Carlinville, Ill.,

Dear Sir:-

Yours 22. recd. I am returning you letter of 9.
and the photo.

The breeding of th pups out of F. Masterpiece and Park-
dale Nelle looks good to me.

I want to see these pups if possible. But I do not
want you to save them for me. I have not seen or heard
from my partner, and dont know what if anything he has done.

I certainly hope to do some business with you some time.

I believe you would enjoy looking over the Dog Book.
I am sending it to you by mail. When you have looked it
over please return by mail.

Sincerely,

Harrington Clanahan.

I am keeping the pedigrees of the three puppies.

My dear Hubby,

Times again
but not so bad I ain't laid
up but only took one pill
of morphine.

Mrs. Hells is coming at
seven then I'll be happy.

Mrs. Clark will stay till she
arrives. You needn't be
worried for I think I
won't be any worse if I
am still. Your father tele-
phoned before dinner to
know if Babe could come
in he and your mother

came out in the buggy
and he looked so smart in
his little cap when he left.

He did not go on my
account but just to spend
the day with them and
have his hair cut this
morn.

I am feeling pretty
good now no pains and
will be more careful now
Pelliscorning.

Arthur said he has gacred
all in and done with fine
work of the wheel, said to
tell you.

Mamma went in at
dinner this morning.

Mrs. Clark will get supper
and George will come over
and eat here this eve.

3-

Then George, Arthur and
Thomson are going to
drive in this evening
groceries and lunch.

I wonder where you are
and if you have seen
our label to K. I didn't
get one word from you
today, guess that was
the reason I was sick.

I didn't feel good this
9. M. when I got up had
a heavy feeling down there
but kept up till after
breakfast and then laid
down till about dinner
time then helped get dinner

or got it rather with help
and then gave Babe his
bath and had a little
pain but I feel pretty
good now and lying out
the lounge but must
get up and take around
just passing, I'm better.

O Sweet heart, I wish
I could see your dear precious
face and feel those darling
arms and lips. Maybe by
one week from now O I
I hope so.

Well I guess I've too
sons have pigs, we had
5 and the other 4 I
think.

Yours always forever
Mel.

COMPETITION REOPENED.

We hereby advise all agents that competition is now open for another liberal line of cash prizes, to be awarded for largest clubs sent in from every state and territory and the Dominion of Canada. We shall count in the next contest all subscriptions received at this office since April 1st this year and until April 1st, 1908. A premium list will be mailed to all applicants. Those who wish to secure a place among the winners next April should bear in mind the fact that competition is now open. Subscriptions for THE GAZETTE can be secured all the year round if advantage is taken of every opportunity to enroll them. We are deeply grateful to all who have made THE GAZETTE'S success possible and shall endeavor to make its weekly visits of more interest during the coming year than ever before.

Respectfully yours,
SANDERS PUBLISHING CO.

Dear Sir:

We hand you herewith the results of the competition for cash prizes awarded to those who during the year ended March 31, 1907, assisted in extending the circulation of THE GAZETTE, and desire to extend herewith our sincere thanks to you for the efforts you have personally put forth in behalf of the interests that THE GAZETTE represents.

If your name appears in the prize list, the amount awarded you has been placed to your credit on our books, and after deducting the value of any other premium you may have received for the same club, is *subject to your order* after June 1st. We, however, must reserve the right to correct the awards should any errors be discovered later on and adjust the winnings. It is not anticipated that any mistakes will be found in the prize list, but in spite of all the safeguards with which we surround this work, and the care with which the list is compiled, errors do sometimes creep in; and if our attention is called to them within a reasonable length of time, we feel bound to readjust the awards, and we feel sure that this course will meet with the approval of all who have contributed so liberally to the advancement of improved farming as evidenced by their work for THE GAZETTE.

It will be noticed that the total amount of money hung up is larger than ever before and that the district prizes cover the entire United States and Canada.

Dear Sir:

Have been away from home since Mon. evening last. Expected to meet the puppy at Havana and take him with me but he did not come down from Springfield until Tues. morning. A friend who cared for him said he was ravenous.

He is a very bright little fellow and I believe will make a very handsome dog.

Will you please send his pedigree and also answer my previous letter in which I asked for his sire's height & weight.

May want some jewelry in the next 90 days. What have you to offer?

Very truly

E. W. Gardner.

CHICAGO, April 26, 07.

Dear Sir:-

There has been rainfall at Middlewater, Texas of over 3 inches during the month of April of this year. The average rainfall for this month in that part of Texas is about 2 inches, and that of May about 4 inches. See page 7 of our booklet; evidence of the erroneous belief that people have had, namely: the fear of drowth in that part of Texas. It is our business to overcome this belief and educate the people up to a realization of the fact that that part of Texas never has a crop failure because of lack of moisture. When this is accomplished, the land will find a ready sale at from \$50 an acre, up, we believe. So far there has been no evidence of the green bug or other enemy of wheat in that part of Texas. All crops there are in excellent condition.

A feature, which is a very important one, with regard to our Texas Panhandle land, is that the climate is delightful the year around. Bring out this fact very strong with your people; altitude over 3800 feet and the latitude that of Memphis, Tenn. Many would be glad to live in such a climate and escape the rigorous Winters and Springs of the North.

We have ordered and will have in operation at Middlewater on our land by next week a steam engine and gang plow. If any of your people buy, and want their land broken up we will contract to do that for them and to plant the crop for them also, if desired. We will be ready to show your people grain growing on this land within a very few weeks. Use the fact that Rockyford melons of the very best quality ripen on this quick sandy loam soil, between 2 and 3 weeks earlier than in Colorado. Quality is equal to those grown at Rockyford, Colorado, market better. That soil and climate produces all kinds of vegetables and fruits in great abundance, and of the best quality, including California White Grapes. Would you think it would be to advantage for you to have in your office a sample of the soil of this land? If so, possibly we could send you some of it.

Our next excursion leaves here on the 7th of May, at 6 o'clock, via the Rock Island road, rate \$25.00 from Chicago to Middlewater and return. Our special proposition to you of March 26th extends over the next excursion.

Notify us not later than Saturday, May 4th, if you will have party for that trip, and if so, how many will be with you, so that we can make reservations for you.

Come if you can, fine time to show the land.

Yours very truly,

E.C.W. F.D.

Dear Sir:

Yours of 12th. is received. I want
a female collie pup as a pet for
my little girl, - not for farm work.
Therefore, do not require an extra high
Class dog. Would like as pretty
a pup as you can furnish at \$5⁰⁰
to \$7⁰⁰, and enclose \$1⁰⁰ herein, also
return the photo. Pick me out what
you consider a good one and advise
what amount to remit. I leave it
to your good judgment.

Yours truly Jas. L. Wright
