**LIST OF TEXTBOOKS APPROVED BY
STATE TEXTBOOK COMMISSION OF KENTUCKY
1935-40**

This Bulletin contains the multiple list of textbooks adopted on February 13 and March 1, 1935, by the State Textbook Commission as authorized in Sections 4421a-38 and -39, Kentucky Statutes. Any new adoptions made by boards of education embracing cities of the first four classes and county school districts maintaining a school term of at least nine months must be made from this multiple list. Furthermore, it must be borne in mind that not over 33 $\frac{1}{3}$ per cent of the textbooks now in use may be changed in each of these districts.

Boards of education of independent districts embracing cities of the first four classes and county districts maintaining a school term of at least nine months may adopt a basal text or a complete series of basal texts from the uniform list of books starred (*) herein.

A star (*) preceding any book indicates a basal book adopted by the State Textbook Commission for use in county school districts and independent school districts other than those maintaining and operating public elementary and public high schools for at least a nine-months' term and those embracing cities of the first four classes. Boards of education having authority to select from this approved list and to adopt one basal text for each subject and grade are required, under statute, to make such selection and adoption not later than May 1, 1935. Selections thus made are to be adopted for a period of five years.

JAMES H. RICHMOND,
*Superintendent of Public Instruction and
Secretary State Textbook Commission.*

**LIBRARY
UNIVERSITY OF KENTUCKY**

Note.—The * (star) indicates the basal book adopted by the State Textbook Commission for use in the county school districts and graded common school districts other than those in cities of the first four classes and counties maintaining and operating their public elementary and public high schools for a nine-months' term each school year.

Extracts from 1930 Textbook Law:

From Section 4421a-38, Ky. Statutes. "From this list the board of education in an independent school unit embracing a city of the first, second, third, or fourth class, upon the recommendation of its superintendent, shall not later than June 1, 1930, and not later than May 1st of any subsequent adoption year, select and adopt for use for a period of five years in its school system one book for each subject and grade to be used as a basal text in its city school system." . . . "Provided, the board of education in any independent school unit embracing a city of the first, second, third, or fourth class, upon the recommendation of its superintendent and the majority vote of the entire board of education, may adopt a basal text or a complete series of basal texts from the uniform list of books to be used in school districts outside of cities of the first, second, third, or fourth class."

From Section 4421a-39, Ky. Statutes. "Provided that a county board of education, of a county maintaining a school term of at least nine months, may by a majority vote of the entire board, upon the recommendation of its superintendent, may select basal textbooks to be used in the county school district from the list adopted and approved for city school districts by the State Textbook Commission."
