

Minutes of the Meeting of the Board of Trustees, University of Kentucky,
Tuesday, January 20, 1970

The Board of Trustees of the University of Kentucky met in regular session at 2:00 o'clock (Eastern Standard Time) on Tuesday, January 20, 1970, in Board Room E on the 18th floor of the Office Tower with the following members present: Mr. Albert G. Clay, Vice Chairman, Mrs. Rexford S. Blazer, Secretary, Mr. Jesse M. Alverson, Mr. Thomas P. Bell, Mr. Wendell P. Butler, former Governor A. B. Chandler, Mr. Richard E. Cooper, Mr. George W. Griffin, Mr. Robert H. Hillenmeyer, Dr. N. N. Nicholas, Mr. James H. Pence, Mr. Floyd H. Wright, non-voting faculty members Professor Robert W. Rudd and Professor Paul Sears, and non-voting student member, Mr. Tim Futrell. Absent were: Governor Louie B. Nunn, Mr. J. Robert Miller and Mr. B. Hudson Milner. The administration was represented by President Otis A. Singletary, Dr. Lewis W. Cochran, Dr. Glenwood L. Creech, Dr. Alvin L. Morris, Dr. Howard Bost, and Mr. James O. King. Also present were representatives of the various news media and President Emeritus A. D. Kirwan and Mrs. Kirwan.

A. Meeting Opened

Mr. Albert Clay, Vice Chairman of the Board of Trustees, presided in the absence of Governor Nunn and called the meeting to order at 2:00 o'clock. Following the invocation given by Mr. Clay, the Secretary reported a quorum present and the meeting was declared officially open for the conduct of business at 2:03 p. m.

B. Oath of Office Administered to Mr. Alverson, Mr. Bell, and Mr. Cooper

Mr. Clay announced the appointment by the Governor of two new members to the Board of Trustees and the reappointment of one member as follows:

Mr. Jesse M. Alverson, Jr., Paris, Kentucky, for a four-year term ending December 31, 1973 to replace Dr. Harry Denham whose term expired December 31, 1969.

Mr. Thomas P. Bell, Lexington, Kentucky, as an alumni trustee member for a four-year term ending December 31, 1973 to replace Mr. William R. Black whose term expired December 31, 1969.

Mr. Richard E. Cooper, Somerset, Kentucky, reappointed for a four-year term ending December 31, 1973.

Since Governor Nunn was not present, Mr. John Darsie, Legal Counsel and Notary Public, was requested to administer the oath of office to Mr. Alverson, Mr. Bell, and Mr. Cooper on his behalf.

C. Minutes Approved

On motion by Mr. Wright, seconded by Mr. Bell, and passed, the reading of the Minutes of the December 9, 1969 statutory meeting of the Board of Trustees was dispensed with and the Minutes were approved as published.

D. President Emeritus A. D. Kirwan's Portrait Accepted

Mr. Clay asked Mrs. Blazer, as chairman of the committee appointed by Governor Nunn to commission the painting of a portrait of President Kirwan, to preside at the brief presentation ceremonies. Mrs. Blazer indicated she was speaking for the committee which was composed of Mr. Robert Hillenmeyer, Mr. Floyd Wright, and herself when she said that it was a pleasure to present to the Board of Trustees and the University of Kentucky the portrait of Dr. Kirwan painted by Mr. Alfred Domene of Lexington. Dr. Singletary made a few brief comments about Dr. Kirwan and requested Mrs. Kirwan to unveil the portrait. Mr. Clay accepted the painting on behalf of the Governor and the Board of Trustees for the University of Kentucky. President Kirwan expressed his thanks for the honor done him and expressed gratification that his picture would join those of the six presidents who had preceded him.

E. Sympathy of the Board of Trustees Extended to Dr. Rudd and Mr. Cooper

Mr. Clay extended the sympathy of the members of the Board of Trustees to Dr. Robert W. Rudd on the loss of his wife and to Mr. Richard E. Cooper on the loss of his mother.

F. New University Journal, Growth and Change, Introduced

President Singletary called attention to Volume 1, No. 1 of Growth and Change, a journal of regional development, which had just come off the press. Copies were distributed to those present and Dr. Lawrence Klein, the editor, was introduced and complimented on this latest effort by the University to serve the people of the Commonwealth.

G. President's Report to the Trustees

Mentioning that a copy of his monthly report was in each member's folder, Dr. Singletary reviewed some of the items in the report briefly and recommended a more careful reading by the members of the Board at their leisure.

H. Recommendations of the President (PR 2)

Since the Board members had already had an opportunity to review the

recommendations of the President in PR 2 prior to the meeting, President Singletary said he would not discuss any of them but would be glad to entertain questions about any of the recommendations.

There being no questions, Governor Chandler moved that PR 2, Recommendations of the President, be approved as a whole and made an official part of the Minutes of the meeting. His motion was seconded by Dr. Nicholas and passed without dissent. (See PR 2 at the end of the Minutes.)

I. Professor A. Edward Blackhurst Named Acting Chairman of the Department of Special Education

As a consequence of the death of Dr. William Tisdall on Friday, January 16, 1970, President Singletary said that it would be necessary to appoint an Acting Chairman for the Department of Special Education. In accordance with the recommendation of the Department and the concurrence of the Dean of the College of Education, he recommended that A. Edward Blackhurst, Associate Professor, be named Acting Chairman of the Department of Special Education in the College of Education for the remainder of the current academic year or until such time as a permanent chairman is designated.

Noting with regret the circumstances which necessitated this action, on motion by Mr. Wright, seconded by Mrs. Blazer, the appointment of A. Edward Blackhurst as Acting Chairman of the Department of Special Education was approved under the conditions outlined by President Singletary.

J. Establishment of Departments in the School of Home Economics (PR 4)

President Singletary said that the recommendation in PR 4 to establish four new departments in the School of Home Economics was in keeping with earlier action of the Board taken on May 2, 1967, when the School of Home Economics was established as a coordinate unit with other Schools and Colleges in the Division of Colleges and approval was given for the School to be organized into appropriate departments. The recommended departments and their names are in keeping with such units in comparable Land-Grant institutions and other large universities.

Mrs. Blazer moved that the recommendation in PR 4 to establish four new departments in the School of Home Economics be approved. Her motion was seconded by Mr. Cooper and all present voted aye. (See PR 4 at the end of the Minutes.)

K. Department of Germanic and Classical Languages and Literatures Divided (PR 5)

President Singletary explained that the present combination of Germanic

and Classical Languages and Literatures in one department has not proved entirely satisfactory and it has been recommended by a committee appointed to study the problem that departmental identity be restored in Classics through the establishment of a separate Department of Classical Languages and Literatures.

On motion by Dr. Nicholas, seconded by Mr. Wright, and passed, authorization was given to divide the Department of Germanic and Classical Languages and Literatures into two departments to be known in the future as the Department of Germanic Languages and Literatures and the Department of Classical Languages and Literatures. (See PR 5 at the end of the Minutes.)

L. Doctor of Philosophy in Chemical Engineering Degree
Authorized (PR 6)

It was pointed out that the proposed Ph. D. degree in Chemical Engineering had been reviewed by the appropriate groups, was administratively feasible, and a need existed for persons with this advanced training. President Singletary, therefore, recommended that approval be given to the program leading to the degree.

On motion duly made, seconded, and carried, the Ph. D. degree in Chemical Engineering was approved. (See PR 6 at the end of the Minutes.)

M. Replacement of LL. B. Degrees with J. D. Degrees
Authorized (PR 7)

In 1965 the designation of the degree awarded to graduates of the College of Law was changed from the LL. B. degree to the J. D. degree. There was no change in the program leading to the degree; therefore, those completing the requirements for a degree prior to 1965 are eligible for the J. D. degree. Permission was requested from the Board of Trustees to replace the LL. B. degree granted prior to 1965 with the J. D. degree upon application and payment of a fee to cover administrative costs.

President Singletary and Dr. Cochran recommended that such permission be granted and it was so moved by Governor Chandler, seconded by Mr. Bell, and passed unanimously. (See PR 7 at the end of the Minutes.)

N. Agreement with Thomas More College Approved (PR 8)

President Singletary recommended that approval be given to the adoption of a Five Year Combined Liberal Arts - Engineering Program with the Thomas More College of Fort Mitchell, Kentucky, and the University of Kentucky. Upon completion of the requirements of a curriculum prescribed in the program, the

University of Kentucky will grant the student its degree of Bachelor of Science in the appropriate branch of engineering and Thomas More College will grant the student the degree of Bachelor of Arts at such time as he has completed all requirements for graduation from the College.

Governor Chandler moved approval of President Singletary's recommendation. His motion was seconded by Mr. Hillenmeyer and passed with all present voting aye. (See PR 8 at the end of the Minutes.)

O. Approval of University Calendar Change (PR 9)

The University Senate has approved and recommends to the Board of Trustees for approval a four-week summer term to begin on May 18 and run through June 12 during the summer of 1970. This will be an additional term immediately preceding the regular eight-week summer term. If the additional summer term is approved by the Board of Trustees, the calendar for the 1970 Summer Session will be amended to June 15--August 11 instead of June 9--August 6.

On motion by Governor Chandler, seconded by Dr. Nicholas, and passed unanimously, a four-week summer term was approved for the period May 18 through June 12. Following the vote, Mr. Futrell mentioned that the student body was enthusiastic about this innovative step to improve education opportunities in Kentucky. (See PR 9 at the end of the Minutes.)

P. 1969-70 Budget Revisions Authorized (PR 10)

Without discussion, on motion by Governor Chandler, seconded by Mr. Cooper and passed, the budget revisions recommended in PR 10 were authorized and approved. (See PR 10 at the end of the Minutes.)

Q. Confirmation of Increase in Non-Resident Fees (PR 11)

President Singletary called attention to PR 11 and asked confirmation by the Board of Trustees of the action taken by the Council on Public Higher Education which set non-resident fees at the University of Kentucky at \$1,030 per academic year, an increase of \$50 over current fees. He also requested that authorization be given to establishing an effective date for the application of the new fees to coincide with the beginning of the Fall Term 1970.

On motion duly made, seconded, and passed, the Board confirmed the non-resident fee set by the Council on Public Higher Education and authorized that application of such fee be made applicable with the beginning of the Fall Semester 1970. (See PR 11 at the end of the Minutes.)

R. Approval of Degree Candidates (PR 12)

On motion by Mrs. Blazer, seconded by Mr. Wright, and carried, the President was authorized to confer upon each individual whose name appeared on the list presented the degree to which he was entitled at the commencement exercises on May 11, 1970. (See PR 12 at the end of the Minutes.)

S. Interim Financial Report (FCR 1)

There being no discussion, on motion duly made, seconded, and carried, the interim financial report for the five months' period ending November 30, 1969 was accepted and ordered made a matter of record. (See FCR 1 at the end of the Minutes.)

T. Easement Granted to Percy H. Speed (FCR 2)

Mr. John Darsie explained that the authorization to execute an easement to Percy H. Speed for the installation of a sanitary sewer line over property of the University was in keeping with an agreement made with Mr. Speed at the time the University acquired said property by condemnation in order to enable development of adjacent properties owned by Mr. Speed and others.

On motion by Mr. Bell, seconded by Dr. Nicholas, and passed, the Acting Vice President of Business Affairs and Treasurer was authorized to execute the easement as recommended in FCR 2. (See FCR 2 at the end of the Minutes.)

U. Meeting Adjourned

Mr. Clay announced that the March meeting of the Board would be held on Tuesday, March 10, rather than on Tuesday, March 17. There being no further business to come before the meeting, on motion duly made, seconded, and carried, the meeting adjourned at 2:35 p. m.

Respectfully submitted,

Lucile T. Blazer
Secretary, Board of Trustees

(PR's 2, 4, 5, 6, 7, 8, 9, 10, 11, and 12 and FCR's 1 and 2 which follow are official parts of the Minutes of the January 20, 1970 meeting of the Board of Trustees.)

PRI

PRESIDENT'S REPORT TO THE TRUSTEES

January 20, 1970

1. BURCH REPORTS PARKING SITUATION GETTING BETTER

The parking situation is much improved on campus. Joe Burch, director of Safety and Security, reported that parking space has increased 50 per cent since Fall. By Spring, when the 650-area lot is completed near the Sports Center, about 8,000 spaces will be available. At the moment, around 7,500 spaces are available, accommodating all faculty and staff and most student demands. The latter demands can be met now, Mr. Burch said, if outlying spaces are utilized, such as the Cooper Drive lot which is served by the campus bus service. The two new parking structures are being used by increasing numbers of drivers, and the 300-unit lot on Euclid Avenue between Lexington and Harrison is helping meet new requirements following the opening of the office tower. The most serious area remains the Hospital environs and the lot on Scott Street remains inadequate, but expanded facilities in the area are being considered.

2. REGISTRATION, THOUGH INCOMPLETE, AHEAD OF YEAR AGO

Total enrollment at the University for the spring semester now stands at 24,545, according to Dean of Admissions Elbert W. Ockerman. The figure a year ago was 24,324 (complete). Represented are only those students who completed registration prior to Friday (January 16). Late registration continues through today (January 20). A breakdown of enrollment figures shows 14,631 (14,197 a year ago) on the Lexington campus, including the Lexington Technical Institute, 8,221 in 13 (Ft. Knox has no figures available) community colleges, 893 in the evening class program, and 800 in extension classes. On the Lexington campus are 3,061 freshmen, 2,683 sophomores, 2,998 juniors, 3,067 seniors, 1,848 graduate students, and 36 auditors. Enrollment by college: 4,596, Arts and Sciences; 504, Agriculture; 1,400, Business and Economics; 2,408, Education; 1,106, Engineering; 1,848, Graduate School; 386, Law; 174, Pharmacy; 282, Architecture; 240, Allied Health; 307, Home Economics; 272, Nursing, and 173, Lexington Technical Institute (students who are taking academic courses). The community colleges: Ashland, 843; Elizabethtown, 531; Hazard, 204; Henderson, 543; Hopkinsville, 374; Jefferson, 1,850; Madisonville, 213; Maysville, 303; Northern at Covington, 1,168; Paducah, 952; Prestonsburg, 340; Somerset, 554, and Southeast at Cumberland, 346. Some 426 late registrants were not included in the breakdown by college. A total breakdown by college of these students will be made at the end of late registration.

3. DEXTER CITES SUCCESS OF HS JUNIORS PROGRAM

Since 1963, 158 high schoolers have participated in the high school juniors program, earning average summer grades of 2.8, just short of a B standing. The participants, mainly from the large urban areas of the state, northern Kentucky and the Louisville area, have had a high school academic average of 3.5, or B plus. The most recent participants--the 31 last summer--earned the highest overall grade point average so far--a 2.96. "And for the first time in the six year history of the program, two students obtained special permission to enter UK as full time students this fall without completing their high school education," George Dexter, assistant registrar and director of the program, said. Dexter said the two students "had found college life so stimulating that the return to high school might have interfered with the learning process. Another factor was that the break from home--once made--was hard to re-construct." The program currently is taking applications for the summer enrollment. The students, who can earn up to six hours of freshman college credit--between their junior and senior year in high school--may apply if their high school grades through the first term of their junior year is a B or better. The only other prerequisite is that applicants take the American College Test (ACT).

Students live in University housing facilities and take part in campus activities on the same basis as regular full time students with high school diplomas. Of the 158 students, 80 per cent have returned to continue their college careers, although this is not a requirement for participation. Twelve students have graduated from UK and 52 still are pursuing degrees. While advantages of participation are stressed, Mr. Dexter said among the problems is that fellow high school students do not know how to react to them when they return to their home towns--"they expect to see great personality changes." Parental problems also emerge for the student who has broken the tie to home by spending the summer at UK, and the rigidity of structured high school classes often presents difficulties for a student who has learned to set his own pace. Some scholarships will be available, Dexter said, for students indicating an interest in pursuing biological sciences. They will work in a lab and earn a salary in addition to being exempt from enrollment fees.

4. ALUMNI PROVIDE \$3,000 FOR BAND SCHOLARSHIPS

The Alumni Association will award \$3,000 annually to the UK Marching Band for six \$500 scholarships "in recognition of the growth of the band both in quality and quantity in its performances during the last two years," according to E. J. Brumfield, director of Alumni Affairs. "We are extremely pleased that the Alumni Association sees fit to recognize our program. The grant will help us greatly in recruiting outstanding band members," William Harry Clarke, director of the band, said. "This award also will help maintain the momentum the band has gained during the last two years and also will help us develop the band into one of the finest in the nation," he added.

5. LTI OFFERS ASSOCIATE DEGREE IN TRANSPORTATION

College courses in transportation, leading to the associate degree, are being offered for the first time at the Lexington Technical Institute this semester. M. L. Archer, acting director of LTI, said a minimum of 64 college credit hours are required for the two-year associate degree. LTI is a part of the Community College System. Interest in establishing the associate degree in transportation was created by management personnel in that industry, including Tom Drury, assistant sales manager of Ecklar-Moore Express Co., Ray Moore, traffic manager for IBM's Lexington facility and James Swain, sales manager, McLean Trucking Co. All are members of Delta Nu Alpha, a fraternity of selected membership from people working in the transportation industry. Transportation Principles I for inexperienced personnel will be taught by Ronald E. La Fleche, sales manager with the Chesapeake and Ohio Railroad. Transportation Management, an updated course for experienced personnel, will be taught by Tom Price, traffic manager, Cowden Manufacturing Co. Other required courses in the curriculum include composition, communications, mathematics, accounting, data processing, and management.

6. COL. EWELL ESTABLISHES SCHOLARSHIPS FOR LAUREL COUNTIANS

Col. George W. Ewell, a native of London, has contributed shares of stock valued in excess of \$13,000 to the University Alumni Association to establish an endowment to fund scholarships for deserving Laurel county students attending the Lexington campus or one of the community colleges. A 1902 UK graduate, Col. Ewell is retired from the U.S. Army. His wife was the former Miss Jamie Offutt, UK '01, who died last year. The couple had three sons. Records in the UK Office of Alumni Affairs indicate that Col. Ewell first contributed to UK in 1914, according to Ordie Davis, assistant director of alumni affairs. He was recognized for 40 years of active and continuous support of the Alumni Association at a luncheon in his honor by the Washington, D.C., chapter of the association in March of 1967. Col. Ewell was chapter president during the 1940's. Scholarship recipients must maintain at least a 2.5 academic standing on a scale of 4.0. The student grants will be administered by the Office of Student Financial Aid.

7. LOUISVILLE STUDENT ON MANUFACTURERS CONVENTION PANEL

A University senior from Louisville, Leigh Fleming, was one of four students in the nation selected to participate in a panel discussion on youth revolution for a New York convention audience. The four students highlighted a session of the annual convention of the National Association of Manufacturers held December 3-5 in New York City. A political science major, Miss Fleming was a student member of the board of directors for the conference. The audience participation panel, composed of four executives in the manufacturers association in addition to the four student panel members, discussed the youth revolution on college campuses.

8. FIVE STUDENTS AMONG 20 IN LEGISLATIVE INTERNSHIPS

Five University students are among 20 from Kentucky institutions of higher education who began an intensive program on December 29 as assistants or interns to Kentucky's General Assembly leaders. "That day marked the beginning of the Spring semester for the UK students who will receive academic credit for the work they will do in Frankfort and for several political science courses they will take during the semester," according to Dr. Malcolm E. Jewell, chairman of the Department of Political Science. Dr. Jewell is a member of the academic steering committee which organized and supervises the academic program. He also will work closely with the students and conduct classes for them.

The five UK students are Robert J. Brown, Monticello; Mrs. Leneen Bean Goldie, Elizabethtown; Edward Davis Hays, Lebanon; John S. Reed, Frankfort, and Clarence Allen Woodall, Princeton. They will work with both Democratic and Republican leaders, each assigned to members of his own political affiliation, Dr. Jewell explained. While the legislature is meeting from January 5 to March 20, they will take a course in "Legislative Process," presented at Frankfort by Dr. Jewell. Legislators, newsmen and other persons involved in the meeting of the legislature will be guest speakers during the course. After the legislature adjourns the students will enroll in two courses, "Kentucky Government and Constitution," and "Problems of State Government and Administration," which will be given in an intensive form for the remaining six weeks of the semester while the students continue their internships. The students will have an opportunity to hear administrators in state government, Dr. Jewell said.

9. SPEAKER'S BUREAU OFFERS VARIETY OF SUBJECT MATTER

Little response has been received to date, but more acceptance is expected by the University chapter of Phi Beta Kappa speaker's bureau, which features 13 members who are specialists in 10 areas of professional study. The A. B. Chandler Medical Center also provides 10 men and women to speak on general topics concerning medicine, for the recently-organized Speaker's Bureau. The services are directed primarily toward educational institutions of the Commonwealth. However, requests from other organizations will be considered, a bureau spokesman said. Audiences may be convocations and assemblies in high schools or in colleges, or special groups within such institutions. Subject matter includes law, chemical engineering, English, anthropology, mathematics, psychology, philosophy, history, and diagnostic radiology. Medical Center speakers include those with special knowledge in the Colleges of Pharmacy, Nursing, Dentistry, Medicine, Allied Health Professions, the University Hospital, and the University Health Service. Arrangements for speakers can be made by calling UK, extension 2412.

10. DR. STORROW ARGUES FOR SHORTER LECTURES, MORE DEMONSTRATIONS

Medical students tend to learn more when a large amount of classroom time can be devoted to demonstrations, such as interviews with patients, than when each class session is limited to the recitation of facts, says Dr. Hugh A. Storrow, professor of psychiatry, in his book "Outline of Clinical Psychiatry," recently published by Appleton-Crofts, New York. "Even the best of students find their attention wandering when they are confronted with two solid hours of lecture," Dr. Storrow says.

He says students learn more from any education experience when they can give it their full attention without being pre-occupied by the need to transfer to their notebooks the answers to possible test questions, and he also thinks that when students have an opportunity to review basic information concerning a topic prior to a class session, it becomes easy for the instructor to engage them in stimulating discussions that clarify and deepen their knowledge and interest.

11. CENTREX PHONE SYSTEM BOOSTS SERVICE

The new Centrex telephone system will begin operation on the campus in August. The University is one of the few universities in the country to employ the type-311 Centrex. Under the present system, all calls for the University and the Medical Center come into switchboards in the Funkhouser Building. With Centrex, the Medical Center will have its own equipment and operators who will page hospital personnel. A main feature of the new concept in communication will be direct inward dialing to an office or individual from outside the University. All extension numbers will change from four to five digits and will have a two-digit prefix so that the calling party will be able to dial their party direct. Campus numbers will remain in operation through the new switchboard equipment. A unique feature will facilitate a transferred call to another office or individual on campus without having the operator handle the procedure. The new system also will accommodate consultation and conference calls without going through the operators. Through Centrex, service to faculty, staff and students will be increased. Presently, as many as 25 students may be on one line, but Centrex will allow private lines in student rooms. The new equipment will be housed in the basement of the parking complex on Rose Street.

12. LIVESTOCK JUDGING TEAM WINS NATIONAL CONTEST

The University livestock judging team won the annual inter-collegiate livestock judging contest at the 70th International Livestock Exposition in Chicago in December. Members of the UK team scored 404,599 points to beat out their nearest competitor, the University of Missouri, with a close 404,593 average. It was the first national championship for the UK team in livestock judging. The team returned ten trophies from Chicago, plus 18 awards from their five-state tour that took them to the Mid-South Fair at Memphis; the Southeastern Fair at Atlanta; the American Oil contest at Kansas City; the Eastern National at Timonium, Maryland, and the national championship. Team members participating in the tour were Buck Chastine, Orleans, Indiana, who plans to work in meat production management after graduation; Tim Dievert, Danville, who plans to enter the family business in purebred angus sales; Paul Kunkel, Independence, considering graduate study in beef production; Randy Newton, who plans a career in the Federal Extension Service, or with his father on the family farm at Hopkinsville. Kenwood Soper, of Paris, has chosen agricultural sales as his livelihood. John Wilson, Crab Orchard, plans to join many other June graduates in the Federal Extension Service. Bill Le Grand, Warsaw, a junior, plans to join his family in promoting the sheep industry in the state. The championship team was coached by Bill Able, faculty member at the ag college. On hand to congratulate the team, after their return from Chicago, was Dr. C. E. Barnhart, dean of the University College of Agriculture.

13. MEMORIAL FUND HONORS DR. GRIFFITH

Memorial awards honoring the late Dr. Richard M. Griffith, former chief of research psychology at the Lexington VA Hospital and an associate member of the University faculty, have been announced by the Southern Society for Philosophy and Psychology. The Richard M. Griffith Memorial Junior Awards in the amount of \$100 each will be presented for the first time at the 1970 SSPP meeting for the best papers read by a psychologist and a philosopher. Recipients of the awards must be Ph.D candidates or have received doctoral degrees within the past five years. Contributions to the fund will support the SSPP awards as well as awards to be made later to graduate students.

14. GENERATION GAP TO BE DISCUSSED BY SOCIOLOGISTS

"The Generation Gap--Bridge It Or Broaden It?" will be the theme of the 18th annual meeting of the Southeastern Council on Family Relations which will be hosted for the first time by the University February 15-17. Several panels will be held on family life and sex education, according to Dr. James W. Gladden, professor of sociology and chairman of the meeting's program committee. All sessions are open to the public. Dr. Gladden points out that sociologists, home economists, educators, and ministers from 11 states including Kentucky, will attend the meeting.

15. MOON ROCK SCIENTISTS REPORT TO NASA

Two University chemists who have been testing lunar samples collected by the crew of Apollo 11 say the samples contain lower amounts of oxygen than most of the earth's igneous rocks (those formed by heat action). Dr. William D. Ehmann, professor of chemistry, and Dr. John Morgan, research associate, who have conducted tests on the lunar rocks and soil, reported at a NASA meeting in Houston January 6 that oxygen, silicon and aluminum make up more than 60 per cent by weight of the lunar material. "The abundance of these major elements may be determined precisely by means of 14 million electron volt neutron activation analysis," Dr. Ehmann said. Silicon and oxygen abundances are similar for all the various rock types and soil collected, but aluminum abundances vary considerably, he reported. He said moon soil has the highest abundance of aluminum (about 7.2 per cent) of all the materials collected by the Apollo 11 crewmen. Earth's igneous rocks normally contain 40 to 50 per cent oxygen while most of the lunar material analyzed contained only 38 to 40 per cent oxygen, according to Dr. Ehmann.

The two chemists analyzed 27 different lunar rocks totaling more than 30 grams in weight, plus five grams of lunar soil. Various tests have been done on the moon rocks and soil at UK since September, when Dr. Morgan picked up the samples at the NASA receiving laboratory in Houston. Dr. Morgan is a native of Australia and formerly was a member of the Australian Atomic Energy Commission. He came to the U. S. two years ago. Two UK engineers, Dr. Richard Birkebak and Dr. Clifford Cremers, both of the Department of Mechanical Engineering, also have completed tests on moon samples, and presented a paper on their work during the NASA meeting. The engineering team has been studying the ability of the moon rocks and soil to reflect light and to radiate heat. They were assisted by J. P. Dawson, Scientific Specialties Corp., Houston.

16. PRINTED TOUR GUIDES HELP CAMPUS VISITORS

A printed guide is now available from the Public Relations Department for visitors to the campus. The leaflet highlights 17 different points of interest on the central campus in "tour A," and four points in "tour B," which includes the Medical Center, Agricultural Science Center, and the Kirwan-Blanding residential complex. Copies can be requested from the University Publications Bureau, Room 101, Old Agriculture Building. Group tours may be arranged by contacting Miss Chloe Gifford, Room 3, Administration Annex. Telephone Extension 2412.

17. UK EXTENSION SERVICE TOLD TO HELP THE POOR

The Extension Service will accelerate efforts on behalf of the poor, including the poor in urban areas, the part-time farmer, and underprivileged children, become "ambassadors and interpreters of the University's needs and policies," and involve the University in community social action roles, according to Dr. Charles E. Barnhart, director of the extension service, who said that "for too long we have drifted as an organization adapted to working with various specific groups; now we must make every effort to be of assistance to a broad group of people from the very poorest to the biggest commercial farmer." He told the recent Extension Conference delegates in Lexington that we must reach the thousands who need the technical and educational assistance you people (extension service workers) are capable of providing."

Dr. Lewis W. Cochran, vice president for research, told the group that they must become more involved in community activities. He said continuing education is one of the University's biggest functions and added that other colleges such as business, engineering and medicine are beginning to put workers into the field. President Otis A. Singletary, in a talk to the workers, urged that they inform themselves of the issues affecting the school and try to explain them to the people. He said many issues arise simply because people fail to really understand the functions of a university.

Dr. Barnhart said more than 6,000 families already have been helped through the University's home economics food and nutrition program. Under the system, home demonstration aides are hired to work directly in 44 Kentucky counties with the poor, assisting in the preparation of foods, meal-planning and other jobs. Additional federal funds will permit expansion of that program this year, he said. Dr. John L. Ragland, associate director of the extension service, told the meeting that their county programs should reflect the people they serve. "If all the people in your county are in a rural setting, your programs should reflect that. If the county is half-rural and half-urban, your programs should reflect that," he said. He said that if the poor farmer or the part-time farmer won't come to the agents for help, "you must go to them." Dr. Ragland said the agents should set a goal to work with 100 new people within the next six months or a year.

18. BLOOD DONOR GROUP BEING ORGANIZED

An Advance Deposit Blood Donor Group is being formed by faculty and staff, reports D. L. Sproull, director of personnel. In a cooperative arrangement with the Central Kentucky Blood Bank, members may donate a unit of blood once every four years, entitling them to necessary replacement blood for themselves, or their designated beneficiaries. The membership drive began in October with a general meeting. Other meetings will be announced at later dates to further inform faculty and staff about the program.

19. UKRF RECEIPTS NOW NEAR \$8 MILLION

During the period November 1 through December 31, a total of 34 agreement awards were received by the University of Kentucky Research Foundation, amounting to \$686,169.64. Three grants received additional funds amounting to \$12,080, one grant was decreased by \$280. Six other awards were received, amounting to \$8,530. Since July 1, the amount received by UKRF is \$7,767,791.87.

COLLEGE OF AGRICULTURE

Department of Agronomy--G. W. Thomas, The Relation Between Soil Characteristics, Water Movement and Nitrate Contamination of Ground Water, Office of Water Resources Research, U.S. Department of the Interior, \$4,225.

Department of Animal Sciences--N. W. Bradley, Beef Cattle Research, Fischer Packing Company, \$15,000. D. Olds, Animal Reproductive Physiology, American Breeders Service, Inc., \$800. N. W. Bradley, Beef Cattle Research, Eli Lilly and Company, \$3,500. N. W. Bradley and W. P. Garrigus, Preconditioning Feedlot Cattle With Antibiotic-Sulfa Combination, Diamond Shamrock Chemical Company, \$2,500.

COLLEGE OF ARTS AND SCIENCES

Department of History--J. F. Hopkins, The Papers of Henry Clay, General Services Administration, \$7,790.

Department of Anthropology--H. Dobyns, American Society for Ethnohistory, ASE, \$225.

COLLEGE OF EDUCATION

Department of Curriculum and Instruction--H. Barnard, Reading Program at Kentucky State, Kentucky State College, \$13,577.

Program on Educational Change--R. I. Miller, Staff Support For President's National Advisory Council on Plans and Supplementary Centers - Title III ESEA, U.S. Office of Education, \$24,648.

Department of Special Education--E. Blackhurst, Regional Special Education Instructional Materials Center, U.S. Office of Education, \$256,360.

Administration and Supervision--J. B. Kincheloe and J. R. Ogletree, Consultation Services, Clay county and Letcher county, \$2,000.

COLLEGE OF ENGINEERING

Department of Chemical Engineering--R. B. Grieves, Continuous Foam Separation to Treat Water for Military Bases, U.S. Army Research and Development Command, \$32,027.

Department of Civil Engineering--E. G. Foree, Algal Growth and Decomposition: Effects on Water Quality, Phase 2, Office of Water Resources Research, U.S. Department of the Interior, \$3,620. J. Hutchinson, Highway Safety Research, Highway Safety Materials, Inc., \$21,500.

Department of Electrical Engineering--S. A. Nasar, Electromagnetic Fields in Nonlinear Media With Special Reference to Inductance Variations in Energy Converters, Ford Motor Company, \$20,000.

Department of Mechanical Engineering--R. Eichhorn, Three Dimensional Turbulent Boundary Layers with Mass, National Science Foundation, \$40,600.

COMPUTING CENTER

M. Solomon, Data Processing Services - Isolation of Drug Sensitive Questions, Drug Effects, Etc., National Institute of Mental Health, \$435.20. M. Solomon, Automatic Data Processing Services and IBM Machine Usage, NIMH, Clinical Research Center, \$1,418.48.

CENTER FOR DEVELOPMENTAL CHANGE

W. Leach, Peace Corps Ceylon Training Program, Peace Corps, \$6,761 (additional funds - total amount of grant now \$51,734).

SCHOOL OF HOME ECONOMICS

J. M. Concon, Investigations of Methods for the Rapid Determination of Critical Amino Acids in Cereal Grains, U.S. Department of Agriculture, Agricultural Research Service, \$11,095.

PHOTOGRAPHIC SERVICES

H. Melton and J. Mitchell, Micro Studies of Wire Forming Processes, Universal Wire Spring Corporation, \$1,000.

COLLEGE OF DENTISTRY

Department of Community Medicine--W. O. Young, Incremental Oral Health Services Provided by Dental Students, Public Health Service, \$37,784.

COLLEGE OF MEDICINE

Office of the Dean--W. S. Jordan, University of Kentucky College of Medicine Alumni Association Fund, College of Medicine Alumni Association, \$436.96. W. S. Jordan, College of Medicine Alumni Association Fund, College of Medicine Alumni Association, \$70 (additional funds - total amount now \$506.96).

Department of Anatomy--M. N. Winer, Hypothalamic Influence of Gonadotrophin Release, National Institutes of Health, \$280 decrease (amount of grant now \$21,920).

Department of Anesthesiology--P. P. Bosomworth, Shriners Hospital for Crippled Children Account for Residents in Anesthesiology, Shriners Hospital for Crippled Children, \$6,400.

Department of Biochemistry--R. Lester, The Composition of the Lipid of Respiratory Particles, National Institutes of Health, \$45,309.

Department of Community Medicine--A. S. Benenson, World Health Organization Fellowship Account - Claude M. Defay, World Health Organization, \$1,000. A. Benenson, Smallpox Diagnosis, Prevention and Pathogenesis, National Institutes of Health, \$5,249 (additional funds - total amount of grant now \$31,491). E. Chick, Experimental Studies of Histoplasmosis, Public Health Service, \$53,779.

Department of Medicine--J. Yarbro, Drug and X-Ray Effects on DNA-RNA Protein Metabolism, NIH, \$29,408. R. Shabetai, Effect of Non-Homogeneous Distribution of Extracellular Potassium on Ventricular Excitability and Vulnerability, Kentucky Heart Association, \$5,000.

Department of Pathology--J. Koepke, Funds for Kentucky Blood Center Medical Director, Central Kentucky Blood Center, \$15,862.

Department of Pediatrics--W. Wheeler, The Enrichment of Residents in the Department of Pediatrics, Fayette County Children's Bureau, \$1,800.

Department of Physiology--N. Winer and F. Zechman, Predoctoral Fellowship - Nancy B. Munro, National Institutes of Health, \$5,300.

Department of Surgery--B. F. Rush, Clinical Drug Evaluation Program, State of Wisconsin, \$3,600.

COLLEGE OF NURSING

Office of the Dean--M. Dake, Graduate Education - College of Nursing, W. K. Kellogg Foundation, \$13,170.

COLLEGE OF PHARMACY

Department of Pharmacy and Materia Medica--G. R. Wilkinson, Merck Grant for Faculty Development, The Merck Company Foundation, \$5,000.

OTHER

UK Library Associates	\$ 20.00
The William Maxwell Reed Professorship of Mechanical Engineering Memorial Fund	2,000.00
Dawson Bridge Company Scholarship	1,400.00
The Gladys Robertson Memorial Fund	5.00

UK Library Associates	105.00

20. SIGNIFICANT ACTIVITIES OF FACULTY AND STAFF

A professor of history, Dr. Robert D. Warth, is the author of "Joseph Stalin," published by Twayne Publishers, New York, in its Rulers and Statesmen of the World series. The book contains a ~~chronology~~ chronology of Stalin's personal and political life and a bibliography used by Dr. Warth in preparing the book which contains several previously untapped sources.

"Roman Medicine" by Dr. John Scarborough, assistant professor of history, was published in December by the Cornell University Press, Ithaca, New York. Dr. Scarborough has been doing research on the book since 1963. The author will present a speech on "Sources and Interpretation in Roman Medicine," at the annual meeting of the American Historical Association December 27-30 in Washington, D. C. The UK historian has been awarded a summer grant by the Carnegie Foundation to attend an eight-week "Seminar in Early Greek Philosophy and Science," at Colorado College, Colorado Springs, during June and July.

Dr. Lawrence S. Thompson, professor of classics, has produced an extensive bibliography for the microcard collection "The Plains and The Rockies," published by The Lost Cause Press of Louisville.

Two faculty members of the College of Pharmacy have been elected to office in the American Academy of Pharmaceutical Sciences. Dr. Harry B. Kostenbauder, assistant dean for research, heads the group's new slate of officers as president-elect. Dr. James T. Doluisio, chairman of the college's Department of Pharmacy, has been elected secretary of the Basic Pharmaceutics Section of the Academy.

Dr. Thomas M. Olszewsky, associate professor of philosophy, is the author-editor of a new book, "Problems in the Philosophy of Language," published by Holt, Rinehart and Winston.

Dr. Lewis A. M. Sumberg, chairman of the Department of French Language and Literature, addressed the American Section of the Societe Rencesvals, an international association of scholars of the Old French Epic, at the annual meeting of the Modern Language Association in Denver, December 27-30.

A guest editorial by Dean William S. Jordan Jr. of the College of Medicine, and a story outlining the history and work of the University College of Medicine, are featured in the December 1969 issue of the International Medical Digest. The articles dealing with UK are part of a series on American medical schools being carried by the monthly publication. A photograph of the Albert B. Chandler Medical Center is featured on the cover of the issue.

Dr. Mark M. Luckens of the College of Pharmacy has been named to the editorial board of the new international journal, Clinical Toxicology. He also is serving as book review editor of the publication.

Dr. James T. Doluisio, chairman of the Department of Pharmacy, is co-author of a research report on the mechanism of the degradation of penicillin. The study appears in the December issue of the Journal of Pharmaceutical Sciences.

Dr. Ernst Jokl, professor of physical education, represented the UNESCO International Council of Sport and Physical Education at the International Congress of Sports and Medicine in Buenos Aires, Argentina, held December 2-4.

Dr. Joseph Gruber, professor of physical education, was named vice-president-elect of the Kentucky Association for Health, Physical Education, and Recreation at its annual fall conference at Owensboro December 4-6.

Dr. Jack Mulligan, director of the University Health Service, was installed as president of the Mid-American College Health Association at the group's fourth annual meeting in December. The two-day meeting, which was held in Lexington with the UK Health Service as host, featured workshops and lectures led by faculty from the Medical Center and members of the Health Service staff.

Dr. Dean Jaros, assistant professor of political science, has been elected to the executive committee of the Cumberland Chapter of the Sierra Club.

"Bats of America," by Drs. Roger W. Barbour and Wayne H. Davis of the zoology department, will be published on January 24 by the University Press of Kentucky. The book provides complete descriptive information on the 40 species of bats native to all 50 states. In addition to 41 full color photographs, it has more than 125 black and white photographs, with a range map for each species.

Office of the President
January 20, 1970

PR 2

Members, Board of Trustees:

RECOMMENDATIONS OF THE PRESIDENT

I. Graduate Faculty Appointments

Recommendation: that approval be given to the following persons for membership in the Graduate Faculty.

Background: The persons whose names appear below have been appointed by the Board of Trustees and are now eligible for membership in the Graduate Faculty.

Robert S. Benton - Professor of Anatomy
Harris Isbell - Professor of Pharmacology
and Medicine

II. Ballots Ordered Destroyed

Recommendation: that authorization be given to the President to destroy the ballots cast in the elections for alumni members of the Board of Trustees for the year 1969.

Background: The ballots cast in 1969 by the alumni of the University of Kentucky in the election for an alumnus member of the Board of Trustees, having been duly counted and certified by the proper officials, are currently on file in the President's Office. Following the election the report on the election was accepted by the Board of Trustees and certification of the top three nominees made to the Governor. The report is a part of the Minutes of the Board of Trustees and the results of the election are a matter of record. It is, therefore, requested that authorization be given to destroy the ballots cast in 1969.

III. Quarterly Report on Gifts and/or Grants (See Attachment)

Recommendation: that the report on gifts and/or grants covering the period from October 1, 1969 through December 31, 1969, be accepted and made a matter of record.

Background: The attached report represents the gifts and/or grants accepted by the President on behalf of the Board of Trustees for the period October 1 through December 31, 1969 in accordance with the policy adopted by the Board of Trustees on November 19, 1965. Acknowledgment of the gifts and/or grants has been made to all donors by the President on behalf of the Board.

IV. Appointments and/or Other Staff Changes

Recommendation: that approval be given to the appointments and/or other changes which require Board action and that the report relative to appointments and/or changes already approved by the administration be accepted.

Background: Approval of the Board of Trustees is required for all appointments to the positions with the rank of Associate Professor and above, for promotions, for the granting of tenure, and for salary changes above \$12,000 for non-academic personnel and \$15,000 for academic personnel. All other appointments and/or changes may be made by the President and reported to the Board.

BOARD ACTION

New Appointments

Jack J. Monroe, Professor (Adjunct Series), Department of Psychology,
College of Arts and Sciences
Charles N. Carnes, Visiting Professor, College of Law, retroactive to
January 1, 1970

Chairmanships

Harold F. Parks, Chairman, Department of Anatomy, reappointed Chairman
of the Department of Anatomy, College of Medicine, for an additional six
year term, effective July 1, 1970
Warren E. Wheeler, Professor and Chairman, Department of Pediatrics,
reappointed Chairman of the Department of Pediatrics, retroactive to
July 1, 1969
David Denton, Associate Professor, Department of Social and Philosophical
Studies, named Acting Chairman of the Department of Social and
Philosophical Studies, College of Education, retroactive to January 1, 1970

Administrative Appointments

R. M. Doughty, Assistant Professor, Department of Materia Medica, named
Assistant to the Dean for Student and Alumni Affairs, retroactive to
January 1, 1970
E. Scott Donovan, named Assistant Director for Continuing Education,
College of Medicine, retroactive to December 1, 1969
T. P. Head, named Assistant to the Dean, College of Agriculture, retroactive
to January 1, 1970

Change in Status

Edwin Clay Brand, Assistant Director of School Relations, Department of Admissions and Registrar, named Director of Admissions, Post Admissions Services, retroactive to January 1, 1970

Joint Appointments

Eugene B. Bradley, Associate Professor, with tenure, Department of Electrical Engineering, College of Engineering, and Department of Physics, College of Arts and Sciences, retroactive to January 1, 1970
Earl L. Steele, Professor, with tenure, Department of Electrical Engineering, College of Engineering, and Department of Physics, College of Arts and Sciences, retroactive to January 1, 1970

Appointments with Waiver of Nepotism Rule

Fuheid Daoud, Assistant Professor, Department of Medicine, College of Medicine, for the period July 1, 1970 through June 30, 1971; husband of Ingrid Daoud, Instructor, Department of Pediatrics
Margaret Small, Administrative Secretary, Council on Aging, retroactive to December 1, 1969; wife of Colonel Eugene Small, Chairman, Department of Military Science
Leila Fraser, Lecturer, Department of Political Science, College of Arts and Sciences, for the period January 1, 1970 through May 30, 1970; wife of John G. Fraser, Assistant Professor, Department of Political Science

Leaves of Absence

Carl Cone, Professor, Department of History, sabbatical leave for the period January 1, 1971 through June 30, 1971
W. G. Duncan, Professor, Department of Agronomy, placed on special assignment for the period January 1, 1970 through June 30, 1970
Robert Evans, Professor, Department of English, sabbatical leave at half pay for the academic year 1970-71
Ira Massie, Extension Specialist, Department of Agronomy, placed on special assignment for the period March 2, 1970 through April 10, 1970
Robert Sedler, Professor, College of Law, leave without pay for the period January 1, 1970 through June 30, 1970
Daniel W. Wingard, Associate Professor, Department of Anesthesiology, sabbatical leave for the period August 1, 1970 through July 31, 1971
W. C. Templeton, Professor, Department of Agronomy, extension of leave without pay for the period February 1, 1970 through January 15, 1971

Retirement

Kenneth L. Kuhn, Office of Athletics Director, Athletics Association, after over 23 years of service, retroactive to January 1, 1970

(Mr. Kuhn's request for consideration of an early retirement is based on physical disability. Because of his long years of service to the University and his devotion to his job and his present health condition, it is recommended that he be allowed retirement status before the attainment of his 65th birthday and that his full pension of 43.5% of his present salary be granted.)

ADMINISTRATION ACTION

New Appointments

M. Lynn Spruill, Assistant Professor, Department of Business Administration, College of Business and Economics
Jerry Bain Johnson, Assistant Professor of Clinical Pharmacy, College of Pharmacy
Irma M. Bolte, Instructor and Director of Continuing Education, College of Nursing
Lloyd W. Murdock, Assistant Extension Professor and Extension Specialist in Soils (Special Title Series), Department of Agronomy, College of Agriculture
E. Anne Stiene, Assistant Professor of Medical Technology (Special Title Series), School of Allied Health Professions
Michael Doss Sprinkle, Librarian III, Medical Center Library
George W. Robinson, Assistant Professor, Department of Biochemistry, College of Medicine
Daniel H. Matulionis, Instructor, Department of Anatomy, College of Medicine and College of Dentistry
Roland W. Koch, Assistant Professor, Department of Electrical Engineering, College of Engineering
R. William DeVore, Instructor, Department of Mechanical Engineering, College of Engineering
Paul Moore, Instructor, Department of Music, College of Arts and Sciences
Mary E. Sternberg, Librarian IV, Paducah Community College
Melodie Kay Chenevert, Instructor, Lexington Technical Institute
Story Musgrave, Adjunct Instructor, Department of Physiology and Biophysics, College of Medicine (Voluntary Faculty)
William Maxson II, Clinical Instructor of Medicine, Department of Medicine, College of Medicine

Charles H. Griffith, Jr., Clinical Instructor, Department of Pediatrics,
College of Medicine
Robert Lee Miller, Visiting Instructor, Department of Business Administration,
College of Business and Economics
Mark B. Villarino, Lecturer, Department of Computer Science, College of
Arts and Sciences

Joint Reappointments

Donald McVarish, Assistant Professor, Department of Behavioral Science,
College of Medicine and College of Dentistry
Gerald I. Roth, Assistant Professor, Department of Oral Biology, College
of Dentistry, and Department of Physiology and Biophysics, College of
Medicine

Changes in Status

Anthony Cancellaro, Clinical Instructor (Voluntary Faculty), named Instructor
(Adjunct Series), Department of Psychiatry, College of Medicine
Harold T. Conrad, Assistant Clinical Professor (Voluntary Faculty), named
Assistant Professor (Adjunct Series), Department of Psychiatry, College
of Medicine

Terminal Reappointment

Loren F. Goyen, Assistant Extension Professor (Special Title Series),
4-H--Youth (Cooperative Extension Service), College of Agriculture,
December 1, 1969 through June 30, 1970

Resignations

Marigrace Cottrell, Instructor, Prestonsburg Community College
James Norwood Francis, Instructor, Elizabethtown Community College
William G. Gourley, Instructor, Paducah Community College
Neleta Jeffries, Instructor, Prestonsburg Community College
Ronald Charles Lipton, Instructor, Prestonsburg Community College
Richard I. Miller, Professor, Program on Educational Change, College of
Education
Doris J. O'Connor, Assistant in Teaching, Department of Instruction,
College of Nursing

Members, Board of Trustees:

ESTABLISHMENT OF DEPARTMENTS IN SCHOOL OF HOME ECONOMICS

Recommendation: that the following departments in the School of Home Economics be established to be effective upon the appointment of a chairman or acting chairman; Department of Textiles, Clothing and Merchandising; Department of Human Development and Family Relations; Department of Management and Family Economics; and Department of Housing and Interior Design.

Background: In action by the Board of Trustees on May 2, 1967, the School of Home Economics was established as a coordinate unit with the other Schools and Colleges in the Division of Colleges and approval was given for the School to be organized into appropriate departments.

Several studies have been made to review the Home Economics program. In 1963-64, four committees of faculty from the School of Home Economics, Home Economics Education, the Cooperative Extension Service, and the Medical Center, prepared an evaluation of the programs and facilities under the title of "Progress Study Reports in Home Economics in the University of Kentucky". In BEGINNING A SECOND CENTURY (June, 1964) the School was challenged to develop further research and graduate programs. In 1965, four nationally recognized consultants studied the programs and reported their findings to the President. In January, 1966, the faculty of the School set forth five-year program goals in teaching, research, and service and specified the needs in faculty and facilities.

On January 12, 1968, the Board of Trustees established the Department of Nutrition and Food Science and a Department Chairman was appointed later.

The position of Dean of Home Economics was filled November, 1969. The Dean requested a small group selected by the faculty from the Home and Family Section to work with her on analyzing the home economics units at comparable Land-Grant institutions and other large universities and to develop a recommendation to the faculty regarding the establishment of and names for appropriate departments. The recommendation was presented to the faculty of the School of Home Economics (resident, research and extension), Home Economics Education, and Home Economics state staff of the Cooperative Extension Service on December 11, 1969. Those in attendance approved the recommendation by unanimous vote.

Members, Board of Trustees:

AUTHORIZATION TO DIVIDE DEPARTMENT OF GERMANIC
AND CLASSICAL LANGUAGES AND LITERATURES

Recommendation: That the Department of Germanic and Classical Languages and Literatures be divided into two departments named the Department of Germanic Languages and Literatures and the Department of Classical Languages and Literatures.

Background: Prior to 1965, language study at the University of Kentucky was provided through a Department of Modern Foreign Languages and a Department of Classics. In 1965 these programs were reorganized into the present departments of French Language and Literature, Germanic and Classical Languages and Literatures, Slavic and Oriental Languages and Literatures, and Spanish and Italian Languages and Literatures. The combination of Germanic and Classical Languages has never been entirely satisfactory, and a recent committee, chaired by Professor Carl Cone, has strongly recommended the restoration of departmental identity in Classics through the reestablishment of a Department of Classical Languages and Literatures.

While the enrollment in Classics is not large, it has been increasing in recent years and the University continues to offer both the A. B. and M. A. degrees. Classics also plays a very important role as a supporting discipline to advance study in other areas of the humanities. The present staff is considered adequate for the programs offered and this administrative reorganization will require no additional resources.

Members, Board of Trustees:

DOCTOR OF PHILOSOPHY IN CHEMICAL ENGINEERING

Recommendation: That approval be given to the program leading to the Ph. D. degree in Chemical Engineering.

Background: This program proposal, circulated to the University Faculty in April, 1969, was reviewed by an ad hoc committee appointed by the Graduate Dean, evaluated and approved by the Graduate Council, the Graduate Faculty, and by the University Senate acting through the Senate Council. The department has been offering the degree M. S. in Chemical Engineering for three years and this development is a natural consequence of the growth in student enrollment, staff, and resources.

In the investigations leading to the recommendation for approval of this new degree program, it was determined that there is a significant need for additional personnel with this advance training, that the present resources - faculty, laboratories, equipment and libraries - are adequate for the implementation of the program, and that no additional resources are presently required.

Members, Board of Trustees:

AUTHORIZATION TO REPLACE LL. B. DEGREES WITH J. D. DEGREES

Recommendation: that persons graduating from the College of Law prior to December 1965 be permitted, upon payment of a fee, to receive the J. D. degree to replace the LL. B. degree received at the time of their graduation.

Background: Prior to December 1965, all persons completing requirements for graduation from the College of Law were awarded the LL. B. degree. In 1965 the University Senate authorized the new degree of Juris Doctor to replace the LL. B. degree. No change in the degree program of the College of Law was involved in the redesignation of the degree and, therefore, those receiving degrees prior to the redesignation should be given the opportunity to replace the LL. B. degree with the J. D. degree if they wish to do so. The fee being charged will be used to defray the administrative costs of effecting such a change.

Members, Board of Trustees:

APPROVAL OF UNIVERSITY CALENDAR CHANGE

Recommendation: that the Board of Trustees approve a four-week summer term to begin May 18 and continue through June 12 during the summer of 1970.

Background: At its special called meeting of November 24, 1969 the University Senate approved and recommends to the Board of Trustees for approval a four-week summer term to begin on May 18 and run through June 12 during the summer of 1970. This will be an additional term immediately preceding the regular eight-week summer term which will register students on June 15, begin classes on June 16 and end on August 11.

At its regular meeting of March 8, 1967 the University Senate approved a three-year University Calendar which included the 1970 Summer Session and which provided for registration for that session to be held on June 9, 10, classes begin on June 11, and the session to end August 6. However, at its special called meeting of December 1, 1969 the Senate amended that Calendar to the June 15-August 11 span in order to accommodate the four-week summer term without an overlap.

1969-70 Budget Revisions

Recommendation: that the following revisions in the 1969-70 budget be authorized and approved.

	<u>Approved Budget</u>	<u>Revised Budget</u>	<u>Change</u>
A. <u>General Funds</u>			
1. Income estimates			
County Appropriations	\$ 707,700	\$ 776,100	\$ 68,400
Federal Appropriations			
Agricultural Cooperative Extension	3,119,492	3,843,508	<u>724,016</u>
			792,416
2. Expenditures			
Agricultural Cooperative Extension	6,287,400	6,462,805	175,405
Nutrition Program	278,400	895,411	<u>617,011</u>
			792,416
3. <u>Comments</u> - Additional federal and county funds have been received to support the proposed expenditure increases.			
B. <u>Restricted Funds</u>			
1. Income estimates	3,458,826	3,522,634	63,808
2. Expenditures			
Veterinary Science	77,058	112,066	35,008
Mechanical Engineering	8,200	33,000	24,800
Community College Scholarships	94,900	98,400	3,500

General Expenses	52,500	53,000	<u>500</u>
			63,808

3. The increase in General Expenses is to come from the Haggin Fund. Additional income has been received to support the other proposed expenditures.

C. Auxiliary Funds

1. Income estimates
Community College
Bookstores 748,618 755,098 6,480
2. Expenditures 748,618 755,098 6,480
3. Comments - The proposed additional expenditures will be funded from increased income.

Members, Board of Trustees:

CONFIRMATION OF INCREASE IN NON-RESIDENT FEES

Recommendation: that the Board of Trustees confirm the action of the Council on Public Higher Education taken on November 21, 1969 which set the non-resident fees at the University of Kentucky at \$1,030 per academic year and authorize the effective date of application of the new fees to coincide with the beginning of the Fall Term 1970.

Background: On November 21, 1969, the Council on Public Higher Education raised non-resident fees at the University of Kentucky to \$1,030 and at the regional institutions to \$800 per academic year beginning with the Fall Term 1970. This action brings the fees within several dollars of the median fees for non-resident students in the benchmark institutions. For land-grant benchmark institutions, the median fee for non-resident students is \$1,032.

APPROVAL OF DEGREE CANDIDATES

Recommendation: that the President be authorized to confer upon each individual whose name appears on the list presented herewith the degree to which he is entitled at the commencement exercises on May 11, 1970. These candidates completed the requirements for the degree in December 1969.

Background: Certification has been made by the Dean of Admissions and Registrar that the individuals whose names appear on the attached list have satisfactorily completed the requirements for the degree for which he has applied in December 1969. The University Senate at its meeting on January 12, 1970 gave approval to the list.

Finance Committee Report
January 20, 1970

FCR 1

Members, Board of Trustees:

INTERIM FINANCIAL REPORT

Recommendation: that the financial report for the five months ending November 30, 1969 be accepted.

Background: The November 30, 1969 report reflects income of \$48,781,367.85 for the period of the report; the income figure is 51.3% of the annual income estimate of \$94,936,838.65.

The expenditure and commitments represent a total of \$38,631,977.34 for this period of five months, or 40.6% of the expenditure authority of \$94,936,838.65 approved by the Board.

Action: Approved X Disapproved Other

Date: January 20 , 1970

UNIVERSITY OF KENTUCKY

LEXINGTON, KENTUCKY 40506

OFFICE OF VICE PRESIDENT
BUSINESS AFFAIRS AND TREASURER

December 18, 1969

Dr. Otis A. Singletary, President
University of Kentucky
Lexington, Kentucky

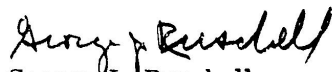

Dear Dr. Singletary:

Submitted herewith is the interim financial report of the University of Kentucky for the period July 1, 1969 through November 30, 1969. This report consists of a balance sheet for the twelve fund groups, a statement of changes in fund balances-current funds, and schedules of income and appropriations showing the financial transactions for the five months ended November 30, 1969.

Exhibit	A	Balance Sheet	1
Exhibit	B	Statement of Changes in Fund Balances-Current Funds	7
Schedule	1	Schedule of Current Funds Income and Appropriated Balances	8
Schedule	2	Schedule of Current Funds Expenditures	9
Schedule	3	Schedule of Unexpended Plant Funds	11
Schedule	4	Schedule of Retirement of Indebtedness Funds	14
Schedule	5	Schedule of Sinking Funds	15
Schedule	6	Summary of Other Funds Transactions	16
		1. Loan Funds	
		2. Endowment Funds	
		3. Agency Funds	

This report is intended to form a comprehensive and permanent record of the finances of the University for the period covered.

Respectfully submitted,

George J. Ruschell
Acting Vice President-
Business Affairs and Treasurer

University of Kentucky

Finance Committee Report
January 20, 1970

FCR 2

Members, Board of Trustees:

EASEMENT TO PERCY H. SPEED

Recommendation: that the Board of Trustees of the University of Kentucky authorize the Acting Vice President-Business Affairs and Treasurer to execute an easement to Percy H. Speed for the installation of a sanitary sewer line over property of the University situated on the west side of the Tates Creek Pike, south of Cottage Grove Lane.

Background: The University acquired the subject property by condemnation on September 29, 1966, from Percy H. Speed and others. As part of the consideration for the conveyance, the University agreed to convey to Mr. Speed, when requested, a sanitary sewer easement over the subject property to enable development of adjacent properties owned by Mr. Speed and others. It was agreed that the easement would be located so as not to interfere with the University's use of the subject property; that the location and width of any easements were subject to approval by the University; that the University would be compensated for any damage to its property caused by construction and maintenance of any sewer lines; and finally, that the University's property would be restored as nearly as possible to its original condition.

Action: Approved X Disapproved Other

Date: January 20 , 1970
