

# THE KENTUCKY KERNEL

## UNIVERSITY OF KENTUCKY

VOL. X.

LEXINGTON, KY., FEB. 6, 1920

No. 17

### COMMITTEE ANNOUNCES PLANS FOR RECEPTION

#### Students and Faculty Unite In Entertainment of Legislature

At the time that the Kernel went to press, President McVey had issued the following announcement for the entertainment of the Kentucky Legislature:

Students and faculty will assemble at 2 p. m. along the driveway leading from the main entrance to the Administration Building. The members of the Legislature will walk from the cars to the chapel accompanied by a company of cadets and the band. Faculty and students are asked to fill the chapel to overflowing. After brief exercises in chapel the Legislators will be taken on an automobile ride around the University grounds. Then will follow a reception at Patterson Hall by the young women of the University. In the evening entertainment will be furnished by the Lexington Board of Commerce at the Phoenix Hotel. There will be no classes Thursday afternoon.

### KERNEL TO BE SENT TO ALL KY. HIGH SCHOOLS

In accordance with its policy of extension, the University has decided to send at least two copies of the Kernel to all accredited high schools of the State. This is a step long contemplated by President McVey, but could not be attempted until estimates of the cost and work required could be obtained and now it is assured that each accredited high school in the State will receive each week at least two copies of the Kernel.

This will greatly help to bring about a more cordial understanding, of the ideals, aims and activities of the student body of the University of Kentucky, on the part of the high school students of the State, as well as their parents and friends at home.

The Kernel in the high schools will not only link the University more closely to them, but will furnish a source of good reading matter for the students and will no doubt arouse a community of interest and a feeling of fellowship throughout the State.

#### SENIORS, NOTE!

There will be an important meeting of the senior class Friday afternoon in chapel. The meeting was called by Mary Turner, vice president of the class, for the purpose of discussing the question of electing a new president, Ed. Dabney having completed his work at the University, has accepted a position as lawyer with a firm in Shreveport, Louisiana.

Other important business matters will be discussed and it is imperative that every member of the class be at the meeting.

### COMPETITION INTENSE IN STROLLER TRY-OUT

Rehearsals Are Well Attended as Selection of Parts Draws Near

Rehearsals for the parts in "The Climbers," the play chosen by the Strollers for their annual production, are being held every night in the Recreation Hall at Patterson Hall. Interest and competition are intense. The play is thought by some critics to be Clyde Fitch's masterpiece, and affords parts for twelve men and ten women.

The cast will be chosen from the best talent in the organization, and readings of the play are progressing in such a way that final announcement of the parts will be made this week.

The play will be presented at the Lexington Opera House the last of March and repeated in nearby towns at later dates.

### OWENS GIVES REPORT OF S. V. M. CONVENTION

#### Secretary Echoes Appeal For Workers in Foreign Countries

Secretary R. W. Owens gave a report in chapel Tuesday of the Student Volunteer Movement Convention which was held at Des Moines, Iowa, December 31-January 4 and was attended by eleven of the University students.

"There were 8,000 regular delegates representing 1,000 universities and colleges from the United States and Canada and from forty-three other nations. Leaders were brought from all parts of the world to tell us of the needs and conditions of other countries that we might help to satisfy those needs," said Mr. Owens. So you can realize what a great privilege was ours.

"Mr. Haggeron, in a little book, 'You're the Hope of the World,' recently published, said that young America was the hope of the world. It is true that England has her preachers, doctors, lawyers and statesmen, but they are getting old and her young ones lie sleeping on the battlefields of Europe. It is the present student generation that will take England's place. It is from the students of today that the leaders of tomorrow will come.

"These nations are needing farmers, teachers, engineers, everything; in fact, there is not a profession represented in this University or in any other university whose exponents are not needed. There is a wonderful opportunity for service. The doors of the world are wide open," said Mr. Owens in conclusion, "and every man and woman has a chance to take that which is vital to those in need."

### SLIGHT DECREASE IN SECOND REGISTRATION

#### Sixty-seven Entrants Fail To Make Up Loss in University's Ranks

#### CLASSES RESUMED

The second semester of the 1919-1920 scholastic year of the University began Tuesday, with a total registration of 946 shown in the registrar's office Wednesday at noon. This number includes the sixty-seven new and former students who have entered for the ensuing term, but who were not at the University of Kentucky last term. The total registration is slightly less than the number, 969, who were in college at the close of the last semester.

Several reasons have been given for this decline in attendance, including the natural reaction following the war; the high cost of living in Lexington; and the lack of dormitories at the University. In a few cases, courses have been completed this semester by students who were out of school for one term while serving in the army.

Among the former students who have returned this year are Eliza Piggott and Katherine Weakley. Miss Piggott, who was graduated in the class of '19, was the managing editor of the Kernel two years ago and the editor-in-chief of the Kentuckian last year. She is retaining her desk as State Editor of the Lexington Herald while taking graduate work at Kentucky in sociology and the Red Cross Institute. Miss Weakley was a member of the Kernel staff last year before she was compelled to leave school on account of ill health. She has returned this term to complete her course.

#### 1920 BASEBALL SCHEDULE.

April 3—Georgetown, at Lexington.  
April 10—Michigan, at Lexington.  
April 16—Miami, at Lexington.  
April 17—Centre, at Danville.  
April 30—Tennessee, at Lexington.  
May 1—Tennessee, at Lexington.  
May 6—Cincinnati, at Cincinnati.  
May 7—Miami, at Oxford.  
May 8—Depauw, at Depauw.  
May 15—Georgetown, at Lexington.  
May 22—Georgetown, at Georgetown.  
May 25—Centre, at Danville.

### STUDENTS INVITED TO MAXWELL PLACE

The students and faculty of the University will be the guests at a reception to be given Tuesday night from 8-10, by Dr. and Mrs. McVey, at their home, Maxwell Place, on the campus. Mrs. McVey will be assisted in entertaining by student assistant hostesses.

### ALUMNAE CLUB TO GIVE CARD PARTY

Benefit For Scholarship Fund To Be at Phoenix Hotel.

On Saturday afternoon, February 7, the Alumnae Club of the University will give a card party at the Phoenix Hotel for the benefit of the scholarship fund. The hours will be from two to five. Tables may be reserved in advance by applying to Miss Margaret McLaughlin. Candy and prizes will be contributed by faculty and students of the University. The committee in charge of the party are:

Misses Margaret King, Margaret Tuttle, Mary Dillake, Margaret McLaughlin, Linda Furnell, Eliza Clay Mason, and Theresa Buchignani; Mesdames A. F. Shouse, Maurice Wlehl, and Mrs. F. Kesheimer.

### LOAN COMMITTEE GIVES GOOD REPORT

No Necessity For Students To Leave University For Financial Reasons.

The University Loan Committee, whose funds were almost exhausted, has received \$700 in the last week and is raising more. This committee which has helped many worthy men and women to get through college, finds itself in great need of money, having exhausted the alumni fund of \$1,050 and the small University fund of \$150.

According to a recent survey made by the University Loan Committee, of which Professor W. E. Butt is chairman, 277 students are earning money while at college. Forty-six are earning enough each week to pay all of their expenses and an additional seventy-five make enough to meet one-half or two-thirds of their expenses. With summer earnings taken into account, 125 young men (nearly one out of five), are going through the University on their own resources, meeting all their expenses from their individual earnings. A few young women also support themselves while taking the regular courses.

The committee wishes it understood that when a student proves real need for funds and is able to show a record for scholarship and a reputation for industry and assiduity in his studies that is above criticism, he may be certain of help. No loan is made to a student who has been in residence at the University for a shorter period than one semester and a preference is shown to juniors and seniors.

There is also a Southern Railway Loan Fund of \$1,000, which is available only to students of the College of Agriculture whose homes are in counties traversed by the lines of the donors.

The duration of the average loan is about two years. Ordinarily the note becomes due one year from the student's graduation.

### CROWDS ATTEND FARM AND HOME CONVENTION

#### Notable Kentucky Speakers on Four-Day Program

#### CO-OPERATION URGED

The Eighth Annual Farm and Home Convention held at the University of Kentucky from January 27-30, inclusive, and attended by more than a thousand persons, was considered the most successful of local farm conventions yet held.

The convention program was formally opened by Dr. McVey, who addressed the delegates on the subject of "Better Agriculture." He urged the tilling of more land by the owners, better education for country people and greater co-operation among farmers. He also told the audience of farmers and their wives that the great task before them today is to eradicate the existing evils of the tenant-owner plan.

Mat S. Cohen, formerly State Commissioner of Agriculture was another speaker of the first morning. He spoke on "What of the Future," discussing horse and jack stock breeding in Kentucky. He was most optimistic regarding the future of the breeding industry in Kentucky.

One of the most important addresses of the meeting was that given by Professor E. A. Trowbridge, of the University of Missouri, an expert in animal husbandry. His subject dealt with the value of draft horse blood in mule production.

In the afternoon, W. C. Hanna, Commissioner of Agriculture, spoke on what can be done to make the stallion and jack more profitable to their owners.

#### Style Show in Little Theater.

The feature of Tuesday's program was a style show, which was given in the Little Theater, under the direction of the Department of Home Economics. Miss Cornell spoke on the standardization of dress in America, and the exhibit was most delightfully given in the form of a tea, in which members of the classes in dressmaking, tailoring and millinery appeared before the audience, dressed in wearing apparel which had been made in these classes. Miss Cornell explained the value of points illustrated by each article, giving the cost of making compared with the price which would probably be asked in the shops.

Dr. H. C. Taylor, chief office of Farm Management, Washington, D. C., addressed the general assembly in chapel on that same day.

L. J. Horlacher was another speaker on Wednesday's program. His subject was "Some Lessons of the Past Year in the Grading and Pooling of Wool." J. R. Humphrey spoke on "A Proposed Wool Pool."

 REMEMBER—"The Best in Moving Pictures"

**KENTUCKIAN RETARDED BY LATE PAYMENTS**

**Seniors and Heads of Organizations Must Settle Up With Business Manager**

Word comes from the Kentuckian office that the annual is being held back because both organizations and individuals are still negligent about paying fees asked by the staff for space in the Kentuckian.

Not only is each organization or senior running the risk of having the year book appear this spring without a picture which may be left out entirely unless payments are made soon, but the whole publication is being retarded. Those who have been here before remember how eagerly each student awaits the appearance of the Kentuckian, and how desirous we all are to have this book to take home with us. This year, the staff has worked unusually hard, in order that the copy might be in earlier than usual, and that the material might be in the hands of the publisher in time to insure the publication of the Kentuckian early in spring.

The seniors have been especially negligent in this respect, and the Kernel is sure that those who have been guilty have not realized the full necessity of an immediate payment. The class of 1920 bids fair to get out an annual which will exceed all former records. This cannot be accomplished unless every member of the class will co-operate with the staff; unless every head of every organization will see to it that the money necessary for the publication of the picture in which he is interested, is in the hands of the business manager of the Kentuckian.

**Moonlight on a Garbage Can.**  
 Silver sheen and shine,  
 Delicate tracery of line,  
 Shadowy hint of a handle there,  
 Kissed by a breeze of soft night air,  
 Odors of past delights and thrills,  
 Garnished with parsley's pale green frills,  
 Shades of roses dead all these years,  
 Bringing to eyes the moisture of tears—  
 There's a dreamy lure in thy year-long span,  
 Thou palely-illuminated, moon-lit garbage can.

By A. KERR DOGUE.

**BRITISH EDUCATORS TO VISIT BIG COLLEGES**

By Helen C. Denman.

College women throughout the country, graduates and undergraduates, cannot fail to take keen interest in the visit to the United States at this time, of the three distinguished British university women, Professor Caroline F. E. Spurgeon, Dr. Winifred Cullis and Mrs. Ida Smedley MacLean. Besides being representatives of a university training whose standards we in America are growing more and more to admire, Miss Spurgeon, Dr. Cullis and Mrs. MacLean are here to promote a plan for the uniting of college women around the globe in a vast federation. College women the world over have a feeling of solidarity. A movement based on their sense of common understanding and purpose cannot fail to make a strong appeal.

The federation, moreover, is backed by many of the leading educators in America, including President Mary E. Woolley of Mount Holyoke, Acting President Helen Taft of Bryn Mawr, Dean Virginia Gildersleeve, of Barnard, President William A. Nelson of Smith and others.

The proposed federation is no unsubstantial dream. A tentative constitution has already been drafted, the provisions of which are definite and detailed. The purpose of the federation, as stated in the draft, "shall be to promote understanding and friendship between the university women of different nations and thereby further their interests and develop sympathy and mutual helpfulness between the peoples of the world." Membership in the federation "shall be open to national federations of university women which are approved by the Council," the central executive committee of the federation. Provisions are made for a president, executive secretary and counsellors, for central offices and expenses.

It is when we come to the means by which the purpose of the federation is to be carried out, that college women will be chiefly interested, for the means are almost entirely educational. Provisions are to be made so that through the agency of the federation, college or university students may be interchanged among the countries represented in the union. The Rhodes scholarships have already familiarized us with something like

this arrangement, but the Rhodes scholarships are awarded only to graduate students and do not involve any interchange between the countries concerned. Under the plans of the proposed federation, Polish students in economics may come to Columbia University for additional courses; American students of architecture may finish their preparation at the Sorbonne; Spanish students of history may study for their theses at Cambridge, and so on indefinitely, through all the permutations and combinations. And undergraduates, as well as graduates, may benefit by these provisions.

Interchange of students will mean much in promoting "understanding and friendships between the university women of different nations" but the most direct method of insuring mutual understanding is at the fountain-head, through the teaching force of a nation. The proposed federation provides for an interchange of professors and junior lecturers. The larger men's universities in the East have already tried this experiment but the exchange has not been general. The proposed federation will make an interchange of the teaching force of nations universal, with a consequent effect on the understanding between countries which will be readily recognized as incalculable and which deserves a chapter in itself.

History has proved that all great customs and institutions in the course of time fulfill their mission and thus becoming useless, pass away. What else can we expect of the Women's Christian Temperance Union, that honored organization which after years of struggle has at length gained its point and fulfilled the purpose for which it was brought into being.

As we speak of W. C. T. U.'s, however, we are reminded that not all of them have either gained their point or lived through their period of usefulness. Back in the dim past, 1912 to be exact, in another one of those fateful years in which woman felt herself called upon to take the initiative, a band of men, feeling some act necessary to protect them against a common foe, an enemy employing means to gain its end far more effective than the tanks of the British, or the poisonous gas of the Hun, organized a W. C. T. U. This organization by its timeliness served its purpose of enabling the men to hold themselves intact as effectively as modern labor unions serve in the retarding of the world's welfare.

The letters W. C. T. U. had the significant meaning, "Women Can't Touch Us." It is expected that the local chapter of this organization will be re-established before many months. A diligent search has failed to disclose or procure the old constitution and by-laws but such an organization by the name itself defines its purposes and attracts to it thousands as a haven of refuge.

**KENTUCKY'S REQUEST FOR FUNDS DELAYED**

Requests of the University of Kentucky for additional appropriations will not come up for discussion in the Legislature for several weeks. The budget committee, which will have to pass upon the requests, is now far behind in its work. It is expected the requests from the University of Kentucky and the two State Normal Schools will be presented to the committee separately. The appropriation asked by the University is to provide means of erecting new dormitories and making other improvements.

**NOTICE!**

All Students having snapshots of campus scenes are urged to hand them in at the Kentuckian office before the end of the week. The snapshot campaign ends this week and students intending to enter the contest are urged to hand their snapshots in at as early a date as possible.

**SOUTH CAROLINA WANTS FRAT3.**

(Gamecock.)

The student body of the University of South Carolina has gone on record as favoring the return of the open fraternity to the campus. Requests will be made of the legislature to repeal the present law that prohibits the existence of a fraternity at a State institution. In case of a repeal the trustees of the university will be asked for their approval.

Fraternities were abolished at the university in 1898 in accordance with an act passed by the legislature of that year. Since that time several attempts have been made to have the law repealed, but all have failed so far. The student body is of the opinion that the legislature will take favorable action on the matter at this session.

**ON TO VICTORY.**

"Lives of great men all remind us  
We must make our lives sublime."

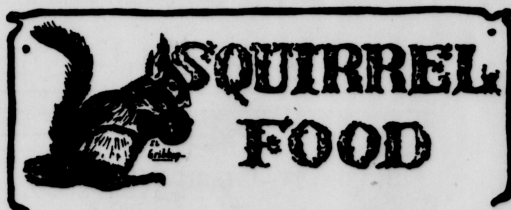

February, the birth month of Washington, Lincoln, Edison, Dickens and numerous others who have left "footprints on the sands of time," should be a lucky time to start a new semester. The slates are clean. Those who weathered the storm of examinations are ready to take a new lease on life and those who were unfortunate enough to be shipwrecked on the rocky shores are sadder, perhaps, but oh, so much wiser.

The spirit of the last semester has been splendid and we feel that the students as a body are to be congratulated upon the good work done and the high average of grades made. As we look back upon last year when the terrible epidemic of influenza made all scholastic progress almost impossible, we cannot but realize the overwhelming advantages which February, 1920, holds over February 1919. A year ago we began the second semester with a knowledge that practically all the work of two semesters had to be completed in one. It is our obligation to make the quality of work for the coming semester far superior to that of last year.

However, the dire results of all work and no play are familiar to us all and the social committee, to make such effects impossible, has arranged a brilliant calendar for the coming term, with dances, plays and other functions filling all week-end dates from now till June.

On behalf of the faculty and students, the Kernel wishes to take this opportunity to welcome the new-comers to the University. Of the sixty-nine new students registered twenty-seven are women. It is most gratifying to see the rapid growth of the Graduate School in which eighty-three students have entered since December first. We are glad to have you all and want you to feel at home. Affiliate yourselves with campus organizations, the Y. W. and Y. M. C. A. Join the literary and oratorical societies and glee clubs. There is a place for each one of you. This is final warning to all.

Don't let the call of spring, which is not far away, and the Campusty Department, which is always with us, lure you away from Chemistry Lab. Buckle down. Let each one do his utmost to make this the biggest and best semester the University of Kentucky has ever known.

I saw something green where the sun-light cast

A shadow, and I cried: "Ah, Spring at last!"

But like a ghost, the fleeting vision past—

It was only a Freshman.

The Kentucky Colonel says: "That doggone groundhog saw his shadow and now we're in fo' six moah weeks of wintah weathah."

The Knight of the Lexington Drug remarks: "From the looks of my schedule, I expect to carry one subject and drag about five."

Red Huekel (to Morris standing in line to register): Hold that check closed up tight in your hand before you give it in.

Walter Morris: Why so, Red?

Red Huekel: So it won't be a cold check, you nut!

"THE SONG OF THE FLUNKER."

"We fought a good fight," cried the victors.

"'Twas a hell-u-v-a-war," yelled the flunks.

The prof's all sigh'ed; Some failures cried.

The janitors burned "quiz-pads" in chunks.

These mid-year fights are so funny.

Just a stampepe for A's and B's.

Then sad is the tale; That goes thru the mail,

And say's all we got was E's.

Don't say that you have been mistreated.

And for another chance you'll try;

Don't say: "What's the use"; nor give an excuse

Or pull some stale alibi.

Just pray that the profs may be lenient.

And will let you try again.  
Then start in anew, and try and get thru;  
But I doubt it, even then.

Then if you are one of the victors.

And are burdened with A pluses and such.

Don't try and get flip, and start shoot'in your lip.

For you sure'll wind up with a crutch.

Now life is all full of bumbers;

Cramed full of rough spots, and knots;

Worries, and trials, and hard luck for miles.

And it is paved with the roughest of rocks.

So don't yell "enough" if you are failing;

Just buckle, and try 'em once more.

The little mistake will n'er overtake You, Bud, for you're grit to the core.

FRIZZY.

He: I've been finding a number of black hairs in my clothes brush lately.

She: Why, my goodness, I have brown hair. You must be tricking me.

He: Oh no, it's only the way the brush was made.

Mademoiselle On Dit says: "Washington was my favorite hero until I discovered that his birthday comes on Sunday this year. I really believe I prefer Lincoln."

Clinic: "I'm going to win that girl or bust."

Cynic: "Probably both."

—Jester.

## ALUMNUS SUCCESSFUL IN BANKING BUSINESS

Mr. M. Holbrook, an alumnus of the University, is now located at the Kobe Branch of the International Banking Association Corporation. Holbrook, after leaving the University enrolled in a class in banker's training offered by the corporation, and was soon listed for foreign service. The same opportunity is offered by America's largest banking institution—The National City Bank of New York—to other University of Kentucky men, who qualify for its Foreign Service Scholarship.

Seniors, juniors and sophomores will be selected soon from colleges throughout the country to enter the Bank's Training Class for Foreign Service. While in training the men will receive salaries sufficient to meet their expenses.

Undergraduates will spend their summers in New York City, learning the "ropes" of the banking business. They will follow the laboratory method of doing real bank work in Wall Street. Training of the scholarship students is under supervision of the Bank's Educational Department.

After graduation students will finish training and be assigned to one of the more than 50 foreign branches of the bank. These are located in South and Central America and Europe. Some students may be assigned to branches of the International Banking Corporation, located chiefly in the Orient.

The bank announces that its resources now exceed one billion dollars. This is a new record for any bank in the Western Hemisphere. New branches are constantly being started, enabling students to advance in new fields when assigned.

## KENTUCKIAN CAMPAIGN CLOSES FEBRUARY 15.

### Bids For Annuals Outnumber Former Records

The subscription campaign for the Kentuckian is now in full swing. According to the students soliciting subscriptions the number of Kentuckians ordered this year bids fair to far outnumber those of former years. Students desiring annuals this year are urged to pay their subscriptions within the next two weeks in order that extra copies of the annual may be printed if necessary. Since the number of annuals printed is necessarily limited, students handing in their orders late cannot be sure of getting copies. Owing to the fact that the supply of copies in the last few years has exceeded the demand, many students have been disappointed in getting their annuals and those wishing 1920 Kentuckians are urged to profit by the experiences of former years and order their annuals early. The campaign closes February 15.

## CONFERENCE ATTENDED BY UNIVERSITY MEN

### U. K. Representatives Meet With Transylvania Officials in Interest of Library

Few of the people of Lexington and fewer still of the people of the State and county know that here in the Library of Transylvania College is a collection of rare volumes of value and interest not to be equaled in the South and unsurpassed by any in the United States in the number of rare books it contains.

This valuable collection of books is housed in a building which is not fire-proof and in which it can not be displayed to the best advantage. Such a condition is to be remedied according to the officials of Transylvania College, College of the Bible and Hamilton College, who are including the program for an adequate building and equipment for the Library in their participation in the great Inter-Church World Movement which is now on all over the country.

President Frank L. McVey and Dr. Frank E. Tuttle were present at a dinner conference, Friday, January 23, at the Phoenix Hotel with President Crossfield and other officials of Transylvania College and invited guests. The conference was called to discuss ways and means for making the value of the library of rare books better known to the people of the State and United States and emphasize it as a distinctive asset of Lexington.

## COUNTY AGENTS IN ANNUAL MEETING

Thompson R. Bryant, director of the Kentucky Experiment Station; O. F. Floyd, Bureau of Markets, Experiment Station, and J. B. Kelley, of the farm mechanics department, College of Agriculture, were among speakers on the closing day program of the annual meeting of county agricultural agents in Kentucky, which opened here Saturday. The session was held in the Little Theater.

## FORMER U. K. FACULTY MAN DISCOVERS SERUM

### Professor Graham Successful in Saving Lives of 2 With Antidote

Professor Robert Graham, of the University of Illinois, formerly a member of the faculty of this University, has discovered a serum which is an antidote for the germ which caused the deaths of a number of persons who ate tainted canned ripe olives and were poisoned by them.

Serum prepared by Professor Graham and shipped to New York saved the life of Lena Delben, ten years old, the sole survivor of a family of seven poisoned by the eating of olives that contained the germ.

Professor Graham received the request for serum at night and it was rushed from Urbana, Ill., to Chicago, where it was placed with the airplane mail for New York. An accident to the plane caused it to land and the serum was carried the rest of the way by train, the six of the seven victims of the poison had died before it reached them. The seventh responded promptly to the treatment.

The call from New York for the serum was the second Dr. Graham had received, the first being from Detroit, where it was used successfully.

Dr. Graham discovered the serum in his experiments in animal pathology. The serum was first used by Professor H. P. Rusk and Professor H. S. Grindley, both of the animal husbandry department of the University at Ottawa, Ill. Its use to save the lives of human beings poisoned by tainted food is a recent development, but as in the case of the New York child, and at Detroit, its efficacy is proved.

Newspapers the country over carried stories of the race with death of the mail men carrying the antitoxin and of the accident near Gary, Ind., which caused him to transfer to a train. He would have been in New York in seven hours had he followed his original plan to cut across Lake Michigan direct for Cleveland and but for the accident to his plane, which stopped because the engines went out of commission, all of the family might have been saved.

## JENKINS CITY ASKS FOR GIFTS OF BOOKS

Students and Faculty Urged To Contribute to Newly-Established Library.

Jenkins City, one of the young cities in the coal region, with a population of 10,000, has sent the University of Kentucky a call for books. Faculty and students are urged to contribute any books which they may have and are willing to give for the library, which enterprising citizens of Jenkins City wish to establish.

Reference books, fiction, anything good will be accepted. Students are asked to leave their gifts at the University Library, where Miss King will receive them and attend to their shipping.

## ALPHA ZETA IS HOST TO AG. OFFICIALS

Alpha Zeta, the honorary agricultural fraternity, entertained at the Leonard Hotel Saturday night in honor of the faculty of the College and of Agriculture and of the County Agents. A very enjoyable social hour was held.

**ART EXHIBIT ATTRACTS  
INTERESTED ATTENTION**

**Portrait of Dr. McVey Fea-  
ture of Display at  
White Hall**

An exhibit of the paintings of three artists, Miss Dixie Sheldon, of Covington; Miss Sophonisba Hergeshelmer, of New York; and Mrs. Suduth Goff, of Lexington, was held at the Art Department, White Hall, Friday afternoon from 3 to 6 o'clock, under the direction of Miss Mina Beck.

Miss Hergeshelmer's last work was a portrait of President McVey, finished recently. This was one of the chief sources of interest of the exhibit, and was judged by all who saw it a splendid piece of work.

A studio tea was an interesting feature of the afternoon. Mrs. Alfred Zembrod and Mrs. J. W. Pryor presided at the tea table, assisted by Misses Clara White, Maybelle Cornell, Gladys McAdams, Stella Green, Florence Barrett, Mrs. Mable, Mrs. West, Mrs. Linwood Brown, teachers at the university, and Misses Sullivan, Robertson, Renick and Jackson, students of the Art Department.

Over five hundred Lexingtonians interested in art matters attended.

**SENIOR HOME ECS.  
HOSTS TO VISITORS**

Speakers of Convention Entertained at Practice House.

The practice house was the scene of a very dainty luncheon given last Saturday by the twelve girls from the Home Economics Department petitioning for Omicron Nu, senior honorary fraternity, in honor of Mrs. Henrietta Calvin, a member of that fraternity. Mrs. Calvin, from Washington, D. C., was a speaker at the Farm and Home Convention.

Crimson cyclamens decorated the dining room. A delicious three-course luncheon was served. Besides Mrs. Calvin, the guest of honor, the following guests were present: Miss Mary E. Sweeney, Miss Gertrude M'Cheyne, Miss Linda Purnell, Miss Maybelle Cornell, Miss Eva Boterf, Miss Eliza Clay Mason, Miss Margaret Coffin, Miss Marietta Elcheberger, Mrs. Horlacher and Miss Lash, who are members of Omicron Nu and associated with the work at the Extension Department.

The hostesses were Kathleen Brand, Louise Mayer, Hannah Weakley, Katharine Christian, Lucille Blatz, Virginia Croft, Mary Turner, Margaret Bird, Elizabeth Threlkeld, Grace Maxwell, Ann M'Adams, and Katharine Bell.

**SPECIAL NOTICE!**

Mr. Deegan, a Special Representative of the Bureau of War Risk Insurance, who is visiting every large university in the United States will be at the University Monday, February 9, and address the ex-service men and adjust their problems at 3:45 p. m. in the chapel.

Every ex-service man in the University is asked to be present.

C. R. MELCHER,  
Dean of Men.

FOOTBALL **SPORTS** BASKETBALL

**WILDCAT BASKETEERS  
COME BACK STRONG**

**Kentucky Defeats Maryville  
and Georgetown By De-  
cisive Scores**

The Wildcat basketballers of the University of Kentucky have found their claws and are now steadily scratching their way to the State championship in basketball. Undaunted by the defeat at the hands of Cincinnati in the opening game of the season the Wildcats, under the able training of Coach Buchheit, have staged a clean come-back in the beginning of the season by defeating recently the strong teams representing Maryville College and Georgetown College.

The quintette is showing up in excellent condition. They are aggressive, fast, steady, and are unusually good in their goal shooting. Coach Buchheit has found his combination and has used the Varsity five as a complete unit during all the games. In the first two of the three games played he used no substitutes, but in the last game he shifted in favor of the entire second squad during the last few seconds of play. The Varsity five are Everett, center; Hayden, forward; Blakey, forward; Smith, guard, and Burnham, guard. The second string men are Lavin, Wilhelm, Evans, Ridgeway and Bartlett.

Kentucky, 27; Maryville, 13.  
The Maryville game, which resulted in a victory for Kentucky by a score of 27 to 13, was the source of much comment in local athletic circles. The visiting team had the night previous administered defeat to the Centre basketball aggregation, and fans were anxious to get "dope" on the respective strength of the Centre and Kentucky teams.

During the Maryville game honors were nearly evenly distributed among all five of the Kentuckians—Blakey, Hayden and Everett caging three field goals each, and Smith getting two. The guarding of Burnham called forth praise from every spectator. The Maryville team evidently didn't play up to their standard, for they showed poor team work and were poor at shooting goals, but nevertheless they played a very creditable game.

The line-up and summary follows:

Kentucky.	Maryville.
Hayden (11) .....	Cotton (2)
R. F.	
Blakey (6) .....	Hendricks (7)
L. F.	
Everett (6) .....	Carter (2)
C.	
Burnham .....	Collis
R. G.	
Smith (4) .....	Montgomery
L. G.	
Kentucky, 25; Georgetown, 14.	

The third game of the Kentucky schedule resulted in a defeat for the neighboring Tigers from Georgetown, who contested for state honors on the University floor Saturday night, January 31, the score being 25 to 14. The Tigers kept the Wildcats guessing until near the end of the game as to whether the game was "cinched" or not. The visitors were on the aggressive throughout the game, and their guards were a continuous hindrance to the Kentucky forwards.

In the beginning of the second half Georgetown came into the game with

a new vim, but the superiority of the Kentucky quintette soon overshadowed them again and their defensive tactics were resumed. During the last minute of play Coach Buchheit made his first substitutions of the season. The entire second team was sent in, and during their limited time got together well, and played the same brand of steady basketball as the first team.

The aggressiveness of Hayden, the excellent defensive work of Burnham, and the general floorwork of Blakey, Smith and Everett featured the game for Kentucky; with Funk, of the Tigers, as chief contender for Black and Gold honors.

The line-up and score:

Kentucky.	Georgetown.
Blakey (6) .....	Adams (4)
F.	
Hayden (11) .....	Funk (6)
F.	
Everett (4) .....	Porter (2)
C.	
Smith (4) .....	Black (2)
G.	
Burnham .....	Leonard
G.	

Coach Jim Park, of Transylvania, refereed both the Maryville and the Georgetown games.

**TENNESSEE VICTOR  
BY NARROW MARGIN**

**Wildcat Basketballers Defeat,  
29 to 24, By Southern  
Neighbors**

In the hardest-fought basketball game ever witnessed in the Kentucky gymnasium the University of Kentucky Wildcats met defeat Thursday night at the hands of the quintette from the University of Tennessee, by the close score of 24 to 29. The score remained close throughout the game, and during the second half Tennessee was able to keep a lead of five points continuously. During the second half Kentucky outplayed Tennessee from the point of floor work and also from the score made during this period.

The gymnasium at the Armory was filled to its capacity Thursday night when the Kentuckians and the Tennesseans faced each other in their annual basketball scrap. The Tennessee team was flushed with the success of their easy victory from Georgetown the night before, and the Wildcat outfit was determined that the honor of Kentucky should be trampled upon in no such overwhelming manner.

The game was a fight from start to finish, and both teams came in for their share of the personal fowls. The fast floor work of Blakey and Hayden, Kentucky forwards, stood out very prominently. Blakey succeeded in making a point out of every foul he attempted to shoot. For Tennessee, Troutman was most successful in goal shooting. The entire team was unusually fast, and seemed always to have plenty of ability for offensive basketball.

Tennessee secured a slight lead early in the game, but soon the hard playing of Kentucky had evened the score to 8 and 8 and then the first half ended with Tennessee leading by six points. Throughout the second half Tennessee kept a lead of five points, and when the final whistle blew Kentucky had still been unable to lessen the small margin.

The score and line-up follows:

Kentucky, 24; Tennessee, 29.	
Hayden (8) .....	Sullivan (6)
Forward.	
Blakey (12) .....	Wheelock (2)
Forward.

**In Selecting a University**

For a college education, there are five things to be taken into consideration:

1. The men at the head of the Institution.
2. The scholastic standing and ability of the Teaching Staff.
3. The location and advantages of environment.
4. Equipment, buildings, laboratories and libraries.
5. Cost.

In all these respects the University of Kentucky commends itself to those seeking a higher institution in which to carry on their education.

All Departments, including Liberal Arts, Sciences, Agriculture, Law, Education, Mining, Civil, Electrical and Mechanical Engineering.

The Government needs trained men and women; college training will bring the result.

**JUNIORS AND SOPHS WIN LEAGUE GAMES**

Defeat Engineers and Lawyers in Interesting Contests.

The Campus League series of basketball games continues to be the center of talk and excitement in the little athletic world here on the campus. The ninth and tenth games of the series resulted in victories for the Sophomore and Junior teams.

Thursday afternoon, January 22, the Juniors defeated the Engineers by a score of 30 to 4 in the ninth game of the series. Tuesday afternoon, February 3, the Sophomores handed a pill to the Lawyers in the form of a defeat by the close score of 11 to 8.

During examination week no games were played. Some of the games were omitted during the last two weeks, and these will be added on to the end of the Campus League schedule.

**CROWDS ATTEND FARM AND HOME CONVENTION**

(Continued From Page 1)

**Beef and Dairy Cattle Club.**

Thursday, Beef and Dairy Cattle Day, proved to be one of the most interesting days of the convention. Five farmers' associations were in session during the day, the Kentucky Dairy Cattle Club, the Kentucky Holstein Association, the Kentucky Beef Cattle Club, the Kentucky Jersey Association and Kentucky Creamery Men's Association.

The speakers for this day included Professor C. J. Winkler, of the U. S. Department of Agriculture; J. D. Jarvis, Knoxville, Tenn.; Miss Sarah H. Vance, director of the Bureau of Food and Drug, State Board of Health; M. D. Munn, of St. Paul, Minn., president of the American Jersey Cattle Association, and Peter Small, one of the most important Holstein breeders in the country, of Clarendon, Ohio.

**Special Session for Women.**

A special session for women was also held on this day, at the Little Theater, White Hall. Miss Gertrude McCheyne, Mrs. Alice P. Horton, Chicago, were principal speakers.

The final day was marked by the sessions of the Kentucky Swine Breeders' Association and the Kentucky Poultry Raisers. J. A. Serpell, of Lexington, master of Mayfield Farm, was the first speaker. He addressed the Kentucky Swine Breeders' Association on the evils of the present sale system and how it could be improved.

**Mrs. Calvin Makes Address.**

One of the most notable speakers of the day was Mrs. Henrietta Calvin, who made an address on the importance of home life at the general assembly in chapel. Home, as defined by Mrs. Calvin, is a place for the development and growth of our children and the center of their physical, mental, disciplinary and citizenship training. No influence is so great in the life of every member of the family, said the speaker.

Other speakers of the day were: H. C. Pierce, Harrodsburg, Ky., who spoke on "Kentucky Poultry Raisers"; A. S. Chaplin, whose address was "Standardization in the Mountains of Kentucky," and D. D. Slade, who spoke on "Housing Farm Poultry."

This convention has done much toward emphasizing and bringing to the realization of the people that the College of Agriculture stands for the dissemination of knowledge to every farm home in Kentucky to the end that agriculture may represent the best and the greatest industry in the State.

**BASEBALL BATTERIES START PRACTICING**

Indoor training for baseball began the first of the week when the candidates for the battery positions were given a good work-out by Coach Gill. Four letter men and three freshmen who are candidates for pitcher, and six candidates for catcher will meet each afternoon for the next few weeks in the armory, where much of the preliminary training of the pitching staff will take place.

Elsewhere in this issue of the Kernel may be found a schedule of the 1920 baseball schedule. Other dates that are now only tentative will be included in the permanent schedule and published soon. The schedule now includes our old friends and neighbors, Georgetown and Centre, and such new rivals as Michigan and Depauw. Tennessee, Miami and Cincinnati are also included on the schedule.

**VISITORS GUESTS OF MISS SWEENEY**

Buffet Supper Given in Honor of Notable Women Speakers.

Among the social events of the Farm and Home Convention was the informal buffet supper given in honor of the three notable women speakers of the convention, Mrs. Henrietta Calvin, Mrs. Ruth Reed, and Mrs. Alice Norton, by Miss Mary E. Sweeney, dean of the Home Economics Department on Thursday evening at her apartment on North Upper Street.

The decorations were of yellow tulips, and the hostess was assisted in entertaining by her sister, Miss Sunshine Sweeney.

The other guests were: Miss McCheyne, Miss Coffin, Miss Boterf, Miss Purnell, Miss Eichelberger, Miss Sonnenday, Miss Lesh, Miss Lida Clay Mason, Miss Anne Simrall.

**Laureate Selected.**—"Who'll be the poet to celebrate in deathless verse the League of Nations?" asks an executive. Why not adopt Tennyson's "Half a league, half a league, half a league onward"?—Rochester Post-Express.

**Why Not Trade Here?**

—BECAUSE—

The selection of suitable drug store goods is better here than usual for the very simple reason that not only do we stock practically anything and everything that any drug store anywhere could offer you, but we arrange and display them in such a way as to make selection easy, rapid and satisfactory. The quality of everything we sell is high-grade. True, there are medium priced and low-priced goods, but value for value, price for price, there are better offerings here than elsewhere. When the question of drugs is considered there is but one quality and that is the highest that science can produce.
