Dear Cousin Ray:-

I expect

you have forgot all about that promised letter by this time. Well I am back in school again and am not having a very nice time of it as my room mate has not been back yet or even sent only one card saying that she would be in the last of last week and did not come and it is now Tues. It is terrible lonesome to room alone and be alone with just strangers. I was down to the opera house last night but didnt enjoy it much for I was homesick. It gave some moving pictures of herdsmen and showed their dress and gee how I thot about you. When are you coming home or never. I would like to see you and how you look. I have been looking for those pictures but all in vain. I took your letter home and I dont remember whether you asked any questions or not. I am taking College Hist. U.S. and Algebra. also Arith., Orthography and Phonics and Commercial Geog. College Algebra is fierce. Did you have any at Denison. Went to the Athenian, Philomathean and Adelpheian Literary Societies' reception last Fri. night and had a fine time. I'll bet you cant hardly read this for I have a poor pen which belongs to
