One of the most exciting and crowd-pleasing players in many years at Kentucky, Shidler's reckless style of play made him an instant hit with Wildcat fans . . . A long-range shooter with a quick release, he was hitting at 50 percent in 1976-77 play until a mid-season slump sent his average down to 40.9 . . . Earned 11 high school letters in four sports — four in basketball, three each in baseball and track and one in football . . . Twice named All-State, he also was named to the Louisville Courier-Journal's national prep "Super 5" team . .

COACH HALL SAYS: "Jay displayed his capabilities early last season. Maturity as a sophomore should give him the consistency that will insure his future greatness."
