

Dosworth Mo.

Dec. 30. 99

Mr Crit Anderson.

Carlinville

Ill.

Kind Friend Crit, I must
endeavor to write a few lines
to you in Reply to yours
of some days ago.

We are having some Real
Winter weather here. Every
day for quite a while has
been still and cold just
what I enjoy for winter
weather.

Last Saturday eve. it was
awful Muddy. There was just
about an inch or two of mud
and it froze up Sunday night

- 2 -

and snowed Sunday there
is about 3 inches of snow.
I have not been doing much
but shooting Quail & Rabbits,
They are not worth much.
But usually make as much
as a dollar a day.

My Girl came home 23rd But
is going away Monday morn-
g again, I wish I was able
to go to school with her.

She is going to study Short
Hand & Typewriting. Some thing
I ought to be able to learn,
and succeed well at.

But I have not the money
to go on.

I am changing my
mind about Oklahoma. There
are so many down there that
I have been told wages are no
better there than here and

I don't think I shall go

"Don't say for sure yet"

"My Older Bro Jim has
gone to the Phillipines I'd
be is there by this time; They
left "Haulmen" on the 6th.

He is on the Individa.

Col. Tunstun is on the Individa,
Jim is in Co. G. 10th U.S.

I would like some what
to be there - (If I could take
who I wanted with me)

I hope I may be able to
find some kind of a job
this coming summer so I
may be able to work
the year around. I am
tired of this running around
I would rather settle down
Well I will close
Your old friend "D"

a few tottons home, for
mam, and yours and
Billie's best.

This ^{is} Saturday and
we have no drill, either
this afternoon or to-
morrow, except meal and
church formations, and
Sunday inspection at
10:15 A.M.

If we had our
cloths, and had been good
enough, we would get
liberty this afternoon,
but as it is I'll
spend it marking
clothes, which is

U. S. Naval Academy,
Annapolis, Md.,
Sept 15, 1899.

My Dear Brother Crit,
I re-
ceived your letter with plea-
sure, and read it with
great interest. Receiv-
ing a letter is the
most interesting thing
that can happen to me
now. I'm mighty
glad you beat those
fellows. I suppose by
the time I get home
you'll be pretty well

paid at the farm. I saw a notice of
your incubator agency in the Enquirer,
I suppose you'll start in so cheere
will hatch during the fair.

I hope there are over twenty fellows
in the dormitory at B. U., baseball
prospects, as well as football, we
ought to be pretty good. I hope
old Philo will get all the new
fellows.

We get all the grub
we want here, and its
good, better than the
Hotel Maryland, but
its a regular training
table. ^{Sept 16} When I get
home I'll have the mure
clo of a Sandow.

I've commenced try-
ing on my uniforms,
and before long will be
completely fitted out.

I have n't much here
in the way of remem-
brances, but if I can
get them I'll send

no small ⁵ job. We
have two stencils, large
and small, a brush,
black indelible ink,
like printers ink, and
other indelible inks for
use with pen. Here,
where uniformity pre-
vails, cloth's marks
are very important.

Already Halligan,
a past cadet stationed
on the Gloucester here,
is getting the boys
out for football
practice.

The West Point
and Princeton games
are anticipated with
special interest.

Tell the folks I leave
it, and will continue
to leave it severely alone.
However, I may try a
little baseball next
year, for I think
an upper classman
having sun ^{my} and glove
on my table has saved
me some running
already.

Tell the folks not
to worry about hazing,

as it has been reduced
pretty near to a form
of jollying, because they
never touch a fellow.
Also one is never
detained from going
where he should.

Well, so long, love
to yourself and
all the folks.

Your aff. brother,
Walter.

Mr. Crit:

I thank you most heartily for inviting me to your party and I deeply regret that on account of this bad weather I shall be unable to attend.

I hope you will have a merry time, and that you may see many birthdays, each one of which may, I trust, find you more happy and prosperous.

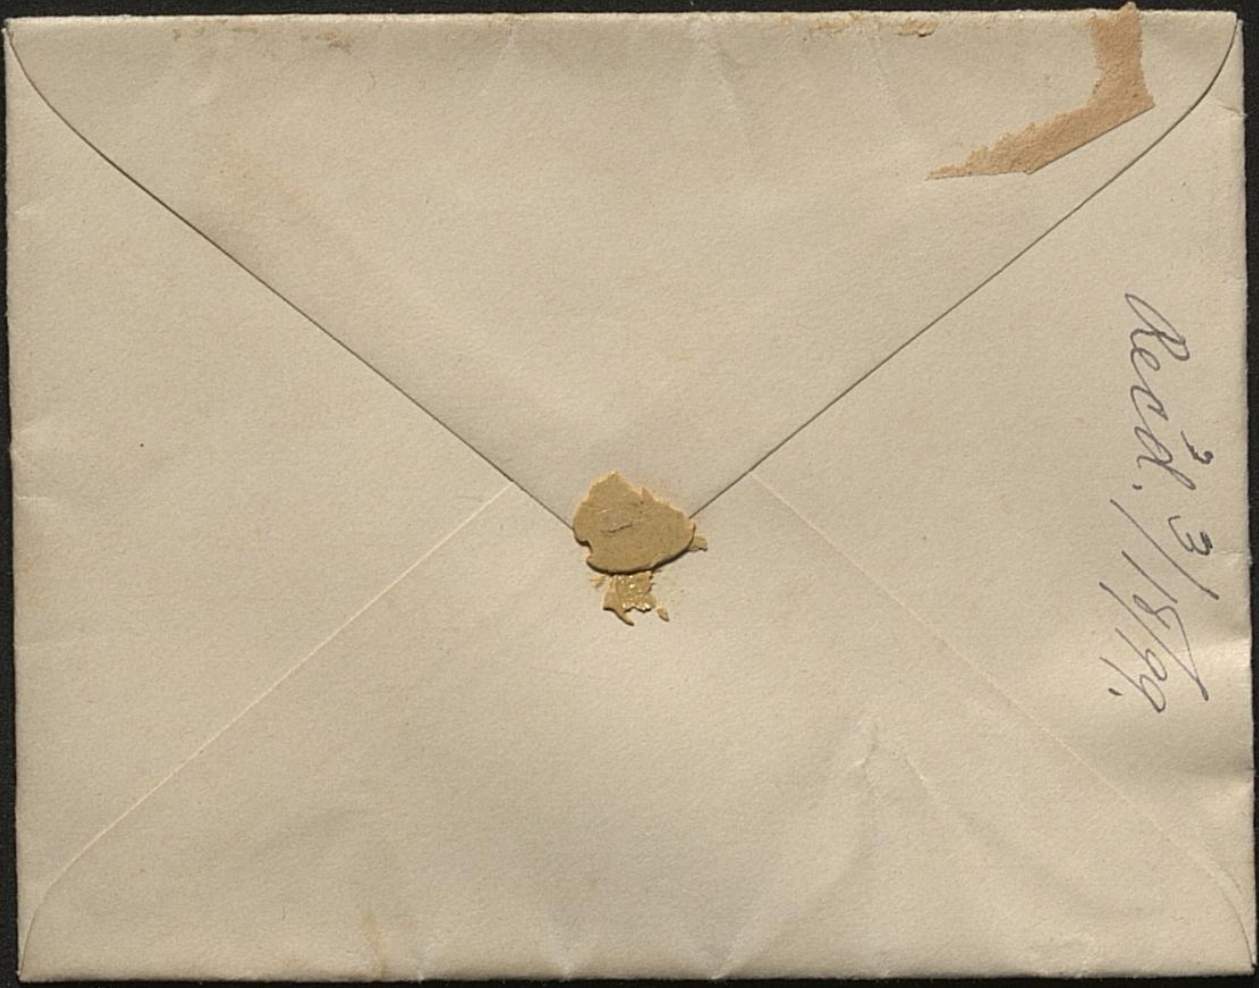

Your friend,
M. Corrie Kerr

Glendale Prairie Stock Farm.
