Friend Crit.:--Your letter at hand this evening and as I'm not very busy will reply promptly. I haven't been able to do much hustling for you lately as work in the office keeps me employed most of the time. Sent in one batch of votes not long ago and have two here at the office now which I will enclose in this letter. I believe I can find some more at home. Duckels of Chesterfield is working this territory pretty thoroly and I believe the postmaster here is pulling for him. Will do all I can for you. Wishing you success, I am

Sincerely yours,

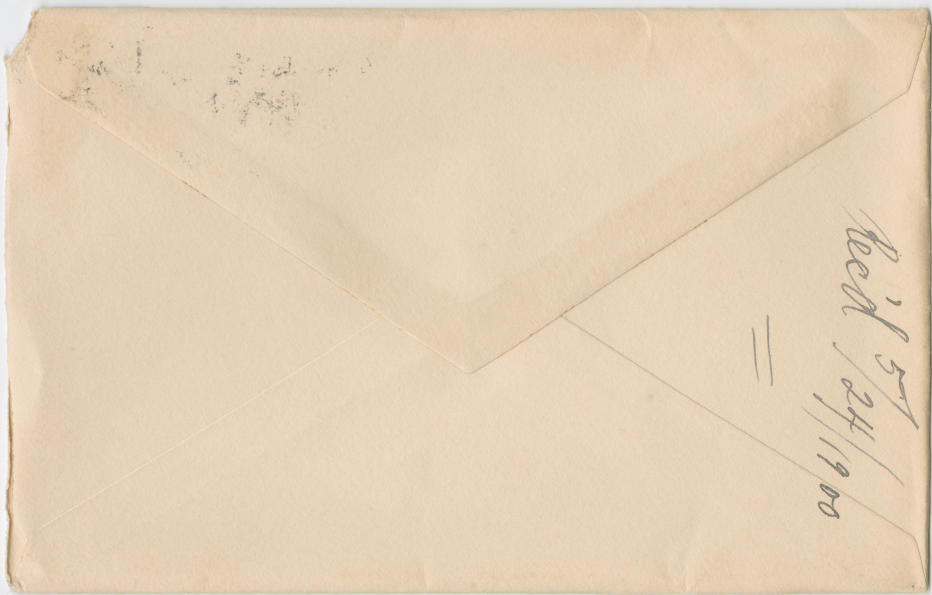

"Jete."

Dear Crit

Your Uncle received your letter sometime ago I have been saving the coupons for you and I hope you win for it will be a nice trip.

I suppose your mother will soon leave to see Walter be for he sets out on his cruise that will be quite a journey.

The weather is very nice
has been a little cold
but we had quite a
nice rain made it
to not to work in the
field for a couple of
days but they are at
work again now every
thing in the garden
seems to be growing
nicely and the ground
is in fine condition
Some of the corn has
been planted but they
say the wire worms are
at work.

I see by your card
that you are in the
poultry business

We have 60 little chickens
I set under hens.

Ernest Jr calls them Blue
jays.

I suppose you have heard
that you have another
cousin. your Uncle has
a team and a driver now
of boys

They are all well your
Grandpa is fixing his
bee hives together and
he has quite a task not
very hard work but tedious

Well I will close for
this time hope we will

hear from you again

I remain your best

Dear Crit,

I did not get to talk to you on yesterday afternoon or this morning and in case this gets to you, I want you to come in in the morning prepared to take the sows out to the farm, and having the other hogs tended to so that they can be put out in the pasture. And also to pick out the paint, and take it out. Make some arrangements there so that you paint will be looked after while you are in. For I will probably keep you stirring around here most of the day.

Yours affectionate father,

My Dear Son,

Your hogs are rooting the pasture up so badly that I will have to put them in the dry lot where they will stay until they are rung so good that they will not root any more, or until they are taken away. Give the matter your attention.
