Dear Sir:

Your favor of July 11th at hand. We regret to say that we cannot make a contract for advertising in your publication. This is not because of any lack of merit in your proposition, but because we cannot use one-fiftieth of the mediums that would undoubtedly be valuable to us.

Very truly yours,

Carlinville, Illinois.

My dear Friends:-

Your favor of late date came duly to hand, with the breeds of live stock and varieties of poultry that you are breeding.

It is suggested that you consider the matter of adding a few lines to your advertisement, and thus present each month to our readers, all the stock and poultry you now have for sale, or for which you desire to book orders for future delivery.

All the breeds of stock and varieties of poultry you breed, and included in your advertisement, will be presented on the page directory of all the breeds of live stock and varieties of poultry offered for sale by our advertisers. No charge will be made for the second presentation of your stock on the page announcement referred to above.

A number of our advertisers have found it greatly to their advantage to present in their advertisement, each issue, all the stock and poultry for which they desire to find a quick and profitable market.

The Farm Home reaches more than thirty thousand homes of enterprising and progressive farmers who not only breed but are constantly buying Horses, Cattle, Sheep, Swine, Dogs and Poultry.

You are invited to return this letter, in the enclosed envelope with the appended blank filled out, and on return of which your wishes will be complied with.

Sincerely, your friends,

THE FARM HOME CO.

My dear Friends:-

We have your esteemed favor of the 12th. inst., enclosing copy for change in advertisement. We notice that this new ad. is an announcement of your fifth annual sale at Fairview Farm. The August issue will be the only number that we will have an opportunity to work up an interest in your sale.

It is suggested that you let us place a four inch double column advertisement in our August issue, which will give us an opportunity to give you a liberal amount of space for editorial notice, the publication of a cut, etc.

Having your best interest at heart, we make the above suggestion.

Yours very truly,

### LIVE STOCK DEPARTMENT

June 22, 1905.

Mr. C. H. C. Anderson,

Carlinville, Ill.

Dear Sir:-

I am in receipt of your valued favor of the 20th inst. and same has been carefully noted.

Beg to say I did the best I could with a bad bargain,-- my temporary injunction against Mr. Moore was made permanent with some modifications. He is permitted to do business under the name of Geo. H. Moore but is not permitted to use the name Moore or Moore's in connection with any Disinfectant, Dip or Remedy. I have taken up the eighty-three shares of stock he held in this Company, and feel in a better position today to do business on business principles and make goods up to the highest standard than ever before.

We have thus far heard little, if anything, from your paper but still think it is a good medium; however, we have been advertising our book and believe it would be better to change to Car-Sul Dip and, possibly during July and August use the Fli-Kil ad as per enclosed; we believe it will pay us rather better than anything else, and in September we will use the Car-Sul Dip ad. with the special ad you speak of.

We enclose herewith draft for \$1.50 to cover June advertising as upon looking this matter up, we find that we have already paid you for the May business.

Very truly yours,

My dear Friend:

It was with much regret and disappointment that we learned that you were unable to be with us at the meeting of the Illinois Farmers' Club last week. The boys inquired for you, and I am sure that you would have enjoyed this meeting to the fullest. We had a splendid day, and everyone seemed to find the visit most enjoyable. I would have been glad indeed if you had been with the party and brought Mr. Otwell with you. However, we appreciate that good farm management does not permit one to consult his own personal desires at all times, and especially at this season the closest personal attention is required. I hope that at some future time you may find it convenient to visit the College and Station.

With kindest personal regards, I remain,

Carlinville, Ill.

Gentlemen:-

We duly received letter 12th inst. proposing to purchase one of our Feed Cutters at a price of \$25.00 if we will agree to advertise in your paper, and that you wish to purchase the machine of Mr. Geo. I. Gordy, who is agent for the John Deere Plow Co., St. Louis.

In reply, it will be rather difficult to work out such a proposition. Goods of ours that Mr. Gordy might have are purchased outright from the John Deere Plow Co.; therefore, if we decide to advertise with you, the only lines we wish to work on will be to furnish a machine from here for the advertising. Shipping a machine into a customer's territory might abridge the contract slightly. We are confident that if we advertise the goods that such breach of agreement will be acceptable to our trade.

We thank you for writing us and await your further advices.
