Eddie Dear:

Just got in from a sales demonstration I had tonight out on Lynhurst Drive and although I'm dead tired I'll try to answer your letter for I guess I never have found time to answer that last one. Hope Dear you will forgive me for not getting to this before but it seems like every week I have more to do and I'm so all in that I can hardly get up mornings. Some times I wonder if its worth all the effort. I suppose it is though and perhaps at the end of the year I'll find out.

I'm glad, Dear, that you

had a nice birthday. You know
it is wonderful out tonight and
as I was coming home awhile ago
I was thinking about you, Dear. I
wish you were up here tonight,
but I suppose you are entertaining
Maurice and Frieda about this
time. How does Frieda like the
idea of moving to South Bend? If
he does go to school I don't
suppose that arrangement you spoke
of would be so hot still its about
the most sensible don't you think.

No, Dear, I've neither seen or
heard from Thornburg since I saw
you. In fact I never see anyone
it seems. Its been about a month
since I saw Coby or Joe Harlan.

Ben hasn't come home from
work yet but he should be in
soon now. That boy sure ought to have
a medal for he certainly has
had a hard path to plod this
winter. His school will soon be

out though and I know he'll be
relieved a lot. I guess he won't
be with me much longer for his
sister got married the other day
and they want him to live with
them in their new home in
Speedway City. They have a beautiful
place out there and I won't blame
him a bit for going even though
I will hate to lose him as a
room mate.

You know, Eddie, I believe
your Aunt is the only one that
likes the run your Dad has now
and she thinks it's the finest
ever because she gets to see
him so often.

Eddie I must close now and
fix up some papers here then
get to bed. Let me hear from you
as ever,
Brownie

Last Day November
A Store
About 12:30 P.M.

Dear Buckeye,

I guess its a good thing that I didnt try to stay over Saturday for we sure did have a busy day.

Saturday we did more business than on any other day this year by far. I didnt get home until almost 11:30 and I was plenty tired. Yes indeed.

Sunday I didnt get up until about 11:45 and then I just sat around for an hour or two and then cleaned up for dinner. I read a while yesterday afternoon and then came up town and looked until time for the show. It was Pola Negri in "The One Woman". I didnt like it very well. Shes a rotten player I think.

Went home and read awhile and then went to bed about ten-thirty.

It snowed like every-thing has last night and I've been selling lots of rubbers today. As soon as Elmer and Joe get back from lunch we are going to start decorating the front of the place with that green stuff like we had last year you know.

Star stopped in a minute this morning and was telling me about the conference the fellows went to Sat. and about Rut Warkings latest accident. Rut took part of the boys to Anderson and on the way home he ^{not Rut the car.} was run into and ^{had} one fender torn off and a few other scratches that didn't amount to much.

They had just got this car home from the other smashup last Wednesday. You know they tore their car up the night of the Connersville game.

Dearest C can't think of another thing to tell you only that I love you Dear Eddie. Yes I love you Dearheart.
Continued in tomorrow and forever! Just Your Brownie.

At Store.

10:20 P.M. Sat.

Dearest Eddie,

The evening rush is over now sweetheart so I'll write just a little so Marie can bring it to you when she comes tomorrow. I would wait and write just before she leaves but I haven't talked to her ~~and~~ today and don't know just when she is leaving town. I will write some more tomorrow Dear and put it with this but to be shure I'll have something. I'll do this to-night before I go home and just now I have some time.

At Home.

11:15 P.M.

Change of scene Eddie. Home now sitting here at my radio desk with a good fire going in the stove and every thing quiet. Just right for me to be thinking and dreaming of you Dear. Some way Eddie its about this time of night that I think of you most and and wonder about you and yearn for you. Love like ours Dear heart is wonderful. It makes life worth living. I love you Eddie Dearest and miss you terribly when memories of last year at school and all come crowding back. This weekend I missed you especially because its the first I've spent here since you left.

I was busy at store Eddie and so I brought this home with me and will finish here before I go to bed. I love just to sit around this time of night and be alone (unless I can be with you) and build air castles. Had a big day and I'm sorta tired. This letter may come in jerks between snoozes. Wish I could kiss you about now. Be be happy.

Stan came by the store from the Hi-Y Party just at closing time 10:30 and we walked down the street together. Guess Marie was there with Cockey and then Ben was dating after he quit work. Last night Marie and I went to the game. Some game it was. No ^{May 13} maybe either. We went around to Parsons after the game then and waited for Ben. Then I wasn't needed any longer you know. I guess Stan and I will go to Richmond tomorrow afternoon. That's what we decided this night. So an 1 o'clock bus and come back on the 7. See a good show and burn around awhile. Play cards then tomorrow night I expect down at Stans.

Charles F. was in the store to see me today. He is working at night now. He said to ask you if those Ohio river boats ran all winter. I f they do I guess

he will be down. He said he didn't care
any thing about seeing you folks but he
would like to take a boat ride. ^{Full name} ~~Charly~~
I was talking to Dorothy's ^{Porter} Mother the
other day Sweetheart and she said that
Dorothy wanted to go up to Cincinnati when
the miracle (show) was there. Why don't
you write and ask her to come up then.

That shure was a blue letter you wrote me
Friday Dearest but you know I know you
couldn't help but feel blue. Brace up though
Dear because you are coming in two weeks.
(Didn't you know that?) and then Dear, maybe
I'll tell you that secret. It isn't ^{much} though
so don't worry about it. Will you still
love me by that time?

Say Eddie do you really think that I
should come with Silmore's Turkey Day?
If you don't love ^{me} still I think I won't.

Just heard this evening that Hilda J. was
expelled from D.P.H. Don't know that ^{it's} true.
but I wouldn't be a bit surprized. No one
can be like she is and get by always. How
can any one be that way Eddie?

I will give this to Marie at Sunday school and
you will get it tomorrow evening. Our Sun. night date.
Well Dear must close now I'm so sleepy I leave out
half the words. Marie can tell you the news I forget to
put in. Good night Dearest. Pleasant dreams of a
wonderful love. (Purs) just you "Brownie"

Friday
About 12:30

My Dearest Pal,

I believe sweetheart that this little valentine tells you in words far better than any of mine just how much I love.

I used to think Dearest that valentines were just for little kids but were still just kids, "Eddie", and that's what we must be for years yet. You know Dear sometimes I'm afraid we take things too seriously for our age. I think that's just because we love each other so much and who can explain love. Dear it shure hurts one to think that someone trusts you and know you aren't worthy of that trust. Your mother is a wonder Eddie. You're shure lucky.

It's snowing again now. I suppose it will cover this ice. Hope it does. It's so slick people can hardly get around. Cars slide every way. I saw 4 or 5 sleighs on the street here this a.m.

I walked up the street with Bob Bryson when I came back from lunch and he said the Cedar Springs Orchestra is to play for the dance 18th. Alra said no tags would be admitted so I guess I'll have to make a date. Any suggestions to make?

You know I can hardly realize that only a week ago today I started for Cincy. Time sure flies. Say did you ever see butter-fly or a horse fly or a house fly. Didge?

Elmer is away today and I'm just waiting on customers and doing some reading. I got a book on salesmanship at the library last night and that's what I'm reading. I'm going to the game tonight. I would like to be playing. Just one more good game Brookville. With a lot of love

Usual Time

Dearheart:-

Another busy day
for me, Dear. Spent most
of the morning making copy
for some post card advertising
we're getting out and also
went up to school and got
a copy of this year's Basket
Ball Schedule. We are putting
out the schedules this year
with our ad. on the back
of them. Soon as I get
them back from the printer
Eddie, I'll send one.

Yes, I noticed I had
lost my Woodbury's and I
just supposed I forgot to
pick it up after I washed

same as I did my ring.

Didn't do any thing last evening. Went down to the house about 7:30 and read awhile and fooled around then went to bed early.

I'll say Freda certainly is going home. Four dates a week till two is doing so well.

Stony and Bud were over here awhile ago and have just gone on to school. The first number on the Lyceum is next Tues and I think every kid in school has tried to sell me a ticket.

I've got to have my neck treated again this evening so I suppose I'll a blistered neck again for awhile. Sure is painful. Well Pal.

Must close for this time.
As ever with love
Brownie
