My dear Miss Kaye: —

I know you'll be surprised to hear from me but I'm still coming to you to help me out. Will you get me three yards of the enclosed sample from Shulito's and bring it with you. It is \$0.89 per yard. I'll give you the money when you come as it is a little risky to send it this

way and I cant get a money  
order now.

Please hurry up and  
come home. I know  
the telephone girl will be  
glad when you do come  
for we've called your  
sister every day or so.

See you soon.

Sincerely  
Louise Matthews

  2. When was Rostand first put into the curriculum? *- 25 yrs ago*
  3. Approximately, how many students are studying Rostand? *I have ~~90~~ ninety in my modern drama. 100 others*
  4. To what do you attribute his popularity with the American student? *read byrond - require a whole essay. may refer you to chapters on Rostand in my main currents of Mod-Am. Drama book*
- Answers to the above questions, and any additional data on any phase of Rostand's influence in the United States, will be greatly appreciated.

My dear Baby: -

I was just back from Charleston I still think of the lovely time I had, though the stay was all too short.

I think of the many nice people whom I met there. I believe that you introduced me to the mother of the young man - Damon Thomas who married one of my neighbors. His wife lives just across the street and they have an apartment in her home. It is very, very pretty. She is very artistic. In fact she graduated

from Chicago Art Institute.

Have you time for much crocheting these days? I use my bag on all occasions and it always receives compliments.

Mary Ann is teaching the N.Y.A. girls to operate a power machine. Have you time for much war work? It seems to me I heard that you were taking canteen work. I took First Aid - Standard and Advanced.

Sincerely hope the war will be over before Freddie and Archibald are of draft age.

Heard from Sol. Guess you did also. What do you and Herman think of the matter.

Mamma sends love. My best for you, Herman and Freddie, and Mr. W.W. As ever  
Louise.
