

DR. A. N. GORDON IS SPEAKER FOR UK CONVOCATION

Roosevelt Country Life Commission Anniversary to Be Commemorated ASSEMBLY WILL BE FRIDAY AT 11 A. M. Richard Allison, Baritone, to Present Vocal Solo on Program

Dr. Angus N. Gordon, Shelbyville, a graduate of the College of Agriculture and one of the outstanding ministers of Kentucky, will address the general convocation at 11 a. m. Friday in Memorial hall on the subject, "Social and Economic Planning Needed Today."

The Theodore Roosevelt Country Life commission is to be sponsored by Alpha Zeta and Phi Upsilon Omicron, honorary organizations of the College of Agriculture.

The Theodore Roosevelt Country Life commission was organized by Pres. Theodore Roosevelt 25 years ago for the purpose of making a study of conditions of rural life and suggesting plans by which these conditions could be improved.

FRENCH CLUB TO HEAR PROF. B. W. SCHICK

Prof. W. B. Schick of the romance language department will give a travelogue, "Scenes from Here and There in France," at the regular French club meeting at 7:30 p. m. Wednesday in room 108, Science building.

Kampus Kernels

All senior men interested in employment with a large chain department store concern may be representative of the W. T. Grant company of New York today between 10 a. m. and 4 p. m. in room 301, Neville hall.

Committee Named To Aid Enrollment

Sulzer, Shropshire Head 240 Students to Bolster Drive

Through the cooperation of the Publicity Bureau, its director, Elmer C. Sulzer, James Shropshire, and two from each of the 120 counties of Kentucky, a committee, which will hold its first meeting at 7:30 tonight in the auditorium of the Training school, has been formed to further the interest in the University throughout the state in an effort to obtain an enlarged enrollment for the fall semester this year.

High School Groups Will Be Entertained

Freshman members of the YWCA and YMCA will entertain at 8 o'clock tonight in the Recreation room of Patterson hall in honor of high school YWCA and YMCA members. The guests of honor will be senior members of the Girl Reserve and Hi-Y clubs of Clark and University High schools. All freshmen who wish to attend are asked to RSVP to the YWCA office in the Women's building.

Body of F. Paul Anderson To Lie in State Wednesday

The body of Dean F. Paul Anderson, dean of the Engineering college, who died at his home, 1018 Richmond road, at 8 p. m. Sunday, will lie in state from 9 a. m. to 3 p. m. tomorrow in Memorial hall. Services will be conducted at 3 p. m. and burial will be in the Lexington cemetery. All University classes will be excused Wednesday.

Dean Anderson is survived by his wife, Mrs. Josephine Fisher Anderson, one son, F. Patsy Anderson, Jr. of Milburn, N. J., and one daughter, Mrs. R. W. Bozeman, Carrollton. Active pallbearers will be Prof. W. E. Freeman, Prof. D. V. Terrell, Prof. J. L. Lyle, Mr. Thornton Lewis, Mr. Gordon Thurman, Prof. C. H. Anderson, Mr. L. K. Frankel, and Prof. J. R. Johnson.

Body of F. Paul Anderson To Lie in State Wednesday

The new initiates are: Jean Anderson, Paris; Sara Bolling, Danville; Virginia Bosworth, Lexington; Betty Boyd, Lexington; Mary Harriet Caldwell, Shelbyville; Mary Check, Lexington; Margaret Foster, Lexington; Virginia Greaves, Lexington; Marjorie Rosen, Winchester; and Mary Carolyn Terrell, Lexington.

U. K. Senate Appoints Committee to Prepare Set of Resolutions to Affect Dean of Engineering College

At a regular meeting of the University senate, held yesterday afternoon in McVey hall, cognizance of the death of Dean F. Paul Anderson, was taken and President McVey appointed a committee to prepare a set of resolutions on the death of Dean Anderson to be presented to the Senate at the next meeting.

Retiring Officers are Anne Coleman, president; Elizabeth Baute, vice-president; Margaret Foster, secretary; Vivian Nash, treasurer; and Jane Hamilton, keeper of archives. Miss Marjorie McLaughlin, department of journalism, is the faculty adviser.

Here Shall The Kernel All Students' Rights Maintain

Over a period of a number of years the above slogan has appeared at the top of The Kernel masthead. During that time there have been occasions upon which the true connotation was given the phrase and it was upheld to the limit. At other times it has been simply a group of words signifying nothing.

Paul Anderson To Be Honored

Popular Barry Play Presented At the Guignol

"The Animal Kingdom" is Both Well-Staged and Well-Enacted

As their fifth production of the current season, the Guignol players opened last night for a week's run at the University "little theater," with Philip Barry's popular success, "The Animal Kingdom."

No other little theater in the nation has boasted of more successful record than can the Guignol. In point of capable and talented cast, of clear and authentic presentations, excellent staging, and superb direction, the local organization has no superior. Director Frank Fowler, knowing the necessary schedule has included sophisticated comedy, period drama, mystery, and Greek tragedy. And how to continue with the idea that variety is not only the spice of life, but the life of a theater, Director Fowler has been wisely dressed.

"The Animal Kingdom" is not too light and yet is far from being heavy. In other words, it affords the kind of entertainment that is worthwhile and at the same time enjoyable.

Once again G. L. Crutcher, stage manager, has proved himself a master at the art of stage setting, color and glamour to the production are attractively executed. Clarence Moore, electrician, goes the credit for the effective lighting of the piece. Especially in the last act is his work outstanding.

On previous occasions at the Guignol, the color and glamour of the production are attractively executed. Clarence Moore, electrician, goes the credit for the effective lighting of the piece. Especially in the last act is his work outstanding.

U. of K. FINANCES GIVEN APPROPRIAL BY AUDITING FIRM

Advisory Council Consultants Commend Work of Various Bureaus

A. & S. COLLEGE HAS LOWEST PER CAPITA

Recommendations Designed to Reduce Overhead Are Listed

In a report just received at Frankfort by Gov. Ruby Laffoon from Griffithen and Associates, Chicago, auditors for the governor's advisory committee, it was stated that "On the whole, the University of Kentucky is economically operated and its finances well managed."

This was made public Saturday by the advisory committee in their report on an audit and budget survey of the University.

The following is a brief summary of the auditors' findings in each of the colleges and schools of the University:

College of Arts and Sciences—Number of classes, 56; 34 per cent of the classes have less than 11 students; "it is recommended that classes for which the demand is light be offered in alternate semesters or even in alternate years;" average number of equated full-time students for each full-time instructor, 16; "as a whole the teaching load is well under the acceptable maximum standards;" cost per full-time student, \$183.43.

College of Agriculture—Number of classes, 75; "the excessive number of small classes... should be reduced;" average number of equated full-time students for each full-time instructor, 5.8; the teaching load is far lighter than is either necessary or desirable;" cost per full-time student, \$627.

College of Education—Teaching load, 12.5 full-time students per full-time instructor; "the teaching load somewhat lighter than the maximum standards is justified;" cost per student, \$52; which includes the cost of training school.

College of Commerce—Teaching load, 21.9 full-time students to each full-time instructor; "the maximum standards recommended on both of the other two measures the load is slightly above the standards;" the average size of classes is "relatively light;" the situation indicates "excellent administration and on the whole a most constructive policy;" cost per student, \$169.

College of Law—Teaching load, 16 full-time students to each full-time instructor, and not "unreasonably low;" the class size situation better than in any of the other colleges of the University, the result of the physical repairs "urgent" needed would require about \$50,000 which should be made available without further delay. Another \$50,000 added, "could be used to great advantage very soon."

The next capital outlay need of the University, it is reported, should be a central power plant.

These members of the staff will be assisted by other members of the "K" who will be appointed later. The "K" Book will be distributed next fall to each freshman during Freshman Week as a guide to campus buildings and activities.

Members of the Phi Sigma Kappa fraternity attended the funeral services for Dean F. Paul Anderson, held at the University chapel at 10:30 a. m. yesterday at the home of her mother, Mrs. Mary Meredith, Lexington, Texas.

Members of the fraternity became worried Saturday when Mrs. Stinehour, whom they had not seen since 9:30 a. m., did not appear at lunch, and upon finding her room locked, the news clerk notified a neighbor, Mrs. R. R. Early, 209 E. Maxwell.

A pass key was obtained by Mrs. Early who upon entering the bathroom, found Mrs. Stinehour dead, who had probably fainted and fell into the bathtub. The coroner, J. Hervey Kerr reported that she had been dead for four or five hours. The body was removed to a funeral home and was taken Saturday night to her mother's home by her brother, John Meredith, Louisville.

Besides her mother and brother, Mrs. Stinehour is survived by four sisters: Mrs. A. Smith, Crestwood; Mrs. W. G. Gibson, O'Bannon; Mrs. Arthur Overstreet, La Grange; and Mrs. H. J. Furback, Anchorage, and another brother, B. H. Meredith, Huntington, Ky.

DEAN ANDERSON

After months of suffering, Frederick Paul Anderson, dean of the College of Engineering, internationally known, not only as an engineering teacher but as a builder of stalwart character in the ranks of men and women students, sank to rest Sunday evening shortly after the twilight hour.

Forty-three years of his life, a life of service to humanity, were spent at the University preparing young men for their life work. Engineering, at the time of his early inclination here, was scarcely more than a dream; under his guidance there has developed a college of engineering that is considered second to none other in the country.

He was, perhaps, the best known faculty member on the campus. Daily he might be observed walking in his flower gardens, or strolling along the west lawn, a small but commanding figure, which might easily explain the affectionate title of "The Little Dean" or "Little Paul" as he was called by colleagues throughout the country. A friend to all students, he was especially loved and respected by engineering students, in whom he instilled his profound philosophy of sympathetic understanding.

One often hears the saying that there is no indispensable man; however, there is on the University campus a feeling that Dean Anderson was the "indispensable man." He probably has done more to promote a widespread interest in our school than any other person. His efforts to place graduating students in positions have received much praise, and prominent engineers in every section of the United States are indebted to him for their success.

Exemplary of the high ideals, the foresight, intelligence, and perseverance for which we have known him to be the truly great character, a rarely-equalled combination of the ideal and the practical, of the visionary and the courageous. His passing we mourn, as a teacher and as a comrade. His memory we shall cherish always, for he was all that we aspire to—a success among men, a pioneer in his field.

COMMITTEE OF 240

A valuable bit of missionary work, for which all concerned should be commended, has been begun by the University Publicity Bureau, directed by Elmer G. Sulzer, which should result in bringing to the University of Kentucky a "bigger and better" crop of freshmen in future years. Under the plan, a committee of 240 members has been formed to stimulate interest in the University among high school graduates in the

120 counties of Kentucky. This group, of which there are two members in each county, a boy and a girl, will contact prospective university students during the summer vacation and help them decide to attend a university—and to make that university the University of Kentucky.

A feeling of the University authorities that because of the chaotic conditions of the economic depression, high school graduates should, wherever possible, be encouraged to attend a university, has been the cause for the formation of this committee, and also it is felt by instigators of the movement that the information which will be given committee members will not only enable them to tell the prospective students of advantages offered by the University but will give them a knowledge of their university which they would ordinarily not have had.

In order for the members of the committee to acquaint the prospective students with facts about costs and other things connected with university life, a series of meetings will be held at which members of the committee will be given this information; and in order for them to give an intimacy with campus scenes of interest to high school graduates and their parents, a set of slides has been prepared which may be shown in the various counties should this be thought advisable by the committee members at the summer of their efforts during the summer.

The committee is representative of the students at the University, and is also representative of the outstanding persons of their counties and communities.

President McVey, Mr. Sulzer, James Shropshire, manager of student publications, Miss Helen King, assistant in the Publicity Bureau, and each of the 240 members of the committee are to be wished success in their undertaking.

UNIVERSITY AUDIT REPORT

Reporting on the financial operation of the University, Griffenhagen and Associates, auditors appointed by Gov. Ruby Laffoon to make a survey of economic conditions at our institution, issue the statement that: "On the whole, the University of Kentucky is economically operated and its finances well managed."

Although the report on an audit and budget survey commends the economic manner in which the University has been conducted, it also cites the liability caused by lack of funds sufficient to maintain, repair, and improve certain campus projects. As pointed out in the recommendations of the advisory council, to continue to defer providing for them is "anything but economical."

Commenting upon the progress made in the last several years by the University in the matter of increased enrollment and new advanced degrees being granted, the account remarked that the school "has begun to take on some of the marks and characteristics of a true university." Indicating the steady growth of the University, figures show that the enrollment in the regular session in 1920-21 was 1,259, as compared with 2,485 in 1926-27, and 3,171 in 1929-30.

"The present current deficit is entirely due to lack of funds to pay salaries, notwithstanding the reductions that have been effected" the report of financial conditions set forth, and that the school "has been seriously handicapped by the fall-off in receipts from general property and inheritance taxes."

As to the conditions of buildings, \$50,000 was stated as the amount needed at once, and another \$80,000 in the near future for the making of urgent repairs. The council advised that a central power plant be the next capital outlay of the University.

This report comes to us at a time when every person connected with the University is deeply concerned about the outlook, the future of our school. It is encouraging in that the seriousness of the situation evidently is becoming realized. Were the University forced to close its doors, the results would be appalling, a never-

ending disgrace for Kentucky, a blot that never could be erased. Try as they can, the men in charge of the University's finances are powerless to act unless sufficient money is appropriated. Their success in managing on a minimum has been praised; but no institution can exist without funds. We, upon whom the welfare of a free and just society, our demand for justice, not politics—our plea for education, should not be denied.

A LITTLE LEARNING

"A little learning" is a dangerous thing. Our nation and the world today is imperiled because the people composing them have just a little learning instead of an education applied to the practical and cultural life. If our education was as broad and deep as it should be, considering the opportunity that we have had, our long days would become shorter, our work and our play would become a thing of joy, and life would be broadened to a greater extent.

However, if we have just enough learning to cause our twisted and narrow minds to function improperly, then, indeed, we should fear this period as a dangerous age. It seems that at present we are in the depths of such a period, a time when we are not well-grounded in anything for which we are striving. Such a time is truly dangerous and unbeneficial to our race.

This point is easily illustrated in the present development of our industrial life and in the development of our mental temperament. We are supposed to be pulling out of that period, of course, but a glance at the credit forms of the University business office, where the student agrees to pay "so much now" and "so much the first, etc." for the past semester will show one at a glance that college students are still in no secure financial position.

As everyone knows, for the past two or three years we have passed through a time of financial stress. We are supposed to be pulling out of that period, of course, but a glance at the credit forms of the University business office, where the student agrees to pay "so much now" and "so much the first, etc." for the past semester will show one at a glance that college students are still in no secure financial position.

There is the meaning behind "The Blonde Bandit" a name just recently given Chio Jane Crane, and why does she become raffish upon hearing it?

SCANDAL SNICKERINGS

Back to Nature Act ATO "Slob" Vanaman was caught swimming in the creek behind the gym a short time ago in his birthday suit...was this a bet or a dare?

FLASH—Tis rumored that a popular coed from the Alfarm lodge has promised to be faithful to an aviator friend for life...

Foiled On Easter morning Pat hall was flooded with flowers...The most popular room was Marian Connor Dawson's, which received two corsages and a bunch of roses...

JEST AMONG US

A report that the University has an average enrollment of 128 students for each instructor leads us to wonder if many of us aren't one of those fractional parts.

We believe that it might be a good idea if some old-time stars of radio were to acquire the personality and technique of NBC's child artist, Baby Rose Marie.

STUDENT OPINION

Dear Editor: I feel that in bringing this subject before the student body of the University, I am expressing the sentiment of many. I hope that what I say will not be taken by those concerned as absolutely destructive criticism, but merely as an effort to promote better feeling between the students and the administration.

There is scarcely a course offered in the English department where the buying of at least two books, and in most instances more than two, is not necessary. Not only do we have to buy books at tremendously high prices, but quite often they are used a few times and then discarded. It seems that there should be some way possible whereby the course of study could be arranged in order to eliminate such things.

As everyone knows, for the past two or three years we have passed through a time of financial stress. We are supposed to be pulling out of that period, of course, but a glance at the credit forms of the University business office, where the student agrees to pay "so much now" and "so much the first, etc." for the past semester will show one at a glance that college students are still in no secure financial position.

The dust hops off these NEW Palm Beach Suits

THE DIRT TEST... Dust was blown over the faces of various types of summer suitings. The suitings were then rinsed in clear water. The dirt that adhered to the fabrics is plainly shown by the color of the water after rinsing. Note that the water in the case of the Palm Beach Cloth tests is almost clear. Other fabrics tested retained from two to five times as much dirt.

Your Palm Beach Suit, because of the smooth yarns of the cloth and its patented construction, sheds the dirt, keeps clean and needs less laundering.

Diagrams don't do it justice. What we need is a microscope. Then we could show you how a flock of dust comes down on a Palm Beach suit and bounces off...doesn't cling a-tall.

We could show you how the clean, sanitary, un-fuzzy fibres of Palm Beach resist dirt. None of the whiskers or scales (scilla) which make wool catch dust and hold it. That's why Palm Beach suits mean smaller laundry bills.

Treat yourself to the cool cleanliness of the new Palm Beach this summer. Look for the label so you'll be sure to get the genuine Palm Beach...smartly tailored by GOODALL...in white and handsome colors. \$18.50

SPRING
Spring writes her lyrics on the hills
In golden script of daffodils,
And little poems in the grass,
Far as the eye can see.

Spring plays a melody of shrubs
On peepers legs of April years
And leaves a song upon the sky,
Far as the eye can see.

—Selected, The Baton of Phi Beta

Mortar Board Tea
Mortar Board, honorary senior women's fraternity, entertained from 2:30 to 5:30 p. m. Saturday in the Women's building in honor of members of the Junior class.

The rooms were decorated with spring flowers, and punch and cake were served. The guests were received by the officers, Miss Lois Robinson, president; Susan Jane Turner, vice-president; Evelyn Grubb, secretary; and Clara Margaret Fort, treasurer.

Other members assisting were Misses Virginia Lee Moore, Sarah Whittinghill, Hazel Nollan, Jean Dawson, and Mrs. Henry Vance.

Alpha Gamma Rho
Omicron of Alpha Gamma Rho entertained with a banquet Wednesday night at the Tea Cup Inn to celebrate the 26th Founders' Day of the fraternity.

Mr. Smith Broadbent, president, acted as toastmaster, and introduced the speakers, who were Prof. T. J. Kinney, who gave a short resume of the chapter's activities in the past and future; Joe McDaniel, who presented the history of the national fraternity; and Julian Atkinson, who spoke on the subject, "Alpha Gamma Rho to a Freshman."

Those present were active, alumni, and pledges.

Junior Prom
The annual Junior Prom was given Friday night in the alumni gymnasium by the members of the junior class.

Decorations for the room were palms and foliage, and music was furnished by the Blue Ribbon band. A broadcast was given over the extension studios of WHAS during the evening.

One of the features of the dance was the assembling of the Junior court of honor, and the crowning of the Prom Queen, Miss Margaret Walker, Delta Delta Delta.

The court, composed of representatives of each fraternity and sorority on the campus, marched in couples down the center of the room and formed to the right and left of the throne.

Miss Marjorie Powell, crown bearer, followed the court, bearing the crown on a white satin pillow. The attendants, Miss Mildred Nunn Perry, Zeta Tau Alpha, and Miss Marian Connor Dawson, Kappa Kappa Gamma, were next in the assembling, Miss Perry being gowned in yellow chiffon and carrying a bouquet of roses, and Miss Dawson in pink net, also carrying roses.

Miss Walker, wearing a white satin gown, made princess style with a long train, entered next, and proceeded to the throne, where she was presented with the crown by Mr. James Miller, president of the junior class.

Following the ceremony, a special no-break dance was given in honor of the court.

During the evening, dances, honorary junior fraternity, held pledge services for outstanding sophomore men.

Chaperones included Doctor and Mrs. McVey, and the deans of the various colleges of the University. The committee in charge of arrangements was composed of Misses Mary Carolyn Terrell, Margaret Walker, Marjorie Powell, and Messrs. Harry Hoxey, Herschel Cave, Heilbronner, and James Miller.

Phi Delta Theta Formal
Kentucky Epsilon of Phi Delta Theta entertained with a spring formal Saturday night in the alumni gymnasium.

Music for the dance was furnished by Johnnie Hamp and his orchestra, who were seated on a two-level platform and above whom was hung the illuminated shield of the fraternity. A broadcast through WHAS was presented during the evening. Leather bound programs were given as favors.

Saturday afternoon the chapter was host at a tea dance given from 4 to 6:30 in the ball room of the Phoenix hotel. Guests were Misses Anna Bain Hillenmeyer, Emily Watson, Josephine Tully, Catherine Calloway, Kitty Mahan, Betty May, Mary Shearer, Sue Swinford, Marian Dawson, Virginia Robinson, Sarah Rounsavall, Adelaide Eubanks, Sarah Kinney, Dorothy Moore, Elizabeth Robinson, Carolyn Hurst, Isabel Preston, Dorothy Carroll, Elizabeth Snowden, Nell Crank, Betty Price, Virginia Waddell, Margaret Bond, Virginia Bosworth, Margaret Croft, Betty

Bewell, Georgia Turnipseed, Betty Boyd, Mary Lally, Mary Bradley, Martha Cleveland, Catherine Chambers, Dorothy Berger, Faith Abbott, Tenne Rhea Inman, Mary Dantzler, Mary Bell, Phyllis Caskey.

Chaperones for the dance Saturday night included Mr. and Mrs. Arthur Priest, executive secretary of Phi Delta Theta of Miami, Ohio; Senator and Mrs. Frank Lebus, of Cincinnati; Mrs. Durant Whipple, Paris; Dr. and Mrs. Frank Whipple, Vey, Mr. and Mrs. Louis Hillenmeyer, Mr. and Mrs. Walter Hillenmeyer, Dr. and Mrs. J. T. C. Noel, Dr. and Mrs. Charles Vance, Mr. and Mrs. William Courtney, Mr. and Mrs. Nathan Elliott, Mr. and Mrs. W. B. Hunt, Mr. and Mrs. A. J. Lawrence, Mr. and Mrs. L. B. Avrett, Mr. and Mrs. J. T. C. Noel, Mr. and Mrs. James Park, Dean and Mrs. T. T. Jones, Dean Sarah Blasing, M. P. K. Holmes, Mrs. B. H. Luxon, Mrs. T. S. Hagans, Mrs. R. M. Baker, Mr. and Mrs. Carmel Kinkead, Mrs. L. M. LeBus.

Active and pledges of the fraternity are Messrs. Willis Mathews, Virgil Gaitskill, Charles Zimmer, Joe Arvin, John Bell, John Craig, Winthrop Clarke, Frank Ordway, Jimmy Gilbert, Walter Hillenmeyer, Labe Jackson, Todd Jefferies, Dessett Reid, Bobby Moore, Joe McCord, Walter Riddell, Ike Vanmeter, Dodge Whipple, Jim Alsop, Bob Gaitskill, Hal Murray, John Jones, Adair Speer, Phil Ardery, William Baldwin, Charles Barr, Eli Briggs, William Courtney, Ed Garvill, John Davis, Miles Davis, Nathan Elliott, J. Henry Finley, Bob Hess, Louis Hillenmeyer, Norris Jolly, Shelby Kinkead, Frank LeBus, Lee Miles, Doug Parrish, Eamory Whipple, Waller Hunt, Louis Finley, Louis Brock, Hal Tanner, Bobby Walker, George Wetz, Dick Kincaid, F. F. Whittinghill, Louis Linsay, Jim Henderson, Mark Collis, William Wilson, Sheppard Hume, H. H. Herrington, Henry Gaitskill, Ed Barnes.

FRATERNITY ROW

Dinner guests Sunday at the Phi Kappa Tau house were Misses Ann Pennington, Stanford; Marie Vernon, Betty Sewell, Yvonne Sylvester, Lillian Holmes, Betty Evans, Jane Allen Webb, Mary Neal Waldon, and Willie Hughes Smith.

Sunday dinner guests at the Sigma Phi Epsilon house were Misses Mary Edith Bach, Mary Lou Jackson, Mildred Perry, and June Lewis. Alumni who visited the Phi Kappa Tau house during the week-end were Messrs. Bechler Adams, Louisville; William Dickson, Cincinnati; Roger Davis, Newport; Dave Rinco, Gile, Kentucky; and Joe Ricketts, Covington.

Week-end guests at the Lambda Chi Alpha house were Thomas Mitchell, University of Cincinnati; Gordon Finley, Madisonville; Edgar Stevens, Centre college, and Curtis Howard, Benham.

Guests for dinner at the Lambda Chi house Sunday were Captain and Mrs. Scheibla, Misses Bettie Bosworth, Tenney Rhea Inman, Mary Clements, and Ann Welch, Charles Heinrich, Lambda Chi Alpha, spent the week-end in Mt. Sterling.

Guests for the week-end at the Alpha Gamma Rho house were Messrs. Ernie James, Shelbyville; Cecil Bean, Paris; Tom Quisenberry, Mt. Olivet; Henry Quisenberry, Vanceburg; Bob White, Falmouth, and E. J. Beers, Winchester.

Julian Atkinson and David Pettus, Alpha Gamma Rho, visited at their respective homes in Carlisle and Stanford during the week-end. Mr. Church Jones, Jr., Louisville, was a guest at the Alpha Sigma Phi house over the week-end.

Guests for dinner Saturday night at the Sigma Alpha Epsilon house were Misses Marjorie Weaver, Louisville, and Harriet Woods, Ashland.

Week-end guests at the Sigma Alpha Epsilon house were Misses Selden and Frank Longley, Louisville; Buster Yancey, B. J. Killian, Jr., and John Weideman, Owensboro.

Guests for dinner Sunday at the Sigma Alpha Epsilon house were Mr. and Mrs. Job Turner, Job Turner, Jr., Burke Turner, Lexington; B. J. Killian, Buster Yancey, and John Weideman, Owensboro; C. B. Preston and Selden Longley, Louisville; Katherine Sheriff, Judy Ochs, Mary Klappert, and Elizabeth Jones, Louisville.

Mr. Gus Barnett, Shelbyville, visited at the Kappa Alpha house over the week-end.

Mr. Daryl Harvey, Kappa Alpha, entertained a few friends from Glasgow during the week-end.

Mr. Claude Barnett spent the week-end in Paris.

Messrs. Ken Boories and Hunt Thomas, Kappa Sigma, visited their homes in Louisville over the week-end.

Week-end visitors at the Kappa Sigma house were Messrs. Tommy Reynolds and Tom Henessey, Maysville, and Eldon Evans, Morehead.

Mr. Hugh Shields, comptroller of Delta Tau Delta fraternity, was entertained Sunday afternoon at the chapter house by the officers of the fraternity.

Delta Tau Delta announces the election of the following officers: Roy T. Cooper, president; Alfred O. Miller, vice-president; Carroll Weisger, treasurer; Becher Tanner, recording secretary; and Homer Crowden, corresponding secretary.

Dinner guests Sunday at the Delta Tau Delta house were Misses Lucille Thornton, Mary Dantz-

Manning's Article On City Planning Receives Notice

"Modern City Planning" is the title of an article by Professor Manning, political science department, appearing in the April issue of the Manufacturers Record.

The article, which is illustrated by pictures of Washington, D. C. sets forth the principle that planning is the only salvation for the modern city.

"A city is a moving, living, developing organism" the article states, "It is a physical concept, but it is more than that—it is also a social organism."

Miss Lena Bishop was a guest of Miss Alene Hall at the Zeta Tau Alpha house this week-end.

Admiral Taylor, Frankfort, was a dinner guest at the Alpha Tau Omega house Sunday, and was presented with a plaque denoting the chapter's appreciation of his cooperation and service to the fraternity.

Mr. Mark Franklin visited at the Alpha Tau Omega house over the week-end.

Miss Edith Reiter, Kappa Kappa Gamma, spent the week-end in Louisville.

Miss Lucille Thornton, Kappa Kappa Gamma, visited in Versailles Sunday night.

Miss Mary Miller, Humphreys, Georgetown, was a visitor at the Kappa Kappa Gamma house over the week-end.

Miss Caroline Quigley, Kappa Kappa Gamma, visited at her home in Maysville over the week-end.

LUCKIES ARE ALL-WAYS KIND TO YOUR THROAT

☞ I smoke Luckies because the finest tobaccos and only the clean center leaves give Luckies that better taste. But they don't stop there. For throat protection, "It's toasted!" Long golden strands of only the center leaves... rolled round, and firm... no loose ends. That's why Luckies 'keep in condition'—do not dry out. Luckies are all-ways kind to my throat. ☞☞

"It's toasted"

✓ Luckies are all-ways kind to your throat

Only the Center Leaves—these are the Mildest Leaves

NOT the top leaves—they're under-developed—they are harsh!

They taste better

NOT the bottom leaves—they're inferior in quality—course and sandy!

After the Game—After the Dance—or any time

SEEN FROM THE PRESS BOX

By JAY LUCIAN

The "New Deal" that was given the sports of the University this year has been carried over into the mediocre section of this gentleman's realm, and starting with today's issue it is hoped an improvement will be noticed as far as the Fourth Estate's treatment of University sports is concerned.

The salient object of this miniature "New Deal" is to give every sport on the campus a clear, detailed and unprejudiced treatment for every issue of the paper. In today's issue we have the latest campus athletic developments.

The present incumbent of Press Box has indulged in every baseball practice and all candidates will be given a fair trial. A good man is always welcome and Coach Rupp wishes all basketball players, known or unknown, to report to him today at the Alumni gym. Last season's team continued a winning streak to 24 straight, although the experts doubted otherwise. The wily Rupp is planning new work to be done and it won't be at all surprising if a rather unbeatable combination takes the floor next year to battle for Kentucky.

Saturday's football practice game showed itself to be the most encouraging sight in U. of K. football in many years. Coach Wynne, in the short time he has been here has begun to mold a team that shows power, speed, and deception, which when put together cannot but make a high scoring machine. Defensively the team displayed excellent ability.

On the defense the fine work of Nevers, Jobe, Rupert, Ferris, Kouns and Pritchard stood out. On the offense, the same men looked especially good. Pritchard, Ayers and Jean deserve particular mention. "Able" Ayers again demonstrated his ability as a passer while Hay strengthened his chances for the team by his excellent punting. Johnson was kept from being too great a scoring threat through the great defensive work of Ferris and Rupert. Time and again Johnson's would-be touchdown jaunts were stopped at the line of scrimmage.

Kentucky's great "Smoky Joe" Rupert. This does not take anything away from Johnson since Alabama's backfield stars were stopped for no gain every time they attempted Joe's end two years ago on Stoll field.

Another game is planned for Thursday afternoon and at that time a few more revelations will undoubtedly be made.

Popular Barry Play Offered by Guignol

(Continued from Page One) role is a difficult one, calling for just so much acting, yet not too much. Miss Powell's acting is smooth in every detail. Not once does she become negligent in her difficult task. She is every inch a lovely, charming, intriguing Cecilia Henry.

Taking second honors, among the male members of the cast is Ollie Williamson as the ex-prizefighter-buttler, Richard Beagan. Here again there is opportunity for over-acting, but Mr. Williamson gives to the role sufficient restraint to make it outstanding and authentic.

Robert Shannon, as the novelist, Joe Fisk, is superb. He takes a small part and, with keen interpretation of lines, adds greatly to its strength. L. L. Danzler, as Rufus Collier, gives a true characterization of the gruff old English gentleman. Howard Smathers, portraying the role of Owen Arthur, is effective in every scene. Virginia Boyd, as the flighty society woman, Grace Macomber, is excellent. As Franz, the young violinist, Eva May Nunnely with her violin adds color to the production.

The capacity audience in attendance was invited to the stage after the final curtain to meet the cast and inspect the sets in the usual first night reception.

EXHIBIT IS ARRANGED BY GUIGNOL THEATER

Guignol theater has arranged an exhibit at the University library that includes programs, costumes, and properties which have been used in past Guignol productions. The exhibit will be on display through this week while "Animal Kingdom" is being presented.

Negotiations are being made to obtain for the University library an exhibit of materials pertaining to John Keats, which has been displayed at the Speed Memorial museum in Louisville for the past few weeks. The exhibit is owned by Mr. Holman of Boston, Mass.

LECTURE WILL BE GIVEN

Dr. Henry Beaumont, assistant professor of psychology, will give an illustrated lecture on "Austria," at the next meeting of the German club, at 7:15 o'clock Wednesday night, in the Training school auditorium. Alexander Capare and his string quartet will offer a program of Viennese music. The committee in charge of arrangements for the meeting is composed of James Drennon, president; Fanny Hermann, secretary; and Catherine Calloway, treasurer.

Anderson's Body To Lie in State

(Continued from Page One) baker Brothers Manufacturing company at the end of the year to take up pre-arranged work with them.

Dean Anderson became so fascinated with the work of training engineers that he put off the final decision about returning to the Studebaker Brothers for five years when he decided to make his life's work the training of engineers, and the building of a notable College of Engineering at the University.

In 1893, under Dean Anderson's direction, there was prepared for the Columbian exposition an exhibit of drawing and shop work from all the Land Grant colleges. In 1894 he served on the International Jury of Awards at the St. Louis exposition with Doctor Steinmetz. In 1896 Dean Anderson did the first work on the X-Ray in America, and in 1896 he developed a hauling chart for the leading locomotives.

For 25 years Dean Anderson was engineer of tests for the Southern Railway company, and during that time evolved many practices which proved to be valuable to the company. Among these was the stereoscopic method for instruction of motormen, a logical method for the firing of locomotives with bituminous coal without making smoke, as well as much other valuable information.

In 1921 Dean Anderson was appointed Director of Research Laboratory of the American Society of Heating and Ventilating Engineers. For three years he was a member of the engineering division of the National Research Council. In 1927 he was president of the American Society of Heating and Ventilating Engineers. One of Dean Anderson's hobbies

the library in the old wood shop are evidences of Dean Anderson's manner of making the teachings of engineering colorful and interesting. The annual Christmas party, the Dahlla gardens, the first rail from the first railroad in Kentucky, and

REWARD—For return of 1928 senior class ring with Pi Kappa Alpha crest. Lost in Administration building. Return to Kernel Business office.

LOST—Grey suede "Laxon" glove. Finder please return to Kernel Business office.

What does price mean?

Not a thing when separated from quality. We could quote you some mighty interesting prices on several special lots of Suits, prices that would make "your friend's" suit look high, but, after all, you would have to see the garments, try them on and be thoroughly pleased before buying, therefore, we are asking that you take our word for it that we are offering some wonderful SUIT VALUES, at least, until you can come in to see them.

COATS At your price.

Decided you couldn't have a coat this spring? Decided that you couldn't spend the Thirty Dollars? Well, you can have the coat and you needn't spend the \$30, for you'll find lovely coats in our stock now priced for much less.

HATS and buy them big

These big hats are beautiful, and the most flattering style you could possibly wear. We're advising them in a big way, but if you're partial to more moderate ones, we've plenty to satisfy you. Come in.

— what it means

— to store

70 million dollars worth of tobacco — 4 1/2 miles of warehouses

Everything that Science knows about is used in making Chesterfields.

It means something to keep 70 million dollars worth of tobacco in storage. It means just this:

One thing we do is to buy mild, ripe tobaccos and then lock up these tobaccos in modern storage warehouses to age and mellow like rare wines.

We do everything possible to make Chesterfield the cigarette that's milder, the cigarette that tastes better.

It takes about 3 years to age the tobaccos for your Chesterfield, for Time does something to tobacco that neither man nor machine can do.

the cigarette that's MILD

the cigarette that TASTES BETTER
