Dear Wade:

In answer to your questions, J.L. Pruett was an author, doing a story on Lyndon Johnson. He wrote to these people for research purposes, and they responded with these letters. Unfortunately, he recently passed away and never published these. Mr. Pruett was also a principal and did his writing in addition. We are not sure if there are copies of the letters or if the Johnson library is aware of them. We did not acquire these from his survivors.

In any case if you would like the letters in single lots, we would ask that the value be \$100.00 or more. If you want to buy the entire collection, it is priced at \$1,050.00. We would have you give 1/3 now, 1/3, in 30 days, 1/3 in 60 days, with postdated checks for the 30 and 60 day checks., sent to us, now. (upon receipt of the collection.)

It is unusual to come across an entire collection regarding a President, and we feel fortunate to have done so. If you have any further questions, kindly contact us. Thank you.

Very truly yours,  
MONETARY INV. LTD.

P.S. There are approximately 100 letters in the collection most of which are several pages. If you'd like to see the rest, let us know.
