weather. But today its not very cold
Wednesday it got to 69 degree.

but it want stay like that all the
time. Well Clarence I am suppose
to come back the middle of March to
stay at home. and I got a letter from
Josie and she said for me to get
some wood, that I wasn't going to
use on her wood.

So would you bring me 2 or 3 cords of
wood any time when the weather want be so
cold for you to cut it. or do you
have some already cut. if you do bring
some put it where you use to back by
the ^{big} tree next to that little coal pile. and
I will stack it when I come home.

But I will want you to bring me more wood
for next winter. you tell Josie not to use
on my wood, that this wood is for me.
Well Clarence I guess you heard what happen
at home. That Tom Kindle is staying at home.
