PUBLISHED WEEKLY AT THE MARGARET I. KING LIBRARY, UNIVERSITY OF KENTUCKY, LEXINGTON, KY. 40506

## ABOUT THE LIBRARIES

### Editor's Note

Many thanks to Pat Lloyd who has agreed to assume responsibility for editing The Green Bean for the next three issues since we have found no permanent replacement for the current editor.

### Earle C. Clements Papers Program

The formal presentation of the Earle C. Clements Papers to the University of Kentucky Library will occur at 10:00 AM on Friday, October 6 in Seay Auditorium. An audio/visual presentation depicting highlights of Clements' career will be shown. Joseph J. Leary, Frankfort attorney, will speak on the Kentucky career of Governor Clements. Lady Bird Johnson will deliver the main address. The Clements and Johnson families are long-time friends from the 1950's. Clements was assistant majority leader to Lyndon B. Johnson in the U. S. Senate, and assumed the leadership role while Johnson was recuperating from a heart attack in 1955. Bess Abell, Clements' daughter, served as Mrs. Johnson's social secretary during the White House years.

A native of Morganfield, Clements served as Union County Sheriff, Clerk, and Judge. He was a state senator from 1942-44; a member of the U. S. House of Representatives, 1945-47; Governor of Kentucky, 1947-50; and U. S. Senator, 1950-56. Since 1964 Clements has been a consultant to the tobacco industry and Director of the Tobacco Institute in Washington, D.C.

The Clements Papers were deposited in the Library in 1974. The materials now processed and open for scholarly research cover the years from 1922 through 1959, and consist of 400 boxes of correspondence and 1300 pictures and bits of memorabilia. The Earle C. Clements Oral History Project, numbering 38 interviews thus far, supplements the collection with recollections of Clements' colleagues and associates on tape.

All Library personnel are cordially invited to attend the program in Seay Auditorium.

### Collection Development

The Administrative Committee has discussed the vacancy in Collection Development and determined that it is best for John Bryant to assume the department head responsibilities on an interim basis. (Ed O'Hara has accepted the position of University Librarian at Sacred Heart University in Bridgeport, Connecticut.)

Now that the Collection Development unit has existed for three years it seems advisable to consider the desirability of alternate organizational arrangements for collection development functions within the Library System. For example, the unit could be merged with Acquisitions, Reference, etc.

To consider this I would like to appoint a 3-5 person task force to review collection development activities. The task force will be asked to recommend the most appropriate administrative alignment for collection development. The group will be asked to report no later than January 1 and then the Library faculty and Administrative Council can consider the report in time for appropriate action for the beginning of FY 1979-80.

I would like to ask that you let me know if you are willing to serve on the task force. Staff representatives from collection development will be solicited.

- Paul Willis

#### Data Services Searching Fees

The Data Services Department in King Library has been providing subsidized, computerized literature searching for the past few years. However, the Library is unable to continue this subsidy at the same level and, as a result, certain overhead costs must now be passed on to the user. This additional fee will increase the cost of on-line literature searches by approximately 30 percent. Also, although the Library has, in the past, absorbed all costs for computer searches of indexes to the Courier-Journal and Louisville Times for all UK students, faculty, and staff, it will now be necessary to pass on a substantial part of the cost of searching these data bases to users of the service.

#### Administrative Council Programs 1978/79

Throughout this year, the Administrative Council is planning programs (for its regular meetings) that will focus on operational problems of common interest to departments/units in the Library System. Any staff member who would like to suggest a topic along this line for the Council's consideration may do so either through his/her department head or by sending it to Gail Kennedy in Administrative Services by October 2. Thank you.

#### CETA Students Available

Bluegrass Employment and Training (CETA) is interested in placing high school students in the library for 10 hours per week of work experience. If you wish to have one of these people in your department, please send a brief job description (i.e., iron newspapers, Xerox reserve materials, reshelve periodicals, etc.) to Faith Harders by September 30.

#### Book Dummies

Administrative Services has had a request for book dummies and, currently, none are available. If any department or branch has some that are not in use, please notify Jeff Sauer. Thank you.

## PERSONNEL

New Staff: Debra Youtsey and Joan Adkins have joined SOLINET.

Effective September 29, both biweekly and monthly paychecks will be distributed by Ann Short in the Director's Office. They will be available for pickup at 10:30 am. Unclaimed pay checks will be held in the Director's Office.
