

MINUTES OF THE UNIVERSITY SENATE  
December 12, 1932

The University Senate met in Room 111, McVey Hall, Monday December 12, with President McVey presiding.

The minutes of November 21 were approved as read.

The following reports of standing committees were read and ordered included in the minutes:

Committee on Publication of Monographs

"As stated in previous reports to the Senate, the function of the Committee on the Publication of Monographs is to examine, and recommend for publication if found worthy, manuscripts which do not receive direct sanction from colleges, bureaus or other sections of the University Organization.

So far this year the Committee has passed upon one manuscript. It was submitted by Professors Webb and Funkhouser and constitutes an archaeological survey of the State of Kentucky. The Survey locates by counties all known prehistoric sites in the state and discusses the geographic distribution of various cultures that prevailed in prehistoric times. Maps and illustrations form a large part of the Study. The manuscript itself contains 515 typewritten pages.

Early in the year the Chairman of the Committee conferred with the President concerning the policy the University would pursue this year with respect to the publication of manuscripts. It was his view that every effort possible should be made to pay salaries and meet all other necessary operating expenses. This meant that the University would probably not undertake to publish manuscripts this year.

Professor Webb was informed as to this policy, but it was his wish that the Committee pass upon the merit of the study, so that it may be published as soon as funds are available. This committee was glad to give its approval because it is known that the work of Professors Webb and Funkhouser has received wide recognition.

The President estimates that the cost of publishing the Archaeological Survey will be around \$2,000. This probably does not include the cost of the paper which the University receives without charge from the State. At any rate this manuscript will lie in status quo for the present because the University is suffering from financial arterio-sclerosis.

It should be added that not only is the University interested in conserving its own fund for the purpose of meeting bare operating expenses, but that it has an obligation to the state as a whole to do its part in cutting public expenditures during the worst depression this country has ever experienced. In other words the University at this time is obligated to take into account not only the cost of publication directly chargeable against its own revenues, but also the cost of the

paper which is paid out of other state revenues. The time will soon come, it is to be hoped, when the publication of manuscripts as worthy as this one can be financed.

Respectfully submitted

E. F. Farquhar  
A. C. McFarlan  
George Roberts  
W. S. Webb  
Edward Wiest (Chairman) "

Committee on Student Social Affairs

"In accord with the rules of the University, the general control and arrangement of student social life is one of the functions of the Student Councils (men's and women's) which have power to act under the rules passed by the Student Councils and Faculty Committee and approved by the University Senate.

Time for Social Affairs:

Under the rules originally passed by the Student Councils and the Faculty Committee, and approved by the University Senate, the time fixed for social activities of every kind was Saturday afternoons or evenings or the evenings before legal holidays. The exceptions to this rule were: the senior ball, and the pan-hellenic which came on Friday evenings.

Social Calendar:

A calendar showing time and place of all dances and entertainments shall be made by the Social Committee of the Men's and Women's Student Councils before Thanksgiving and submitted thru the Dean of Men and the Dean of Women to the Senate for ratification. An up-to-date copy shall be kept in the office of the Dean of Men and Dean of Women.

Report of Entertainment Committee

After the dance or entertainment, the chairman of the committee shall present to the Dean of Men and Dean of Women a written report of same on a form furnished for the purpose. This report shall include an expense account, which shall be forwarded to the auditing committee.

12

Minutes of the University Senate - Dec. 21, 1932

The Faculty Committee on Social Affairs has cooperated with the Student Committees and we believe there has been much improvement in the conduct of our social affairs - with the exception of the Pan-Hellenic last year. No date has been assigned yet for the Pan-Hellenic this year.

The Alumni dance, of course, is not on the student's program, and is therefore not for this committee.

Modification of Rules

Last year, the following modification of the social rules was made on petition of the students, and the results have been satisfactory.

1. Each social fraternity may give one "Guest-dance" each year (i.e., a formal and informal in alternate years.)
2. Each social fraternity may give one "House-dance" each semester (i.e., a dance in the fraternity house) to be limited in attendance to members of chapter, pledges and girl friends.

The social committee has ruled that an organization may have two dinner -dances a semester, beginning at 6:30 and lasting until 9:30 p.m. instead of one house dance, if desired.

3. Each woman's social organization may give one tea-dance and one formal dance in alternate years. The guests at the tea-dance must not exceed one hundred and fifty.

Requests for dates must be made on blanks that may be obtained from the office of the Dean of Men and Dean of Women.

Respectfully submitted
