1883.

ANNUAL REGISTER

STATE COLLEGE

OF KENTUCKY

STATEMENT OF THE CONDITION WITH BALANCE SHEET AND ACCOUNTS OF THE COLLEGE FOR THE YEAR ENDING SEPTEMBER 30, 1900

SESSION BEGINS

WEDNESDAY, SEPTEMBER 27, 1900

FRANCIS O. WATSON, PRESIDENT
FRANCIS O. WATSON, PRESIDENT
FRANCIS O. WATSON, PRESIDENT

INTRODUCTORY.

Agricultural and Mechanical Colleges in the United States owe their origin to an act of Congress, entitled "An act donating public lands to the several States and Territories which may provide colleges for the benefit of agriculture and the mechanic arts," approved July 2, 1862. The amount of land donated was 30,000 acres for each Representative in the National Congress. Under this allotment Kentucky received 330,000 acres. Several years elapsed before the Commonwealth established an Agricultural and Mechanical College under the act. When established, it was not placed upon an independent basis, but was made one of the Colleges of Kentucky University, to which Institution the annual interest of the proceeds of the Congressional land grant were to be given for the purpose of carrying on its operations. The land scrip had meanwhile been sold for fifty cents per acre, and the amount received—\$165,000—invested in six per cent. Kentucky State bonds, of which the State became the custodian in trust for the College.

The connection with Kentucky University continued till 1878, when the act of 1865, making it one of the Colleges of said University, was repealed, and a Commission was appointed to recommend to the Legislature of 1879-'80 a plan of organization for an Institution including an Agricultural and Mechanical College such as the necessities of the Commonwealth require. The city of Lexington offered to the Commission (which was also authorized to recommend to the General Assembly the place, which, all things considered, offered the best and greatest inducements for the future and permanent location of the College) the City Park, containing fifty-two acres of land, within the limits of

the city, and thirty thousand dollars in city bonds for the erection of buildings. This offer the county of Fayette supplemented by twenty thousand dollars in county bonds, to be used either for the erection of buildings or for the purchase of land. The offers of the city of Lexington and of the county of Fayette were accepted by the General Assembly.

By the act of incorporation, and the amendments thereto, constituting the charter of the Agricultural and Mechanical College of Kentucky, liberal provision is made for educating, free of tuition, the energetic young men of the Commonwealth whose means are limited. The Normal Department, for which provision is also made, is intended to aid in building up the Common School system by furnishing properly qualified teachers. This College, with the associated departments which will, from time to time, be opened as the means placed at the disposal of the Trustees allow, will, it is hoped, in the no distant future, do a great work in advancing the educational interests of Kentucky. Being entirely undenominational in its character, it will appeal with confidence to people of all creeds and of no creed, and will endeavor, in strict conformity with the requirements of its organic law, to afford equal advantages to all, exclusive advantages to none. The liberality of the Commonwealth in supplementing the inadequate annual income arising from the proceeds of the land scrip invested in State bonds will, it is believed, enable the Trustees to begin and carry on, upon a scale commensurate with the wants of our people, the operations of the institution whose management and oversight have been committed to them by the General Assembly of Kentucky.

BOARD OF TRUSTEES OF THE AGRICULTURAL AND MECHANICAL COLLEGE OF KENTUCKY.

CHAIRMAN EX-OFFICIO,

HIS EXCELLENCY, GOVERNOR L. P. BLACKBURN.

SECRETARY,

JUDGE B. F. BUCKNER.

TRUSTEES WHOSE TERM OF OFFICE EXPIRES JANUARY 10, 1884.

- GEN. JAMES F. ROBINSON, JR. Lexington.
JUDGE JOHN G. SIMRALL Louisville.
GEN. DON CARLOS BUELL Muhlenburg county.
JUDGE B. F. BUCKNER. Lexington.

TRUSTEES WHOSE TERM OF OFFICE EXPIRES JANUARY 10, 1886.

- MAJ. ROBERT S. BULLOCK Lexington.
COL. L. J. BRADFORD Covington.
HON. A. R. BOONE. Mayfield.
HON. P. P. JOHNSTON Fayette county.

TRUSTEES WHOSE TERM OF OFFICE EXPIRES JANUARY 10, 1888.

- JUDGE WM. B. KINKEAD. Lexington.
EX-CHIEF JUSTICE B. J. PETERS Montgomery county.
JUDGE ALBERT G. RHEA. Logan county.
HON. W. H. WADSWORTH. Mason county.

EXECUTIVE COMMITTEE.

- JUDGE W. B. KINKEAD, Chairman.
JUDGE B. F. BUCKNER, Secretary.
MAJ. ROBERT S. BULLOCK, Treasurer.
HON. P. P. JOHNSTON.
GEN. JAMES F. ROBINSON.

FACULTY.

JAMES K. PATTERSON, Ph. D., F. S. A.
President, Professor of Metaphysics, Civil History.

ROBERT PETER, M. D.,
Professor of Chemistry and Experimental Physics.

JOHN SHACKLEFORD, A. M.,
Professor of the English Language and Literature.

JAMES G. WHITE,
Professor of Mathematics, Physics, and Astronomy.

A. R. CRANDALL,
Professor of Natural History and Director of the Mechanical Department.

C. R. TYLER, Second Lieutenant U. S. A.,
Professor of Civil, Mechanical, and Mining Engineering, Drawing, and Military Science.

F. M. HELVETI,
Professor of the French and German Languages and Literature.

JOHN H. NEVILLE, A. M.,
Professor of the Latin and Greek Languages and Literature.

MAURICE KIRBY, A. M.,
Professor of Moral and Political Philosophy, and Principal of the Normal Dep't.

ALBERT A. MENKE, Sc. D.,
Professor of Agricultural Chemistry, Horticulture, and Agriculture.

—————*,
Principal of the Commercial Department.

WALTER K. PATTERSON,
Principal of the Preparatory Department.

—————*,
Instructor in Practical Mechanics.

G. D. BUCKNER, M. D.,
Medical Examiner.

M. L. PENCE, B. S.
Assistant in Preparatory Department.

N. J. WELLER,
Instructor in Book-keeping.

B. P. EUBANK,
Tutor in Mathematics.

J. W. TAYLOR,
Tutor in Greek and Latin.

JOHN GILCHRIST,
Superintendent of Farm.

MRS. B. P. RYLAND,
Matron of Boarding Hall.

*To be filled.

Since the dissolution of the connection with Kentucky University, the Institution has grown steadily in patronage and in the confidence of the public.

Total number of matriculates 1877-'8 (last year of connection with Kentucky University)	78
Total number of matriculates 1878-'9.	118
Total number of matriculates 1879-'80.	137
Total number of matriculates 1880-'1.	234
Total number of matriculates 1881-'2.	321
Total number of matriculates 1882-'3.	316

The effect of the unprovoked assault made upon the State College before the last Legislature by the various denominational colleges of the State has been to increase, rather than to diminish its attendance. The plea which the aggrieved colleges made, *that education was made too cheap, too many advantages offered, and too wide a range of instruction provided*, failed to convince the Legislature that State aid should be withdrawn from an institution to which, by accepting the trust from the General Government, the Commonwealth had pledged her support. Should the State College be let alone and allowed to devote itself to its own work and to operate on its own lines, work which in no proper sense interferes with that of the denominational colleges, and in no proper sense traverses the lines on which they are laid down, five years will not elapse until it has six hundred students within its walls.

MATRICULATES OF THE STATE COLLEGE OF KENTUCKY FOR THE COLLEGIATE YEAR 1882-'3.

ALEXANDER, PRUDENCE MILDRED . Lexington, Ky.
AKERS, LULU ANDERSON Lexington, Ky.
ALLEN, MARY BANTOR Lexington, Ky.
AMBROSE, OSCAR B Lexington, Ky.
ASHER, HUGH L. Skidmore, Ky.
ATKINS, HENRY SKILLMAN Russell Cave, Ky.
BAILEY, CHARLES BONDURANT . . . Fayette county, Ky.
BAILEY, JOSEPH LEE Fayette county, Ky.
BALLANCE, HENRY WILLIAM Shochoh, Ky.
BARTLETT, FREDERICK V. Lexington, Ky.
BURRIER, LEWIS PRATT Fayette county, Ky.
BUSH, FREDERICK Lexington, Ky.
BUSH, WILLIAM. Lexington, Ky.
BAKER, EVA Fayette county, Ky.
BEALERT, ALICE. Lexington, Ky.
BEALL, EDWARD BUSH Fayette county, Ky.
BEATTY, DAVID WILLIAM Fayette county, Ky.
BOSWORTH, JOSEPH FRAZER. . . . Slickaway, Ky.
BURBRIDGE, STEPHEN DENNIE . . . Hutchinson's Station, Ky.
BURROWS, CHARLES LANSING . . . Lexington, Ky.
BRATT, FRANK ELLSWORTH Newport, Ky.
BRECKINRIDGE, SOPHONISBA PRESTON, Lexington, Ky.
BROOKS, MARION BRUCE Midway, Ky.
BROOKS, VICTOR KEARNEY. Midway, Ky.
BROWN, JOHN THOMAS South Elkhorn, Ky.
BROWNELL, CLAUDE Lexington, Ky.
BRYAN, GEORGE GIST. Fayette county, Ky.
BRYAN, ROBERT MILLIGAN. Fayette county, Ky.
BYNUM, BRADLEY Rogersville, Tenn.
CADDELL, ANDREW JACKSON Holly Hill, Ky.
CADDELL, MARSHAL CRITTENDEN . Holly Hill, Ky.
CANN, CARNEAL. Rineyville, Ky.
CARRINGTON, HARRY THORNTON. . Newport, Ky.
CASSELL, ROBERT LEE Windom, Ky.
CASSIDY, BETTIE Lexington, Ky.
CASTLEMAN, WILLIAM MORLEY. . . Lexington, Ky.
CATES, ROBERT LEE. Tiptonville, Tenn.
COFFMAN, WILLIAM W. Slaughtersville, Ky.

COOK, LOUISA	Lexington, Ky.
COMBS, MINNIE HOWARD	Lexington, Ky.
COONS, JOHN SKILLMAN	Lexington, Ky.
COOPER, T. M.	Mill Springs, Ky.
COX, EDWARD GASHUM	Weston, Mo.
CLARK, JOE	Lexington, Ky.
CLARK, GEORGE TILFORD	Lexington, Ky.

DEPARTMENTS OF STUDY.

The Departments of Study comprise the following :

Mathematics.
Physics and Astronomy.
Chemistry, Elementary and Applied.
Mental and Moral Philosophy.
Civil History and Political Economy.
Agriculture and Horticulture.
English Language and Literature.
Latin Language and Literature.
Greek Language and Literature.
French Language and Literature.
German Language and Literature.
Civil, Mechanical, and Mining Engineering and Drawing.
Natural History—Botany, Comp. Anatomy, Geology, &c.
Veterinary Science.
Practical Mechanics.
Theory and Practice of Teaching.
Book-keeping and Penmanship.
Military Art and Science.
Architectural and Landscape Gardening.

Scientific Course.

Mathematics.
Physics and Astronomy.
Chemistry, Elementary and Applied.
Agriculture and Horticulture.
Veterinary Science.
Civil History and Political Economy.
Mental and Moral Philosophy.
Natural History—Botany, Zoölogy, Comp. Anatomy, Geology, Mineralogy, &c.
Latin, Partial Course.
French or German.
Practical Mechanics.
English Language and Literature.
Civil, Mechanical, and Mining Engineering and Drawing.
Landscape Gardening.
Military Art and Science.

Classical Course.

Mathematics.
 Physics and Astronomy.
 Chemistry.
 Mental and Moral Philosophy.
 Latin and Greek Languages and Literature.
 English Language and Literature.
 French and German Languages and Literature.
 Civil History and Political Economy.
 Natural History—Botany, Comp. Anatomy, Zoölogy, Geology, &c.

Course of Study Required for Diploma in Normal School.

Elementary English Branches.
 Mathematics, including Geometry and Trigonometry.
 Experimental Physics.
 Descriptive Astronomy.
 Natural History—Botany, Physical Geography, Physiology.
 Penmanship and Book-keeping, Drawing.
 Rhetoric, Elements of Criticism, Composition, Logic.
 History and Political Economy.
 Theory and Practice of Teaching.
 French and German.
 Latin Language and Literature, partial course.
 Mental and Moral Philosophy.

All other departments of study in the College are open, without extra fees, to students in the Normal course. To those who do not take the course required for a diploma, certificates of qualification to teach are issued for those branches in which the required degree of proficiency is attained.

The Course of Study Required for a Diploma in the Commercial Course is as Follows:

Penmanship, Book-keeping, general and special.
 English Grammar, Geography—Descriptive, Political, and Physical.
 Rhetoric, Composition.
 Higher Arithmetic, Algebra, Geometry.
 Political Economy, Moral Philosophy.
 French and German.

All other departments are open, without extra fees, to students in the Commercial Course. To those who do not take the entire course of study, but confine themselves mainly to book-keeping, certificates are given when the required degree of proficiency is attained.

COURSE OF INSTRUCTION.

I. Course in Civil History.

PROFESSOR PATTERSON.

Junior Class.

First Term—Freeman's General Sketch of European History.

Second Term—Sime's History of Germany; Doyle's United States.

Senior Class.

First Term—The Student's Hume; English Constitution.

Second Term—The Student's Hume; Constitutional History.

II. Course in English.

PROFESSOR SHACKLEFORD.

Freshman Class.

First Term—Fowler's Grammar, with Exercises in Composition.

Second Term—March's Philological Study of the English Language, with Exercises in Composition.

Sophomore Class.

First Term—Kames' Elements of Criticism, with Exercises in Composition.

Second Term—English Lessons, with Exercises in Composition.

Junior Class.

First Term—Sir William Hamilton's Lectures on Logic.

Second Term—Whately's Rhetoric, with Exercises.

Senior Class.

First Term—Shaw's Literature, Anglo-Saxon.

Second Term—Chambers' English Literature, Anglo-Saxon.

III. Course in Mental and Moral Philosophy.

PROFESSOR PATTERSON.

First Term—Metaphysics, Hamilton's Lectures.

Second Term—Metaphysics, Hamilton's Lectures.

IV. Course in Latin.

PROFESSOR NEVILLE.

Preparatory.

First Term—The Grammar; a daily exercise in writing on the Blackboard; a Latin Reader begun; Classical Geography.

Second Term—The Grammar; Exercise and Reader continued; Cæsar; Nepos.

Freshman Class.

First Term—Selections from Virgil and Ovid; Exercises in writing Latin prose; Liddell's History of Rome (private study).

Second Term—Sallust's Catiline; Select Orations of Cicero; Latin Composition.

Sophomore Class.

First Term—Livy (Books I, II, XXI, XXII); Latin Composition.

Second Term—Cicero (on Old Age, on Friendship, Scipio's Dream); Horace (Odes and Epodes).

Junior Class.

First Term—Horace (Select Satires and Epistles); Juvenal I, III, VIII, X); Plautus (The Captives) or Terence (The Andrian); Translations of Latin retranslated.

Second Term—Tacitus (Germania, Agricola, Selections from the Annals); Composition.

Senior Class.

First Term—Select Letters of Cicero and of Pliny; Selections from Lucan.

Second Term—Selections from Varro, Seneca, Quintilian, Suetonius, and Lucretius; Original Essays in Latin.

V. Course in Greek.

PROFESSOR NEVILLE.

Preparatory.

First Term—Hadley's Elementary Grammar, with White's First Lessons (revised); a daily exercise in writing Greek on the Blackboard, with the accents; a Greek Reader.

Second Term—The Grammar; Exercise and Reader continued.

Freshman Class.

First Term—Xenophon's Anabasis; Select Dialogues of Lucian; Greek Composition.

Second Term—Selections from Herodotus: Smith's History of Greece.

Sophomore Class.

First Term—Selections from The Iliad or the Odyssey; Exercises in writing Greek.

Second Term—Xenophon's Memorabilia; Plato's Apology and Crito; Composition.

Junior Class.

First Term—Thucydides (Parts of Books I, II, III, VI, VII); Prose Composition.

Second Term—Lysias and Demosthenes; Lyric Poets; Theocritus.

Senior Class.

First Term—A Drama of Euripides and one of Sophocles.

Second Term—A Drama of Æschylus and one of Aristophanes.

VI. Course in Mathematics.

PROFESSOR WHITE.

Freshman Class.*First Term*—Wentworth's Complete Algebra.*Second Term*—Algebra completed; Wentworth's Geometry.**Sophomore Class.***First Term*—Wentworth's Geometry continued; Peck's Conic Sections; Plain Trigonometry.*Second Term*—Analytical and Spherical Trigonometry; Loomis' Surveying and Navigation.**Junior Class.***First Term*—Peck's Analytical Geometry.*Second Term*—Peck's Calculus.**Senior Class.***First Term*—Snell's Olmsted's Mechanics.*Second Term*—Snell's Olmsted's Astronomy.**VII. Course in Chemistry and Physics.**

PROFESSOR PETER.

Junior Class.*First Term*—Lecture or Recitation daily; Elementary General Physics and Chemical Physics, with Experimental Illustrations and Applications.*Second Term*—Same, continued into Elementary Chemistry.**Senior Class.***Both Terms*—Lecture or Recitation daily; General Chemistry, with its application to Agriculture, Medicine, and the Mechanic Arts, fully illustrated by Experiments.**Practical Chemistry.**

Preparations are made for full instruction in Practical Chemistry under the Professor of Chemistry and Physics. Each student will be charged with the apparatus he may break, and a small additional fee for the course.

VIII. Course in Natural History.

PROFESSOR CRANDALL.

To enter the Sophomore Class of this school students must have attended at least one course of lectures upon Organic and Inorganic Chemistry, and must present a certificate of having sustained a thorough and satisfactory examination therein. Those wishing to enter any advanced class must sustain an examination upon the studies of the previous classes, or present proof of having done so elsewhere.

Freshman Class.

First Term—Physical Geography.

Second Term—Elementary Anatomy and Physiology, alternating with Elementary Botany, Economic Botany.

Sophomore Class.

First Term—Human Physiology, or the structure and laws of the human body, and the preservation of health, both physical and mental.

Second Term—Botany, Structural and Systematic; the Laws of Growth, Cultivation, and Propagation; Relation of Forests to Agriculture.

Junior Class.

First Term—Zoölogy, Comparative Zoölogy, Microscopy, the use of the microscope.

Second Term—Zoölogy, Classification and Distribution of Animals, Relation of Insects to Vegetation.

Senior Class.

First Term—Geology, the Principles of Geology, Economic Geology.

Second Term—Geology and Paleontology; the study and classification of forms of life as preserved in the rock formations; discussion of some of the leading questions, economic and scientific, that grow out of this study; Relation of Geology to Soils.

IX. Course in Modern Languages.

PROFESSOR HELVETI.

Junior Class.

FIRST SESSION.

French—Ahn-Henn's French Course, first part; First Reader.

German—German Course, first part.

SECOND SESSION.

French—Ahn-Henn's French Course, Second and Third Book; Second Reader and Dialogues.

German—German Course, Second and Third Book; Second Reader.

Senior Class.

FIRST SESSION.

French—Ahn-Henn's French Course, last part; E. Borel's Grammaire Francaise; LeConscrit de 1813.

German—Ahn-Henn's German Course, 4th Book; Schiller's Dramas.

SECOND SESSION.

French—E. Borel; Scribe; Moliere; Racine.

German—Schiller; Goethe; Lessing.

X. Military Art and Science.

PROFESSOR TYLER.

Practical and Theoretical Instruction in the Tactics of different Arms; in Military Discipline, including the duties of the Guards, Sentinels, etc.,

in accordance with the Tactics and Regulations prescribed for the United States Army; Civil, Mechanical, and Mining Engineering; Military Engineering; Drawing.

All students are required to wear the prescribed uniform dress (the cost of which is about \$20); and every student not physically disabled (a certificate of actual physical disability from a physician designated by the Faculty, issued to the applicant therefor upon actual examination will be required to excuse from the prescribed drill and discipline) is required to attend the prescribed drills and other military training and discipline, to which five hours of each week are devoted.

In addition to the importance of military science and training, considered in themselves, the habits of exactness and promptitude developed thereby, and the ease, grace, and dignity resulting therefrom, cannot be overestimated.

XI. Commercial Department.

COURSE OF INSTRUCTION.

* _____, PRINCIPAL.

First Year.

English Grammar, Composition.
 Geography—Descriptive, Political, and Physical.
 Arithmetic, Elementary Algebra.
 Book-keeping—Elements, Penmanship.

Second Year.

Rhetoric, Composition.
 Higher Arithmetic, Algebra.
 French, German.
 Political Economy, Book-keeping continued.

Third Year.

Moral Philosophy, Commercial Law.
 Geometry, Book-keeping continued.
 French and German.

XII. Botany, Agriculture, and Horticulture.

COURSE OF INSTRUCTION.

PROFESSOR MENKE.

Instruction by lectures and recitations accompanied by demonstrations and experiments. In Botany, special attention given to its application to Horticulture and Agriculture. Grasses and other plants of agricultural interest studied as exhaustively as the time may permit. Each student selects some special experiment in Horticulture or Agriculture to be carried on simultaneously with his general work.

* To be supplied during the year.

First Year.

Second Term—Structural and Systematic Botany, with Laboratory practice.

Second Year.

First Term—Vegetable Physiology and Histology, with Laboratory practice.

Second Term—Forestry; Medicinal and Commercial Plants.

Third Year.

First Term—Agricultural Chemistry; Soils and Crops.

Second Term—Planting, Budding, Grafting, &c.; Diseases of Plants.

Fourth Year.

First Term—Stock-breeding; Veterinary Science.

Second Term—Landscape Gardening.

XIII. Normal Department.

COURSE OF INSTRUCTION.

PROFESSOR KIRBY, PRINCIPAL.

First Year.

English Grammar and Composition.

Geography—Descriptive and Political.

Chemistry, Elementary; Drawing, Experimental Physics.

Arithmetic, Elementary Algebra.

Latin Grammar and Reader.

History, Outlines of.

Theory and Practice of Teaching.

French and German.

Second Year.

Rhetoric and Composition.

Physical Geography, Botany, Drawing.

Higher Arithmetic, Higher Algebra.

History United States, Political Economy.

Latin—Cæsar, Cicero.

Theory and Practice of Teaching.

French and German.

Third Year.

Elements of Criticism, Logic, Mental Philosophy.

Anatomy, Physiology and Hygiene, Drawing.

Geometry and Trigonometry; Latin—Cicero, Virgil.

Theory and Practice of Teaching.

French and German.

XIV. Practical Mechanics,*** PROFESSOR ———**

Instruction in Practical Mechanics includes such elementary practice in the workshop as will enable the student to apply the principles of experimental physics taught in the class-room, and familiarize him with the use of tools, machinery, and mechanical processes. The course of instruction is based on what is known as the Russian System, now generally adopted in the Agricultural and Mechanical Colleges of this country. It embraces mechanical drawing, the study and care of tools, work in wood and metals at the bench, the lathe, and the forge. This department is under the care of one of the most skillful of practical mechanics.

XV. Ethics and Political Economy.

COURSE OF INSTRUCTION.

PROFESSOR KIRBY.

* To be supplied.

CONDITIONS OF ADMISSION.

Applicants for admission into the Freshman Class of the Scientific Course must be prepared to stand an examination upon the following or their equivalents: English Grammar and Composition, Geography; Ray's Arithmetic, Part III, Ray's Algebra, Part I, or their equivalents; Outlines of History.

New students must present themselves for examination and matriculation on the Monday preceding the beginning of the fall term. No one is admitted to tuition until *all his fees are paid*.

Applicants for admission into the Normal School or Commercial Department must be prepared to stand an examination in English Grammar, Arithmetic, and Geography. *Normal students who receive free tuition will be required on entering to sign an obligation to teach within the limits of Kentucky for a period as long as that during which they receive free tuition.*

Degrees.

The degrees conferred are Bachelor of Science (B. S.), Bachelor of Arts (B. A.), Master of Science (M. S.), Master of Arts (M. A.)

For the degrees of B. S. and B. A. an actual membership of at least one year in this College is required, and a satisfactory examination on the *entire course* of scientific or classical study.

For the degrees of M. S. and M. A. a satisfactory examination is required on a course of post-graduate studies prescribed by the Faculty, and covering a period of two years.

To those who do not complete the entire Scientific or Classical Course, but only certain parts thereof, certificates

of proficiency may be given for those departments of study completed.

No degrees are conferred upon graduates in the Normal School or Commercial Department; but diplomas are given to those who complete the course of study embraced therein.

Fees.

Tuition for the year.	\$15 00
Matriculation.	5 00
	<hr/>
Total fees	\$20 00
	<hr/> <hr/>

Those who occupy rooms in the dormitory pay \$5 each (yearly) for the use of an unfurnished room. A standing deposit of \$5 is required from each student, which deposit is refunded when his connection with the College is terminated, less the amount which may be assessed against him for damages done to the buildings, furniture, or premises. All damages, injuries, defacements, &c., which rooms in the dormitory sustain during occupancy, will be charged to the occupants thereof. All injuries, damages, defacements, &c., which the halls and dining-room sustain, will, unless specifically traced, be charged to the occupants of the respective sections collectively.

Location.

The Agricultural and Mechanical College of Kentucky is established on the City Park grounds of the city of Lexington, given to the Commonwealth for this purpose. The site is elevated, and commands a good view of the city and surrounding country. A new college building has been erected, containing commodious chapel, society rooms, lecture and recitation rooms sufficient for the accommodation of 600 students. A large and well-ventilated dormitory has also been built, with rooms for ninety students, for the use of the appointees sent by the Legislative Representative Districts of the State to the *scientific* or *classical* departments of the College, and containing suitable dining-room, kitchen,

matron's and servants' rooms. The natural conformation of the ground, and an abundant supply of water from the Maxwell spring, render the construction of an artificial lake, with boating course a quarter of a mile in length, comparatively easy, thus providing for a beautiful sheet of water to add to the attractions of the landscape.

Lexington is now the most important railroad center in Kentucky, being in immediate communication with Louisville, Cincinnati, Maysville, Chattanooga, and with more than seventy counties in the Commonwealth. The long established reputation of the city for refinement and culture renders it attractive as a seat of learning, and the large body of fertile country adjacent, known as the "Blue-Grass Region," with its splendid stock farms, affords unsurpassed advantages to the student of agriculture who desires to make himself familiar with the best breeds of horses, cattle, sheep, and swine in America.

Boarding.

For the accommodation of students sent by the Board of Examiners appointed by the Court of Claims, as beneficiaries of the Legislative Representative Districts of the State, rooms for ninety students are provided in the dormitory. To these good substantial board is furnished at \$2.25 per week, payable in advance. Students lodging in the dormitory furnish their own rooms. Good boarding, with fuel, lights, and furnished room can be obtained in private families at rates varying from \$3.50 to \$5 per week. In all cases where students can at all afford it, boarding and lodging in private families are recommended.

Expenses.

The necessary expenses of a student while at College need not exceed the following estimates. As a rule, the less pocket money allowed by parents or guardians the better it is for the pupil. When supplies are kept short, the opportunity for contracting vicious habits is correspondingly

diminished. Students should be allowed by their parents to create no debts.

For appointees occupying a room in the dormitory, and boarding in the common mess, the necessary expenses are as follows:

Tuition	\$0 00
Room fee	5 00
Matriculation	5 00
Cost of furnishing room, about.	10 00
Fuel and gas.	8 00
Washing.	10 00
Board, 38 weeks, at \$2.25 per week.	85 50
Books, about.	10 00
Total	<u>\$133 50</u>

Each room must be provided by the occupants thereof with neat and comfortable bed and bedding, table, washstand, looking-glass, chairs, bowl and pitcher, water and slop buckets.

The furniture bought at the outset can be sold at the end of the collegiate year or retained for further use, at the option of the owner.

For students who are not supplied with appointments from the Legislative Representative Districts of the Commonwealth, and who board in private families, the necessary expenses will be as follows:

Tuition fee.	\$15 00	
Matriculation fee.	5 00	
Board and lodging, 38 weeks, at \$4 to \$5 per week,	152 00 to	190 00
Washing.	10 00	
Books and stationery	10 00	
Total	<u>\$160 00 to</u>	<u>\$240 00</u>

Beneficiaries.

Each Legislative Representative District is allowed to send, on competitive examination, *one properly prepared*

student each year, between the ages of twelve and twenty-five, to this College, free of tuition charge. Said students shall be selected as follows: 1st. The trustees and teacher of each common school taught within said Representative District shall select and send before an Examining Board appointed by the Court of Claims *one* pupil in the school managed and taught by them. 2d. Any other person resident within the Representative District, and within the required limits as to age, may present himself to the examining board appointed by the Court of Claims as a candidate for selection, and from these persons so appearing, viz.: from the pupils sent before the said Examining Board by the trustees and teachers of common schools, and from such persons within the specified age as present themselves, the Examining Board appointed by the Court of Claims shall select one student, and properly certify to his selection, who shall be entitled to remain at the College four years, or until the course of study for which he matriculates shall have been completed. Preference in such selection and appointment shall be given to energetic, moral young men, whose means are not large, to aid whom in obtaining a good education this provision is specially intended. Properly prepared students, under the meaning of the acts of the Legislature, of which the foregoing is a summary, are those who can pass a satisfactory examination in Spelling, Reading, Writing, Arithmetic as far as decimal fractions, Geography, and English Grammar, and who are between the ages of 12 and 25 years.

All teachers, or persons preparing to teach, male or female, are admitted free of tuition charge for one year, at the rate of not more than four, at the discretion of the Board of Trustees, for each Legislative Representative District. All the classes in the College are open, without extra fees, to students who matriculate in the Normal Department.

Compensated and Uncompensated Labor.

The work necessary for carrying on the Agricultural and Horticultural operations of the College is done by the students in those departments, and is paid for at rates varying from five to eight cents per hour. Its design is two-fold: to put in practice the instruction received in the class room, and to assist indigent students. The experience of this College is that of Agricultural Colleges generally—that compensated labor is not remunerative to the College.

The College holds itself under no obligation to furnish compensated labor to any students except those who enter as county appointees.

Students are paid monthly for the service rendered, and apply the money as they see proper.

No student, however, should come to this College expecting to maintain himself exclusively by compensated labor. At least seventy-five dollars per annum, exclusive of his earnings while here, should be at the command of every student who wishes to avail himself of the advantages of the compensated labor system.

No compensation is given to students in the Department of Practical Mechanics, inasmuch as no pecuniary returns are possible to the College from this Department as at present organized.

All students are liable to be called upon for occasional work upon the grounds belonging to the College, and to such work no compensation is attached.

Preparatory Department.

For the benefit of those who are inadequately prepared to enter the regular College classes, a Preparatory Department has been organized, under the charge of a principal, assisted by a competent staff of assistants, which will provide the necessary elementary instruction. The conditions of admission into the Preparatory Department are, a good knowledge of Arithmetic as far as fractions, English Grammar, and Geography.

Certificates of Character.

All applicants for admission into any class in the College, or Preparatory Department; must bring satisfactory testimonials of good moral character.

The following paragraphs from the "Regulations" are added for the benefit of intending matriculates :

Admission of Students.

24. By the acts of the Legislature each legislative Representative District is entitled to send, on competitive examination, one properly prepared student each year, between the ages of twelve and twenty-five, to the College free of tuition. The candidate presenting himself at the College for admission under this authority shall deliver to the President a certificate from his district Board of Examination setting forth "that the Board was duly appointed by 'the court of claims,' as prescribed in the charter of the College, approved March 4th, 1880; that he is between the ages of twelve and twenty-five, and that he has been selected on competitive examination from all of the students (of whom there shall not be more than one from each common school), sent before the Board by the trustees and teachers of the several common schools in the district." The candidate shall then be examined by the Faculty, or a committee appointed by it, and must pass a satisfactory examination in spelling, reading, writing, arithmetic as far as decimal fractions, English grammar, and geography, in order to be admitted as a "*properly prepared*" student in the meaning of the act of the Legislature.

25. The charter of the College also provides "that teachers or persons preparing to teach may be admitted free of tuition charge for one year, at the rate of not more than four, at the discretion of the Board of Trustees, for each Legislative Representative District." A person desiring admission under this provision must present to the President a certificate from the School Commissioner of his county, or from some other satisfactory source, setting forth "that the ap-

plicant is a citizen of the county from which admission is claimed, and that he is a teacher, or is preparing to teach."

26. The charter also provides "that other students, without regard to place of residence or birth, may also be admitted to the College on the payment of the fees prescribed for them by the Board of Trustees or the Academic Board."

29. No applicants will be admitted who are under fourteen years of age, excepting those who, by the charter of the College, are admitted to free tuition at an earlier age.

30. *Every student on admission, and before he is allowed to recite, shall present to the President a certificate from the Treasurer showing that he has paid the sum required in advance on account of tuition or other items.*

31. As a further condition of admission, the applicant must answer affirmatively the following questions, viz: Have you read and understood the regulations governing this Institution? Do you acknowledge your obligation to obey them? He must also subscribe the following form in a book kept for that purpose by the Faculty: "We, whose names are hereto subscribed, do declare that we acquiesce in the regulations of the Agricultural and Mechanical College of Kentucky, and acknowledge our obligation to obey them."

32. Having complied with the prescribed conditions, the student shall be registered on the College roll. He shall be considered as a member of the College, and amenable to its regulations during vacations as well as during the sessions, until he shall have been graduated or formally discharged, honorably or otherwise. In the case of an honorable discharge, he shall be entitled to a certificate in the following words:

"I certify that A B was honorably discharged from the Agricultural and Mechanical College of Kentucky on the — day of ———.

"Secretary [or Clerk] of the Faculty."

33. No honorable discharge or leave of absence will be granted to a student within six weeks of the termination

of the collegiate year, excepting in cases of great emergency.

34. Every student on entering the Institution shall be furnished with a copy of its regulations, and no plea of ignorance shall be admissible in extenuation of any failure to comply with their requirements.

Practical Instruction and Training.

58. In addition to the theoretical study required of every male student in mechanics, agriculture, and military art, every male student who accepts the privilege of free tuition, and such others as may elect, shall pursue a course of practical instruction in mechanics and agriculture. For labor performed in that way that is valuable otherwise than as a means of instruction, a reasonable compensation will be allowed, the proceeds going, if necessary, first to supply the student with the prescribed military uniform, and after that toward the payment of his rent and board account.

59. For military instruction and training there will be a drill, or other military exercise, every day, Saturdays and Sundays excepted, and lasting one hour; unless for some special and urgent reason the President may occasionally dispense with it. The drill will be conducted in the academic building when the weather or condition of the ground will not permit it out of doors. There will, besides, be a guard mounting daily, without exception, and special military exercises may be ordered by the President at any time.

64. Besides the means above provided for the repression of neglect and misconduct, a demerit system shall be enforced. The Commandant shall keep a register of all delinquencies for which the students are reported, and shall charge against each offense, not satisfactorily explained, a number of demerit according to the following scale :

An offense of the first class will count	10.
An offense of the second class will count	7.
An offense of the third class will count	5.
An offense of the fourth class will count	4.
An offense of the fifth class will count	3.
An offense of the sixth class will count	2.
An offense of the seventh class will count	1.

In the first year of the student at the College offenses will count one third less than in the above scale. The Faculty will classify to suit this scale the offenses ordinarily committed by students. At the end of every month for which the number of demerit recorded against any student is less than 8, the difference between 8 and the number recorded shall be deducted from his aggregate record of demerit.

65. Any student whose record of demerit at the close of a session shall amount to 100 for that session, shall, *ipso facto*, be dismissed.

Discipline and Police.

68. When a student has been reported for any grave misdemeanor requiring severe punishment, the Commandant shall order his arrest, either directly or through the Adjutant.

69. In case of violent disturbance, open contumacy, or other outrageous conduct on the part of a student, the officer of the day, or any member of the Faculty present, may place the offender in arrest, and order him to his quarters. In all such cases the arrest must be promptly reported to the Commandant.

70. A student placed in arrest is in duty bound to obey the orders of the officer making the arrest, and the conditions attached to it, on pain of dismissal. Any student guilty of breach of arrest shall be dismissed.

71. No student in arrest is allowed to exercise command, but shall confine himself to his quarters until released, unless otherwise specially ordered, except when required to be absent for the performance of some of his academic or military duties, and except on a necessary occasion, and to march to and from meals.

72. No student in arrest will make a visit to the commanding or other officer unless sent for. In case of business he will make known his object in writing, and he shall not apply for the usual indulgences granted to the students.

73. No student will be released from arrest except by the President or by the Commandant.

74. A student placed in confinement for punishment shall be subject to the same regulations as a student in arrest; and a breach of confinement, or a failure to perform any extra duty awarded as a punishment, shall be considered an offense of the gravest nature, and treated accordingly.

75. All deliberations or discussions among students having the object of conveying praise or censure, or any mark of approbation or disapprobation toward the College authorities, are strictly forbidden.

76. Any student who shall disobey a lawful command of the President or of any Professor, Instructor, or other superior officer, or behave himself in a refractory or disrespectful manner toward either of them, shall be dismissed, or otherwise less severely punished, according to the nature of his offense.

77. No Cadet shall bring any spirituous or intoxicating liquor, or cause the same to be brought, within or near the College limits, or have the same in his room or possession, upon pain of being dismissed.

78. Any student convicted of visiting a drinking saloon, or a gambling or other disreputable house, or of being drunk, or of gambling at cards or other game of chance, or who shall make, cause, or procure to be made, a false official report or statement in regard to a matter of College duty or government, shall be dismissed, or less severely punished, according to the gravity of his offense.

79. No student shall play at cards, or any other game of chance, within the College limits, or bring or cause to be brought within the limits, or have in his room, cards or other articles used in games of chance. All games and amusements of every kind are forbidden during study hours.

80. All conspiracies and combinations of students, with a view of violating or evading the regulations of the College, are prohibited on pain of dismissal; and any interfer-

ence of one or more students with another student, or with a candidate for admission, in the nature of "hazing," shall be punished with dismissal.

81. The use of tobacco for smoking or chewing on any duty, or in the College building, dormitories, or dining-rooms, and all profanity and obscenity, are forbidden.

82. No student shall cook, prepare food, or give any entertainment in his room, or elsewhere within the College limits, without permission from the Commandant.

100. All permits to be absent from any duty, or from quarters during study hours, must have the approval of the President. All other permits for absence may be granted by the Commandant of the Corps; and every permit for a brief absence will be deposited with the Officer of the Day, to whom the student will invariably report at the expiration of his permit, whether it has been used or not. No permit will bear the name of more than one student.

101. If the Cadet be in arrest or in confinement, or confined to less than the usual limits, or if his name be on the *sick report*, the fact must be stated in the permit.

102. All applications by students for leave of absence must be made in writing, addressed to the Commandant of the Corps, and specify the place to which the applicant wishes to go. If the application is for a longer period than the Commandant is authorized to grant, he will forward it to the President.

103. Every student who overstays his leave of absence, must produce satisfactory evidence of his having been detained by sickness or some other unavoidable cause.

104. Every student, on returning from leave of absence, will immediately report, in person, to the President.

105. A leave of absence shall not be construed to grant the student any indulgence at the College, or to absolve him from the observance of regulations.

106. Applications to be excused from any duty, must be made in ample time before the beginning of the duty.

107. Except in case of sickness, no Officer of the College will absent himself from any duty without the permission of the President, and with the assent of his immediate superior.

123. No student shall be absent from his room between taps and reveille without permission from the Commandant.

124. No Cadet shall visit the room of another during study hours.

125. No student shall throw anything from the windows and doors, nor any missile in the vicinity of the public buildings.

126. No student shall play upon any musical instrument in study hours, or otherwise disturb the quiet of the Quarters.

127. Students shall walk the halls and pass up and down stairs in study hours in a soldier-like and orderly manner. Loud talking or laughing, scuffling, and all other unnecessary noise in the buildings, are prohibited at all times.

128. No student shall post any placard or notice upon any of the College buildings, fences, or other improvements or places, or affix to the walls of his room any map, picture, or piece of written or printed paper, without permission from the Commandant.

129. Students are forbidden to take or have in their quarters any newspapers or other periodical publications without special permission from the President. They are also forbidden to keep in their rooms any books except text-books, without special permission from the President.

130. No student shall mark, cut, or in any manner deface or injure the buildings or other property of the College.

171. Any student having an explanation to offer for an offense for which he has been reported, will express it in writing according to the prescribed form, and present it to the Commandant of the Corps within forty-eight hours after its publication. If satisfactory, the Commandant will erase the report; if not satisfactory, he may refer the explanation to the reporting officer, who shall indorse upon

it such remarks as may be pertinent, and return it to the Commandant.

172. No explanation will be received after the lapse of forty-eight hours, unless sickness, absence, or some other unavoidable cause, which must be fully stated, has prevented its presentation within the prescribed time, in which case it must be presented as soon as possible.

173. Whenever a student is absent from any duty, or absent from quarters after taps, or at any other time longer than thirty minutes, he will be punished as if beyond the College limits, unless his absence is satisfactorily accounted for.

174. Explanations will include only such statements of fact and of the intentions of the student as may be necessary for a correct understanding of the case, and will not be made the medium of complaint or criticism, or of irrelevant remarks.

175. Appeals to the President for the reconsideration of reports will not be entertained after the expiration of ten days from the time they were recorded, except in cases where it was impracticable to apply for a reconsideration within that time.

176. No student shall address an officer or Cadet who has reported him for an offense on the subject of such report, unless specially permitted, in writing, by the Commandant of the Corps; and no officer or Cadet having made such report against a student shall hold any conversation with him concerning it unless referred to with the proper permission.

Prizes.

The Governor's Medal is awarded at the close of each collegiate year to the student who has made the highest standing in four daily recitations during the year. The person to whom the Governor's Medal is thus awarded shall not be eligible as a competitor for the same a second year.

Gold medals will also be awarded to students who make the best record during the year in the departments of Metaphysics, Mathematics, Chemistry, Ancient Languages, Modern Languages, English Language and Literature, Practical Mechanics, and Agriculture. The same student shall not be eligible to compete for a medal a second time in any department in which it may have been awarded to him.

CALENDAR.

- First term begins Wednesday, September 12, 1883.
Thanksgiving, Thursday, November 29, 1883.
Christmas holidays begin Friday, December 21, 1883.
Christmas holidays close Tuesday, January 1, 1884.
Intermediate examinations January 16-25, 1884.
Second term begins January 28, 1884.
Washington's Birthday celebrated February 22, 1884.
Final examinations May 16 to June 4, 1884.
Board of Trustees meet June 3, 1884.
Commencement June 4, 1884.
