Dear Friend

I know you will be surprised but- as Willie always thought so much of you I would write- and let you know his condition he has been home for three week from Chickamanga with that fearful fever was getting along fine when he got up last saturday gave him a relapse and now he is a very sick boy his temperature since last saturday runs up to 105- each day I have to feed him with a spoon as he is to weak to raise without fainting Dr. says with care he will pull through all right-
