Tenant-maintained areas .....	10
Project-maintained areas .....	10
Planting and surfacing .....	10 and 13
Leisure time and recreational needs .....	13-14
Esthetic considerations .....	14 and 16
Design and organization of site .....	17
Introduction .....	17
Density .....	17-18
Coverage .....	18
Land cost .....	18-19
Site-development cost .....	19
Buildable area .....	19
Neighborhood planning .....	19-20
Travel routes .....	20
Dwelling types and schedule .....	20
Apartments .....	20-21
Flats .....	21

	Page
Three-story duplexes .....	22
Row houses .....	22
Recreation .....	24
Relation of buildings to contours .....	24
Diagram 6 .....	25
Preservation of trees and buildings .....	24 and 26
Economy of utilities layout .....	26
Spacing of buildings .....	26
Orientation .....	26-27
Servicing .....	27
Type of heating system .....	28
System of garbage collection and removal .....	28-29
Streets and parking spaces .....	29-30
Laundry drying .....	30
House-and-land patterns .....	30
Diagrams 7 to 15 .....	31-39
Site plan studies .....	30
Diagrams 16 to 28 .....	40-55
Design and treatment of open areas for recreation purposes .....	57
Introduction .....	57
Facilities for small children .....	57-59
Diagram 29 .....	58
Diagram 30 .....	60
Water play .....	59
Common central area .....	59 and 61
Diagram 31 .....	65
Diagram 32 .....	66
Playgrounds for older children .....	61
Size and distribution .....	61
Diagram 33 .....	69
General design considerations .....	61 and 64
Playground surfaces .....	64
Turf .....	67
Concrete .....	67
Gravel .....	67
Sand clay .....	67
Bituminous surfacing .....	67-68
Abandoned street pavements .....	68
Surfacing under apparatus .....	68
Surfacing play lots .....	68
Surfacing sitting-out areas .....	68 and 70
Planting and plant materials .....	71
Introduction .....	71
Trees .....	71
Vines .....	71 and 73
Shrubs .....	73
Grass and ground covers .....	73
Flowers .....	73 and 75
Appendix - Checking list for development of site plans ..	79-84

Bulletin No. 12  
Dwelling Unit Planning  
 (Dated August 15, 1938)

	Page
Introduction.....	1-2
Distribution of dwelling units by size.....	2
Selection of type of dwelling unit.....	2-3
Minimum dwelling unit requirements.....	3
Design factors.....	4
Compliance with building codes.....	4
Plan arrangement.....	4-5
Circulation and privacy.....	5
Ventilation and light.....	5
Ceiling heights.....	6
Exterior design.....	6
Economy of materials and construction.....	6
Use of stock sizes.....	6-7
Stair and incinerator framing.....	7
Partitions and doors.....	7
Plumbing stacks.....	8
Basements.....	8
Parapets.....	9
Porches and entrance projections.....	9
Common services and facilities.....	9
Provision for tenant storage.....	9-10
Laundries.....	10
Garbage removal.....	10-11
Management and maintenance space.....	11
Recreational, educational, and health facilities.....	11-12

Bulletin No. 13  
Preparation of Drawings and Specifications  
 (Revised April 17, 1939)

Objective.....	1
General requirements.....	1-2
Review and approvals of drawings and specifications.....	2-3
Number of copies of drawings and specifications to be submitted for review.....	3-4
Architect's responsibility.....	4
Construction costs and cost estimates.....	4-5
Scope of the architect's work.....	5
General suggestions.....	5
Job Program.....	5-6
Method of bidding; alternate bids.....	6-7
Contract documents and bid forms.....	7
Evaluation of bids.....	7-8
Construction difficulties.....	8
Increased overhead.....	8
Appendix.....	10
Preliminary plans and outline specifications.....	10
Preliminary plans.....	10
Architectural site plan.....	10-11
Unit plans.....	11
Typical buildings.....	11
Cross section of typical building.....	11

Bulletin No. 13 (Continued)

	Page
Wall section of typical building.....	11
Utility distribution site plans.....	11-12
Existing conditions - Site plan.....	12
Landscape plan.....	12
Outline specification.....	12
Outline specification form.....	13
Local construction methods.....	14
Site conditions.....	15
Type of construction.....	16
Principal construction materials.....	16-20
Final working drawings and specifications.....	21
General.....	21
Size of drawings - scale - numbering system.....	21-22
Suggested form and content of drawings.....	22-28
Specifications.....	28

Bulletin No. 14

Site Engineering Design

(Dated August 23, 1938)

Scope and Content.....	1
Grading and surface drainage.....	1
Grade studies.....	1
Starting point of grade studies.....	1
Method of indicating finished grades.....	1-2
Surface drainage.....	2-3
Building floor elevations.....	3
Maximum and minimum grades.....	3-4
Surface inlets.....	4
Walkways.....	4
Layout.....	4
Widths.....	5
Design.....	5
Steps.....	5-6
Project streets and driveways.....	6
Layout.....	6
Widths.....	6
Section.....	6-7
Surfacing material.....	7
Parking spaces.....	7
Space required.....	7
Surfacing material.....	8
Fences.....	8-9
Location of utility lines.....	9
Sewerage system.....	9
Basis of design.....	9
Existing sewers.....	10
Roof drainage.....	10
Surface inlets.....	10-11
Water distribution system.....	11
Maximum rates of flow.....	11-12
Pipe sizes.....	12
Layout of services.....	12-13
Gas distribution system.....	13
Street improvements.....	13

Bulletin No. 15  
Steps in the Development of a Low-Rent Housing Project  
Subsequent to the Execution of the Contracts of Loan  
and Annual Contributions  
 (Revised May 26, 1939)

	Page
Scope and content .....	1-2
Organization of permanent staff .....	2
Adoption of accounting procedure .....	2
Performance of conditions in Loan Contract .....	2
Execution of development fund agreement - provisions of the agreement .....	3
Application for Advance Loan .....	3-4
Preparation of Development Cost Budgets .....	4
Preliminary Budget .....	4-5
Final Budget .....	5-7
Preparation of site .....	8
Land acquisition .....	8
Relocation and rights of tenants .....	8
Street Closings and utilities .....	8
Easements and rights of way .....	9
Subsoil investigation .....	9
Demolition .....	9
Negotiation, preparation and approval of contracts for architectural services .....	9
General .....	9-10
Architect's fee .....	10-11
Schedule of fees and wages to be paid by the architect .....	11
Preparation and submission of preliminary plans .....	12
Preparation and submission of construction plans and specifications .....	12
Compliance with state and local laws .....	12
Utilities .....	12
Municipal services .....	12-13
Insurance .....	13
Site and unit plans .....	13
Construction contracts .....	13-14
Physical improvements after partial or complete occupancy .....	14
Submission of plans and specifications .....	14
Preparation and submission of final estimates of total Development Cost .....	14-15
Advertising for bids and award of contracts .....	15-16
Appendix .....	17
Specimen supporting schedule for Account Number 7-20.1 .....	17
Suggested forms of documents .....	18

Bulletin No. 15 - Addendum No. 1  
Advertising and Award of Contracts  
 (Dated August 15, 1939)

Scope and content .....	1
Open and Competitive bidding .....	1

Bulletin No. 15 - Addendum No. 1 (Continued)

	Page
Alternate bids .....	2
Unusual local conditions .....	2
Timing of bids .....	2-3
Period of bidding .....	3
Breaking down large projects .....	3-4
Publicity .....	4
Withdrawal or modification of bids .....	4-5
Rejection of bids .....	5
USHA requirements .....	5-7

Bulletin No. 16

Planning for Low Rents  
(Revised February 8, 1939)

Introduction .....	1-2
Market and rentability .....	3
Who is to be housed? .....	3-4
Analysis of the market as it relates to size and design of dwelling units .....	4
Influence of project size and type on management costs and facilities to be supplied .....	5
Site selection and rentability .....	5
Financing and subsidy as they affect rents and capital costs .....	5
Federal subsidy .....	5-6
The effect of interest rates on rents .....	6-7
The effect of local capital and annual contribu- tions on rents .....	7
Tax exemption and payments (if any) in lieu of taxes .....	7
Annual expenses of project administration .....	7-8
Management expense .....	8-9
Operating expenses .....	9
Dwelling utilities .....	10-11
Repairs, maintenance and replacements .....	11-13
Community facilities .....	13-14
Vacancy and collection losses .....	14
Insurance .....	14-15
Rental chart .....	16
Explanation of rental chart .....	16

Bulletin No. 17

Definition of Terms  
(Revised January 31, 1939)

Projects .....	1
USHA projects .....	1
PWA housing division projects .....	1
PWA limited dividend projects .....	1
Project .....	1
Statutory project .....	1

Bulletin No. 17 (Continued)

Page

Useful life of a project.....	1
Rooms.....	2
Room.....	2
Half-room.....	2
Room-count.....	2
Rents and rental values.....	2
Shelter rent.....	2
Shelter rent plus utility charge.....	2
Statutory rental value.....	3
Annual contributions and capital donations.....	3
USHA annual contributions.....	3
Local contributions.....	3-4
Capital donations.....	4

Bulletin No. 17 - Addendum No. 1

Amendment of Definition of

"USHA Projects"

(Dated February 28, 1939)

Amendment of term "USHA Projects" to "USHA-Aided Projects".	1
---	---

Bulletin No. 18

Site Selection

(Dated February 13, 1939)

Introduction.....	1
Site selection and its relationship to city planning.....	1-4
Zoning.....	4-5
Preliminary determination of minimum size of site required.....	5-6
Size of site in relation to site density.....	6-7
Sectional distribution of housing projects within the city.....	7
Racial considerations in site selection.....	7-8
Study of alternative site possibilities.....	9
Vacant or slum sites.....	9-10
Natural boundaries of the site.....	10-11
Exclusion of through streets from the project.....	11
Comparison of costs of street construction and utilities for various sites.....	12
Transportation costs.....	12-13
Check list of items to be considered in site selection.....	13-19
Site selection and publicity.....	19-20

Bulletin No. 19

Planning Utility Services and Rate Negotiations

(Dated February 24, 1939)

Introduction.....	1-2
Rate negotiation.....	2-3
Initial costs.....	3-4
Comparison of initial costs.....	4
Exterior distribution system.....	4-5
Interior distribution system.....	5
Check meters.....	5
Equipment.....	6
Fuel storage.....	6

Determination and comparison of operating expense of different utility combinations.....	6
Fuel and energy expenses.....	6-7
Repairs, maintenance and replacements.....	7-8
Vacancy and collection losses.....	8
Appendix material.....	9
Exhibit 1 - Data for computing capital costs and expense for repairs, maintenance and replacements...	
Exhibit 2 - Estimated consumption of electricity in KWH per dwelling unit per month - electric lighting and refrigeration.....	
Exhibit 3 - Estimated consumption of electricity in KWH per dwelling unit per month - electric lighting, refrigeration and cooking.....	
Exhibit 4 - Estimated demands of electricity in KW per dwelling unit (30 minutes integrated).....	
Exhibit 5 - Estimated demands of electricity in KW per dwelling unit (60 minutes integrated).....	
Exhibit 6 - Estimated consumption of gas in therms per dwelling unit per month.....	
Exhibit 7 - Supplementary data.....	

Bulletin No. 20

Design of Low-Rent Housing Projects: Heating  
(Dated March 8, 1939)

Objective.....	1
Selecting a method of heating.....	1
Factors affecting choice.....	2
Types of systems.....	2
Individual tenant operated unit.....	2-3
Central or group project operated plants.....	3-4
Economic analysis.....	5
Comparative cost analysis.....	5
Forms for analysis.....	5
Initial costs.....	6
Central-group-building plants.....	6
Unit plants.....	6
Central-group-building-unit plants (related items).....	6-7
Domestic hot water.....	7
Annual operating expense.....	7
Heating and domestic hot water.....	7
Selecting the fuel.....	8-9
Designing the heating system.....	10
The central plant.....	10
Boilers.....	10-11
Steam outlets.....	11
Cat walks.....	11
Stacks.....	11
Overhead bunkers.....	11
Underground coal storage.....	12
Coal handling equipment.....	12
Ash handling equipment.....	12-13
Instrument boards and instruments.....	13
Draft control.....	13

Bulletin No. 20 (Continued)

	Page
Test openings .....	13
Feed water heaters .....	13
Condensate receiving tank .....	14
Boiler feed pumps for central plants .....	14
Primary pressure reducing valves .....	14-15
The group plant .....	15
Piping at group boiler plants .....	15
Boiler feed pumps for group plants .....	15
Steam outlets on boilers for group plants .....	15
Motor truck scales .....	16
The distribution lines .....	16
Heating within the buildings .....	16
Radiation and risers .....	16-17
Drying room heating .....	17
List of recommended authorities .....	18
Preparing the contract documents .....	19
The working drawings .....	19
The specifications: materials .....	19-20
Outline of a typical specification .....	20-21
Steam space heaters .....	22
System of heating controls .....	22
Continuous flow system .....	22-23
On and off system .....	23
The combination system .....	23
Requirements for all systems .....	23-24
General comments on suggested systems .....	24
Appendix .....	25
Fuel consumption formulae .....	25-31
Supplementary material .....	32-34

Bulletin No. 21

Design of Low-Rent Housing Projects: The Structure  
(Dated March 8, 1939)

Introduction .....	2
General .....	3
Building codes .....	3
Insurance rates .....	3
Use of salvaged materials .....	3
Foundations .....	4
Sub-surface exploration .....	4
Foundation walls .....	4
Chart I .....	4-5
Type and thickness .....	5-6
Provisions for resisting water penetration .....	7
References .....	8
Exterior superstructure walls .....	8
Factors affecting selection .....	8
Materials and types .....	8-9
Chart II .....	9-12
Masonry walls .....	12
Cinder concrete blocks .....	12
Insulation and tightness at openings .....	13
Interior walls and partitions .....	14
General .....	14-15

Bulletin No. 21 (Continued)

	Page
Chart III .....	
Floor constructions .....	16
Chart IV .....	
General factors .....	16
Wood joists .....	16
Termite protection .....	16-17
Steel joists .....	17
Monolithic concrete .....	18
Precast concrete .....	19
Floor finish .....	19-20
Roofs .....	21
Chart V .....	
Chart VI .....	
Roof construction .....	21
Built-up roofs .....	21
Insulation .....	22-24
Appendix: Suggested structural details	

Bulletin No. 22

Initial Steps in Tenant Selection  
(Dated May 1, 1939)

Introduction .....	1
Families to be rehoused .....	1-2
Placing responsibility .....	2
Functions of an advisory committee .....	2-3
Determining the rental market .....	3
Fixing of rents .....	3-4
Establishing standards of eligibility and conditions of occupancy .....	4
Maximum income limits for admission .....	4-5
Lower income limits .....	5-6
Need for housing .....	6-8
Occupancy standards for admission .....	8
Family make-up .....	8-9
Family size .....	9-10
Local criteria for admission .....	10-12
Methods of reaching prospective tenants .....	12-13
Filing formal applications for admission .....	14
Preparation for active tenant selection .....	14
Selection and training of personnel .....	15
Procedures, forms, reference material, etc. ....	15-16
Display units .....	16-17
Setting up the tenant selection office .....	17
Appendix .....	18
Active tenant selection procedure - organization chart .....	18
Definition of terms used in the United States
