Rev. F. T. Conner,

St. Louis, Mo.

My Dear Brother Conner:-

Nell and I expect to be married Thursday June 6th 1901. at 8 P.M. and desire that you perform the ceremony assisted by Brother Hertel. We expect to be married in the Presbyterian Church but this does not signify that it is to be a big wedding, as only immediate relatives will be invited and we desire it to be a quiet wedding. Both being members of the Church we think that it is the proper place to perform such a sacred ceremony. Please let us know if it will be possible for you to officiate. Regards to Mrs Conner.

Very sincerely your friend,
C. Anderson

he tried to take third
and was nipped. The last
time I batted I knocked
a liner to short. We
got 5 hits in the game,
they 6, theirs were better
placed, however. I had
no errors this game, only
getting one fly and a
few grounders.

Next Saturday we
play Harvard, I believe.
Hillebrand's time was
up with us some
time ago, and he left
for Princeton, his old
college, as they had
employed him before
we did.

We are not entirely
bereft of coaches, however

My Dear Brother Crit,
I received
your picture some
time ago, and wish to
thank you very much.
Before long I will be
able to reciprocate,
as some are being
made for me now.
I will send you a
piece of one which is
no good, but it shows
the new style caps
we have.

A week ago Saturday we were to play Cornell, but rain prevented.

Yesterday we played Georgetown, and were defeated 5 to 6, a creditable showing when you remember that G. is about as good as there are, having beaten U. of P. and Yale this year.

I did not cover myself with glory in this game, as their left-handed pitcher kept me guessing. I fanned out twice, I'm sorry to say. Once I fanned out because I got myself in a hole trying to bunt, the second time he gave me one up around my neck, but which would have been called on me. Those people can play ball, in fact I'm sure some of 'em are professionals.

The next time, ^{I was} up there was a man on first and no outs, so as we play I had to bunt. Of course their third base man was onto my game, and played up close, so I thought I would fool him, and bunted between pitcher and 1st, and almost beat it out. I advanced my man all O.K., but

Some of the officers are old fans, and one of our professors is Paul Dashiell, of whom you may have heard. He pitched for Lehigh some years ago, and was offered a place with Philadelphia. He is one of the committee which makes the inter-collegiate foot-ball rules. He is alright, I'll tell you, an all around athlete, and a smart

man. Also Larned, the ex-tennis
champion is looking after some
of the architectural work here. He
played with Harvard and Colum-
bia. He comes out about every
day, and bats flies and pitches
to us. He pitched for Columbia.
He is a great big fellow, and a
winner at any kind of athletics,
golf, tennis, base-ball, football,
or anything else, I suppose.
It is so rainy today we can-
not practice.

Well, goodbye, I am glad
to see your stock business
is successful.

Your loving brother,
Walter.

My dear Son hope
that you will enjoy what
I send. These flour sacks
you can use as dish rags.
The soup only needs to be
heated just as hot as
you like it - but stir it up
before pouring it out so
you will get some good of
the contents. don't keep it
too long or it must be good.
